Safety & Security: One Community, One Commitment

Safety & Security: One Community, One Commitment

At Jarrell ISD, the safety and security of our students and staff are among our highest priorities. Creating safe schools requires more than procedures and protocols; it takes strong relationships, preparation, communication, and a community working together. Under the leadership of Chief Sharif Mezayek, the Jarrell ISD Police Department provides a certified police officer on each campus. Our officers are an important part of our school communities, partnering with students, parents, and staff to build positive relationships and help maintain safe, welcoming learning environments.

Prepared Together

Our commitment to safety extends beyond our district. Jarrell ISD regularly invites law enforcement and emergency response agencies from the city, county, and state to participate in safety drills and visit our campuses. These partnerships help ensure first responders are familiar with our schools, personnel, and emergency procedures before an emergency occurs. This collaboration represents the very best of our commitment to "One Community" where our schools, families, first responders, and community partners work together to protect and support our students.

More Than Campus Safety

Our police officers are active members of the Jarrell ISD community. They provide presentations to students on current safety topics, participate in community activities, and attend school events. Whether they are providing security at an event, talking with students in the hallway, or cheering on our Cougars, their presence is about both safety and relationships.

See Something. Say Something.

Safety is everyone's responsibility. Jarrell ISD provides students with an anonymous alert system that gives them another way to share safety concerns. Students can submit concerns through the system, which are then communicated to campus administrators for appropriate follow-up. We encourage our students to speak up when something does not seem right. A concern shared early can make an important difference.

Our Commitment

Safety is not a single program, person, or procedure. It is a continuous commitment shared across Jarrell ISD. Through our district police department, partnerships with outside agencies, emergency preparedness, anonymous reporting, and, most importantly, strong relationships with our students and families, we remain committed to providing schools where students and staff feel safe, supported, and ready to learn.

One District. One Community. One Commitment to Safety.

Parent Reunification and Emergency Operations

In the event of an emergency, it's vital that we have your up-to-date contact information. 15% of our parent population has incorrect contact information on file. It's critical we have your correct address, email address, and phone numbers. Please log in to [Skyward](#) to verify that your information is accurate.

In addition to having your correct information on file, filling out a Parent Reunification Card is vital for an emergency. Click on the link below to learn more about our Parent Reunification Plan.
