

I pledge my HEAD to clearer
thinking,
my HEART to greater loyalty,
my HANDS to larger service,
and my HEALTH to better
living,
for my club, my community,
my country, and my world.

Union County 4-H

4-H 
GROWS HERE

About Us

4-H is a volunteer led program that provides opportunities to all rural and urban youth between the ages of 8-18 to participate in innovative, fun programs through which they can develop valuable, lifelong skills.

Requirements of Participation

Youth (8-18 years) are eligible to participate in 4-H if they are 8 or older, but not yet 19, prior to January 1 of the current 4-H year.

Cloverbuds (5-7 years) is a non-competitive, educational program for children in grades K-2 and between the ages of 5-7. It is part of the South Dakota 4-H Youth Development program. The goal of this program is to promote the healthy development in children by enhancing the life skills of social interaction, self-esteem, physical mastery, making choices, and learning to learn.

Parents are asked to assist their children and support the 4-H club by being volunteers; participating in activities and events and assisting the 4-H leaders when necessary.

Volunteers are required to complete the Registered Volunteer Process (contact the Extension Office). A background check will be processed to ensure youth safety and liability.

4-H Motto

To Make the Best Better

Emblem: The 4 H's stand for Head, Heart, Hands, & Health.

How Do I Get Involved?

Step One: Contact the Union County 4-H office to find out about possible clubs you can be a part of in your community.

Step Two: Visit with club leaders or visit a club meeting.

Step Three: Enroll as a 4-H club member. You can enroll as an official 4-H member online through v2.4honline.com. Help sheets are available by contacting the office.

Project Areas

Aerospace	Forestry
