4. Some forms will already contain information from your child's record. Please review it carefully and update it if needed. Some changes may require school approval before they appear in PowerSchool.

5. If a form requires a parent signature, please enter your first and last name.

6. Once you have completed the form, select **Submit** at the bottom of the page. You will return to the list of available forms.

7. Repeat these steps for each child. To switch between students, select your child's name in the upper-left corner of the screen. The selected student's name will be highlighted.
