Northeast is a Title I School. The Title program has the capacity to provide additional literacy instruction for students. We have a flexible program where we exit and enter students as needed. Title I funds provide for one full-time Reading Specialist, two full-time Educational Assistants, a Parent Liaison, supplies, opportunities for parent engagement activities, and instructional materials.

And of course, PAX behavior!

Core Idea-In schools with strong learning cultures, students receive a continual message that nothing is as important or as engaging as learning. Each minute spent away from instruction and character development is a lost opportunity.
