

What is a School-Parent Compact?

A *School-Parent Compact for Achievement* is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

Effective Compacts:

- Link to goals of the school improvement plan
Focus on student learning skills
- Describe how teachers will help students
- develop those skills using high-quality instruction
- Share strategies parents can use at home
- Explain how teachers and parents will communicate about student progress
- Describe opportunities and participation in the classroom

Jointly Developed

The parents, students and staff of Hogansville Elementary School developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact and make changes based on student needs.

**Parents are welcome to contribute
comments at any time.**

If you would like to volunteer, participate and/or observe in the classroom, please contact our Family Liaison, Melanie Baswell, at baswellme@troup.org

Building Partnerships

Anytime parents visit HES- from luncheons to academic workshops-our partnership is strengthened. Please check the student handbook, website, and/or Social Media for scheduled events.

If you would like to volunteer or mentor at the school, please let us know.

Communication about Student Learning

HES is committed to frequent two-way communication with families about student's learning. Some of the ways you can expect us to reach you are:

- »Weekly homework folders
- »Email or phone calls
- »Updates on the school website and current grades in Infinite Campus.
- »Conferences on student progress
- »Home visits

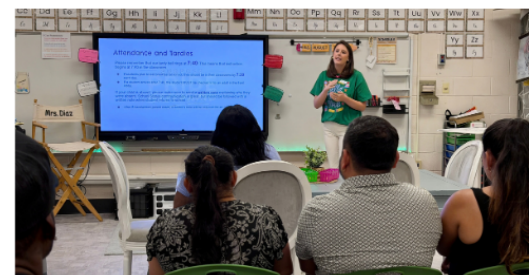

Do you have questions about your child's progress?

Contact your child's teacher by phone at 706-812-7990 or e-mail.

E-mail addresses are on the school website at hogansville.troup.org.

2026-2027 School-Parent Compact for Achievement Third Grade Focus for Student Success

Revised 08/27/26

**Hogansville
Elementary School**

Dr. Hanna Beall, Principal

Our Goals for Student Achievement

District Goals

The Board of Education sets goals for the entire district. The district goals for 2026-2027 are:

Goal 1: Strengthen High-Quality Instruction and Student Achievement

Goal 2: Foster a Supportive, Engaging, and Future-Ready Learning Environment

School Goals

In Third Grade our school will focus on the following areas:

1. During the 2026-2027 school year, we will increase the number of 3rd grade students reading at grade level status from 75% to 85% as measured by the Georgia Milestones (based on last reported data).
2. During the 2025 - 2026 school year, we will increase the number of 3rd grade students scoring at Proficient or Distinguished from 39% to 60% as measured by the Georgia Milestones.

When teachers, students and families work together, we CAN achieve our goals!

Teachers, Parents, Students - Together for Success

In the Third Grade Classroom

The Third Grade classroom will work with students and their families to support students' success in reading and math. Some of our key connections with families will be:

Teachers will send home weekly reading comprehension/fluency passages to increase the number of students reading on grade level.

Teachers will implement programs such as IXL & Reflex to reinforce grade level standards as well as promote fluency of multiplication facts.

Teachers will communicate through school status, Tuesday folders and weekly newsletters.

At Home

Hogansville Elementary School parents joined staff to develop ideas about how families can support students' success in reading and math.

HES parents will read with their students nightly as well as fluency passages that are sent home.

HES parents will check students math homework and help with practicing multiplication facts to become more fluent.

HES parents will check and sign folders that are sent home on Tuesday and stay in communication with teachers through school status.

HES Students

Hogansville Elementary School students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in math and reading. Students thought of the following ideas to make connections between learning at home and school:

Students will read books and grade level passages that are sent home with an adult.

Students will practice multiplication facts nightly and complete assigned homework.

Students will bring home their Tuesday folders and review it with their parents. They will discuss their behavior as well as other things that were sent home.

Additional Key Points for Success

1. Go to bed on time.
2. Arrive at school no later than 7:25 each day in order to enjoy breakfast.
3. Come to school prepared.
4. Strive to be at school and on time every day.
5. Good relationship with teachers for open communication.
