

What is a School-Parent Compact?

A *School-Parent Compact for Achievement* is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

Effective Compacts:

- Link to goals of the school improvement plan
Focus on student learning skills
- Describe how teachers will help students
- develop those skills using high-quality instruction
- Share strategies parents can use at home
- Explain how teachers and parents will communicate about student progress
- Describe opportunities and participation in the classroom

Jointly Developed

The parents, students and staff of Hogansville Elementary School developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact and make changes based on student needs.

Parents are welcome to contribute comments at any time.

If you would like to volunteer, participate and/or observe in the classroom, please contact our Family Liaison, Melanie Baswell, at baswellme@troup.org

Building Partnerships

Anytime parents visit HES- from luncheons to academic workshops-our partnership is strengthened. Please check the student handbook, website, and/or Social Media for scheduled events.

If you would like to volunteer or mentor at the school, please let us know.

Communication about Student Learning

HES is committed to frequent two-way communication with families about student's learning. Some of the ways you can expect us to reach you are:

- »Weekly homework folders
- »Email or phone calls
- »Updates on the school website and current grades in Infinite Campus.
- »Conferences on student progress
- »Home visits

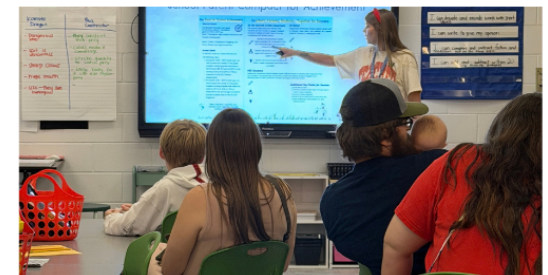

Do you have questions about your child's progress?

Contact your child's teacher by phone at 706-812-7990 or e-mail.

E-mail addresses are on the school website at hogansville.troup.org.

2026-2027 School-Parent Compact for Achievement Second Grade Focus for Student Success

Revised 08/27/26

Hogansville

Elementary School

Dr. Hanna Beall, Principal

Our Goals for Student Achievement

District Goals

The Board of Education sets goals for the entire district. The district goals for 2026-2027 are:

Goal 1: Strengthen High-Quality Instruction and Student Achievement

Goal 2: Foster a Supportive, Engaging, and Future-Ready Learning Environment

School Goals

In Second Grade our school will focus on the following areas:

1. During the 2026 - 2027 school year, we will increase the number of 2nd grade students achieving grade level fluency benchmarks (80-90 wpm by EOY) in oral reading fluency from 60% to 75% as measured by the UFLI fluency assessments.
2. During the 2026 - 2027 school year, we will increase the number of 2nd grade students scoring at grade level status for math by EOY from 40% to 70% as measured by the percentage of students scoring on grade level on the IXL EOY Diagnostic..

When teachers, students and families work together, we CAN achieve our goals!

Teachers, Parents, Students - Together for Success

In the Second Grade Classroom

The Second Grade classroom will work with students and their families to support students' success in reading and math. Some of our key connections with families will be:

Teachers will send home a weekly fluency passage that corresponds to the UFLI unit being taught with instructions of how to complete it.

Teachers will provide weekly math practice aligned with weekly IXL skills that are being taught in class.

Teachers will communicate through green folders, weekly newsletters and school status as needed.

At Home

Hogansville Elementary School parents joined staff to develop ideas about how families can support students' success in reading and math.

HES parents will read with their students nightly as well as fluency passages that are sent home.

HES parents will check students math homework and help with skills that are being taught at school.

HES parents will check and sign folders that are sent home daily and stay in communication with teachers through school status.

HES Students

Hogansville Elementary School students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in math and reading. Students thought of the following ideas to make connections between learning at home and school:

Students will read books and passages sent as homework with an adult.

Students will use math strategies to help them with their math homework and go over it with an adult.

Students will bring home their folders daily, share it with their parents and discuss their behavior for the day as well as other things that were sent home.

Additional Key Points for Success

1. Go to bed on time.
2. Arrive at school no later than 7:25 each day in order to enjoy breakfast.
3. Come to school prepared.
4. Strive to be at school and on time every day.
5. Good relationship with teachers for open communication.
