ADMIN MESSAGE: October at FJH!

School is officially back in full swing, and October brings lots of exciting opportunities for our students and families to learn, grow, and get involved! As we settle into the home stretch of the first quarter, we're looking forward to cooler weather, continued learning, and plenty of opportunities to celebrate our students.

During the month of September, our students worked hard to prepare for our booth at the St. Tammany Parish Fair! This year's theme was "Building Up a STORM!" Students across FJH contributed their creativity and hard work to help bring our booth to life. A special thank you to Ms. Riviere, Ms. Quigley, and Mr. Danby for setting up our booth and bringing everything together. It looked amazing!

In Ms. Deibel's Family & Consumer Science class, students had the opportunity to learn responsibility in a fun and memorable way by taking care of their very own flour babies! Students quickly discovered that their flour babies required plenty of attention—and they weren't alone! Everyone at FJH joined in on the fun, with staff and students even offering to babysit from time to time.

This month in STORM, we are focusing on Habit 2: Begin With the End in Mind. This habit encourages students to think about what they want to accomplish and make choices today that will help them reach their goals tomorrow. Whether it's improving a grade, becoming a better athlete, preparing for a performance, or strengthening friendships, having a clear goal can help students stay focused and motivated.

Families can support this habit by talking with students about their goals and asking questions such as, "What do you want to accomplish?" and "What can you do today to help you get there?" Helping students connect their daily choices to their long-term goals can make a big difference.

As always, please take advantage of the resources available through the Home Access Center to keep up with your child's academic progress. Families can also access teachers' Google Classrooms for additional information about daily assignments, materials, and classroom expectations.

Let's make October a month of setting goals, making purposeful choices, and keeping our eyes on the finish line!

As always, visit our website for more information, <https://fontainebleaujunior.stpsb.org>, or call the school at 985-875-7501.
