Number of Teachers - 57.5

2026-2027 PROFILE

Message from Principal Todd Rings

Dear Parents,

Brecksville-Broadview Heights Middle School provides students a positive and encouraging environment to grow and thrive during the important middle school years. All staff at BBHMS are focused on providing engaging and effective instruction that meets the unique learning needs of every student. Our rigorous curriculum provides students the opportunity to earn high school credits in several content areas, and features various electives in Music, World Language, Robotics/STEM, LifeSkills, Computer, and Art courses. Incorporation of technology is a key part of instruction, as every student is provided a Google Chromebook for classroom use.

In addition to academics, students are encouraged to participate in a wide offering of clubs and co-curricular opportunities which help to connect them with fellow peers, while fostering personal growth. Athletic opportunities are offered throughout the school year and help students learn about the importance of teamwork and goal-setting. The Middle School also prides itself on providing student leadership opportunities such as our Builder's Club and H.U.D.D.L.E. Jr. that promote community service projects and being a positive role model.

Academics

Students in Grades 6-8 are required to take courses in the content areas of Math, Language Arts, Science and Social Studies, in addition to specials for each grade level. Enriched and accelerated classes are available for meeting certain criteria. Learning enrichment opportunities are also offered to all students through various electives.

Leadership Opportunities

Through leadership opportunities, students make a positive impact on their school and community, while learning valuable leadership and collaboration skills.

- H.U.D.D.L.E. JR (Helping Us Develop Dedication, Leadership and Enthusiasm) – 8th grade student group that engages in school and community service projects and team-building activities that cultivates leadership skills and promotes positive choices.
- Builder's Club – Service project club for students in Grades 6-8 which seeks to make a positive impact in our school and community through various initiatives, such as Coats for Kids, Harvest for Hunger and raising funds for pediatric cancer research for the "Kick-It" campaign.

Honors, Awards and Achievements

- Ashley Anders, Math Teacher – Received 2017 Outstanding Teacher Award from Greater Cleveland Council of Teachers of Mathematics.
- 2018 National Blue Ribbon School from the United States Department of Education.
- Maria Schneider, Health and Physical Education Teacher – Recognized by the Cleveland Browns for demonstrating a strong commitment to her students, school and community through the NFL's Play60 program, and for raising over \$250,000 for pediatric cancer research through the annual "Kick-It" campaign at the Middle School.
