Dear Parent/Guardian:

At the Township of Ocean School District, we believe that families are important partners in supporting student success. One way we strengthen this partnership is by providing families with access to information about their child's academic progress.

Our district uses LinkIt to organize and review student assessment results. This information helps our teachers and administrators identify students' strengths, determine areas where additional support may be needed, personalize instruction, and establish meaningful academic goals.

We are pleased to provide you with access to the LinkIt Parent Portal, where you can view your child's current and previous assessment results. We encourage you to review this information and use it as a starting point for conversations with your child and their teachers about academic progress, strengths, and goals.

Depending on your child's grade level and program, the Parent Portal may include results from the following assessments:

- [New Jersey Student Learning Assessments \(NJSLA\)](#)
- [Dynamic Indicators of Basic Early Literacy Skills \(DIBELS\)](#) — [Spanish Parent Guide](#)
- [IXL LevelUp Diagnostic](#)
- [ACCESS 2.0 for English Language Learners](#)

Assessment results are one of several tools we use to understand your child's academic progress. If the results indicate that your child may benefit from additional support, the district provides a variety of services based on individual student needs. These may include small-group instruction, individualized interventions, additional reading or mathematics support, and other targeted instructional services.

Setting Up Your LinkIt Parent Portal

Estimado padre, madre o tutor:

En el Distrito Escolar de Township of Ocean, consideramos que las familias son colaboradores fundamentales para apoyar el éxito de los estudiantes. Una forma de fortalecer esta colaboración es brindar a las familias acceso a información sobre el progreso académico de sus hijos.

Nuestro distrito utiliza LinkIt para organizar y revisar los resultados de las evaluaciones de los estudiantes. Esta información ayuda a nuestros maestros y administradores a identificar las fortalezas de los alumnos, determinar las áreas donde se requiere apoyo adicional, personalizar la enseñanza y establecer metas académicas significativas.

Nos complace ofrecerle acceso al Portal para Padres de LinkIt, donde podrá consultar los resultados actuales y anteriores de las evaluaciones de su hijo. Le animamos a revisar esta información y a utilizarla como punto de partida para conversar con su hijo y sus maestros sobre el progreso académico, las fortalezas y las metas.

Dependiendo del grado y del programa de su hijo, el Portal para Padres puede incluir resultados de las siguientes evaluaciones:

[Evaluaciones de Aprendizaje Estudiantil de Nueva Jersey \(NJSLA\)](#)
[Indicadores Dinámicos de Habilidades Básicas de Alfabetización Temprana \(DIBELS\)](#)
[\(Haga clic aquí para español\)](#)
[Diagnóstico IXL LevelUp](#)
[ACCESS 2.0 para estudiantes que aprenden inglés](#)

Si los resultados de su hijo indican la necesidad de apoyo adicional, nuestro distrito escolar ofrece servicios como instrucción en grupos pequeños, intervenciones individuales u otros programas de apoyo para la lectura.

Próximamente recibirá un correo electrónico directamente de *LinkIt* que incluirá su código de registro único. El correo electrónico será enviado desde **registration@linkit.com**. Esté atento a este mensaje y, si es necesario, revise su carpeta de correo no deseado o spam.

Una vez que reciba el correo electrónico, puede utilizar el siguiente video tutorial o seguir las instrucciones paso a paso para configurar su cuenta del *Parent Portal*.
