

What is a School-Parent Compact?

A *School-Parent Compact for Achievement* is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

Effective Compacts:

Link to goals of the school improvement plan

Focus on student learning skills

Describe how teachers will help students develop those skills using high-quality instruction

Share strategies parents can use at home

Explain how teachers and parents will communicate about student progress

Describe opportunities for parents to volunteer, observe, and participate in the classroom

Jointly Developed

The parents, students and staff of Hogansville Elementary School developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact and make changes based on student needs.

**Parents are welcome to contribute
comments at any time.**

If you would like to volunteer, participate and/or observe in the classroom, please contact our Family Liaison, Melanie Baswell, at baswellme@troup.org

Building Partnerships

Anytime parents visit HES- from luncheons to academic workshops-our partnership is strengthened. Please check the student handbook, website, and/or Social Media for scheduled events.

If you would like to volunteer or mentor at the school, please let us know.

Communication about Student Learning

HES is committed to frequent two-way communication with families about student's learning. Some of the ways you can expect us to reach you are:

- »Weekly homework folders
- »Email or phone calls
- »Updates on the school website and current grades in Infinite Campus.
- »Conferences on student progress
- »Home visits

Do you have questions about your child's progress?

Contact your child's teacher by phone at 706-812-7990 or e-mail.

E-mail addresses are on the school website at hogansville.troup.org.

2026-2027 School-Parent Compact for Achievement Kindergarten Focus for Student Success

Revised 08/27/26

**Hogansville
Elementary School**

Dr. Hanna Beall, Principal

Our Goals for Student Achievement

District Goals

The Board of Education sets goals for the entire district. The district goals for 2026-2027 are:

Goal 1: Strengthen High-Quality Instruction and Student Achievement

Goal 2: Foster a Supportive, Engaging, and Future-Ready Learning Environment

School Goals

In Kindergarten our school will focus on the following areas:

1. During the 2026-2027 school year, we will increase the number of Kindergarten students scoring at 1.00 on the Amira Reading Mastery (ARM) EOY score from 72% to 80% as measured by the Amira screener.
2. During the 2026-2027 school year, we will increase the number of Kindergarten students scoring at grade level status for math by EOY from 76% to 85% as measured by the percentage of students scoring on grade level on the IXL EOY Diagnostic.

When teachers, students and families work together, we CAN achieve our goals!

Teachers, Parents, Students - Together for Success

In the Kindergarten Classroom

The Kindergarten classroom will work with students and their families to support students' success in reading and math. Some of our key connections with families will be:

Teachers will provide on grade level suggested activities that correlate with reading skills being taught in class.

Teachers will provide on grade level suggested activities that correlate with math skills being taught.

Teachers will send home Tuesday folders with newsletters containing resources based on what is currently being taught in class.

HES Students

Hogansville Elementary School students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in math and reading. Students thought of the following ideas to make connections between learning at home and school:

Students will read their library books with an adult and do skills practice that is sent home.

Students will practice counting objects, writing numbers and other math activities that are sent home.

Students will bring home their folders daily, share it with their parents and discuss their behavior for the day as well as other things that were sent home.

At Home

Hogansville Elementary School parents joined staff to develop ideas about how families can support students' success in reading and math.

HES parents will read books with their children each night.

HES parents will take time to complete math activities with their children and to work on specific skills that are being learned.

HES parents will check folders that are sent home daily, sign folders and stay in communication with teachers..

Additional Key Points for Success

1. Go to bed on time.
2. Arrive at school no later than 7:25 each day in order to enjoy breakfast.
3. Come to school prepared.
4. Strive to be at school and on time every day.
5. Good relationship with teachers for open communication.
