

2026-2027 COMMUNITY SCHOOLS NETWORK

Our Community School Network meetings will bring school teams and Community Based Organizations together to strengthen collaboration, shared learning, and continuous improvement across Imperial County. Through professional learning, resources, and peer-to-peer support, participants will deepen their understanding of the Community Schools framework while identifying practical strategies to support students, families, and communities. Together, we will build coherence, elevate local strengths, and continue transforming schools into welcoming, integrated hubs of opportunity, support, and belonging.
