SEPTEMBER 1, 2026

Greetings Parents and Guardians,

Welcome to the 26/27 school year!

We're happy to report the HVAC and carpet upgrades have made a world of difference to our learning environment! The building is comfortable and noise levels in the hallways and classrooms are substantially lower with carpet vs. tile flooring.

We started off our year with a special assembly hosted by Sam Demma, a notable public speaker, who relates well with students. Sam's presentation focused on the important concepts of showing empathy, choosing our attitudes, and achieving great things through small, consistent actions. It was a great way to start the year.
