******The Registration/Approval Process is a two step process:******

Step 1 Registration - A parent needs to register the student through Arbiter Sports and receive confirmation that the registration has been completed.
Step 2 Approval - The parent who registers the child needs to monitor their email for an **Approved** or **Not Approved** response. **If your child is NOT APPROVED the reason for why your child is not approved will be sent to the email of origin.** The email is from the nurse but it will come through Arbiter Sports (FamilyID)

Important Information

- **The email address used for registration must be an email address that is checked daily.**
- Parents are encouraged to begin the registration process when the registration opens on Saturday, February 7, 2026 so problems with the registration can be resolved within a timely manner.
- **Registration needs to be done on a computer, NOT A CELL PHONE.**
- **If Health History information is not accurate and up to date, the student will not be approved.**
- Students self-carrying and self-administering medications must submit the completed district medication form(s) to the Health Office before being approved. The front and the back of the form must be completed in full.
- Physical forms can be uploaded to your FamilyID account, brought in or mailed to the Health Office.
- Please do not resubmit physicals that are already on file in the Health Office.
- Only physicals completed on the NYS School Health Examination Form will be accepted.
- Parents must use their own email address when registering their child. Students registering themselves will not be approved.
- Students must be registered and have all completed paperwork submitted by the deadline or they will miss the first day of practice. There will be no exceptions.
