

Community Schools

Newport-Mesa Community Schools: Supporting Student Success Together

Newport-Mesa Unified School District supports four community schools: Pomona, Rea, Whittier, and Wilson. These schools serve as hubs where families, educators, and local partners collaborate to foster student success, ensuring every child feels a sense of belonging. By coordinating in-school and out-of-school resources, community schools enhance children's academic, social, and emotional well-being.

You Are Invited

We invite you to join our Community Schools District Advisory Council, where your involvement can positively impact our students' education and well-being.

What is the Council?

A collaborative group of parents, educators, community members, and district leaders focused on meeting the needs of every child and family.

Why is Your Role Important?

Parents help identify community needs, shape supportive programs, and strengthen home-school connections. As a Council Member, you will share feedback based on your experiences; collaborate with other community members to develop strategies to support your students; and influence decisions on programs and policies.
