

Dear, Lied Middle School Student-Athletes, Families, and Staff

It is with great joy and excitement that I will be joining Lied's basketball program as the Girl's head coach. A little bit about myself, after moving back home after a short stint of college football, I quickly discovered my passion for helping young people grow and develop through the arena of sports. I have been coaching for 4 years now, most of those years being spent as the Head Coach of both the Boys' and Girls' flag football program at Escobedo Middle School, and 2 years of leading the Girls' basketball program there as well. Most recently, serving as a varsity assistant coach at Arbor View HS, for football.

I believe in using sports as an integral tool to bridge the gap between school and the surrounding community, while also allowing student-athletes to grow as individuals and collective units, in environments that require constant focus and perseverance. Growing up in the valley, and attending Lied as a student myself some years ago, I am very familiar with the community's unwavering support of all scholastic and athletic endeavors, and look forward to working with you all to continue that effort.

Below you can find some of my coaching experience and achievements.

Best Wishes,
Coach Bealer
