

APPLICATION AND AUDITION

What does the PVA abbreviation represent? Performing and Visual Arts

What is a “principle area” or an “arts area” or “discipline” or “craft”? Each of these terms refer to the area of program to which you are applying. The terms are used interchangeably by faculty and students. Weaver has eight programs – dance, guitar, recording engineering (music production), piano, orchestral strings, theatre, visual art, vocal music.

Where is the main entrance located? The main entrance is located on the back side of the campus, adjacent to Greensboro College, and is accessible from West Market, Cedar, and McGee streets. There is a circle drive for student drop-off and pick-up. The glass doors are the main entrance and exit. Other doors are secured and not available for entering the building.

Where do applicants go for their audition once inside the building? Applicants will be greeted by a Student Ambassador and/or faculty member and directed to the registration area. Student Ambassadors will escort applicants to the appropriate waiting and/or practice areas.

What do applicants bring to the audition? Refer to the Audition Requirements (posted on the Weaver Academy website) for items applicants should bring to their audition. Items are specific to each PVA program. Theatre resumés, instruments, recorded music, art portfolios and sketchbooks, sheet music, dance attire, etc., should be kept by the applicant until called for their audition.

What do parents/guardians do during auditions? Parents/guardians and guests may leave campus during the audition or remain in their vehicle in the parking area. Parents/guardians and guests are not allowed in the building. (If an applicant needs to call someone when their audition is complete, a telephone is available.)

Where do families park if they remain on campus during the audition? There is a large parking area behind the building. From South Spring Street, turn RIGHT onto McGee Street. At the All-Way-Stop intersection, turn RIGHT into the parking area. Vehicles should not park in marked spaces.

What happens after the audition? Families will receive admission offers and/or an application status notice from Guilford County Schools on February 5, 2027. Notifications will be communicated by email and/or text message by Guilford County Schools. Families must accept or decline offers by February 12, 2027.
