Credit by Exam will be administered on the student's home campus. For Kindergarten acceleration, testing will be administered during the first session of the CBE testing window (end of July).

GENERAL GUIDELINES for KINDERGARTEN ACCELERATION

Students residing within Magnolia Independent School District will be provided an opportunity for acceleration from Kindergarten to First Grade when the following conditions have been met:

- The student is five years of age on September 1 and enrolled in MISD.
- The student successfully completes 90% or more of the items on each of the CBEs exams - Language Arts, Math, Science, and Social Studies.
- The student's physical development and social maturity are consistent with an advanced mental ability.
- The student has been recommended by the kindergarten or preschool that the student has previously attended.
- Parent/guardian gives written approval for the acceleration.

A student may not take a CBE for a grade level in which that student is currently enrolled. ***Placement in a new grade level will only occur at the start of a school year regardless of when an exam for acceleration is taken.***

As per testing guidelines, three hours are allowed for each exam. The examinations are purchased from Texas Tech University and thoroughly test the essential knowledge and skills for each grade level subject area.

Study guides can be downloaded at: <https://www.depts.ttu.edu/k12/cbe/review/>

Score reports are generally available 3-6 weeks after testing and are mailed directly to the school counselors. The counselors will release the scores to the students. All CBEs are considered secure and will not be released to the students and/or parents after the test administration.

There is no fee for CBE testing. Please carefully consider availability during the testing window before completing the registration form.
