

GALENA PARK

INDEPENDENT SCHOOL DISTRICT

FOR IMMEDIATE RELEASE

October 5, 2026

Three Districts, One Community

Big Connections were on display Friday, October 2, during the Chamber of Commerce State of the District luncheon at San Jacinto College's Monument Room. The event brought together Channelview ISD, Galena Park ISD, and Sheldon ISD to celebrate public education and the students at the heart of each district.

Superintendents and students from all three districts joined a panel discussion, sharing perspectives on their educational experiences and the opportunities that prepare students for life beyond high school. The conversation gave community members the chance to hear directly from district leaders and students.

Representing Galena Park ISD, Lynel Hunter reflected on his educational journey and the impact of Dual Credit while balancing the responsibilities of being a student-athlete. He shared how these experiences challenged him academically, strengthened his commitment and discipline, and prepared him for a successful college career.

The luncheon celebrated the Big Connections among schools and the community while highlighting opportunities that prepare students for their next chapter and inspire them to pursue their Big Dreams.
