Other important information:

District 200 students may purchase a club card for \$96.00 which provides them with lift tickets (2) for club dates from above. The discounted price of \$32.00 any time throughout the season from 3:00 pm to close (except Saturdays) entitles them to one free lesson and evaluation. Holidays may not be included.

All participants (students, parents, siblings, and friends) only pay \$32.00 per lift ticket and \$32.00 per equipment rental (ski or snowboard) on each of our club days. Helmets may also be rented for an additional charge. This is a perfect way to try it and see if you like it!

On Friday club days, skiing is from 4:30 p.m. to close.

Tickets will be sold in the main ski lodge by the ski school desk. (Cash Only)

In an effort to keep costs down, district transportation will not be provided. Carpooling and adult supervision are encouraged. No drop-offs, please!

Please consider joining us to enjoy some winter recreation at greatly discounted prices!

Please email Mr. Zieman with any questions. (rzieman@wcusd200.org)
