 Final Transcripts

- All seniors must complete the Graduation Survey in Naviance.(information will be sent through class Teams page next week).
 - The survey determines where your child's final transcript will be sent.
 - Final transcripts will be electronically submitted by June 20 to the post-secondary school listed.
 - Transcripts may take time to appear in student portals but should be in place before school starts.
 - No additional action is needed from your child besides completing the survey.
 - Plan changes over the summer? Students must email Ms. Monyak for updated instructions.
 - You will not have access to Skyward after June 30, PLEASE download/save a copy of your final transcript
-

 Moon Records Release

- Required before transcripts are sent to colleges.
 - Most students who applied to schools have completed this; some using self-reported academic records may not have.
 - To check:
 1. Log into Naviance → Colleges I'm Applying To
 2. Look for a green bar: *"Parent/Guardian must give consent for you to request transcripts"*
 - The form is available in the Class of 2026 Teams page (top under *Files* if on a phone).
-

 Colleges Your Child Is Not Attending

- Students should notify schools they will not be attending.
 - Usually done in their college portal.
 - This is important because:
 - Another student may be waiting for admission.
 - Scholarships may be reallocated.
-

 NCAA Student-Athletes

- If your child has an NCAA account, their final transcript will automatically be sent after graduation.
