FUTURE FOR LOMPOC YOUTH

PRESENTED BY
DEVIKA STALLING

OUR STORY....

IT STARTED WITH A SHARED BELIEF IN THE FUTURE OF LOMPOC YOUTH

In 2019, three Lompoc community leaders Chuck Madson, Tim Harrington, and De'Vika Stalling came together around a common belief: our young people deserve to see, experience, and have access to opportunities that help them build a successful future right here in their own community.

Each founder brought a different set of experiences, relationships, and connections to the table, but they shared the same desire to serve local youth and help create opportunities they wished more young people had access to.

They saw the potential in Lompoc's youth and understood that talent alone isn't always enough. Young people also need exposure, encouragement, relationships, real-world experiences, and someone willing to open a door and say, "Come see what's possible."

That vision became FUTURE for Lompoc Youth (FLY).

MISSION: FUTURE FOSTERS CONNECTIONS IN AN INNOVATIVE ENVIRONMENT FOR LOMPOC VALLEY YOUTH TO FEEL EMPOWERED IN BUILDING THEIR LEGACY.

VISION: LOMPOC VALLEY YOUTH ARE SAFE AND VALUED IN OUR COMMUNITY AND CONFIDENT IN ADVOCATING FOR THEIR FUTURE**.**

OUR TEAM

TOGETHER WE BRING EXPERIENCE, PASSION, AND A GENUINE COMMITMENT TO LOMPOC YOUTH. EACH STAFF MEMBER BRINGS UNIQUE SKILLS, RELATIONSHIPS, AND PERSPECTIVES THAT HELP CREATE MEANINGFUL OPPORTUNITIES FOR THE YOUNG PEOPLE WE SERVE. MOST IMPORTANTLY, OUR STAFF PRIORITIZE BUILDING AUTHENTIC CONNECTIONS WITH OUR YOUTH. MAKING SURE EVERY STUDENT FEELS SEEN, HEARD, VALUED, AND SUPPORTED AS THEY DISCOVER THEIR STRENGTHS AND WORK TOWARD THEIR FUTURE

Customer Service & Career Readiness Academy

The Customer Service & Career Readiness Academy is a 30+ week intensive, hands-on program that takes place throughout the academic school year and prepares Lompoc Valley high school students in grades 9th-12th with the essential skills, knowledge, and confidence needed to succeed in college, careers, and in everyday life.

Co-facilitated with area business and industry leaders, the Academy focuses on 21st-century employability skills through engaging, real-world learning experiences. Students explore resume writing, career preparation, organizational leadership, cultural diversity, trust, teamwork, listening and communication, conflict resolution, ethics and integrity, service quality, professionalism, and positive customer relationships & personal mental health awareness.

Students also apply what they learn through work-based learning projects and hands-on activities, demonstrating their ability to collaborate, solve problems, communicate effectively, and follow oral and written instructions while developing a deeper understanding of workplace expectations.

The Academy goes beyond teaching students how to secure employment, it helps them develop the skills, confidence, connections, and real-world perspective to build a successful future.

OUR COLLABORATIVE PARTNERS

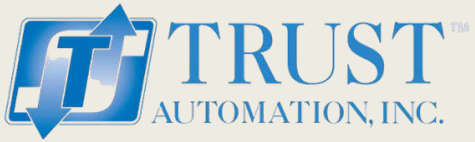

FLY TO SUCCESS TOUR ✈️

The FLY Success Tour connects students directly with some of Lompoc's largest employers through partnerships with Lompoc Unified School District, Lompoc Valley Medical Center, and the City of Lompoc. Students receive an in-depth, behind-the-scenes look at each organization, meet department leaders and Human Resources professionals, and explore the wide range of career opportunities available after graduation.

Beyond exposure, students learn what it takes to enter different career pathways, build professional connections, and, in some cases, access volunteer or entry-level opportunities that can serve as a gateway into the organization. The goal is simple: expand students' vision of what's possible and connect them directly to the people, places, and opportunities that can help turn their post-graduation goals into reality
