1.1 Family and Stakeholder Engagement

The SWP/SIP should be developed with the involvement of parents and other members of the community to be served, as well as individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals, and, if appropriate, specialized instructional support personnel, and school staff. If the plan relates to a secondary school, students may be included and other individuals determined by the school.

The SWP/SIP shall be available to the district, parents, and the public, and information contained in the plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

Each school are required to meet ESSA requirements, including the development and implementation of a parent and family engagement policy that includes a school-parent compact outlining shared responsibility for high student academic achievement.

Describe how the school prepared a diverse group of families/parent leaders (including parents of English Learners and student with disabilities) to provide input on the development and evaluation of the schoolwide plan by offering or connecting families/parents to training on analyzing data or curriculum and assessments:

Stakeholders include parents from different socioeconomic backgrounds, parents of special education and 504 students, parents of EL students, various community members, teachers from various grades, and the instructional leadership team. Review of the CNA included explanation of the various types of data collected as well as time to analyze the data as a group with guidance provided by the instructional leadership team.

Provide examples of changes made to the schoolwide plan based on input from families/parents:

None at this time.

Describe how parents and community stakeholders are included as decision makers in a broad spectrum of school decisions:

- The Panorama Survey is used to collect input from parents as are surveys given at various family engagement events throughout the school year.
- The principal and magnet specialist attend chamber meetings to provide updates to the community and receive input.
- Parents and stakeholders are members of the stakeholder committee that meets 3 times per year to create, review, and rate the School Wide Plan.
- Parents are part of Student Assistance Teams to monitor struggling students.
- Principals have an open-door policy, which allows for parents to give input.

Describe how the school communicates information to parents regarding the strategies and activities in the SWP, curriculum, assessments, student progress, etc.:

- Weekly Class Newsletters

- Student Reflections -Each 9 weeks (Consider replacing Student Logs with a reflection done at the end of each 9 weeks on the students overall performance academically and socially....learning profile.)
- Action-at-Home Letter/Report (4 times per year grades PK and K; each 9 weeks for grades 1-5)
- JCampus Parent Portal
- Report Cards (End of each 9 weeks)
- Robo Calls, Emails, & Text
- Television in office, cafeteria, and library
- HEML Principal Monthly Newsletter
- Learner Profile Reports (PreK-2: 3 times per school year and 3-5: 2 times per school year)
- An annual open house is held and the goals of the SWP along with ways that families can assist us in meeting our goals is held each year
- Weekly School Newsletter
- Student-Led Conferences (Fall and Spring)

Translation Services:

Schools should ensure that all staff communicate with LEP families in a language they can understand and notify LEP families of any program, service, or activity communicated to English-speaking families, to the extent practicable.

(Title VI of the Civil Rights Act of 1964)

Parents in need of translation services to discuss student progress, assessment results, student concerns, etc. will contact the school and a conference with a translator arranged.

Translator APP will be utilized to send notes home to parents in the primary language of the family.

Describe specific evidenced based strategies/activities to assist parents and families by offering or connecting families/parents to training on analyzing data or curriculum and assessments. For example, include activities that provide information on state academic standards, state and local assessments, and how to monitor a child's progress. Also, describe activities that provide materials and training to help parents work with their children to improve academic achievement.

1.2 COMPREHENSIVE NEEDS ASSESSMENT

To ensure the schoolwide plan best serves the needs of all students, especially high need students who are failing, or are at-risk of failing, the school must conduct a comprehensive needs assessment. The results of data analysis must guide strategies to improve academic performance and close achievement gaps.

- **Provide outcomes of the school's comprehensive needs assessment, as well as a description of the data sources used in the process. Finding should include detailed analysis of all student subgroups; an examination of student, teacher, school, and community strengths and needs; a summary of priorities that will be addressed in the schoolwide plan.**
and
- **Use the Comprehensive Needs Assessment to develop a comprehensive plan for the entire school. Take into account information on the academic achievement of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the school and District.**

OVERALL STRENGTHS Listed IN CNA	OVERALL WEAKNESSES LISTED in CNA
86% of students reported favorably on how supported students feel through their relationships with friends, family, and adults at school.	40% of the students reported favorably on perceptions of the overall social and learning climate of the school.
Grades K, 2, & 3 showed growth in 25-26 EOY DIBELS compared to 24-25 EOY DIBELS scores.	20% of family members reported favorably perceptions of the overall social and learning climate of the school.
Truancy decreased from (565) 51% to (297) 35.53%	Teacher and Student Attendance
PreK increased their school CLASS performance score to high proficiency (5.50).	Parent and Family Engagement
66.39% of students completed 90+ grade level lessons and scored on/above through Zearn intervention	Lower percent of students scoring mastery or above in Math versus ELA grades 4 & 5 on District Assessments
Significant decrease in the number of discipline referrals 422-356	Urgent Intervention Needed for Academics for Black Population and Students with Disabilities
Increase of students scoring advanced or mastery in grades 4th and 5th in ELA and Math	Modifying the curriculum to better meet students' needs of Tier I curriculums in Math, ELA, Science, and Social Studies.
	Utilize resources to identify and support subgroups

	25-26 2nd graders' discipline numbers were 116. Compared to this year 26-27 the students were 3rd graders with discipline numbers of 113. This data shows that this group has maintained high numbers which shows a need for urgent interventions for this particular group.
NARRATIVE SUMMARY OF COMPREHENSIVE NEEDS ASSESSMENT FINDINGS Summarize the results and conclusions from the comprehensive needs assessment, including the school-level results for applicable data points listed under critical goals in Believe to Achieve: Educational Priorities, e.g. percentage of students on or above grade level in literacy by subgroup.	
Narrative Summary from Comprehensive Needs Assessment: Hammond Eastside Magnet Lower is a community school with 881 students in grades pre-kindergarten through fifth grade. Hammond Eastside Magnet Lower has an SPS score of 64.7 C and Urgent Intervention is Needed (UIN) in the area of academics for black student population and students with disabilities. Students in grades K, 2, & 3 showed growth in 25-26 EOY DIBELS compared to 24-25 EOY DIBELS scores. Students in grades pre-kindergarten to 2nd grade are scoring significantly better on district benchmark assessments compared to students in grades 3rd to 5th on LEAP 2025 assessments. LEAP 2025 Mastery or Advanced scores in ELA, Math, and Science increased in grades 4th and 5th grade compared to last year. LEAP 2025 Mastery or Advanced scores in ELA, Math, and Science decreased in 3rd grade compared to last year. Improvement in these areas are essential. Additionally, the LDOE Curriculum Implementation Scale showed an overall need for modification of Tier 1 curriculum to better meet students' needs in all core subjects. The correlation between LEAP scores and the Implementation scores are noteworthy. A focus on bridging the gaps between proficiency in core subject areas from the primary grades to the LEAP grades is a critical next step toward academic improvement. PBIS Data and survey results indicate a positive learning environment. Strengths include 86% of students reported favorably on how supported students feel through their relationships with friends, family, and adults at school, and 79% of family members reported favorably family perspectives of the amount of academic and social support that they provide their child with outside of school. Increasing parent and family engagement at Hammond Eastside Magnet Lower is a priority, as 20% of family members reported favorably perceptions of the overall social and learning climate of the school and 28% of family members reported favorably families perceptions of how well a school matches their child's developmental needs. The school had a significant change in the number of discipline referrals decreasing from 422 to 356. HEML had a 15.47% decrease in the percentage of students reported to truancy from 2024-2025 to 2025-2026 school year. There will be ongoing support in classroom management through restorative practices, character strong curriculum, community circles and monitoring. We will continue to foster and build strong parent and community relationships. We will consistently use data to drive our decision-making in every aspect of our school in providing the best learning environment possible.	
PRIORITIES IDENTIFIED IN THE COMPREHENSIVE NEEDS ASSESSMENT RESULTS	
● Decrease behavior incidents within the classroom and black males ● Increase effective modification of the core curriculum and interventions to better meet students' needs.	

● Increase the percentage of students scoring Proficient or Advanced on District Assessments and LEAP in ELA, Math, Science & Social Studies.
● Decrease the percentage of students who were chronically absent.
● Increase the percentage of students scoring benchmark or above on Dibels.
● Improve student and teacher attendance.
● Increase participation from parents and family members through PFE activities.
● Increase the number of students with disabilities scoring proficiently.
● Decrease the number of discipline referrals of the African American student population.
DATA SOURCES- List all Data sources analyzed in the Comprehensive Needs Assessment (see instructions in Title I Crate Section 2): Faculty, Student and Parent Panorama Surveys, Pre-K Gold, K-2 District ELA and Math Benchmark Assessments, Dibels EOY Screener, Oncourse Discipline Data, LADOE Principal's Portal, Grades 3-5 LEAP 2025, and Curriculum Implementation Scale
SCHOOLWIDE PLAN GOALS
● <i>Goals - Specific, Measurable, Achievable, Results-focused, and <u>T</u>ime-bound</i> ● <i>Academic Goals Aligned to the Most Current School Data Analysis</i> ● <i>Must Include Subgroup (s) Goal (s)</i> ● <i>Aligned to District Goals</i>
1. By the end of the 2026-27 school year, HEML will increase the SPS score by 3 points as measured by the SPS calculator from 65.1 to 68.1.
2. By the end of the 2026-27 school year, HEML will increase the percentage of K-3 students reading at or above grade level from 50% to 65% as measured by DIBELS.
3. By the end of the 2026-27 school year, HEML will increase the Achieve Indicator from 28.4% to 33.4%.
4. By the end of the 2026-27 school year, HEML will increase the Grow Indicator from 43.4% to 48.4%.
5. By the end of the 2026-27 school year, HEML will increase attendance rate by 3 percentage points from 90.2 to 93.2.
6. By the end of the 2026-27 school year, HEML will reduce the number of office referrals by 9% from 453 to 400.
7. By the end of the 2026-27 school year, HEML will increase the school performance of black students by 4% from 11% to 15%.
8. By the end of the 2026-27 school year, HEML will increase the school performance of students with disabilities by 8% from 1% to 9%.

1.3 STRATEGIES FOR IMPROVEMENT

Provide a description of schoolwide strategies that the school is implementing to:

1. Use methods and instructional strategies that strengthen the academic program in the school
2. Increase the amount and quality of learning time
3. Help provide an enriched and accelerated curriculum, which may include programs, activities and courses necessary to provide a well-rounded education
4. Include interventions and strategies to increase student achievement in underperforming subgroups.

Be sure to address all four strategies and identify the Believe to Achieve: Educational Priorities the school will target.

BELIEVE TO ACHIEVE: EDUCATIONAL PRIORITIES

A school implementing a schoolwide model should align schoolwide plan strategies to Believe to Achieve: Educational Priorities, analyzing school-level data in comparison to state-level data to drive the process and track performance. The educational priorities include the following:

- ✓ Ensure every student is on track to a professional career, college degree, or service.
- ✓ Remove barriers and create equitable, inclusive learning experiences for all children.
- ✓ Provide the highest quality teaching and learning environment
- ✓ Develop and retain a diverse, highly effective educator workforce.
- ✓ Cultivate high-impact systems, structures, and partnerships

Coordination and Integration of Federal, State, and Local Resources, Services, and Programs:	
McKinney Vento: All homeless students receive all services for which they are eligible at their school site through Title I, Title III, Food Services, LA4, IDEA, and McKinney Vento funds. Food Services: All students whose income qualifies them for free/reduced meals participate in the federal food service program. Special Education: Identified students with disabilities receive all services specified on their IEP through a combination of GFF, IDEA, Title I, or Title III funding.	English as a Second Language (ESL): Identified LEP students receive services from ESL teachers, paraprofessionals, and/or tutors at their school site. These services are paid for through GFF, Title I, Title III, and Title III Immigrant Funds. 21st Century Programs: Students in participating schools are entitled to attend the 21st Century afterschool programs during the school year and during the summer. Headstart Preschool Programs: Headstart preschool children graduate into their feeder schools in the District in which they live. Receiving schools provide transition activities and services for children and parents. Preschool programs are funded through LA4, 8G grant, Title I, and GFF.

4. Regular Monitoring and SWP Revision

- *The SWP remains in effect for the duration of the school year. The plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging state academic standards.*
- *The school will annually evaluate the implementation of, and results achieved by, the schoolwide program using data from the state's annual assessments and other indicators of academic achievement to determine whether the plan has been effective in increasing achievement of students in meeting the state's academic standards, particularly for those students who had been furthest from achieving the standards. The school will revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.*

Describe how and when the SWP is monitored during the school year using multiple types of data including diagnostic, interim, and summative assessment, in order to evaluate instructional practices, determine patterns of student achievement, and make necessary adjustments to increase student learning across grade levels, content areas, claims/subclaims, and subgroups:

- PLC monitors progress toward the goals throughout the school year on the SWP by using student work weekly to plan next steps. Progress is monitored using data from interim assessments and common assessments.
- Learning Walks are conducted throughout the school year with a team that consists of district leaders and support, as well as Instructional Leadership Team members from the school. Observations are used to create next steps to be reviewed in ILT meetings then rolled out in PLC. This helps to monitor how well the instructional parts of the SWP are being implemented.
- Student Learning Targets are written by each teacher at the beginning of the year. Progress toward those targets is monitored in PLC through the use of student work and common assessments.

Describe how and when the SWP Committee will meet and discuss school programs implemented, as outlined in the SWP, to determine effectiveness and to assist in planning for the upcoming school year:

- SWP committee members look at all data and input collected in order to do effectiveness ratings then combine that with input from stakeholders and faculty to write SWP and CNA for the upcoming school year in July.

Describe how and when the evaluation results of the SWP are reported to the school's stakeholders (faculty, staff, parents/families, and community members):

- Teachers are in-service in August—data from CNA and SWP are shared
- SWP is revisited during weekly PLC and ILT
- Parents are notified at an annual meeting and SWP is posted to the school's website.
