Parent Engagement Policy
Title I Requirement, Section 1118

In order to ensure that our students' parents have adequate opportunity to participate in the design and implementation of the Title I Program, Heights Middle School has adopted the following policies:

1. Parent Advisory Committee meetings are held twice yearly to share, review and seek input regarding Title 1 school-wide programs.
2. An electronic progress report will be provided quarterly to each child's parent. Attendance and student progress can be monitored regularly through Powerschool.
3. Resources will be provided to parents on how to help their child achieve success at school.
4. Family engagement events will be held three times throughout the year to provide parents with tools to support their child's education and to engage with parents in a home/school partnership.
5. A yearly parent survey and evaluation will be provided. This information will be used to revise our parent engagement policy and identify any barriers to successful parent participation, as needed.
6. Families will be provided information in a format and language families understand.
