PARENT INVOLVEMENT POLICY

Title 1 Requirement, Section 1118

In order to ensure that our students' parents have adequate opportunity to participate in the design and implementation of the Title I Program, Hermosa Middle School has adopted the following policies:

- Parent Advisory Committee meetings are held twice yearly to share, review and seek input regarding Title 1 school-wide programs.
- Families can monitor student progress through the PowerSchool portal, with updated and relevant data data provided weekly and progress reports emailed quarterly.
- Families will be invited to at least 3 parent engagement events to obtain resources to help their students with their educational experiences and progress.
- The school will obtain family input through surveys to revise the parent involvement policy and identify areas of need for family engagement events during the PAC meeting with attending families.
- Families will be provided correspondence in their home language when needed.

Revised August 20026

School-wide Title I
Family/School Compact for Achievement
Parental Involvement Policy
2026-2027

Goal: This compact is a written agreement that outlines the responsibilities of our school, teachers, students, and families to ensure all children meet high academic standards to become successful, contributing members of a global society.

1% Better Everyday

Our school will:

- Provide a safe and collaborative school culture.
- Provide effective teaching in every classroom.
- Provide a guaranteed and viable curriculum for all students.
- Provide communication between the school, teachers, parents, and students through text messages, emails, flyers, social media, school website and monthly new letter.

Our teachers will:

- Use the Farmington Model of Instruction to support students' educational needs.
- Utilize Standards Referenced Reporting to communicate progress to students and parents.
- Utilize data to monitor and support student progress.
- Provide clear, consistent expectations for student behavior within their classroom.
