Naming of Buildings and Grounds

Buildings and grounds or any part thereof shall not be named for any living persons and shall not be named for deceased persons until five (5) years after such person's death.

The Board may make an exception to the above in response to the request of a significant donor or sponsor, provided that the requested name is not that of a current employee of the school district or a public official currently holding an office with influence on the operations of the school district.

The Board directs the Superintendent to appoint a standing committee, to include representation from staff members, parents, students, community members, and trustees, to discuss and evaluate any proposal to name district buildings and grounds or any part thereof. The committee will make a recommendation to the Board. The Board will make the final decision.

The Board of Trustees reserves the right to revoke naming designations.
