

Purpose of the Title-1 Program:

Title-I provides assistance to students who could benefit from additional support over the regular classroom. We serve students in grades Kindergarten through 5th Grade. Highly qualified Title-I teachers and paraprofessionals work with regular classroom teachers to meet the needs of individual students in the areas of reading, writing, and math.

Athol Elementary

School Compact

2026-2027

What is a School-Parent Compact?

Athol Elementary and the Lakeland School District, view the education of children as a cooperative effort among the parents, school, and community.

The School-Parent compact was created, following federal law and guidelines, to outline how parents, the entire school staff, and students will share the responsibility for student academic achievement.

Student Goals

- Spend class time paying attention and doing my work
- Be responsible for my own behavior
- Take completed work and notes home for my parents
- Read for 15 min each day

Family Goals

- Go over my child's assignments with him/her
- Provide my child with an uninterrupted time and place to study
- Send my child to school regularly and send them ready to learn
- Spend at least 15 minutes a day reading with my child
- Communicate regularly with my child's teacher about his/her progress

Teacher/School Goals

- Communicate with you regularly about your child's progress
- Hold parent/teacher conferences annually
- Provide an environment that encourages positive communication between student, parent and teacher
- Provide the opportunity to volunteer
- Provide reasonable access to staff
- Deliver high quality curriculum and instruction that meets state standards
- Encourage your child to practice their learning at home, by providing materials to take home for reading and other subjects

Title-1 Benefits:

Early intervention and small group instruction is the key to helping your child succeed!

The Title Team will work alongside your child's teacher to create tailored ERP (Early Reading Program) and FLEX (Flexible Reading) groups that are designed to meet each child's unique learning needs, ensuring optimal support and student achievement.
