

Field Trip Medication Form

School health personnel are generally not in attendance on field trips. **Medication and treatments should be administered prior to departure or upon return to school whenever possible.** If a student requires life-saving medication (Inhaler/Epipen) or a treatment (Diabetes) in order to participate in the program, and they have permission on file to carry their inhaler or Epipen, they may take it on the field trip with them. If a student requires oral medication to participate in the trip, a parent or nurse will be required to attend the trip.

Please complete the following if your child receives a medication or treatment at school on a daily or "as needed" basis that will be **required** during this field trip.

_____ will/may require _____
Name of student Medication or treatment

Signature of parent

Please choose an option below for when a nurse/parent/guardian is unable to attend field trip:

_____The prescribed dose can be withheld on the day of the field trip (**requires a doctor's order**).

_____The time can be adjusted to be administered upon return to school (**requires a doctor's order**).

*****For Epipens, Diabetic supplies and inhalers please initial one of the following statements:**

_____I will send my child with their Epipen, Inhaler or Diabetic Supplies.

_____I wish for the school nurse to send the Epipen, Inhaler or Diabetic Supplies that are stored in the health office.

Please check the box if your child needs no Medical help on the trip. ☐
