

**Addendum #1
October 6, 2026**

**Stage Curtain Replacement RFP
Proposal #2584-26
Opening Date: October 14, 2026
Opening Time 11:00 a.m.**

This Addendum No. 1 is being issued to answer the following questions:

Question:

On page 29 it is stated the deadline for RFP #2584-26 is 10/4/2026, is this date correct?

Answer

The opening date for this bid is October 14, 2026 at 11:00 a.m.

Question:

During the pre-proposal meeting it was mentioned that the Valance does not need to be replaced. Please confirm that the Valance is no longer included in this proposal.

Answer

Yes

Question:

Please confirm this is a prevailing wage project and all labor should be quoted as such.

Answer

Prevailing wage requirements apply only if the total project cost exceeds \$100,000.00

Question:

On page 9 it is stated fabric should be 25 oz velour. For the onstage black masking (Borders, Legs, Tormentors, Rear Curtain), is 22 oz Encore Velour an acceptable fabric option? 22 oz. Encore Synthetic Velour, IFR

Answer

Yes

Question:

On page 10 it is stated that "top hems shall be reinforced using heavy-duty jute webbing not less than 3 ½ inches wide. Since jute webbing is generally used on natural fiber fabrics such as scrims and muslins, is the top finish webbing of 3" polypropylene webbing acceptable?

<https://www.rosebrand.com/custom-curtain-services/curtain-finishes-and-linings#top-finishes>

Example of top finish with 3" polypropylene webbing (also available in the color black)

Answer

Yes

Question:

For the onstage masking(Borders, Legs, Tormentors, Rear Curtain), do these want to be 100% fullness or is it acceptable to match the 50% fullness and box pleats of the existing curtains?

Answer

Matching is fine.

Question:

For installation requirements, is it acceptable to follow installation follow ANSI E1.4-2 Standard for Entertainment Technology - Statically Suspended Rigging Practices?

Answer

Yes

Question:

During the pre-proposal meeting repairs and replacement of statically suspended rigging were mentioned to be done as needed. Since there is no schedule of components requiring repair or replacement, does this want to be included in the proposal? If so, how would you like this listed?

Answer

Please list as a separate option (separate line item)

Question:

During the pre-proposal meeting removing the electric pipes winches was mentioned and changed to be statically suspended. Is this being added to the scope of work? If so, how would you like this listed?

Answer

No it is not being added.

Question:

During the pre-proposal meeting the rope operated battens were discussed. Do these want to be removed or updated? Is this being added to the scope of work? If so, how would you like this to be listed?

Answer

Rope battens can be updated, please add as a separate line item.

Question:

During the pre-proposal meeting it was mentioned all curtain tracks should have carriers, ropes, and pulleys replaced. Please confirm if this is correct. If so, how would you like this listed?

Answer

Yes, add as a separate line item (we can assess what the budget can support, if it's listed separately)

Question:

Confirm that the main curtain and valance are not to be replaced

Answer

Yes, no need to replace

Question:

Some pipes and rigging are in poor condition, with bent and undersized pipe. Replace?

Answer

Yes - please include this as a separate line item in the pricing.

Question:

What is to be done with the antiquated winches?

- a. Remove and dead hang the electrics
- b. Replace all winch rigging
- c. Leave

Answer

We aren't sure yet, depends on quotes for this work. Please put this in a separate line - can you quote for both - EITHER dead hang electrics, or replace winch rigging.

Question:

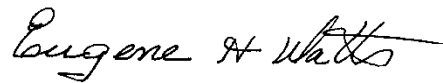

Hemp lines are old and should be replaced

- d. Remove and dead hang the pipes
- e. Replace all hemp line rigging
- f. Leave untouched

Answer

Replace hemp line rigging

All project requirements, except for those that are specifically added or modified by this Addendum shall remain in full effect.

Eugene H. Watts

END OF ADDENDUM #1
