August 20, 2026

Jefferson County School District No. R-1
Authorizing the Special Purpose Mill Levy Revenue Sharing Plan
Beginning with the 2026-2027 Budget Year and Each Year Thereafter

RESOLUTION

WHEREAS, pursuant to C.R.S. § 22-54-108.7, a school district board of education may submit a ballot question authorizing an additional mill levy to provide ongoing cash funding for the capital construction, new technology, existing technology upgrades, and maintenance needs of the district; and

WHEREAS, the Board of Education recognizes that capital, technology, and maintenance needs exist across all district- and charter-owned facilities and determines that seeking additional local revenue serves the best educational interests of all students enrolled within the district;

NOW, THEREFORE, BE IT RESOLVED:

In accordance with C.R.S. § 22-32-108.5, the District commits to sharing 100 percent of the charter schools' equitable share of revenues derived from this special purpose mill levy with all eligible, district-authorized charter schools.

For charter schools occupying district-owned facilities, where the district maintains responsibility for capital maintenance and related financial obligations, the district will retain 50% of the per-pupil funding of special purpose mill levy funds.

Pursuant to C.R.S. § 22-30.5-405, each charter school and the district shall enter into a contract specifying to whom the ownership of any capital construction financed by the mill levy shall revert if the charter school loses its charter, fails to pay for the capital construction to be financed by revenues from the mill levy, or becomes insolvent and can no longer operate as a charter school.

The following charter schools are ineligible for special purpose mill levy funding: (1) charter schools authorized by Jeffco Public Schools within the previous five years; (2) charter schools on an improvement or remediation plan, or the subject of a pending Notice of Concern; and (3) charter schools operating in Jefferson County and authorized by the Charter School Institute.

Adopted this 20th day of August, 2026.
