

REFERENDUM PROJECT UPDATE

OCTOBER 2026

One month down in at the School District of Washburn, and our school construction is moving right along into Phase 2! This next phase focuses on lower-impact updates across the MS/HS, keeping noise and dust to a minimum while renovations continue through the rest of the school year. Huge thanks to our incredible custodians, teachers, and students for being so adaptable and helping crews work safely alongside daily learning!

Library Media Center renovation

Steel stud framing for drywall partitions

HVAC upgrades

Plaster ceiling demolition

UPCOMING FOCUS AREAS

Crews are working exclusively on the second floor classroom areas.

- Finishing the mechanical & electrical rough-ins
- Starting to build drywall partitions and hanging drywall
- Painting partitions & installing acoustical ceiling grid
