September Recipes

Apple Crisp

Ingredients: Apple Filling
6 medium apples (peeled, cored, and thinly sliced; Granny Smith or Honeycrisp work best)
1 tablespoon fresh lemon juice
¼ cup granulated sugar
1 teaspoon ground cinnamon
¼ teaspoon ground nutmeg.

crisp topping:
1 cup old-fashioned rolled oats
¾ cup all-purpose flour
⅔ cup packed brown sugar
½ cup unsalted butter (cold and cut into small cubes)
½ teaspoon ground cinnamon
¼ teaspoon kosher salt

- Prep the Oven and Pan
- Preheat your oven to 350°F (175°C). Lightly grease a 9x9 inch or 2-quart baking dish with butter or non-stick spray. [1, 2, 3]
- Coat the Apples
- In a large bowl, toss the sliced apples with the lemon juice, granulated sugar, cinnamon, and nutmeg until every slice is evenly coated. Spread the mixture evenly across the bottom of your prepared baking dish. [1]
- Make the Crumble Topping
- In a separate medium bowl, whisk together the rolled oats, flour, brown sugar, cinnamon, and salt. Add the cold cubed butter. Use a pastry cutter or your fingers to smash and work the butter into the dry ingredients until it forms coarse, pea-sized crumbs that clump together when squeezed.
- Assemble and Bake
- Sprinkle the oat crumble evenly over the apple layer, pressing gently to leave a few larger clusters on top. Bake uncovered for 45 to 50 minutes. The topping should turn deep golden brown, and the apple juices should be bubbling around the edges.
- Cool and Serve
- Let the crisp rest for 10 minutes before digging in. This gives the syrupy juices time to thicken up slightly. Serve warm, ideally topped with a generous scoop of vanilla ice cream.

Puff Pastry Fruit Tart

Ingredient:
1 sheet frozen puff pastry (thawed)
4 oz cream cheese or mascarpone (softened)
2 tbsp powdered sugar (plus more for dusting)
1 tsp vanilla extract
2–3 cups fresh fruit (sliced strawberries, blueberries, raspberries)
1 egg (beaten with 1 tbsp water for egg wash)
2 tbsp apricot jam or honey (warmed, for glaze)

Preheat: Set your oven to 400°F (200°C) and line a baking sheet with parchment paper.
Roll: Unroll the thawed puff pastry onto the baking sheet.
Score: Use a sharp knife to lightly score a 1/2-inch border around the edge. Do not cut all the way through.
Dock: Prick the inside of the border repeatedly with a fork. This prevents the center from rising too much.
Wash: Brush the 1/2-inch outer border with the beaten egg wash.
ake: Bake for 15–18 minutes until puffed and golden brown. Let it cool completely.

2. Make the Cream Filling

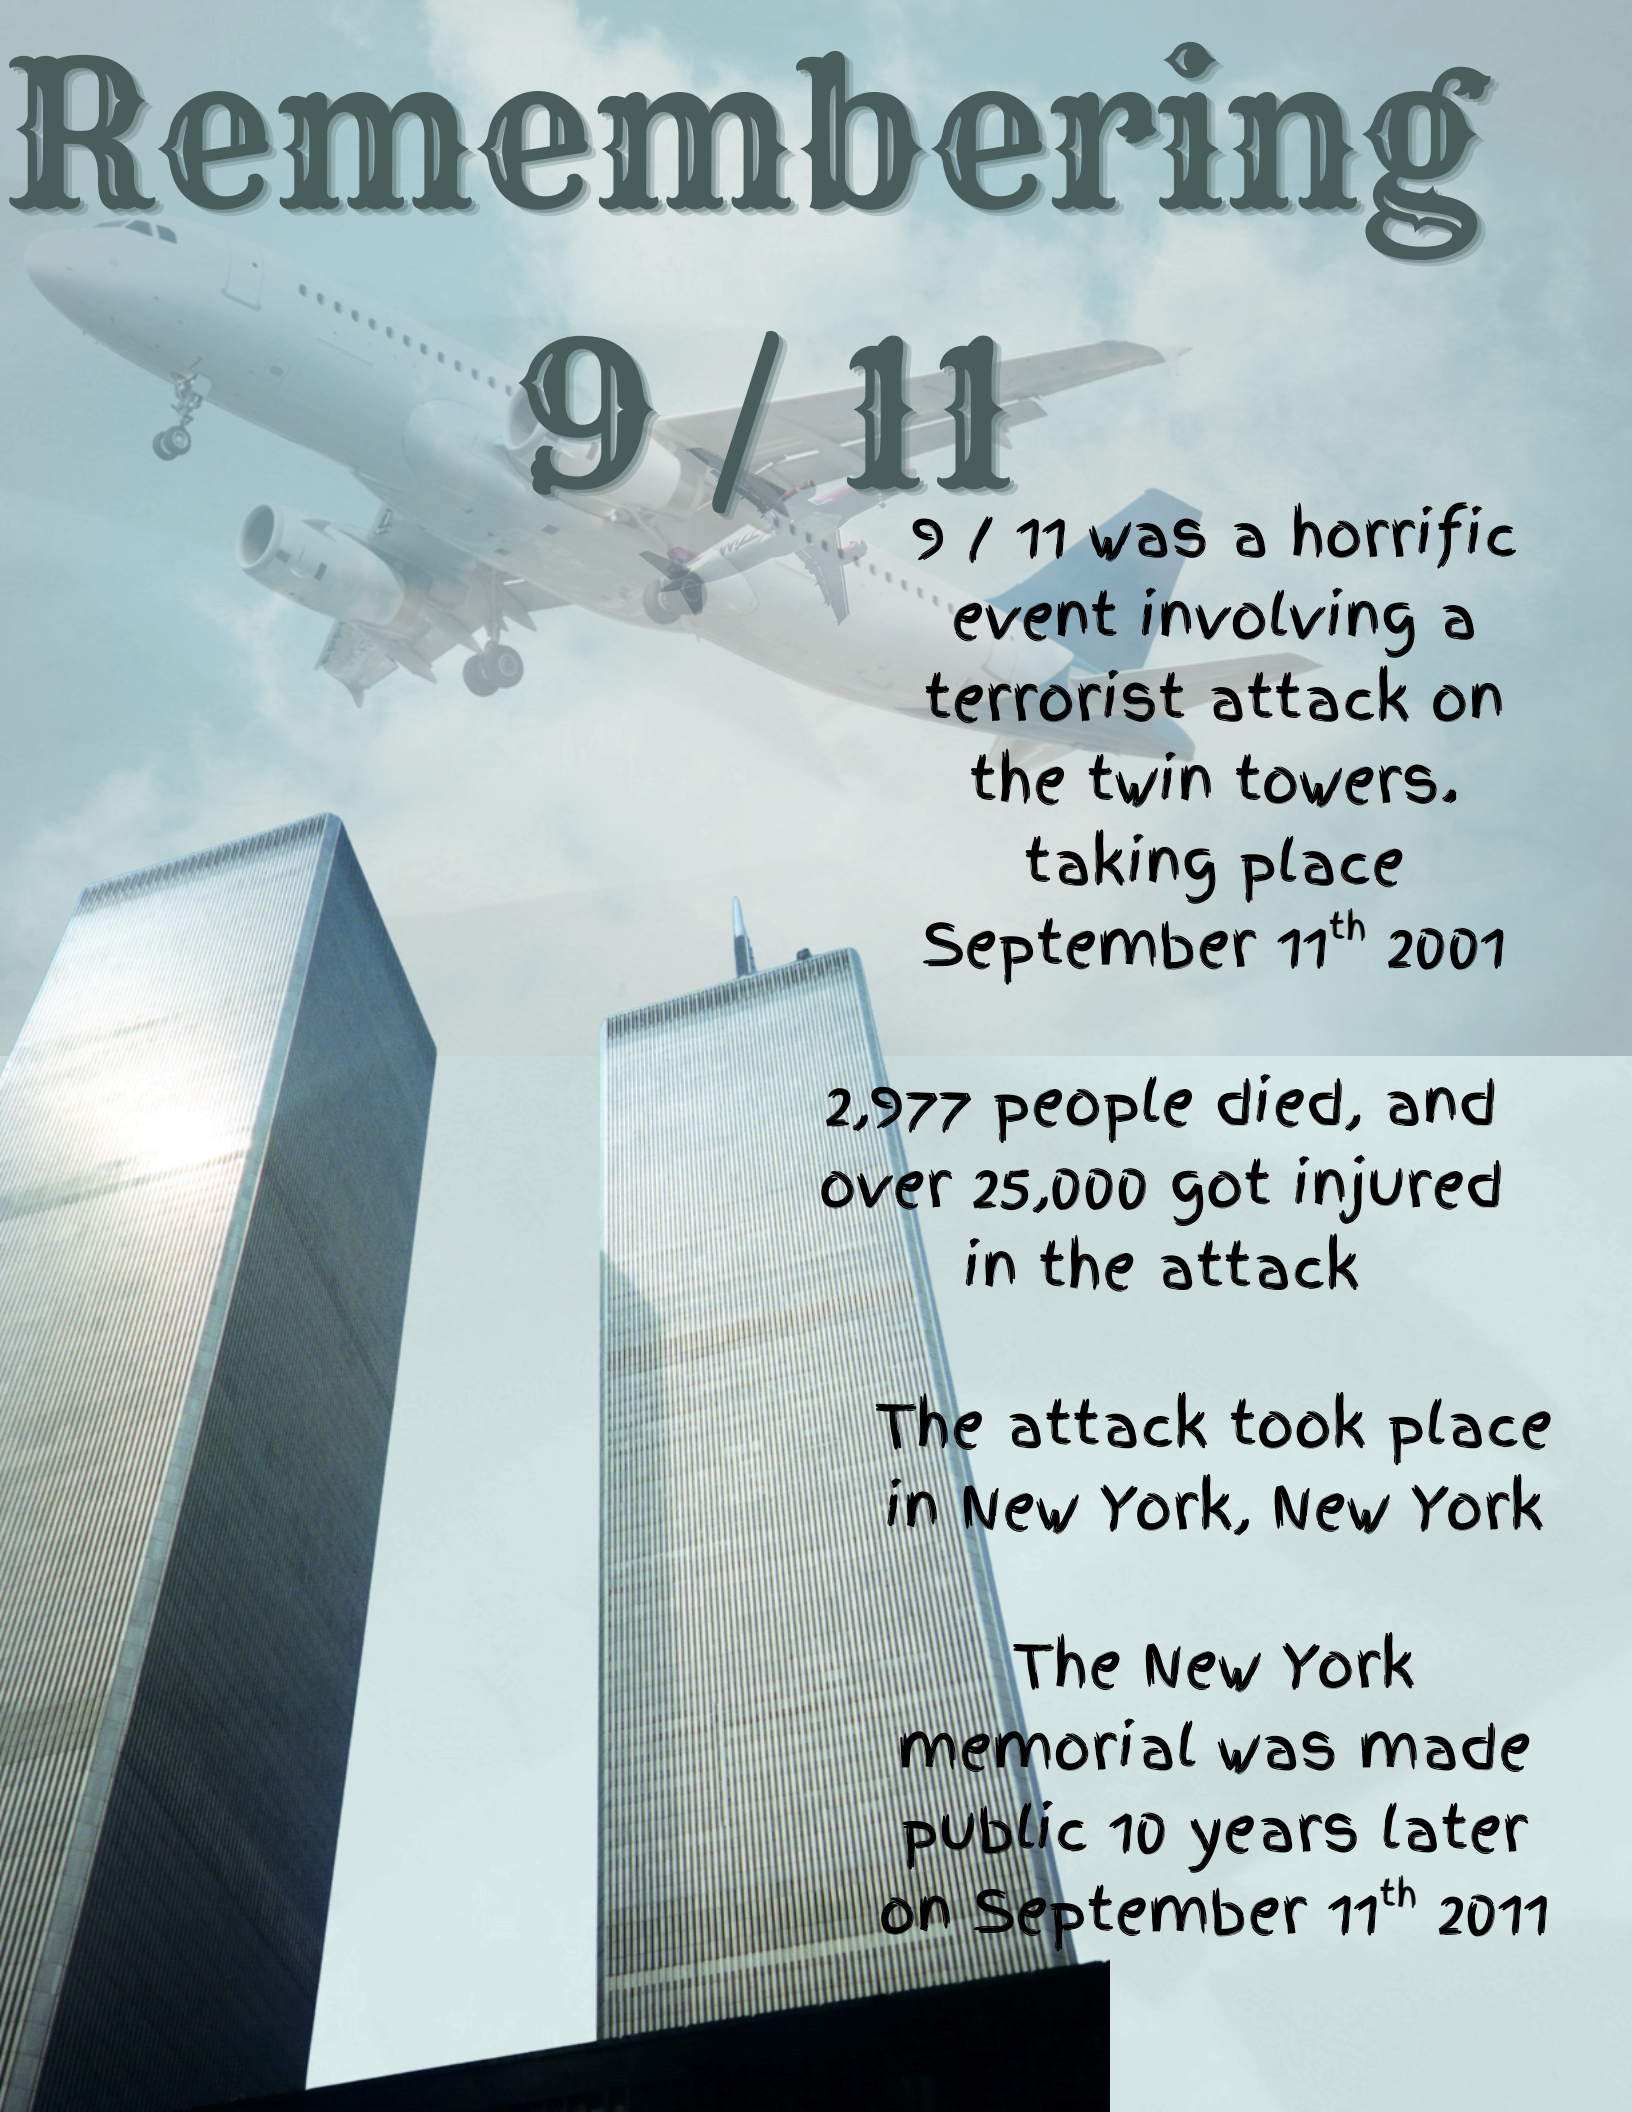

: Whisk the softened cream cheese (or mascarpone), powdered sugar, and vanilla extract together until smooth.
Flatten: If the center of your cooled pastry puffed up, gently press it down with your hands.

Spread: Spread the cream mixture evenly over the center section, staying inside the border.

3. Assemble and Finish
Layer: Arrange your fresh sliced fruit in rows or patterns over the cream layer.
Glaze: Brush the warmed jam or honey gently over the fruit for a glossy, professional finish.
Serve: Slice and serve immediately, or chill for up to 2 hours.
