Dear Tri County Conference Schools:

The Tri-County Conference Athletic Directors have voted to recommend Salem County Vocational Technical School for full-time membership in the Tri-County Conference in January 2026. We respectfully request each Tri County Conference School Board approval of this recommendation.

Salem County Vocational Technical School has participated as a partial member of the conference since November 2021 and has demonstrated significant growth in both its athletic programs and student participation. During that time, the school has expanded its varsity offerings to include Field Hockey, Boys Soccer, Girls Soccer, Baseball, and Softball, reflecting its commitment to providing quality athletic opportunities for student-athletes.

The school has embraced the values and expectations of the Tri-County Conference throughout its partial membership, and full-time membership represents the next step in the continued development of its athletic program.

Sincerely,

Mr. Joseph Ursino
Woodstown High School
Tri County Conference President

KINGSWAY REGIONAL SCHOOL DISTRICT
COACHES HANDBOOK

PHILOSOPHY OF ATHLETICS

Kingsway Athletics seeks to maximize student-athletes' opportunities to reach their full potential through positive educational experiences. Interscholastic sports are an integral part of the high school and middle school educational program. They complement physical education classes by providing students with an opportunity to channel their energy in a structured and beneficial way. Participation is encouraged to foster important values such as sportsmanship, dedication, teamwork, fair play, courtesy, and self-discipline, while also contributing to overall school morale.

To achieve these objectives, the following standards must be upheld:

1. Interscholastic sports should be a harmonious part of the overall school program and should not overshadow the school's educational mission.
2. While teams should be well-coached, well-conditioned, and strive for success, an excessive focus on winning must be avoided.
3. Every effort must be made to prevent the exploitation of student-athletes—both physically and emotionally. This includes managing publicity and avoiding extremes of praise or criticism that could negatively impact participants.
4. A positive team culture and climate should be cultivated, emphasizing respect, inclusivity, encouragement, and personal growth for all participants.
5. Positive athletic relationships with other schools should be fostered by promoting these standards among both teams and spectators.
6. Our sports programs are an integral part of the total educational experience.
7. Athletics supplement, rather than replace, physical education, recreation, and club activities.
8. Athletics are subject to the same administrative oversight as the entire educational program.
9. The physical, mental, and social welfare and safety of all student-athletes are prioritized.
10. The rules and regulations of the NJSIAA, Tri-County Conference, South Jersey Interscholastic Lacrosse League, West Jersey Football League, and Kingsway Regional School District govern our athletic program.

SECTION 1: PROFESSIONAL REQUIREMENTS & EXPECTATIONS

This section outlines the personal, professional, ethical, and behavioral standards expected of all Kingsway coaching staff. The head coach is accountable for the overall operation of the program and is responsible for ensuring that all personnel associated with the program, including assistant coaches, volunteer coaches, and other authorized staff, adhere to Kingsway Board of Education policies and the regulations and codes established by the Tri-County Conference and the NJSIAA.

1.1 Legal Mandate: Suspected Child Abuse or Neglect

STATUTORY LAW REQUIREMENT: In accordance with New Jersey state law, all coaches, advisors, and teachers are legally designated as Mandated Reporters of suspected child abuse or neglect. If a coach has reasonable cause to suspect that a student-athlete has been subjected to physical, emotional, or sexual abuse or neglect, they are legally required to report the concern **immediately** to the Division of Child Protection and Permanency (DCPP) or law enforcement, and notify a school administrator (e.g. Athletic Director, Director of Guidance, Building Principal, etc.) (Board Policy #8462 / Board Policy #8461 / Board Policy #9320 / Board Policy #5541)

1.2 Core Behavioral Expectations & Role Model Status

- **Role Model Accountability:** There must be absolutely no smoking, vaping, or drinking of alcohol while representing Kingsway. Proper and clean language must prevail across all practices, locker rooms, and contests. Profanity, public outbursts, and demeaning comments directed toward players, colleagues, parents, or officials will not be tolerated.
- **Disciplinary Action:** Behavioral infractions will result in official disciplinary action, including a written reprimand, directly impacting future annual reappointment recommendations.

1.3 Appearance & Attire Code

- **Approved Coaching Wear:** All coaches must be properly and professionally dressed at all times to project a positive district image. Suitable attire includes school-branded athletic wear (polo shirts, coaching jackets, team-issued gear), tailored athletic pants, khakis, or appropriate-length shorts.

3.4 Playing Time Operational Standards

- **Sub-Varsity Standard:** At the middle school, freshman and junior varsity (JV) levels, the primary operational focus is player development, participation, and significant playing time rather than win-loss records. It is the head coach's direct responsibility to ensure all sub-varsity players receive significant playing time.
- **Varsity Standard:** At the varsity level, while competition becomes more significant, every effort must be made to ensure each rostered player has a defined, meaningful role on the team. Coaches must maintain open communication and provide regular feedback regarding roles and progression.

3.5 Inventory Control & Uniform Collection

- **Tracking Logs:** Head coaches must maintain detailed records of uniform distribution, including athlete names, tracking numbers, and garment conditions upon issuance, utilizing a shared digital spreadsheet to ensure accountability.

Inventory must be submitted at the end of each season to the Athletic Department.
- **Obligations**: All obligations must be submitted through the designated link. Student-athletes will not receive end-of-year awards, including letters and certificates, until all obligations are fulfilled and all uniforms and equipment have been returned. - **Report Submissions:** Head coaches must submit a comprehensive, completed end-of-season report (including season summaries, programmatic goals, budget requests, game recaps, student obligation lists, inventory logs, and a list of letter winners) to the Athletic Director to receive their final contract evaluation.
- **Evaluation Sign-Off:** The Athletic Director will complete a written performance evaluation of each coach. A mandatory face-to-face conference will be held to review and discuss the assessment before both parties sign. This evaluation serves as the primary metric for annual reappointment recommendations.

- **System of Achievement Award/Championships:** Student achievement awards, letters, pins, and championship parameters are strictly distributed according to current schedule guidelines and in accordance with district policy (Board Policy #5440 / District Regulation #5440).

SECTION 4: GAME DAY OPERATIONS & EVENT PROTOCOLS

4.1 Travel Supervision & Busing Rules

- **Supervision Mandate:** All student-athletes and coaches must be transported to and from away contests via school-provided buses. A certified coach or teacher must ride the bus and supervise students accordingly for the entire duration of travel.
- **Student Driver Prohibition:** Students are strictly prohibited from driving themselves to any away athletic event unless prior explicit written approval is granted. Under no circumstances may a student transport another student to or from an athletic event.
- **Travel Releases:** A student-athlete may be permitted to leave an away contest with their parent/guardian only if a formal travel release request form has been pre-approved. The coach must physically retain this approved note on file.

4.2 Active Altercation Procedures

Should a physical or severe verbal altercation arise during a practice or game, the coaching staff must immediately execute the following roles:

- **Head Coach:** Immediately position yourself at the scene to assist game officials in actively separating and restraining.
- **Assistant Coaches:** Immediately position yourselves in front of the bench area to ensure **no player leaves the bench under any circumstances**.
- **Solo Coach Contingency:** If only a single coach is present at the contest, that coach must first secure the bench to ensure no players leave, and then proceed to assist the officials.
- **Policy Review Mandate:** Head coaches must explicitly review this altercation policy and its corresponding athletic and school penalties with their team at least **twice during the season** to prevent incidents. Any altercation or disqualifications but be reported to the Athletic Director immediately. (Board Policy and Regulation #8461 / NJSIAA Guidelines, Policies and Procedures)

4.3 Two-Way Radio Emergency Protocols

To maximize communication efficiency during medical or weather emergencies, coaches will be assigned district two-way radios via the athletic training staff.

- **Custody Controls:** The assigned coach must keep the radio turned on and physically secured to their person (attached to their belt or waistband) at all times. **Do not leave the radio inside a medical kit, inside an office, or sitting unattended on a team bench**.

- **Return Policy:** The coach must personally return the radio to the athletic trainer immediately following the conclusion of the practice or contest for mandatory overnight recharging.

4.4 Media and Digital Post-Game Obligations

- **Media Contacts:** Head coaches are responsible for reporting game results to the news media s immediately following a contest to ensure program recognition.
- **NJSchoolSports Requirements:** The head coach must update NJSchoolSports.com immediately following each contest. These digital records are utilized by the state to determine official NJSIAA tournament pairings and seeding; maintaining current, accurate records is mandatory for postseason eligibility.

SECTION 5: TEAM FUNCTIONS, BANQUETS & SPECIAL EVENTS

This section clearly defines strict supervision, conduct, representation, and alcohol rules for all off-campus functions and celebrations.

5.1 Supervision & Extension of School Day Rules

- **Extension of School Day:** All school-sponsored banquets, team celebrations, senior recognition nights, and off-campus functions are considered direct extensions of the school day. Coaches maintain a strict liability for pupil welfare and are responsible for ensuring appropriate supervision and student conduct at all times.
- **Strict Alcohol and Substance Prohibitions:** The presence, possession, or consumption of alcohol, vaping devices, or any illegal substances by students, parents, or participants is strictly prohibited. Any violations must be reported immediately to the Athletic Director (Board Policy #7435).
- **Off-Campus Operational Controls:** For any event hosted off school grounds, coaches must communicate behavioral and district representation expectations in writing to families in advance and actively coordinate with the venue's management to ensure a safe, appropriate environment, **including no alcohol consumption**, that abides by all district policies (Field Trip Permission Form-Day and Overnight).

5.2 Banquet Operational Logistics & Timeline

All banquets, team celebrations, and senior night supplies must be funded entirely via team funds through your student activities account or your booster club. Coaches must execute planning through the following strict milestones:

- **Two Months in Advance:** Arrange your date (6:30 PM start time). If hosting on campus, submit an activity scheduling form for the space. If hosting off campus, secure the venue and submit a field trip request form so the event is listed on the activities calendar and submit contract for venue for Business Administrator to sign and approve. Confirm your available budget balance through your student activities account. Request a Purchase Order for venue deposit.
- **One Month in Advance:** Create an RSVP form or attendance list. Organize food choices (if utilizing the Kingsway cafeteria for on-campus functions, provide final attendee numbers, menu selections, budget, delivery time, and location to request an invoice). Request senior

parent photos or materials with a firm due date set at least two weeks before the event. Confirm all participant rosters with the Athletic Department Secretary.

- **Two Weeks in Advance:** Confirm all food, beverage, and venue details. Send a comprehensive reminder email to athletes, parents, and guardians outlining event logistics and behavioral conduct expectations including no alcoholic beverages allowed at school sponsored events. Prepare remarks, slideshows, or recognition elements. Pick up varsity letters, certificates, plaques, and pins from the Athletic Department Secretary. Submit a maintenance or technology request for microphones, screens, or specific lighting needs.
- **Day of Event:** Check and test all technology in advance to address any software or hardware issues immediately. Pick up decor and set up the space. Ensure the supervision plan is fully active and reinforce behavioral expectations with athletes. Monitor the event continuously to maintain a positive, safe, and respectful environment.
- **Day after Event**: Request Purchase order for payment balance of venue.

5.3 Team Travel & Overnight Trip Guidelines

- **Early Dismissal Routing:** For contests requiring student-athletes to leave class early, coaches must submit the complete dismissal list at least **one week in advance** utilizing the designated Google Spreadsheet. The list must be alphabetized and include student name, grade level, and Student ID number, and must be approved by the Athletic Department before finalization.
- **Team Out-of-State Day Trips:** Out-of-state day trips are permitted on a highly limited basis. Per NJSIAA compliance regulations, at least **70% of a team's schedule** must be played against New Jersey schools to maintain eligibility for the state tournament. All out-of-state trips must be discussed with the AD, and the appropriate field trip form must be submitted to the Board of Education for approval at least **one month in advance**. Trips must be funded entirely through the team's budget or fundraising efforts.
- **Overnight Trips:** Overnight trips are permitted on a limited basis provided the trip does not cause a student to miss significant class time. Exceptions are limited to official NJSIAA state tournaments and merit-based invitational tournaments. Coaches must follow all overnight procedures outlined in board policy and standard team trip protocols. (Request to Leave Field Trip Form and Field Trip Permission Form-Day and Overnight) (Board Policy #2340 / Board Policy #5850)

SECTION 6: ATHLETIC HEALTH, SAFETY & EMERGENCY PROCEDURES

6.1 Mental Health & Wellness Expectations (Board Policy and Regulation #5350)

- **Psychological Safety Mandate:** Coaches serve as the critical first line of support for our student-athletes and are expected to actively foster a psychologically safe and supportive environment. Practical expectations for coaches regarding program culture and mental health include:
    - *Awareness and Training:* Complete mental health awareness training courses (e.g., NFHS Learn modules) to recognize signs of distress.

- *Proactive Monitoring:* Diligently observe athletes for sudden changes in behavior, mood, or academic/athletic performance.
- *Immediate Referral Protocol:* If an athlete shows signs of distress, **coaches must not attempt to provide counseling independently**. Immediately refer the student directly to the Athletic Director.

6.2 Concussion Policy & Regulation

Kingsway strictly adheres to district concussion parameters concerning concussion testing, Return-To-Learn, and Return-To-Play protocols (Board Policy and Regulation # 2431.4).

- **Immediate Removal Directive:** A student-athlete must be immediately removed from activity if they are suspected of sustaining a concussion or exhibit any visible signs or symptoms of a head injury. **When in doubt, sit them out**!
- **Clearance Mandate:** The athlete will not be permitted to return to practice or play until they undergo a comprehensive medical examination conducted by a physician trained in concussion management and receive full written medical clearance.
- **Reporting Matrix:** Coaches must immediately notify parents/guardians of a suspected concussion and record the following contextual metrics to assist medical professionals:
  - Direct cause of the injury and the force of the hit/blow to the head or body.
  - Any loss of consciousness (passed out) and its exact duration.
  - Any observed memory loss or seizures immediately following the injury.
- **Baseline ImPACT Testing:** ImPACT testing will be administered to all athletes participating in contact sports to establish baseline results. In the event of a concussion, the athlete must be re-tested following a period of physical rehabilitation, and results must align with their baseline before return-to-play clearance is granted.
- **Medical Referrals:** Refer injured athletes to the athletic trainer **immediately**. Coaches must follow up with parents to check on progress. Staff members must never make medical appointments or transport athletes to medical clinics. (KRSD Concussion Fact Sheet for Parents / DOE: Model and Guidance for Head Injuries and Concussions)

6.3 Athletic Medical Emergency Actions & EMS Activation (KRSD Safety and Security Manual)

In the event of a medical emergency, the on-duty Certified Athletic Trainer will administer immediate emergency aid. If the trainer is not physically present, the head coach or designated first-aider assumes full responsibility. When it is necessary to activate the Emergency Medical System (EMS), staff must execute the following procedures:

1. **Trainer Care:** The Certified Athletic Trainer must remain with the injured athlete at all times.
2. **EMS Call:** A designated assistant coach or staff member will immediately go to a phone or use a cell phone to dial 911.
3. **Data Transmission:** Identify yourself and your exact location. State the precise nature of the injury (e.g., head/neck trauma, compound fracture, loss of consciousness, heat illness).
4. **Access Coordinates:** Instruct the emergency vehicle on how to reach the activity area, detailing exact street access, entry gate numbers, building locations, and building entry points. Stay on the line until the operator explicitly disconnects.

5. **Gate Dispatch:** A designated staff member must quickly proceed to the main gate entrance to meet the emergency vehicle. This person must have all necessary gate and door keys physically in their possession.
6. **Supervision Escort:** If parents or guardians are not present on site, the designated coach must physically accompany the injured athlete to the hospital in the ambulance and remain until parents or a school administrator arrives.

6.4 Lightning Safety Policy & Procedures (The 30-30 Rule)

Any time lightning can be seen or thunder heard, a severe safety risk is present. Kingsway utilizes a mechanical lightning-detecting system on the high school roof that sounds an alarm when lightning is within a 5-to-7 mile radius. (NJSIAA Lightning and Thunder Resources)

- **Immediate Suspension:** Coaches must immediately suspend practice or play and evacuate the fields if they see lightning, hear thunder, or hear the lightning detection system sound.
- **The 30-30 Rule Method:** If counting manually via the flash-to-bang method, count the seconds it takes to hear thunder after witnessing a flash of lightning. A count of **30 seconds or less** corresponds to a distance of six miles, and play must be suspended immediately.
- **Prohibited Grounding Items:** In the case of imminent danger, instruct team members to leave all equipment, especially javelins, aluminum bats, bases, and conduit materials, behind on the field. **Do not allow anyone to carry metal objects while moving to safety**.
- **Evacuation Shelters:** Quickly move the group into a fully enclosed, substantial building with plumbing and electrical wiring (main buildings, transportation garages, maintenance buildings) or onto school buses. Avoid using shower facilities, stay off corded phones, and stay away from plumbing pipelines.
- **Resumption Delay:** Following a suspension of play, coaches must wait a full **30 minutes** after the last witnessed flash of lightning or clap of thunder before resuming any outdoor activity by the supervisor or trainer on site.

6.5 Pre-Season Heat-Acclimatization Regulations (Board Policy & Regulation # 2431.3)

To minimize heat injury or illness risks during fall sports pre-season sessions, all practices must adhere to a strict 3-5-3-5 acclimatization format(Board Policy & Regulation # 2431.3 / NJSIAA Heat Participation)

- **The 3-5 Practice Cap rule:** The maximum total allotted physical activity time allowed per day for practice is **5 hours**. A 5-hour practice day must always be followed by a practice day capped at **3 hours or less**; practice days must alternate in a strict 3-5-3-5 format. No single practice session may exceed three (3) hours in length.
- **Mandatory Recovery Breaks:** A minimum of a **3-hour recovery period** in a cool environment must be provided following any practice session greater than 2 hours in length. A 3-hour recovery period must also be provided immediately before initiating any team walk-through. During a walk-through, no protective equipment or strenuous activity is permitted.
- **Scrimmage Blackout:** A student-athlete shall not be permitted to participate in an interscholastic scrimmage until they have completed at least **six (6) full days of practice** in their sport.

- **Consecutive Day Restrictions:** Teams are prohibited from practicing for more than six (6) consecutive days. One complete 24-hour rest period must be included within every seven (7) day block.

SECTION 7: COMPENSATION, LOGISTICS & FINANCES

7.1 Coaching Compensation Parameters

- **Stipend Disbursements:** Coaches will be paid in full at the conclusion of each season in accordance with the district's negotiated salary agreement, provided all administrative closure requirements and reports have been fulfilled.
- **Extended Season Pro-Rated Pay:** Extra pro-rated compensation will be issued to coaches whose teams qualify for extended postseason play. An extended season is defined as the number of active practice and/or game days accumulated after the last regularly scheduled season contest. For sports that qualify for sectional championships by simply applying (e.g., track, cross-country, wrestling districts), extra days will be tracked and awarded starting from the first day following the sectionals. Rescheduled regular-season games played past the original calendar date do not count as extra days.
- **Expense Reimbursements:** Coaches will be reimbursed for travel or out-of-pocket expenses *only* if they received **prior written authorization** from the Athletic Director. Original itemized receipts must be presented to process the reimbursement. If a private vehicle is authorized by the principal for athletic transport, reimbursement at the established district mileage rate applies.

7.2 Professional Development & Coaching Clinics (District Regulation #3240)

- **Head Coach Allocation:** Head coaches may attend one professional athletic clinic per fiscal year and will be reimbursed for registration, meals, and travel up to standard GSA limits. A coach who serves as a head coach for more than one sport may be approved to attend one additional clinic per year. Upon submission, **a total of one professional day of absence from teaching assignments may be approved per year.**
- **Assistant Coach Allocation:** Assistant coaches may attend one clinic per year for each sport coached, with reimbursement not to exceed approved programmatic budget maximums.
- **Clinic Authorization Routing:** To obtain funding and teacher coverage, coaches must submit a comprehensive *Request for Leave* form (detailing all approximate expenses, clinic brochures, and descriptions) to the supervisor of athletics, along with a *Teacher Coverage* form to the principal, **no later than 6 weeks before the clinic date**.

7.3 Budget Procurement & Financial Supply Requests (District Policy and Regulation #6220)

- **Quote Requirements:** All supply or equipment requests must be submitted to the Athletic Director in the form of an official vendor quote to be processed. You must obtain two(2) quotes if your purchase exceeds $7,950.00.
- **Vendor Compliance Safeguards:** If you plan to utilize a new vendor, you must submit the official quote along with a current W-9 form. If your equipment order exceeds a total of **$7,950.00**, district finance regulations mandate that you also secure and attach a copy of the

vendor's valid *New Jersey Business Registration Certificate*. All quotes must be routed to the Director of Athletics for final structural review.

7.4 Fundraising Policy & Procedures (Board Policy #5830 / Board Policy #9191)

While the Board of Education provides a budget for necessary equipment and uniforms, fundraising is a permissible mechanism to procure unbudgeted specialty items.

- **Application Routing:** Coaches must submit a formal fundraising request form and an attached copy of the campaign brochure/order form to the Director of Athletics before committing to dates or entering contracts. Any contractual agreements must be signed by the School Business Administrator only.
- **Campaign Duration Constraints:** Fundraising sales activities are strictly limited to a length of **7 to 14 days**.
- **Prohibition Elements:** There shall be no door-to-door sales campaigns or sales solicitation activities on school grounds during the school day. Individual student sales quotas are strictly prohibited, and students shall never be forced or pressured into participation. No rewards, prizes, kickbacks, or commissions may be offered to students or staff.
- **Procurement and Allocation Rules:** Fundraising proceeds must be utilized solely for the immediate, express purpose approved on the application. Proceeds may never be used to hire additional personnel or to augment the stipend/salary of existing coaches. Specialty sports or clubs raising funds for a specific charity may not retain any portion of those fundraising proceeds for internal team or club use.
- Unused funds revert to the district to be used for capital improvements. (Fundraising Request Form)

7.5 Student Activity Accounts & Financial Controls

- **Deposit Standards:** For all cash and check collections, coaches must make clear copies of all checks, total the cash and checks on a pink activity deposit sheet, and hand-deliver the funds **in person** to the Finance Specialist located in the District Office so they can be immediately counted and verified with you.
- **PO Requests:** Allow a minimum processing window of **30 days** for purchase orders to be finalized. All quotes must be attached to the request form and must be signed by both the Coach and the Athletic Director before a purchase order can be generated.
    - Once items are received or services rendered be sure to communicate that with the Athletic Secretary so the payment can be processed.

7.6 Booster Clubs

A Kingsway-sanctioned Booster Club is a student-connected organization that operates independently from the District and is established for the sole purpose of conducting fundraising activities to support student programs. Booster Clubs serve as a valuable resource by providing financial support for needs that extend beyond those covered by the District's annual budget.

All fundraising efforts must directly support programs and activities that enhance the student-athlete experience. Funds raised through Booster Clubs are intended to supplement, not supplant, the District's financial responsibilities.

To ensure consistency, transparency, and compliance, the District has established a Booster Club Guidelines & Procedures Manual. All Booster Club officers, members, and individuals interested in forming a Booster Club are required to review and adhere to the expectations outlined in this manual.

SECTION 8: REQUIRED KINGSWAY COACHING TRAININGS & MANDATED COMPLIANCE

All coaches are required to complete the following certifications and trainings prior to the season. Documentation of all certifications and acknowledgements must be submitted to the Athletic Department for proper recordkeeping before the start of the season (NJSIAA Coaching Requirements).

- Implicit Bias *(one-time requirement)* provides awareness and strategies to recognize and reduce unconscious biases to promote an inclusive and equitable athletic environment.
- Concussion in Sports *(annual requirement)* educates coaches on the identification, prevention, and proper management of sport-related concussions.

Coaches must also verify that they have reviewed all required documentation for the student-athletes on their roster through the coaches dashboard as part of the coaching certification requirements. (Board Policy #2460 / Board Policy #4240)

Additionally, KRSD is committed to maintaining a safe, inclusive, and respectful environment for all student-athletes, staff, and spectators. All athletic programs must operate in full compliance with district policies. All coaches are responsible for reinforcing these expectations and ensuring that student-athlete conduct aligns with district policies at all times. This, at a minimum, includes the following:

- **Harassment, Intimidation, & Bullying:** Programs operate a zero-tolerance policy against any exclusionary acts or discriminatory gestures (Board Policy #5512.01).

- **Sexual Harassment Regulations:** The district enforces clear investigative steps to protect student-athletes from employee or peer sex discrimination (Board Policy and Regulation #5751).

- **Affirmative Action & Bias-Related Conduct:** All athletic programs must adhere to district affirmative action policies and strictly prohibit discrimination or bias-related acts based on race, color, national origin, sex, gender identity, sexual orientation, disability, or religion. Any bias-related incident occurring during a game, practice, or school-sponsored activity must be reported immediately and will be addressed in accordance with district policy (Board Policy #5750 / Board Policy #8465 / Board Policy #1140 / NJSIAA Sportsmanship Statement).
- **Random Testing Pool for Student Substance Use:** To maintain a safe, drug-free learning environment, Kingsway operates a mandatory Random Testing Program for Student Alcohol or Other Drug Use (Board Policy and Regulation #5536). Any student in grades 7-12 who chooses to participate in interscholastic athletics or extracurricular programs is required to remain in the testing pool for the entire duration of their enrollment as a Kingsway student, **regardless of whether their sport is currently in-season or out-of-season**. Confirmed positive drug or alcohol tests will trigger immediate non-academic remedial measures.

Emergency Closing No. 815

Dear Parents and Students,

The Athletic Administration and coaching staff have developed this handbook to provide parents and student-athletes with essential information for successfully participating in our interscholastic programs. Our goal is to make your participation rewarding and as smooth as possible. Carefully reviewing this handbook and adhering to the rules and regulations outlined will help ensure you remain in good standing throughout your high school career. We hope that a clear understanding of our athletic goals will make your experience at Kingsway both positive and fulfilling. This handbook outlines the expectations set forth by our school, along with NJSIAA rules and regulations, as well as your responsibilities to yourself, your team, and Kingsway.

The purpose of our athletic program is to provide student-athletes with the opportunity to compete in a cooperative and team-oriented environment. Through this experience, student-athletes will develop self-discipline, responsibility, decision-making skills, and social awareness. Ultimately, the Kingsway Athletic Program is designed to offer a well-rounded, active component of a student's high school experience.

Participation in athletics is a privilege extended by the Board of Education to students who choose to compete. Please read this handbook carefully, as it will help prepare you for the responsibilities and challenges that come with being a student-athlete.

The development of a student-athlete is a collaborative effort between coaches and parents, working together as a team to support success. A student-athlete is an individual, but also a vital part of a team. While parents prioritize their child's well-being, coaches are responsible for the success and unity of the entire team. Parents and coaches must work together to foster a positive and supportive environment, ensuring the best experience for all student-athletes.

Thank you for your commitment to Kingsway Athletics. We look forward to a great season!

Best Wishes,

Ms. June Cioffi
Director of Athletics

KINGSWAY REGIONAL SCHOOL DISTRICT

ATHLETE & PARENT HANDBOOK

PHILOSOPHY OF ATHELTICS

Kingsway Athletics seeks to maximize student-athletes' opportunities to reach their full potential through positive educational experiences. Interscholastic sports are an integral part of the high school and middle school educational program. They complement physical education classes by providing students with an opportunity to channel their energy in a structured and beneficial way. Participation is encouraged to foster important values such as sportsmanship, dedication, teamwork, fair play, courtesy, and self-discipline, while also contributing to overall school morale.

To achieve these objectives, the following standards must be upheld:

1. Interscholastic sports should be a harmonious part of the overall school program and should not overshadow the school's educational mission.
2. While teams should be well-coached, well-conditioned, and strive for success, an excessive focus on winning must be avoided.
3. Every effort must be made to prevent the exploitation of student-athletes—both physically and emotionally. This includes managing publicity and avoiding extremes of praise or criticism that could negatively impact participants.
4. A positive team culture and climate should be cultivated, emphasizing respect, inclusivity, encouragement, and personal growth for all participants.
5. Positive athletic relationships with other schools should be fostered by promoting these standards among both teams and spectators.
6. Our sports programs are an integral part of the total educational experience.
7. Athletics supplement, rather than replace, physical education, recreation, and club activities.
8. Athletics are subject to the same administrative oversight as the entire educational program.
9. The physical, mental and social welfare and safety of all student-athletes are prioritized.
10. Our athletic program is governed by the rules and regulations of the NJSIAA, Tri-County Conference, South Jersey Interscholastic Lacrosse League, West Jersey Football League, and Kingsway Regional School District.

- **Demonstrate Good Sportsmanship:** Cheer for all athletes positively and avoid negative or disruptive comments.

TRI-COUNTY CONFERENCE

ROYAL LIBERTY DIAMOND CLASSIC

ESTABLISHED 1928

Conference Spectator Code of Conduct

Under the Tri County Conference Sportsmanship Policy, unsportsmanlike conduct of **any fan or spectator,** directed towards officials, coaches, players, other spectators, school staff or security, at any/all athletic events including but is not limited to the actions listed below will be subjected to the disciplinary actions listed below:

- Strikes or physically abuses an official, coach, player, or spectator
- Intentionally incites participants or spectators to violent or abusive action
- Uses obscene gestures or profane or unduly provocative language or action towards officials, opponents, or spectators
- Engages in harassing verbal or physical conduct related to race, gender, ethnicity, disability, sexual orientation or religion at an interscholastic event.
- Use of profanity, threatening comments, or biased language before, during, or after an interscholastic event.
- Verbally harasses an official or opponent participant (i.e., coaches or players from any participating school) by using names or uniform numbers.
- Entering the field of play – before, during, or after an interscholastic event.
- Physical altercation with an official, coach, player, school staff, school security, or spectator – before, during, or after an interscholastic event.
- Use of artificial noisemakers or other instruments intended to disrupt the interscholastic event or distract the participants during an interscholastic event.

Violations of the Code of Conduct include:

- Immediate removal from the event and school premises.
- Suspension from the next interscholastic event for a first offense.
- Longer suspensions from interscholastic events for multiple violations in a defined period of time (season, school year, calendar year, etc.).
- Completion of required educational component(s) before attendance at future interscholastic event. The Tri County Conference recommends the following educational components, from the National Federation's "NFHS Learn" website (nfhslearn.com):
    - Positive Parenting within School Programs
    - Sportsmanship
    - Teaching and Modeling Behavior
    - The Parent Seat

UNDERSTANDING KINGSWAY ATHLETICS:
KINGSWAY ATHLETES, COACHING, & COMMUNICATION

KINGSWAY INTERSCHOLASTIC ATHLETICS

Interscholastic athletics provide students with opportunities to develop and showcase their abilities in structured competition. These programs are not limited to varsity teams but also include sub-varsity levels, allowing for skill development and increased participation.

While athletic contests can evoke strong emotions among spectators, parents, and players, it is important to remember that interscholastic sports serve as a valuable extension of the educational experience. Kingsway Athletics prioritizes **student growth and mental well-being, teamwork, and sportsmanship** over entertainment, coach recognition, or college recruitment.

Our programs are designed to foster **long-term success, character development, and a passion for competition**—not to serve as a direct pathway to professional or collegiate athletics. Student-athletes are encouraged to embrace the journey, build lasting relationships, and develop skills that extend beyond sports.

FAIRNESS IN ATHLETICS

Kingsway Athletics operates with integrity and fairness. Every student has an equal opportunity to participate in our programs. Team selection is based on ability, attitude, behavior, and academic success—not on personal connections, geographic location, or parent involvement.

CHAIN OF COMMUNICATION

Effective communication is essential for a successful athletic program. Kingsway coaches are responsible for keeping athletes and families informed about relevant team matters. Likewise, it is the responsibility of athletes and parents to respect and support coaching decisions. IIf concerns arise, the **Chain of Communication** must be followed:

1. **Athlete speaks with the coach.** Many issues can be resolved at this level.
2. **Parent/guardian speaks with the coach.** Please schedule an appointment. We ask that you do not approach the coach before or after a practice or game.
3. **Parent/guardian contacts the Director of Athletics.** A meeting with the coach, Director of Athletics, and student-athlete may be arranged if necessary.
4. **Parent/guardian contacts the Superintendent.** The Chain of Communication must be followed before escalating concerns to the Superintendent. Issues are best resolved at the lowest level possible.

TEAM RULES/GUIDELINES/PARENT MEETINGS

Each head coach must establish a set of team rules and guidelines, along with the penalties for violations. These rules must be approved in advance by the Athletic Department, in collaboration with the administration. It is required that these rules be put in writing and that a copy be provided to each student-athlete and their parents/guardians. Consistency in the implementation of penalties by all coaches is essential.

Parent preseason meetings are required by every head coach at the beginning of each season to review team rules and guidelines.

While it is impossible to anticipate every situation, and potential "loopholes" may arise in the wording of rules, any severe disciplinary action must be discussed with the Athletic Department before being enforced.

A student may appeal any disciplinary action imposed. The Director of Athletics, in collaboration with the principal, will determine whether the prescribed discipline is appropriate for the infraction. The student may further appeal the decision to the superintendent and the Board of Education.

Coaches should provide general information and guidance regarding the college recruiting process, including available resources, timelines, and appropriate communication with college coaches.

Each coach is expected to clearly communicate program expectations to student-athletes and parents prior to the start of the season. At a minimum, coaches should conduct an annual parent/athlete meeting and provide information regarding:

- Team rules and coaching expectations
- Methods of communication used throughout the season
- Tryout procedures and selection criteria
- Practice and game schedules
- Season start dates and important deadlines
- Academic and eligibility expectations
- Attendance policies
- Sportsmanship and conduct expectations
- Procedures for addressing concerns or questions

This information should ensure that parents and student-athletes have a clear understanding of what to expect from the coaching staff and the athletic program throughout the season.

AAU, ASA, CLUB TEAMS, & OUTSIDE ORGANIZATIONS

There are many organizations that provide opportunities for high school and middle school athletes. While these programs have value, they can also impact the high school sports experience.

School-based athletics operate under different parameters than these external programs. High school and middle school teams are built from the students who attend the school, without the ability to recruit players from other areas. Additionally, student-athletes must meet academic, behavioral, and physical eligibility requirements that external teams may not enforce. Outside programs often focus primarily on athletic ability, which differs from the comprehensive development approach taken by school athletics.

With the exception of football, AAU and similar organizations have become the primary avenue for college athletic exposure, shifting the traditional pathway from high school to college to professional sports. While these programs offer opportunities, they also come with challenges.

TRANSPORTATION OF ATHLETES

All athletes are required to make transportation arrangements that result in a timely pick up at the end of practices and/or games.

STUDENT PICK UP

It is strongly suggested that parents who are coming for their student-athlete anticipate approximate times to pick up.

Remember: Coaches have to wait until the last athlete from their team vacates the property. Please be considerate of the coaches' supervision responsibilities.

STUDENT TRANSPORATION AT AWAY GAMES

Although we encourage student-athletes to ride the team bus back from away games, it sometimes becomes necessary for parents to pick up their student-athletes at the site of the away game. In those rare instances, you and your child should adhere to the following procedure:

1. Complete an Athletic Event Travel Release form (available in the Athletic Office, or on the District Website)
2. Student brings the completed travel release form to the Athletic Office to be reviewed and approved by the Director of Athletics or Supervisor of Athletics. These should be presented at least one day prior to the game.

State law does not allow anyone but the parent to transport a student. Remember, this concerns your child's safety.

KINGSWAY ATHLETIC DEPARTMENT RULES AND REGULATIONS

These rules and regulations are established with the intention of maintaining the goals and values of Kingsway Athletics.

ATTENDANCE

In order to participate, the student-athlete must be present in school the day of the practice or game. In the case of Saturday or holiday events, the student must have been present the last school day previous to the activity, unless cleared by administrative decision.

If a student is late for school, he or she must report by 10:00 a.m. the day of the activity in order to participate, unless cleared by administrative decision.

If a student is suspended from school (in school or out-of-school), he or she cannot participate in any events on the day(s) of suspension or loss of good student standing.

There are a few cases where the superintendent approves Sunday practices, if a student misses one of these practices due to religious or family commitments, no team discipline will be rendered. Otherwise team rules will apply.

TRYOUTS

Coaches must complete any squad reductions no longer than 8 days after the 1st practice. A candidate that does not make a team because of lack of ability or interest may try out for another sport that season within three (3) days. Try outs should be done in a caring manner. No general announcement should be made or lists hung. Coaches should meet in person with each student in question to discuss his/her their roles on the team or their release.

TRYOUT GUIDELINES

1. All students must try out to participate.
2. It is suggested that each athlete meet with the coach, who will then tell the athlete his or her status.
3. Each coach that holds a try out process, must use written criteria during tryouts, with a rating/evaluation system that is to be discussed with each player, whether he/she makes the team, or not.
4. It should be clear to everyone when the final roster is set.

Reminder: It is the coach's responsibility to make sure that all players on the F/JV team are given playing time. The head coach must make every attempt to make sure each player feels like an important part of the team, whether or not he/she is a main player. ** *All seniors regardless of how many years in a program must try out for all athletic teams.*

GROUNDS FOR SUSPENSION OR PERMANENT EXPULSION

Any attitude or behavior that is considered by the disciplining administrator to be detrimental to the ethical principles of the team, or reflects poorly on the Kingsway School District.

AWARDS PROCEDURES AND GUIDELINES

In accordance with Board Policy #5440 / District Regulation #5440, the head coach will determine the level of award that each athlete on his/her team will receive. As a general rule of thumb, a varsity award is given to an athlete who is a legitimate varsity player, a player who has participated in half of all the halves during the season. An athlete who consistently practices with the varsity, but does not play too often may be awarded a varsity letter, as per the head coach's decision.

- A senior who has completed the season "in good standing" will receive a varsity award.
- An athlete that has risen to varsity status, prior to being injured, may receive a varsity award. The head coach will determine if a varsity award is merited, based on the injured athletes' continued connection with the team.
- A manager or statistician may be awarded a varsity award as per the head coach's determination.
- The Director of Athletics must approve all awards.

"IN SEASON" ATHLETE and "OUT OF SEASON" PARTICIPATION

Athletes that excel at Kingsway High School and Middle School in a given sport may choose to participate in that same sport out of season (as termed by NJSIAA) while still participating in an in-season sport.

The rights and concerns of the in-season coach must be recognized. Out-of-season participation that results in absenteeism from in-season practice or game is taken seriously. The coach must be informed of such a situation well in advance. It is the in-season coaches' prerogative to attach a form of team discipline, or a period of suspension.

Out-of-season is defined as from the end of a specific sport season to the beginning of that sport the following year, with the exception of summer recess period. The summer recess period begins at the end of the spring season, and ends on the date that the fall season sports begin official practice.

SUMMER RECESS

Many sports have workouts during the summer. A student-athlete is free to participate in as many activities as he or she chooses. Non-participation in any summer workouts does not affect the student-athletes status on the team when the in-season period begins.

CAPTAINS PRACTICES (SUMMER VOLUNTARY PRACTICES)

Out-of-season Captain's Practices are not permitted on the Kingsway campus without a certified coach being present. Workouts of any kind, including weight room, must have a certified coach supervising at all times. A physical must be on file and approved by the athletic trainer and/or school nurse. Those that are not enrolled as a Kingsway High School or Kingsway Middle School student are prohibited to participate.

Individuals that participate in a Board of Education approved camp or clinic do not have to necessarily be enrolled in Kingsway High School or Kingsway Middle School. The person or group that is in charge of the approved camp or clinic is solely responsible for injuries and liabilities. No individual or group may use Kingsway School District facilities without being approved by the Board of Education.

Summer voluntary practices with a certified coach are permitted.

ELIGIBILITY

In order for a student to participate in athletics at Kingsway High School, he or she must be eligible in **three** areas: **Academics, Discipline, and Physical**. Although the NJSIAA does not have jurisdiction over middle school student-athletes, academic eligibility is held in high regard. A middle school student-athlete could be deemed ineligible by the middle school administration.

ACADEMIC ELIGIBILITY

To be eligible for athletic competition during the first semester (September 1 to January 31), a pupil must have passed 6 credits of the 24 credits required by the State of New Jersey for graduation during the immediately preceding academic year.

To be eligible for the second semester (February 3 to June 30), a student must be successfully passing courses that will yield at least 6 credits by the end of the school year.

An athlete becomes ineligible for high school athletics if he/she attains the age of 19 prior to September 1st. However, any student attaining the age of 19 after September 1st shall be eligible for the ensuing school year.

No students shall be eligible for high school athletics after the expiration of eight consecutive semesters following their entrance to ninth grade.

DISCIPLINARY ELIGIBILITY

A student-athlete must be in good standing concerning the school disciplinary codes. The disciplinary administrator may remove a student from a team for a period of time, if deemed necessary.

A student that must serve a detention or suspension cannot participate in sports during the time of the disciplinary action.

A student that has not made compensation for equipment obligation will not be permitted to participate in any subsequent sport or weight training until the obligation is remedied.

Please refer to the student handbook for the High School and Middle School discipline code in detail.

ATTENDANCE ELIGIBILITY

If a student exceeds sixteen (16) absences, the student will become ineligible for all school sponsored events and activities until proper documentation has been submitted and/or credit recovery is complete.

PHYSICAL ELIGIBILITY

In order for a student to be eligible for practice with a Kingsway team, the following forms must be completed, signed, and submitted:

1. All forms must be completed on the Athletic Registration portal located in Genesis.
2. A student must submit an Athletic Physical/Health History Form (Parts A & B), provided by the school, completed and signed by the examining physician. This physical must have been completed within 365 days to be current.
3. After all paperwork is submitted, student must be cleared by our school district physician, the school nurse and athletic trainer in order to participate.
4. The Board of Education Policy #2436 recognizes the value of athletic competition and co-curricular activities outside the regular instructional program. However, with reduced or limited revenue and increased expenses, the Board must consider alternative revenue options to support these school-sponsored activities. Therefore, the Board of Education authorizes the establishment of an activity participation fee program as a supplemental revenue source contributing to a percentage of the school district's total costs for operating school-sponsored activities.

   The Athletic Registration Fee Program will require each pupil participating in a school-sponsored athletic to pay a registration fee. The specific activities and fee amounts will be recommended by the Superintendent of Schools and approved by the Board on an annual basis prior to the commencement of the registration or sign-up process for the activity. The fee program will be tiered as follows.

ATHLETIC REGISTRATION INFORMATION

All middle school and high students who wish to participate on a school-sponsored interscholastic athletic team, marching band, and/or cheerleading squad must pay a registration fee in the amount of one hundred dollars ($100) prior to the start of each season. Refunds will be issued if the student did not make the team.

NOTE: All forms are available on the athletic website or in the nurse's office.

PAYMENT SYSTEM FOR ATHLETIC FEES

Kingsway has migrated over to a new payment system that works with My School Bucks and Genesis together to track and complete payments.

PLEASE NOTE: It takes 24-48 hours PRIOR to registration for the fee to show in your Genesis/MSB portal.

RANDOM TESTING FOR ALCOHOL AND DRUG USE POLICY #5536

Kingsway will continue the *Random Testing for Student Alcohol or Other Drug Use Program*. This program, as established through Board Policy #5536, enhances the District's ability to provide our students with a safe and drug-free learning environment. The purposes of this random alcohol and drug-testing program are to have a positive effect on attaining the important objectives of deterring alcohol and drug use and to provide a means for early detection of students with substance abuse problems so that referral for evaluation or treatment may be offered.

Students in grades seven through twelve who participate in Kingsway's interscholastic athletic program, participate in extra-curricular programs, and/or receive a school-issued parking permit to drive/park a personal vehicle on school district property will be required to sign the Consent to Participate in Random Testing for Student Alcohol or Other Drug Use Program. By signing the consent form, students agree to participate in the program for the duration of his/her time they are enrolled as students in the Kingsway Regional School District, regardless of whether the activity they participate in is out-of-season.

Remedial measures will be applicable for a student who tests positive for alcohol or drugs (Summary of Remedial Measures for Positive Alcohol/Drug Test). Remedial measures will result from a confirmed positive alcohol or drug test, a student's refusal to test when selected, and/or tampering with or adulterating the specimen process.

No student will be penalized academically for testing positive for alcohol or other drugs under the school district's policy. Any action taken concerning any student who tests positive for alcohol or other drugs shall be limited to removal from or prohibition against participation in extra-curricular activities, including interscholastic athletics, and revocation or denial of a student's parking permit.

The results of drug tests pursuant to this Policy will not be documented in any student's academic records or discipline file. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or other legal process, which the Board of Education will not solicit. In the event of service of any such subpoena or legal process, the student and the student's parent will be notified at least seventy-two (72) hours before the response is made by the Board of Education to the extent permitted by such subpoena or legal process. The Contractor will only provide the identity and results of those tested to the Designated Official.

STUDENT-ATHLETE'S GUIDE TO SUCCESS

Participating in high school sports at Kingsway Regional High School is a rewarding experience that fosters discipline, teamwork, and personal growth. However, balancing academics, training, and personal life can be challenging. This guide provides essential strategies to help student-athletes succeed both on and off the field.

TIME MANAGEMENT

Effective time management is crucial for balancing sports and academics. Consider these strategies:

- **Use a Planner:** Keep track of practices, games, assignments, and deadlines.
- **Prioritize Tasks:** Identify urgent and important tasks to focus on first.
- **Establish a Routine:** Create a daily schedule that includes time for studying, training, and rest.
- **Utilize Free Time Wisely:** Use breaks between classes or after practice to review notes or complete assignments.
- **Communicate with Teachers and Coaches:** Inform them of your schedule and seek help if needed.

ACADEMIC SUCCESS

Excelling in academics is just as important as performing well in sports. To stay on track:

- **Stay Organized:** Keep class materials and notes in order for easy access.
- **Ask for Help:** Seek tutoring or meet with teachers if you struggle with subjects.
- **Develop Effective Study Habits:** Set aside dedicated study time in a quiet environment.
- **Avoid Procrastination:** Tackle assignments early to prevent last-minute stress.
- **Leverage School Resources:** Take advantage of study halls, academic advising, and online resources.

MENTAL HEALTH & WELL-BEING

Balancing the demands of sports and school can be overwhelming, so prioritizing mental health is essential:

- **Manage Stress:** Practice mindfulness, deep breathing, or meditation to stay calm under pressure.
- **Get Enough Sleep:** Aim for 7-9 hours of quality sleep each night for optimal performance.
- **Maintain a Healthy Diet:** Eat nutritious meals to fuel your body and mind.
- **Stay Connected:** Talk to friends, family, or counselors if you're feeling stressed or overwhelmed.
- **Know When to Take a Break:** Rest is necessary to prevent burnout and injuries.

SPORTS PERFORMANCE & INJURY PREVENTION

To stay at the top of your game and avoid injuries:

- **Warm Up & Cool Down:** Always stretch before and after workouts to prevent injuries.
- **Follow a Proper Training Plan:** Work with coaches to develop a safe and effective regimen.
- **Stay Hydrated:** Drink plenty of water before, during, and after activities.
- **Listen to Your Body:** Address any pain or discomfort before it worsens.
- **Respect Recovery Time:** Take rest days seriously to avoid overuse injuries.

PLANNING FOR THE FUTURE

If you plan to continue sports beyond high school:

- **Research College Programs:** Explore schools with strong athletic and academic programs.
- **Stay on Top of Recruitment:** Communicate with college coaches, attend camps, and create a highlight reel.
- **Maintain Academic Standards:** Colleges consider grades just as much as athletic ability.
- **Develop Life Skills:** Build leadership, teamwork, and time management skills for future success.
- **Create your NCAA Free Profile:** NCAA Resources www.ncaa.org and www.ncaaclearinghouse.net

CREATING A SAFE AND INCLUSIVE ENVIRONMENT AT KINGSWAY REGIONAL

HARASSMENT, INTIMIDATION & BULLYING

According to **Board Policy 5512.01**, *"'Harassment, intimidation, or bullying means any gesture, any written, verbal, or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical, or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function, on a school bus, or off school grounds as provided for in section 16 of p.l.2010, chapter 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:*

- *A reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property; or*
- *Has the effect of insulting or demeaning any student or group of students (in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school); or*

- *Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student."*

ANTI-HAZING

According to **Board Policy 5541**, *"A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Hazing is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. The Board of Education prohibits acts of hazing and adopts this Policy against hazing in accordance with N.J.S.A. 18A:37-32.2. The provisions of this Policy apply to all schools within the district. 'Hazing' in a school setting includes, but is not limited to, conduct by an individual(s) who is a member and/or representative of a school-sponsored student organization, club, or athletic team where such individual(s) conditions a student's acceptance as a member into such group on whether the student engages in activities that are humiliating, demeaning, intimidating, and exhausting to the student."*

RETALIATION DISCRIMINATION

Federal civil rights laws prohibit discrimination based on race, color, national origin, sex, disability, and age in programs or activities receiving Federal financial assistance. In addition to prohibiting discrimination, each of these civil rights laws also prohibits retaliation against individuals who assert their rights. The ability of individuals to oppose discriminatory practices and to participate in investigations and other proceedings is critical to ensuring equal educational opportunity in accordance with Federal civil rights laws. For this reason, agents of the Board of Education shall refrain from intimidating, threatening, coercing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by Federal civil rights law.

SEXUAL HARASSMENT

Sexual harassment of students is a form of prohibited sex discrimination. In accordance with Title IX of the Education Amendments of 1972 and the Code of Federal Regulations (CFR), 34 CFR §106, the school district adopts this Policy and implements practices to investigate and resolve allegations of sexual harassment of students engaged in by school employees, other students, or third parties pursuant to 34 CFR §106.3(c). In addition, reports of sexual harassment shall also be investigated in accordance with the requirements of New Jersey's Anti-Bullying Bill of Rights Act and Policy 5512.*

Kingsway Regional School District

Emergency Virtual or Remote Instruction Programs

Introduction

In April 2020, Governor Murphy issued an executive order that became P.L.2020, c.27. This law provides for the continuity of instruction in the event of a public-health-related district closure so that LEAs can utilize virtual or remote instruction to satisfy the 180-day requirement pursuant to N.J.S.A. 18A:7F-9. In order to provide transparency and ensure that New Jersey students continue to receive high-quality, standards-based instruction, each school district, charter school, renaissance school project and Approved Private School for Students with Disabilities (APSSDs) must annually submit its proposed program for virtual or remote instruction (plan) to the Commissioner of Education. This plan would be implemented during a district closure lasting more than three consecutive school days due to a declared state of emergency, declared public health emergency, or a directive by the appropriate health agency or officer to institute a public health-related closure. A day of virtual or remote instruction, if instituted under a plan approved by the Commissioner of Education, is considered the equivalent of a full day of school attendance for the purposes of meeting State and local graduation requirements, awarding of course credit, and such other matters as determined by the Commissioner of Education.

Equitable Access and Opportunity to Instruction	
Recommendations: A. Ensure that all students' varied and age-appropriate needs are addressed. B. Develop synchronous and/or asynchronous virtual or remote learning plans which will maximize student growth and learning to the greatest extent possible.	**Action Steps:** 1. **To meet the varied needs of all learners, Kingsway Regional School District (KRSD) recognizes the need to proactively plan for live, synchronous virtual instruction should an emergency school close result in a remote instruction day.** Virtual learning and instruction occur in real time such that the students and instructor interact in a specific virtual place, through a specific online medium, at the same time (e.g. video conferencing, teleconferencing, and live-streaming lectures). Live virtual instruction supports adequate access to education for all students and assists the district, and its faculty, in fulfilling its educational mission and meeting the needs of all learners. In the delivery of virtual instruction, differentiation remains a priority; teachers use a combination of synchronous and asynchronous learning activities and assignments to ensure differentiation through content, process, and product. instruction continues to support learner variability in all courses. KRSD provides virtual learning guidelines and parameters for students, teachers, and families.

C. Continuously measure student growth and learning in a virtual or remote instruction environment. D. Account for measuring and addressing any ongoing digital divide that exists, whether it be network access or lack of sufficient access to devices.	2. **The full-day bell schedule, exceeding four hours of instruction, will be maintained for both the Kingsway Regional High School and Middle School.** Students are required to log into KRSD's learning management system (LMS), Schoology, every school day and access each course, including the link to the live meeting. Opportunities for students to participate in accelerated learning via course and program placement are further enhanced by differentiation within each course. All students must follow the bell schedule and attend live, synchronous classes. Period attendance will be maintained. **3. Tiered systems of support and Title I Extended Learning Programs will be maintained as a component of the instructional school day and extended school-day.** KRSD offers Tier 3 intervention lab courses for students who are identified as in need of greater support than their peers. Students are identified at various points in the school year using multiple measures relative to the core content areas of Math and ELA. Instruction to address unfinished learning is planned based on student needs and is personalized to ensure student growth to close learning gaps. Tier 3 intervention labs use IXL, math textbook resources, MAP, and classroom assessment data to identify goals and plan learning activities to address gaps. KRSD also offers a virtual Academic Assistance Title I Program which provides 1:1 tutoring via video conferencing. Students are paired with a tutor based on the content area; tutors and students work collaboratively to identify goals based on MAP data and students' identified needs to close gaps and support growth in current ELA and math courses. 4. **Assessment for and of learning will be maintained in the virtual learning environment via both synchronous and asynchronous methods.** Both formative and summative assessments continue to inform instruction in this setting. KRSD subscribes to a variety of instructional technology tools, such as Quizizz and Gimkit, to provide digital access to formative assessment methods. While teachers and students interact and engage in real-time via virtual class meetings, teachers monitor student understanding. When implementing formative assessments, an emphasis is placed on timely and personalized feedback to guide student learning. Schoology, the district's LMS, will be used to administer summative assessments in the virtual environment. The assessment creator

	tools allow teachers to design assessments linked to standards that provide data to further guide instruction and are designed to provide teachers and students with an assessment of learning. 5. **KRSD recognizes an essential component of the school program relates to supporting the social and emotional health of staff and students.** As such, the school counseling and wellness counselors continue to be critical points of contact for students and families in the event of an emergency school closing. Student needs are addressed by delivering services that are multifaceted and aligned with Kingsway Regional School District's core values: growth, belonging, teamwork, student-centered, and perseverance. Additionally, the thriving extracurricular programs at Kingsway present additional opportunities for faculty and students to remain connected with a purpose to their school community. Extracurricular continue to meet in virtual spaces to forge through school closings together. KRSD's Human Resources Department, in collaboration with administrators, offers support and attends to a sense of community among faculty when faced with virtual schooling. 6. **KRSD uses a 1:1 model; every student in the KRSD has a district- issued Chromebook, charging card, and case.** The student retains possession of the Chromebook until the device is end-of-life or until the student withdraws from school. Students experiencing Chromebook issues are directed to Kingsway Support via a telephone hotline number or email support ticket to submit their request. Procedures are in place to ensure every parent/student is responded to within 24 hours of their request. Any need for technology that is prohibiting learning is prioritized so that students consistently have the technology they need to be successful. 7. **Distribute Wi-Fi hot spots for connectivity issues that may involve learning.** In a 2020 needs assessment survey, KRSD found the lack of strong internet connection and technology resources were among the lowest compared to other factors related to their child's educational needs in the virtual learning program. KRSD has since purchased cellular hotspots for students in need and can expand these numbers if needed for students. In addition, KRSD has provided documentation for parents on how to obtain low-cost internet from several ISPs. KRSD will continue to prioritize wireless internet access for parents/students. Parents and students can also obtain free wireless internet on our campus in designated areas as laid out on our website.

	8. **Consider the attendant needs associated with the deployment of needed technology, including student and parent training and acceptable use policy implementation**. KRSD has developed a procedure for parents/students to request technology devices and technical support/training for them to ensure the successful use of technology. The KRSD technology department can deliver devices and make repairs as requested. Upon delivery of technology devices, parents/students are required to sign the district's AUP detailing their responsibilities while using the device and the proper support protocols to ensure safe and reliable use.

Addressing Special Education Needs	
Recommendations: A. Address the provision of virtual or remote instruction to implement Individual Education Programs (IEPs) for students with disabilities to the greatest extent possible, including accessible materials and platforms. B. Address methods to document IEP implementation including the tracking of services, student progress, and provision of accommodations and modifications.	**Action Steps:** 1. **KRSD will continue to meet its obligations under the Federal Individuals with Disabilities Education Act (IDEA) and the New Jersey State Special Education regulations for students with disabilities to the greatest extent possible.** Live virtual instruction supports adequate access to education for all students and assists the district, and its faculty, in fulfilling its educational mission and meeting the needs of all learners, including students with disabilities. 2. **KRSD teachers will continue to work in coordination with case managers to ensure IEPs are implemented with fidelity.** Case managers will continue to employ methods to track the delivery of services. To assist with tracking student progress and the provision of accommodations and modifications in the virtual environment, teachers are provided with a recommended tracking log to account for progress toward IEP goals and the delivery of accommodations and modifications. Special Educators of Math and ELA will also use IXL, an adaptive, web-based learning platform to supplement instruction and target gap skills and IEP goals and objectives. The data reports provided in this platform will help inform teachers, students, and parents of student progress.

C. Describe how case managers will follow up with families to ensure services are implemented in accordance with IEPs to the greatest extent possible. D. Address procedures to conduct IEP meetings, evaluations and other meetings.	**3. Case managers will consult with teachers and collaboratively use KRSD checklists for the delivery of services and progress monitoring procedures.** Reviews will assist teachers and IEP teams in monitoring progress on IEP goals. Case managers will use a variety of communication means at their disposal to follow up with families. The use of district email, Schoology messaging, phone, video conferencing, and home visits are all available and acceptable means for case managers to make contact with families to communicate the implementation and delivery of related services and discuss student concerns, and learning progress. **4. IEP meetings will continue to be held in accordance with N.J.A.C. 6A:14, Special Education code.** Child study team members, special educators, school personnel, and parents will continue to be responsible for the identification, evaluation, and determination of eligibility, development, and review of the IEP, and placement. Under the direction of the Director of Special Services, the child study team and support staff will maintain a notification schedule consistent with state and federal regulations to ensure IEP meetings, evaluations, and other meetings take place. Video conferencing and phone communication allow meetings and evaluations to occur as scheduled.

Addressing Multilingual Learners (ML) Plan Needs	
Recommendations:	**Action Steps:**
A. Include an English as a Second Language and/or bilingual education program aligned with State and Federal requirements to meet the needs of ELLs. B. Describe how the LEA communicates with families of	**1. As part of the implementation of the district-wide English as a Second Language (ESL) program, students who may qualify are tested using the WIDA screener to determine appropriate support.** An Individual Language Plan (ILP) is developed for students in need of ESL instruction; this plan details individual students' level of native language proficiency, educational history in the home country and the United States (as applicable), and the student's academic strengths and needs. **2. KRSD provides translation and interpretation of communication and family materials in the native language of the parent/guardian to the greatest extent possible.** Bi and/or multi-lingual district employees may serve as translators to assist in the facilitation of school-family conversations.

ELLs including providing translation materials, interpretative services, and literacy-level-appropriate information? C. Include the use of alternate methods of instruction (that is, differentiation, sheltered instruction, Universal Design for Learning), access to technology, and strategies to ensure ELLs access the same standard of education as non-ELL peers D. Training for teachers, administrators, and counselors to learn strategies related to culturally responsive teaching and learning, socio-emotional learning, and trauma-informed teaching for students affected by forced migration from their home country (e.g. refugee, asylee)	Technology can also be accessed by school personnel to translate written communications when necessary (i.e. Google translate, School Messenger translate feature, etc.). 3. **ILPs detail accommodations and modifications to instruction and classroom and assessment.** To support general education teachers in delivering instruction that is differentiated and aligned to the identified needs of the ILP, instructional coaches and the ESL teacher are available for consultative support. Coaches can also plan, model, and provide feedback for adjustment to learning activities and assignments to ensure MLs access the same standard of education as non-ML peers. 4. **KRSD faculty, staff, and administrators engage in training throughout the school year on topics related to culturally responsive teaching and learning, SEL, and trauma-informed teaching.** In the event of emergency school closings resulting in virtual schooling, training will be accessed asynchronously and/or via live video conferencing sessions. Additional supports are available on an ongoing basis via our professional development platform, Vector, a district-developed Equity course (asynchronous modules), and access to an instructional coach dedicated to inclusive pedagogy and the expertise of two wellness counselors.

Attendance Plan	
Recommendations: A. Address the LEA's attendance policies, including how the LEA will determine whether a student is present or absent, how a student's attendance will factor into promotion, retention, graduation, discipline, and any other decisions that will reflect the student's performance B. Describe how the LEA communicates with the family when a student is not participating in online instruction and/or submitting assignments	**Action Steps:** 1. **The full-day bell schedule, exceeding four hours of instruction, will be maintained for both the Kingsway Regional High School and Middle School.** Students are required to log into KRSD's learning management system (LMS), Schoology, every school day and access each course, including the link to the live meeting. All students must follow the bell schedule and attend live, synchronous classes. [MS Schedule | HS Schedule] Period attendance will be maintained and all BOE-approved attendance policies will remain intact. See Kingsway Regional School District BOE Policies 5200 and 5230. 2. **Substantial research illustrates the clear connection between student attendance and student achievement.** In the virtual setting, this is equally important. First steps reside with the classroom teacher to communicate with both the student and family to determine why a student is not participating. If concerns persist, KRSD's communication protocol progresses to include the school counselor, assistant principal, and principal. 3. **The KRSD attendance policy supports a district-wide initiative to improve student attendance and consequently student achievement.** Attendance letters are sent to parents and guardians using the following timelines: a. 5 Days: Student meeting with the guidance counselor and attendance letter sent home. b. 8 Days: Student meeting with the assistant principal, parent phone call with the assistant principal, and attendance letter sent home. c. 10 Days: Parent meeting with the principal and attendance letter sent home. d. 12 Days: Certified letter from the principal's office sent indicating the attendance matter will be referred to the municipal court. 4. **Students may attend Credit Recovery to earn credit for unexcused absences.** A total of five (5) school days may be made up. For each unexcused absence, a student must attend two (2) credit

	recovery sessions from 2:30 to 5:30. The number of days in which a student is able to schedule Credit Recovery (CR) is limited, therefore administration strongly encourages students to schedule and attend CR within thirty days of exceeding eight (8) unexcused school days.

Safe Delivery of Meals Plan	
Recommendations: A. The plan should contain how LEA will ensure continued safe delivery of meals to eligible students.	**Action Steps:** 1. **School meals are critical to student health and well-being, especially for low-income students.** KRSD will collect student meals. When providing multiple days' worth of meals, bulk items may be provided, however individual meals would be made identifiable as a reimbursable meal. The number of days bundled will be based on the length of the emergency resulting in virtual or remote instruction. For example, a week-long closure would cause a 5-day meal bundle. Shorter or longer periods of emergency school closures will have a commensurate number of meals provided weekly to students. 2. **Home delivery of meals will be available upon request for families who cannot pick up meals at the school.** The KRSD Food Service Department will communicate with families of students who are eligible for free and/or reduced lunch who are not picking up meals. The Director of Food Services will coordinate arrangements, in conjunction with the Director of Transportation and Director of Maintenance to ensure the safe delivery of meals to eligible students.

Facilities Plan	
Recommendations: A. Outline how buildings will be maintained throughout an extended period of closure	**Action Steps:** **1. The Buildings & Groups Supervisor oversees and maintains all KRSD buildings and facilities in a safe and operational manner.** Under the direction of the Business Administration and in collaboration with assistant supervisors, the Supervisor develops a plan and procedures to maintain all school buildings

	and facilities to provide a clean and safe environment conducive to the return to in-person student learning. This department also oversees all custodians and maintenance employees.

The LEA will ensure essential employees are identified and a list is provided to the county office at the time of the LEA's transition to remote or virtual instruction.

5200 ATTENDANCE

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

For the purpose of this Policy and Regulation 5200, "parent" means the natural parent(s), adoptive parent(s), legal guardian(s), resource family parent(s), or surrogate parent(s) of a student. When parents are separated or divorced, "parent" means the person or agency who has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

Student absences shall be recorded and reported in accordance with New Jersey statutes, administrative code, and New Jersey Department of Education requirements. The Superintendent shall establish procedures for the classification of absences and the district's response to absences and truancy in accordance with law.~~Notwithstanding the requirement of reporting student absences in the school register for State and Federal reporting purposes, "excused" and "unexcused" student absences, for the purpose of expectations and consequences regarding truancy, student conduct, promotion, retention and the award of course credit is a local Board decision outlined in N.J.A.C. 6A:16-7.6 and Policy and Regulation 5200. In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of Policy and Regulation 5200, a student's absence from school will either be excused or unexcused. Unexcused absences will count toward truancy.~~

A parent or adult student shall provide advance notice to the school prior to the student being absent from school. In accordance with N.J.S.A. 18A:36-25.6, if a student is determined to be absent from school without valid excuse, and if the reason for the student's absence is unknown to school personnel, the Principal or designee shall immediately attempt to contact the student's parent to notify the parent of the absence and determine the reason.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. In accordance with N.J.S.A. 18A:36-14, a student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

Students shall be subjected to the school district response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of the Board and its staff in the maintenance of good order and continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study, or may result in the attendance matter being brought to the attention of the court.

Students are required to attend every class during all days and hours that school is in session. Attendance at the high school, and credit bearing courses at the middle school, shall be calculated by period. Any student missing more than one-half of a class period will be considered absent from that class. Students who are absent from school are not permitted to:

1. Be on school property for any reason;

2. Participate in or attend any athletic or extracurricular activity for that same day unless proper documentation is provided that satisfies the criteria for an excused absence.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate for the district or for a school in the district does not meet the New Jersey Department of Education requirements, the Superintendent or designee shall develop performance objectives to improve pupil attendance pursuant to N.J.A.C. 6A:30-5.2. The Superintendent shall develop regulations and procedures necessary to implement this Policy and ensure compliance with applicable State attendance laws, administrative code provisions, and New Jersey Department of Education reporting requirements.

Dear Members of the Administration,

On behalf of the Class of 2026, we are writing to express our deepest gratitude for the support, guidance, and unforgettable experiences we have shared during our time at Kingsway.

As our journey as students comes to a close, we have spent time reflecting on the legacy we wish to leave behind for future generations of peers, teachers, and community members.

Following a final audit of our class treasury we are incredibly proud to announce that the Class of 2026 has elected to donate the remaining class funds back to the school. It is our collective wish that these

funds be designated specifically for the acquisition for new, high-quality, wall decor/wraps for the 400 wing. Left over money going towards a podium These podiums will replace aging equipment and will be permanently dedicated for use during school assemblies, graduations, award ceremonies, and community lectures.

Thank you once again for your dedication to our success and for fostering an environment where we could thrive.

With pride and appreciation,

Sophia Paoletti

Proposal of Athletic Training Services

Kingsway Regional High School
Woolwich Township, NJ

Prepared by: Allan Parsells: Owner, Capstone Medical Services, LLC
Prepared for: Ms. June Cioffi, Director of Athletics and Mr. Dave Stanton, Supervisor of Athletics

Athletic Training Services

Capstone Medical Services, LLC is honored to submit this proposal to provide athletic training services to Kingsway Regional High School, including its athletes, coaches and school community members.

At Capstone, we pride ourselves on providing unparalleled medical services to athletes of all ages. Our passion is making sure that the athletes at all levels stay healthy and safe while participating in all athletic events. Injuries can and do occur, but there are proactive steps that can be taken to minimize risk. There is an inherent injury risk within athletics and an athlete's ability to recover and participate at the highest level often depends on the timing and quality of care they receive in the moments immediately following the onset of injury. Capstone Medical Services is a team of certified and licensed athletic trainers who have many combined years of experience working with a wide range of athletes and sports across all levels of competition. As a complement to our offered program and as a subsidiary to our core team, Capstone partners with renowned practicing physicians, physical therapists, and other allied health care professionals that make our program the most comprehensive in this space. Our mission is to manage any and all details of the comprehensive medical team and supply a knowledgeable and personable staff, while working to ensure that services exceed your expectations. We strive to keep all those we work with on the playing surface and participating at the highest level.

Our Promise to You

Capstone is committed to providing athletic training services that vastly exceed your expectations and raising the bar year over year as our partnership grows. We achieve these goals by providing athletic training services for injured athletes, including (but not limited to) injury prevention, nutrition education, injury evaluation and treatment of injuries, concussion baseline testing as well as CPR/First Aid and AED Training for coaches and administrators. By making athletic training services accessible to all athletes, our partnership will give a competitive advantage to Kingsway Regional High School that many other educational institutions in the area do not currently have. Not only would our continued services speed up the continuum of care due to familiarity, but will also give parents the peace of mind knowing their children are in safe hands while participating in school sanctioned activities. Capstone Medical Services will hire, maintain and assign a New Jersey Licensed and Board of Certification certified athletic trainer as directed to the School District. The assigned athletic trainer will practice athletic training according to the rules and regulations of the Athletic Training Practice Act which is governed by the State of New Jersey.

Why Hire an Athletic Trainer

The athletic trainer is proficient in the following areas:

- Assessment and Evaluation: Recognizing and evaluating athletic injuries is one of the primary aspects of athletic training. Specific tests for range of motion, joint stability, flexibility and manual muscle testing, as well as a thorough screening of neurological, sensory and motor ability are used by the AT to evaluate the severity of the injury.
- Acute Care of Injury and Illness: The certified athletic trainer is skilled in administering the proper emergency care and in making prompt, appropriate medical referrals. Therapeutic Exercise for the Physically Active During the recovery of an injured student athlete, the certified athletic trainer initiates a treatment regimen under the direction of the team physician or the student athlete’s personal physician. These treatments may include rehabilitative exercises designed to return the student athlete to his or her athletic endeavor in the same, if not better, physical condition than before the injury.
- General Medical Conditions and Disabilities: The certified athletic trainer has knowledge of the general medical conditions and disabilities of secondary school athletes and as such, is better able to recognize a

potential problem, to provide appropriate acute care, and to make a referral to the appropriate medical consultant.

- Pathology of Injury And Illness: The certified athletic trainer has the special skills and the knowledge that allow him or her to understand the physiological responses of human growth and development, as well as the progression of injuries and the illnesses and diseases that may afflict the secondary school athlete.
- Pharmacological Aspects of Injury and Illness: The certified athletic trainer has in-depth knowledge and skill regarding the pharmacological aspects of dealing with the injuries and illnesses of secondary school athletes. The AT understands the indications, contraindications, precautions, interactions, and governing regulations relevant to the treatment of the injuries and illnesses of the secondary school athlete.
- Nutritional Aspects of Injury and Illness: The certified athletic trainer has been thoroughly educated to understand the relationship between athletic performance and nutrition. The AT also understands the signs and symptoms of eating disorders and is skilled in referring problems to the appropriate member of the medical community for consultation.
- Health Care Administration: The certified athletic trainer has the knowledge and skills to develop, administer and manage a healthcare facility. An effective secondary school athletic training program must be well organized, paying careful attention to the details of record keeping, developing and maintaining an up to date Emergency Action Plan, standard operating procedure, supply inventory and facility maintenance. Purchasing supplies and equipment is of constant concern, especially in times of restricted budgets.
- Psycho-Social Intervention and Referral: Certified athletic trainers are also educators and counselors. They instruct and counsel the student athletes in all areas of their physical condition and explain the recovery and rehabilitation process.
- Professional Development and Responsibilities: In order to maintain their certification, the BOC requires the AT to earn continuing education units by attending seminars and symposia relating to the profession of sports medicine and athletic training. They have an understanding of national and state regulatory agencies and standards.
- Concussion assessment, treatment, management and rehabilitation: Due to recent state laws enacted regarding recognition, care and treatment of head injuries, athletic trainers are the gatekeepers for appropriate evaluation and care for student athletes that suffer from a concussion.

Our Partnership Plans

Kingsway Regional High School and all other affiliated groups have a well-established reputation for quality and greatness, both in the classroom and on the playing surface. For that reputation to continue to thrive, it is vital to have a self-sufficient and viable partner that shares the same vision. A true partnership only works when having the same focus and vision to achieve a common goal. In our eyes, that goal is the health and safety of your student-athletes. It is our multifaceted approach that brings out the best in all of us. Capstone Medical Services will work with you while being self-sufficient to develop a program tailoring the provided athletic training services to meet the individual needs of each school, team and student-athlete.

School based athletics programs have a lot of individuality. Each has its own distinct audience, tone, personality and objectives that they strive to meet and exceed. From our first day together, Capstone focuses on streamlining logistics so that your organization’s unique qualities shine through, while allowing you as administration to sit back and know that your athletes’ safety is our top priority. We work to strategize with administrators to recognize and mitigate risk while providing the most exceptional on-site medical care possible. Capstone is and will remain committed to the health and well-being of your athletes. You can take solace in knowing we will be there to manage the day-to-day logistics of the medical program. We will work with only the best physicians and other allied healthcare professionals in your local community and surrounding areas to provide all with exceptional service and care.

To ensure we are providing the best service possible, Capstone promises to include designated school staff and administration in the hiring process. We want to ensure the athletic trainer selected to be part of your school community is a perfect fit. In order to do that and in an effort to provide transparency within the hiring process, Capstone Medical Services will narrow down our candidate pool to those individuals we feel will be the best suited for the position. From there, we would invite those designated by Kingsway Regional High School to participate in an additional round of interviews with these candidates. After those interviews have been completed, leadership from Capstone Medical and Kingsway Regional High School will meet and discuss each candidate to find the individual that best fits the needs of the school and school community.

Kingsway Regional Middle School Professional Development Plan 2025-2026

School Name	Principal's Name	Plan Dates
Kingsway Regional Middle School	**Brian Tonelli**	**July 1, 2025-June 30, 2026**

The 2025-2026 district professional development plan (PDP) aligns with Kingsway's strategic plan. It integrates feedback from stakeholders (surveys, focus groups, faculty/staff feedback) and quantitative academic data (local performance data, state standardized tests, special education reports). The purpose of the plan is to guide the professional development of our faculty, staff, and school leaders and to provide a focus for sustained improvement as a district. It is our commitment to excellence that fuels our mission to engage students within a diverse and nurturing community dedicated to our *Vision for Excellence*: *to successfully prepare students for their unique path in life.* This plan targets strategic plan aims and goals in priorities one and two related to ***improving student outcomes for the continuum of learners*** and ensuring adequate resources and supports for ***students' behavioral, social, and emotional well-being,*** respectively.

Kingsway Regional School District

Kingsway Regional Middle School Professional Development Plan 2025-2026

Goal 1: Academic Tiered System of Supports
From September 2025 through June 2026, Kingsway Regional Middle School will continue to operationalize tiered academic supports by: • Implementing and monitoring Academic Tier 1 Action Plans developed by building-based Academic Data Teams and PLTs to ensure at least 80% of students reach proficiency in the targeted ELA and Math skills or concepts. • Facilitating professional development that strengthens faculty assessment and data literacy, equipping PLTs to apply a data protocol to identify students in need of Tier 2 interventions and deliver small-group, classroom-based support.
Goal 1 Rationale
Student achievement data—in Action Plan Skill Checks, MAP Growth, NJGPA, and NJSLA—reveals persistent proficiency gaps despite solid growth. Walk-throughs and teacher discussions confirm a need to deepen differentiated pedagogy. Sustaining evidence-based, high-quality Tier 1 instruction and launching teacher-led Tier 2 supports will strengthen learning outcomes and foster equity. This work aligns with Strategic Plan priorities: P.1 A.1 G.1-3; P.1 A.3 G.2; P.4 A.1 G.1-2. • **MAP Growth Overview:** While Grades 7–10 broadly met Fall-to-Spring MAP growth targets in Math and Reading, students with disabilities did not show consistent growth across all grades and subjects. For example, Grade 7 SWD fell from an MGP of 29 to 21 in Math and from 35 to 31 in Reading, and Grade 10 SWD plateaued at an MGP of 32 in Math. In particular, SWD in Grade 8 and Grade 9 Math exceeded targets by over 40 percentile points. • **Tier 1 Instruction:** Despite strong growth related to targeted skills, proficiency remains uneven. The SY 25-26 final Tier 1 action plan skill-checks indicated proficiency in Grade 7–8 Math at 48.7% and ELA at 70.5%. • **Spring 2025 NJSLA Insights:** Middle-school cohorts in Math 7, Math 8, and Geometry 8 showed modest gains.

Goal 1 Professional Learning Activities	
District and Building Administrators, Instructional Coaches, Department Chairs, Data	• Define Cycles and Timeline: Phase Tier 1 planning from Data Teams → PLTs (Data Teams co-lead Cycles 1–2; PLTs take full ownership in Cycle 3). • Co-lead cycles 1 & 2 Tier 1 action-plan meetings (admin and data team members) • Develop professional training and materials on NJTSS data-driven problem-solving (analyzing skill-check results,

Team Members	identifying root cause skill gaps, selecting Tier 2 strategies). ● Specify data-tool training for LinkIt! dashboards to build independence after the facilitated cycles. ● Share subgroup MAP/NJGPA/NJSLA data and Skill Check reports with Data Teams and PLTs. Use LinkIt! (wherever possible) to streamline data access and insights. ● Reserve and communicate dedicated PLT and common prep time. ● Review cycle skill-check results and Tier 2 group progress; collaborate with interventionists on Tier 3 lab referrals that complement classroom work. ● Lead Data-Driven Workshops: Facilitate the sessions each cycle on analyzing common assessments, pinpointing root causes (e.g., skills vs. engagement). ● Model Instructional Moves: Demonstrate Tier 1 differentiation routines and in-class Tier 2 small-group strategies in live classrooms and via job-embedded coaching.
Instructional Faculty	● Deliver High-Quality Tier 1 Instruction: Implement G.R.E.A.T. routines plus Tier 1 skill checks every cycle. ● Improve capacity to launch teacher-led Tier 2 instruction: Form in-class small groups for students below benchmarks, seek to address the root cause of the learning gap to guide strategy selection. ● Progress monitor Tier 1 and Tier 2 outcomes from skill-checks and data-based PLTs notes ● Attend all PLT data workshops; contribute student work samples and in-class observations. ○ Cycles 1 & 2: Implement action plans developed by Data Teams; administer Skill Checks and analyze data ○ Cycle 3 & onward: Lead full analysis of skill-check data, set 80% proficiency targets, and design Tier 1 instructional adjustments. Share each cycle's action plan, student outcomes, and intervention decisions.

Goal 2: Social-Emotional & Behavioral (SEB) Tiered System of Supports

From September 2025 through June 2026, Kingsway Regional Middle School will support building-based School Safety and Climate Teams to utilize HIB, discipline, attendance, and/or BESS data to inform the development, implementation, and progress monitoring of Social Emotional Behavioral (SEB) Tier 2 Action Plans.
Strategic Plan Alignment— P.1 A.2 G.2; P.2 A.3 G.1

Goal 2 Rationale	

Patterns of chronic absenteeism, disproportionate repeat discipline, and student feedback indicating gaps in conflict-resolution skills and stress management signal a need for targeted Tier 2 social-emotional and behavioral supports. Addressing these indicators through data-driven SEB action plans promotes equitable outcomes for students most affected by attendance, behavior, and climate concerns.
 	
• Discipline (KRMS) - 12 repeat tier III and tier IV violators. 11 of the 12 repeat offenders were minority students. Conflict resolution was the root of the majority of the offenses.
 	
• Core Values (KRSD) - Based on SY24-25 district survey:
  ○ 22% of students disagree or strongly disagree that the school helps build students' conflict resolution skills.
  ○ 43% disagree or strongly disagree that the school places a priority on helping students handle stress.
  ○ 46% of students disagree or strongly disagree that students are treated the same by each other, regardless of their differences.	

Goal 2 Professional Learning Activities	
Principals, Assistant Principals, Director of School Counseling, Director of Special Services, and the School Safety and Climate Teams	• Monitor and analyze student disciplinary and attendance data on a consistent and frequent basis at the building level to identify patterns and trends; share out at faculty meetings • Facilitate the analysis of BESS, disciplinary, HIB, and attendance data at the School Safety and Climate teams • Create a Tier 2 SEB action plan template • Train school and wellness counselors and child study team members in a menu of evidence-based Tier 2 interventions (e.g., Check-in/Check-out, Check & Connect, small-group SEL curricula, restorative conferencing, attendance mentoring) and in monitoring fidelity and impact • Develop SEB Tier 2 Action plans at each building to address identified SEB needs of small groups of students
School Counselors and Child Study Team Members	• Build capacity with progress-monitoring tools, i.e., behavioral goal tracking, attendance response dashboards, and on progress monitoring cycles to refine small group supports

	• Use data to inform action steps to support identified student needs • Provide small group counseling as per Tier 2 action plans • Monitor implementation in collaboration with district and building administrators and report back to School Safety and Climate Teams

All state-mandated professional development activities required for school faculty, staff, and school leaders by the state of NJ are outlined HERE. Then the District will distribute these required PD requirements through Vector and other means that best meet the stated requirements.

Resources & Justification

Resources: A portion of the District's budget has been allotted to meet the needs documented in this professional development plan. The allocation will come from state and federal dollars (i.e., Title I, Title IIA, etc.). Funds will cover costs for necessary staffing to support the professional development of faculty and staff, external providers/consultants, materials, technology resources, travel expenses, subscriptions to online resources, and staff stipends, when necessary. The plan controls expenses by relying largely on in-district expertise to provide specified activities and training (i.e., Department Supervisors, Instructional Coaches, Teacher Leaders, School Leaders, District Leaders, etc.). The Kingsway Regional School District employee contract stipulates that eight (8) full days during the school year will be dedicated to in-service. Three (3) Mondays each month will be extended to include 40 minutes for professional learning/collaboration. Additionally, the district employs the following to enhance teacher professional learning and collaboration: team time at the middle school, opportunities for out-of-district workshops, extended-day professional learning workshops (PLWs), online professional development library, instructional coaching, informal walkthroughs, and a flexible professional development option (Dragon Hours) that meets the unique professional development needs of the educator.

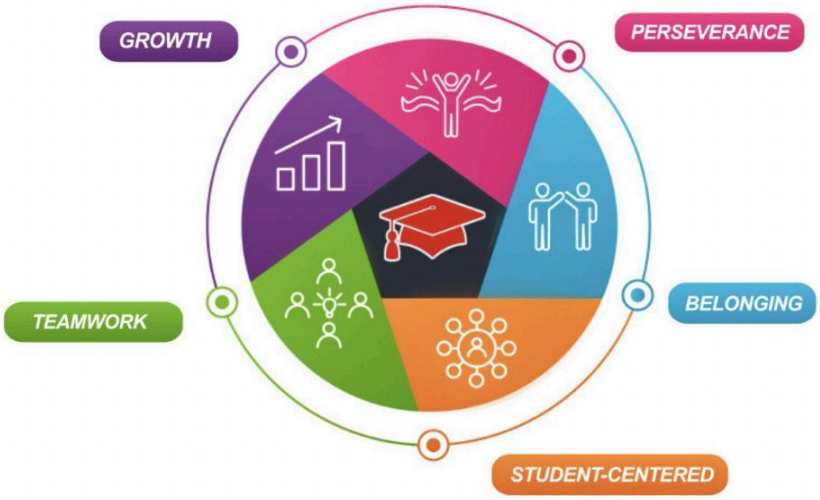

Justification: Student results gathered from various assessments (i.e., district benchmarks, EOY grades, state reports, BESS, etc.), feedback from building-level School Improvement Panels (ScIPs), faculty and student discussions, annual teacher observations and evaluations, survey feedback, focus groups, and parent advisory committees have confirmed that the district should work to focus on the above-noted goal areas to improve student outcomes and experiences. The use of data at all levels of the organization is a critical part of this conversation that must be fostered better to understand the needs and direction of the district. Kingsway Regional School District will, through professional learning, facilitate dialogue and a variety of supports, emphasizing the importance of all district initiatives to safeguard the well-being of the students, faculty, staff, and community. Importance will be placed on the connection between and among elements of the instructional core (the teacher, the student, and the content) and the implementation of G.R.E.A.T. Instruction in each classroom. The district also recognizes the need to ensure that the whole child is considered when assessing student outcomes, which is why social-emotional, behavioral, and attendance concerns are included in this plan.

High School Professional Development Plan 2025-2026

School District Name	Principal Name	Plan Dates
Kingsway Regional High School	Stefanie Fox-Manno	July 1, 2025-June 30, 2026

The 2025-2026 high school professional development plan (PDP) aligns with Kingsway's strategic plan. It integrates feedback from stakeholders (surveys, focus groups, faculty/staff feedback) and quantitative academic data (local performance data, state standardized tests, special education reports). The purpose of the plan is to guide the professional development of our faculty, staff, and school leaders and to provide a focus for sustained improvement as a school and district. It is our commitment to excellence that fuels our mission to engage students within a diverse and nurturing community dedicated to our *Vision for Excellence*: *to successfully prepare students for their unique path in life.* This plan targets strategic plan aims and goals in priorities one and two related to ***improving student outcomes for the continuum of learners*** and ensuring adequate resources and supports for ***students' behavioral, social, and emotional well-being,*** respectively.

Kingsway Regional School District

High School Professional Development Plan 2025-2026

Goal 1: Academic Tiered System of Supports

From September 2025 through June 2026, the high school will continue to operationalize tiered academic supports by:

- Implementing and monitoring Academic Tier 1 Action Plans developed by building-based Academic Data Teams and PLTs to ensure at least 80% of students reach proficiency in the targeted ELA and Math skills or concepts.
- Facilitating professional development that strengthens faculty assessment and data literacy, equipping PLTs to apply a data protocol to identify students in need of Tier 2 interventions and deliver small-group, classroom-based support.

Goal 1 Rationale

Student achievement data—in Action Plan Skill Checks, MAP Growth, NJGPA, and NJSLA—reveals persistent proficiency gaps despite solid growth. Walk-throughs and teacher discussions confirm a need to deepen differentiated pedagogy. Sustaining evidence-based, high-quality Tier 1 instruction and launching teacher-led Tier 2 supports will strengthen learning outcomes and foster equity. This work aligns with Strategic Plan priorities: P.1 A.1 G.1-3; P.1 A.3 G.2; P.4 A.1 G.1-2.

- **MAP Growth Overview:** While Grades 9–10 broadly met Fall-to-Spring MAP growth targets in Math and Reading, students with disabilities did not show consistent growth across all grades and subjects. For example, Grade 10 SWD plateaued at an MGP of 32 in Math. In particular, SWD in Grade 9 Math exceeded targets by over 40 percentile points.
- **Tier 1 Instruction:** Despite strong growth related to targeted skills, proficiency remains uneven. The SY 25-26 final Tier 1 action plan skill-checks indicated the following: students in HS Alg 1, Geometry, or Algebra II averaged 60.7% proficiency in Math and 53.4% proficiency in ELA, indicating that more than 20% of students have not yet mastered targeted skills.
- **Spring 2025 NJGPA Trends:** District NJGPA proficiency rose to 69% in Math and 85% in ELA, but significant subgroup declines among Black/AA and Hispanic/Latino students highlight the need for targeted support.
- **Spring 2025 NJSLA Insights:** High-school Algebra and Grade 9 ELA proficiency declined markedly. Year 1 of our SY 25–26 plan must therefore sustain successful Tier 1 practices in lower grades, reinforce algebra foundations at the secondary level, and launch targeted Tier 2 interventions—especially for Algebra I, Grade 9 ELA, and other under-performing cohorts.

High School Professional Development Plan 2025-2026

Goal 1 Professional Learning Activities	
District and Building Administrators, Instructional Coaches, Department Chairs, Data Team Members	• Define Cycles and Timeline: Phase Tier 1 planning from Data Teams → PLTs (Data Teams co-lead Cycles 1–2; PLTs take full ownership in Cycle 3). • Co-lead cycles 1 & 2 Tier 1 action-plan meetings (admin and data team members) • Develop professional training and materials on NJTSS data-driven problem-solving (analyzing skill-check results, identifying root cause skill gaps, selecting Tier 2 strategies). • Specify data-tool training for LinkIt! dashboards to build independence after the facilitated cycles. • Share subgroup MAP/NJGPA/NJSLA data and Skill Check reports with Data Teams and PLTs. Use LinkIt! (wherever possible) to streamline data access and insights. • Reserve and communicate dedicated PLT and common prep time. • Review cycle skill-check results and Tier 2 group progress; collaborate with interventionists on Tier 3 lab referrals that complement classroom work. • Lead Data-Driven Workshops: Facilitate the sessions each cycle on analyzing common assessments, pinpointing root causes (e.g., skills vs. engagement). • Model Instructional Moves: Demonstrate Tier 1 differentiation routines and in-class Tier 2 small-group strategies in live classrooms and via job-embedded coaching.

Instructional Faculty	• Deliver High-Quality Tier 1 Instruction: Implement G.R.E.A.T. routines plus Tier 1 skill checks every cycle.
	• Improve capacity to launch teacher-led Tier 2 instruction: Form in-class small groups for students below benchmarks, seek to address the root cause of the learning gap to guide strategy selection.
	• Progress monitor Tier 1 and Tier 2 outcomes from skill-checks and data-based PLTs notes
	• Attend all PLT data workshops; contribute student work samples and in-class observations.
	  ○ Cycles 1 & 2: Implement action plans developed by Data Teams; administer Skill Checks and analyze data
	  ○ Cycle 3 & onward: Lead full analysis of skill-check data, set 80% proficiency targets, and design Tier 1 instructional adjustments. Share each cycle's action plan, student outcomes, and intervention decisions.

Goal 2: Social-Emotional & Behavioral (SEB) Tiered System of Supports

From September 2025 through June 2026, the district will support building-based School Safety and Climate Teams to utilize HIB, discipline, attendance, and/or BESS data to inform the development, implementation, and progress monitoring of Social Emotional Behavioral (SEB) Tier 2 Action Plans.
Strategic Plan Alignment— P.1 A.2 G.2; P.2 A.3 G.1

Goal 2 Rationale

Patterns of chronic absenteeism, disproportionate repeat discipline, and student feedback indicating gaps in conflict-resolution skills and stress management signal a need for targeted Tier 2 social-emotional and behavioral supports. Addressing these indicators through data-driven SEB action plans promotes equitable outcomes for students most affected by attendance, behavior, and climate concerns.

- Attendance (KRHS) - Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. Chronic absenteeism is defined as being absent for 10% or more of the days enrolled during the school year. Over the past four years, the high school has experienced attendance rates over the 10% threshold (with the latest chronic absenteeism percentage as 13.29%). Student groups specifically over the 10% threshold are as follows: Hispanic, Black/AA, Two or More Races, White, SWD, and ED.

- HIB (KRHS) - All 10 HIB violations at the high school in the 24-25 SY focused on the following protected classes: race, gender, and gender identity or expression.

- Discipline (KRHS) - 19 repeat Tier III and Tier IV violators. 13 of the 19 (68%) repeat offenders were SWD students. These repeat offenses were incitement to fight, fighting, threats, and substance abuse. Conflict resolution and social/emotional well-being were at the root of these offenses.

- Core Values (KRSD) - Based on SY24-25 district survey:
    - 22% of students disagree or strongly disagree that the school helps build students' conflict resolution skills.
    - 43% disagree or strongly disagree that the school places a priority on helping students handle stress.
    - 46% of students disagree or strongly disagree that students are treated the same by each other, regardless of their differences.

Goal 2 Professional Learning Activities	
Principals, Assistant Principals, Director of School Counseling, Director of Special Services, and the School Safety and Climate Teams	• Monitor and analyze student disciplinary and attendance data on a consistent and frequent basis at the building level to identify patterns and trends; share out at faculty meetings • Facilitate the analysis of BESS, disciplinary, HIB, and attendance data at the School Safety and Climate teams • Create a Tier 2 SEB action plan template • Train school and wellness counselors and child study team members in a menu of evidence-based Tier 2 interventions (e.g., Check-in/Check-out, Check & Connect, small-group SEL curricula, restorative conferencing, attendance mentoring) and in monitoring fidelity and impact • Develop SEB Tier 2 Action plans at each building to address identified SEB needs of small groups of students
School Counselors and Child Study Team Members	• Build capacity with progress-monitoring tools, i.e., behavioral goal tracking, attendance response dashboards, and on progress monitoring cycles to refine small group supports • Use data to inform action steps to support identified student needs • Provide small group counseling as per Tier 2 action plans • Monitor implementation in collaboration with district and building administrators and report back to School Safety and Climate Teams

Committed to Excellence

NEW TEACHER MENTOR PROGRAM

KINGSWAY REGIONAL SCHOOL DISTRICT

Overview

The vision of Kingsway Regional School District's (KRSD) New Teacher Mentoring Program is to connect the teachers new to the field of education with an experienced teacher for a one-year mentoring partnership. This program meets the licensure requirement of New Jersey (NJ), while facilitating the growth of new teachers toward the highest levels of professional practice during their first years of teaching.

Program Goals

The goals of the mentoring program are to enhance teacher knowledge of and strategies related to:

- New Jersey Student Learning Standards (NJSLS) to facilitate student achievement and growth;
- Exemplary teaching skills and educational practices necessary to acquire and maintain excellence in teaching; and
- Duties and challenges of teaching.

Mentor Requirements

- Hold an instructional certificate
- Has at least three (3) years of experience
- Demonstrates a record of success in the classroom (e.g., a summative rating of effective or highly effective on the most recent summative evaluation)
- Understands the social and workplace norms of the school district and the community
- Understands the resources and opportunities available in the school district and can act as a referral source
- Completes a comprehensive mentor-training program that includes training on Professional Standards for Teachers, facilitating adult learning & leading reflective conversations about teaching practice, NJSLS, the District's teaching evaluation rubric, and classroom observation skills.

Professional Standards for Teachers

The Professional Standards for Teachers serve as the foundation for the New Teacher Mentoring Program and provide the following:

- **Purpose:** to ensure that all teachers have an understanding of their own frames of reference and their impact on expectations for, and relationships with, students and their families
- **Foundational Belief:** all students bring to their learning varying experiences, abilities, talents, and prior learning, as well as language, culture, and family and community values that are assets that can be used to promote student learning

Within each standard, the elements are organized under the following criteria:

- **Performances**: the aspect that can be observed and assessed in teaching practice;
- **Essential Knowledge**: the understanding that one needs to support effective practice; and
- **Critical Dispositions**: the habits of professional practice that underlie the performances and knowledge and play a key role in how teachers practice

Key themes are evident across the eleven standards. While the theme may not be explicitly stated, it can be inferred from the description of the knowledge, disposition, or performance within the standard. The integrated themes are as follows: *collaboration, communication, creativity/innovation, critical thinking/problem solving, cultural competence, multilingual learners, families and communities, individual differences, interdisciplinary/multiple perspectives, professional learning, student-directed learning, teacher responsibility, technology, and use of data to support learning.*

Standards Overview: The table below outlines each standard accordingly.

Standard	Topic	Description
1	*Learner Development*	The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.
2	*Learning Differences*	The teacher uses an understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.
3	*Learning*	

	Environments	The teacher works with others to create environments that support individual and collaborative learning and that encourage positive social interaction, active engagement in learning, and self-motivation.
4	*Content Knowledge*	The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches, particularly as they relate to the Common Core Standards and the New Jersey Core Curriculum Content Standards, and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.
5	*Application of Content*	The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem-solving related to authentic local and global issues.
6	*Assessment*	The teacher understands and uses multiple methods of assessment to engage learners in examining their own growth, to monitor learner progress, and to guide the teacher's and learners' decision-making.
7	*Planning for Instruction*	The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.
8	*Instructional Strategies*	The teacher understands and uses a variety of instructional strategies to encourage learners to develop a deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.
9	*Professional Learning*	The teacher engages in ongoing individual and collaborative professional learning designed to impact practice in ways that lead to improved learning for each student, using evidence of student achievement, action research, and best practice to expand a repertoire of skills, strategies, materials, assessments, and ideas to increase student learning.
10	*Leadership and Collaboration*	The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession
11	*Ethical Practice*	The teachers act under legal and ethical responsibilities and use integrity and fairness to promote the success of all students.

Program Requirements

Meeting Requirements

- Planned, weekly, **in-person one-on-one meetings no less than 30 minutes for a span of a minimum of 30 weeks** and based on the new teacher certification as noted below:
  - **Certificate of Eligibility w/ Advanced Standing (CEAS):** one-to-one meetings at least twice (2) per week for the first four (4) weeks of the teaching assignment
  - **Certificate of Eligibility (CE):** one-to-one meetings at least twice (2) per week for the first eight (8) weeks
- Meetings *must* include support and activities based on the non-tenured teacher's individual needs and be aligned with the **Professional Standards for Teachers.**

Mentor Logs & Compensation

Mentors are required to log their required 30-week mentoring as outlined above. This log serves as documentation that will allow the mentee to receive his/her required standard teaching certification and can be found in the Google Drive HERE. The mentor must submit a mentoring log to the building principal that includes details on the following:

- the initial weekly meetings per licensure noted above
- The **New Teacher Mentor Program: Mentee Pre-Assessment/Self-Assessment**
- details that outline supports and activities that are aligned with the Professional Standards for Teachers
- a minimum of 2-3 peer observations between the mentor and mentee

- a minimum of 1-2 joint participations at a Professional Development opportunity.
- The **New Teacher Mentor Program: Mentee Post-Assessment/Self-Assessment**

In addition, the mentoring log serves as evidence that allows the mentor to receive payment at the end of the 30 weeks. The administrative office of each school district is responsible for overseeing the payment of mentors. Payment may not be conferred directly from mentee to mentor and cannot be waived. Therefore, once the payment form has been submitted, the district will begin to deduct monthly from each mentee's pay. Mentoring fees are below and are based on the mentee's certification.

- **$550** for novice teachers in the provisional teacher program who are hired under a CEAS

- **$1000** for novice teachers in the provisional teacher program who are hired under a CE. The rationale is that Alternate Route teachers should receive more intensive support, particularly at the beginning of their assignment.

Should any concerns arise that impact the well-being of the employee or students, however, contact the principal immediately.

Mentoring from another District

If a new teacher leaves the district during the initial provisional year and begins to work in another New Jersey district, the first district will need to report the amount of mentoring that occurred so that the teacher is able to complete the mentoring requirement in the new district. In addition, the new district will have to decide about the mentoring fees still owed. To access the *Mentoring Transfer Template* or to review information related to the requirements of the teacher and/or district to be used for new teachers leaving the district before they have completed the minimum 30 weeks, please click HERE.

ACADEMICS

Learning Management System (Schoology)

Schoology (pronounced "Skoo-luh-jee"), Learning Management System (LMS), supports students' virtual learning and streamlines student, parent, and faculty interactions in an all-in-one virtual environment.

Parent Access to Schoology

Through Schoology, parents can view their children's activity, check grades, and communicate with teachers all within the Schoology platform. Sign in to access your parent account to stay involved as partners in your children's education. To learn more and access the parent guide, visit **Schoology for Parents and Families.**

Student Access to Schoology

Students can access our Kingsway Schoology site at **kingway.schoology.com** and sign in using the Kingsway Google App credentials. Schoology serves as a convenient one-stop shop for students to access courses, assignments, teachers, grades, and more. Schoology will also host information for student clubs!

Parent-Teacher Communication Protocol

Kingsway Regional High School prides itself in welcoming parent participation and involvement. Throughout the year, our teachers and staff will make every effort to keep you informed of your child's progress. Despite our very best efforts, questions and concerns may arise. In efforts to resolve matters quickly and effectively, we ask that parents and/or guardians first contact the teacher or school counselor before involving school administration. To ensure the success of our students, see the **District's Chain of Command** for addressing questions or concerns.

Semester Timeline

The academic calendar is divided into two semesters. Please check the district website for these timelines as they are subject to change due to unforeseen circumstances (weather). Please review the **2026-2027 school calendar** throughout the year to stay informed of key dates and scheduling changes.

Access to Student Grades: Genesis & Schoology

Parents may access their child's current grades through Schoology or Genesis. Schoology and Genesis sync nightly in order to store current grades in both locations. Genesis will be used to store your child's historical grades, current schedule, and bus route while providing the district with your child's demographic information as well as parent/guardian contact information. Parents may contact the school counseling department (ext. 4207) if they need additional assistance and/or misplace the username and password information.

Change of Address

When moving from one address to another within the district, a Change of Address Form must be filed with the **Registrar's Office**. At this time, **proof of residency** will be required.

Senior Incentive Program

Seniors in Good Standing are identified as those who are not on the academic and attendance ineligibility list and are clear of any outstanding disciplinary infractions and/or monetary obligations. Students will be added or removed based on periodic records reviews. Seniors in good standing may be eligible to

participate in Senior Privileges. This includes Senior Flex, Early Release, and driving. Continued eligibility will be based upon the following and privileges will be revoked when the following criteria is not met:

- Attendance: Students must have no more than **sixteen (16)** unexcused absences.
- Discipline: Students must be in Good Student Standing.
- Academics (Use of Semester Grades Only): Academic eligibility will be determined by semester grades and credits earned.
    - A student who is on the ineligibility list at the end of their junior year is not eligible to apply for senior privileges until the second semester of their senior year; **full schedules will be given to seniors who are ineligible**.
- Obligations: All school obligations must be satisfied (see the North Main Office secretary in charge of obligations to either return or pay for the item in question).

A violation of one or more of the above criteria may result in the revocation of Senior Privileges. Students can remedy the situation in one of the following ways:

- Discipline: Refrain from any additional infraction to the disciplinary code.
- Academics (Use of Semester Grades Only): Students deemed ineligible at the end of a semester will remain ineligible until the following semester, at which time grades will be reviewed and eligibility reinstated if the criteria defined above is met.
- Attendance: Attend credit recovery to lower days under the attendance threshold of 16 days and attend school on a daily basis.
- Obligations: Pay for or return the item in question.

If a student fails to satisfy the required remediation, Senior Privileges will be revoked for the remainder of the semester.

Senior Flex Privilege—Late Arrival/Early Dismissal

Eligible seniors may arrive at school late or leave early on specific days when a study hall in their schedule occurs during 1st bell (Late Arrival) or 8th bell (Early Dismissal). On these days, Late Arrival students must sign in at the Attendance Office prior to 2nd bell class, and Early Dismissal students must sign out at the Attendance Office prior to 8th bell class and immediately leave the building and the campus.

Example of a Senior Flex Privilege schedule for a Senior in Good Standing.

Senior Academic Privilege Schedule		A	B	C	D
First Bell	A.M. WHEEL	1	4 (Late Arrival)	3	2
Second Bell		2	1	4 (Study Hall)	3
Third Bell		3	2	1	4 (Study Hall)
Fourth Bell	Lunch 1/Enrichment	S.M.A.R.T. Period			
Fifth Bell	Lunch 2/Enrichment	S.M.A.R.T. Period			
Sixth Bell	P.M. WHEEL	6	9	8 (Study Hall)	7
Seventh Bell		7	6	9	8 (Study Hall)
Eighth Bell		8 (Early Release)	7	6	9
DROP		4 (Study Hall)	3	2	1
		9	8 (Study Hall)	7	6

Note - The sample schedule is for a senior who has two study halls with an early release on A day and a late arrival on B day.

Senior Early Release Privilege

Eligible seniors who do not have P.M. wheel academic classes may sign out at 11:15am. Students are provided access to all of the SMART periods (L1 and L2). Students must utilize proper procedures when signing out daily.

Eligibility for Early Release

Only academically eligible seniors who have a Kingsway parking permit can apply for Early Release. To maintain eligibility, seniors must remain eligible in the areas of academics and attendance and be in Good Student Standing or their early release and parking permit will be revoked.

Senior Driving & Parking Privilege

In the interest of safety and in order to make the best use of limited parking space, Kingsway Regional High School sells permits and issues parking spaces according to established protocols. Eligible seniors who have senior privilege can apply for a parking space. Students wishing to apply for a parking space must meet all eligibility requirements: free of all obligations (fines and discipline), in Good Student Standing, in good standing with attendance, and have passed ALL classes with a minimum of 100 credits toward graduation.

Seniors wishing to purchase a parking permit must submit a "Consent to Participate in Random Testing for Student Alcohol or Other Drug Use Program" form signed by a parent in order to be eligible to purchase a permit. For further details, please visit the school website and reference **Policy 5536., Random Drug Testing for Student Alcohol or Other Drug Use.** In addition, students must submit a "Senior Driving Application," along with proof of insurance, a valid driver's license, and vehicle registration. The cost of a parking tag and assigned space is $50 and is non-refundable. Parking violations–first offense is an administrative warning and any offense after that is subject to a $20 fine per incident.

Information regarding the online application for the Senior Driving Privilege will be emailed to your child's school email account. Please keep in mind that Senior Driving is a privilege—not a right.

Rules and Regulation for Student Drivers

8. Sitting in parked vehicles while on campus is not permitted.

10. **Students who are not in Good Student Standing due to lateness and/or discipline code violations will lose parking privileges until their standing improves.**

12. In addition to facing discipline, failure to follow the Driving Rules and Regulations will result in suspension of driving privileges for a period of time and fee depending on the seriousness of the incident or possibly for the remainder of the year without a refund.

Driving rules and regulations are listed under the Student Code of Conduct below.

Promotion and Retention

The Board recognizes that personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth. The Superintendent shall direct development of and the Board shall adopt detailed regulations to govern progress of pupils through grades seven through twelve. The regulations shall include:

1. Standards of proficiency related to district goals and objectives;
2. Standards of attendance and provision for review of mastery;
3. Timely efforts to help all pupils achieve acceptable levels of proficiency;
4. Timely notification of parent(s) or legal guardian(s) when there is a possibility of failure;
5. Procedures for parent(s) or legal guardian(s) and adult pupils to appeal promotion/retention decisions; and
6. Provisions for involving parent(s) or legal guardian(s) in the design of the remedial program.

Parent(s) or legal guardian(s) will be notified whenever exceptions are contemplated in a pupil's normal progression from level to level. The final decision in all cases will rest with school authorities. Promotion and retention of pupils shall be related to district goals and objectives of the instructional program, which provides for the continuous progress of pupils from one grade to the next. The decision to promote or retain a pupil is to be made by the school administration based on a pupil's progress in meeting grade-level goals and the individual's achievement of established standards in the regular instruction program or an individualized education plan. Pupils and parent(s) or legal guardian(s) shall be notified each year of this policy and the procedures for assessment, grading, promotion/retention standards, and intervention efforts with preventive and remedial instruction. Each pupil shall be placed each year at his/her appropriate grade level of academic, social, and emotional development by the Principal. When reviewing a pupil's progress toward such placement in grades seven and eight, the criteria considered are:

1. Acceptable levels of achievement of proficiencies in all programs and coursework to meet established standards;
2. Continuous growth and achievement commensurate with the abilities of the pupil within the

grade level or program expectations of assigned placement; and

3. Evidence of social and emotional maturity.

Within such same criteria, promotional procedures for the high school grade levels include the successful completion of coursework to the degree of proficiency required for the particular course, attendance of the required number of the sessions per course, and earning an accumulated total of credits toward graduation.

Grading at Kingsway

An assigned grade measures student achievement relative to identified grade-level standards, course outcomes, and overall curricular goals and objectives. Grades inform students, parents, teachers, and administrators of the degree to which proficiency and/or mastery has been attained and help teachers adjust instruction to meet the individual needs of all students. Teachers within the Kingsway Regional School District consistently use the following grading categories and percentages:

- **Primary** - Assessments/assignments in this category comprise 40% of a student's grade and typically assess multiple standards introduced throughout the unit or multiple units.

- **Secondary** - These assessments/assignments account for 40% of a student's grade and typically focus on the discrete skills and understandings students need to acquire before engaging in a primary assessment/assignment. These assessments/assignments are able to be redone in line with the District's Reassessment Practice.

- **Supportive** - In this category, 20% of the overall grade is earned. These assessments/assessments usually focus on scores achieved from independent work towards proficiency or mastery in the standards.

Reassessment Practice

Philosophy

Kingsway Regional School District values all learners as well as the learning process itself as we continue our commitment to excellence. To this point, we acknowledge that not all learners learn the same way, at the same pace, and at the same moment in time. Therefore, we believe students should take ownership of their learning by reflecting on errors and by taking steps to further engage in the learning process with the aim of demonstrated improvement. In carrying this belief forward, we wish to afford all students the opportunity to reassess so as to demonstrate proficiency on grade-level standards so they may successfully progress with confidence.

Kingsway Regional School District will continue to implement a uniformed reassessment practice in grades 7-12 that supports this rationale as well as the goals noted below.

- *Goal #1: To improve understanding of material and, hence, increase confidence as students' progress*
- *Goal #2: To assist students with understanding that mistakes can be an opportunity for growth*
- *Goal #3: To build upon study skills and accountability for own learning*

Retake Practice

- As a grade of an 83 (B) demonstrates *strong proficiency* within the district's grading scale, if a student receives a *grade of less than an 83 (B) on a secondary assessment/assignment*, he/she is *eligible* for another opportunity to demonstrate proficiency in the material. *The highest grade the student can receive as a result of the reassessment opportunity is an 83.*
- To take advantage of this opportunity, the student must reach out to the teacher within the allotted timeframe and let them know they would like to reassess. The teacher will then provide additional opportunities for the student to further engage in study/learning so the student can better understand what he/she did not previously. These opportunities are referred to as *"learning demonstration activities (LDAs)"* and are specifically designed by the course teacher.
- *Students have 5-10 school days (5 days is optimal)* from receipt of the first graded assessment to engage in the "learning demonstration activities" and to take the reassessment. All "learning demonstration activities" must be completed before the reassessment is given.

Principal's and Superintendent's Lists

To be on the Superintendent's List, a student must have all grades of 90% or higher for the semester. To be on the Principal's List, a student must have all grades of 80% or higher for the semester.

KRHS Honor Societies

Kingsway Regional High School is proud to offer students the opportunity to participate in a variety of honor societies that recognize outstanding achievement in academics, leadership, service, and the arts. Membership in these organizations is an honor that reflects a student's commitment to excellence both inside and outside of the classroom.

Students interested in learning more about eligibility requirements, the application process, and membership expectations are encouraged to visit the individual **honor society webpage**.

Scheduling For the Year & Change of Schedule Policy

During the previous school year, students select their courses through Genesis. Kingsway encourages students and families to utilize the **Program Planning Guide** to help with the scheduling process.

The master schedule for the upcoming school year beginning in September, will be set by the end of the prior school year ending in August. Schedule changes that include the exchange of one course for another or changing the level of a course will be considered through the end of August. Students should review the offerings in this handbook carefully before choosing electives for the upcoming school year as changes to student schedules once school begins will only be considered for the following reasons:

1. To meet graduation requirements or mandated program requirements.
2. If a student failed with a scheduled teacher in the previous year and another teacher is available.
    a. Where necessary, such changes will be made at counselor discretion and only after extensive review of the circumstances.

In all cases, parental permission or parental awareness is necessary in writing before any change can be made. All schedule changes made after the third Friday in August are subject to administrative approval. Students withdrawing with administrative permission will receive the following designations on report cards and transcripts:

W - Withdraw Passing - No Credit. Students who withdraw from a subject after the deadline will be assigned a "W" if they are passing the course at the time of withdrawal.

WF - Withdraw Failing - No Credit. Students who withdraw from a subject after the deadline will be assigned a "WF" if they are failing the course at the time of withdrawal.

Summer School

In accordance with **Board of Education Policy 5410**, Promotion and Retention, pupils that do not earn credit in a subject as a result of a failing final grade have the option to attend a summer school program approved by the NJ Department of Education and the Board of Education, provided that the failing grade did not fall below a 45. Pupils that earn a final grade of 44 or below must repeat the course the following year or seek another full-year course to accrue credit.

Vocational School

The district provides transportation for students traveling to and from an approved vocational school each day. Attendance and disciplinary actions are coordinated between Kingsway Regional High School and the vocational school. Students must attend both schools each day to be counted as present. Students who are suspended out of school may not attend either school on the day(s) they are suspended. In the event Kingsway Regional High School is closed for vacation or a teacher in-service day, and the vocational school is open, students must attend the vocational school. The district will provide transportation.

For further details, please visit the school website and reference **Policy 5536., Random Drug Testing for Student Alcohol or Other Drug Use**

Participation Requirements and Eligibility for Extracurricular Activities, Athletics, & Events

Students who are academically ineligible are not permitted to participate in school sponsored clubs and sports until the completion of the first semester of the school year and until they obtain academic eligibility.

Students who are not in Good Student Standing will not be permitted to participate in, or attend, school-sponsored activities including, but not limited to, SMART, athletics, extracurricular activities, and school- sponsored events, such as field trips, homecoming, the senior prom/picnic/trip, etc. All decisions are at the discretion of the administration.

In addition, if a student exceeds sixteen (16) unexcused absences, the student will become ineligible for all school sponsored events and activities until proper documentation has been submitted and/or credit recovery is complete.

Class Trips, Senior Prom, Homecoming, Athletics, and School-Sponsored Events Requirements

Class trips, the prom, sports, and other school gatherings are very special events in the lives of our students. Considerable pride is taken in providing these special activities to students who exemplify hard work, dedication, courtesy, and politeness. It is fully realized that when students take part in these activities, they are representatives of Kingsway Regional High School. With this in mind, we would like to continue to offer these activities as special privileges to those students who exhibit acceptable academic and behavioral standards throughout the school year. In order to achieve this goal, a student must be in good standing in the following three areas:

- Attendance: Students must have no more than **sixteen (16)** unexcused absences.
- Discipline: Students must be in Good Student Standing.

- Random Drug Consent: Students must submit a **Consent to Participate in Random Testing for Student Alcohol or Other Drug Use form.**

Random Testing For Alcohol and Drug Use

Kingsway will continue a *Random Testing for Student Alcohol or Other Drug Use Program* in the 2026-27 school year. This program, as established through Board of Education **Policy 5536** and **Regulation 5536**, enhances the District's ability to provide our students with a safe and drug-free learning environment. The purposes of this random alcohol and drug testing program are to have a positive effect on attaining the important objectives of deterring alcohol and drug use and to provide a means for early detection of students with substance abuse problems so that referral for evaluation or treatment may be offered.

Students in grades seven through twelve who participate in Kingsway's interscholastic athletic program, participate in extracurricular programs, and/or those who receive a school-issued parking permit to drive/park a personal vehicle on school district property will be required to sign the **Consent to Participate in Random Testing for Student Alcohol or Other Drug Use Program**. By signing the consent form, students agree to participate in the program for the duration of his/her time they are enrolled as students in the Kingsway Regional School District, regardless of whether the activity they participate in is out-of-season.

Remedial measures will be applicable for a student who tests positive for alcohol or drugs (**Summary of Remedial Measures for Positive Alcohol/Drug Test**). Remedial measures will result from a confirmed positive alcohol or drug test, a student's refusal to test when selected, and/or tampering with or adulterating the specimen process.

No student will be penalized academically for testing positive for alcohol or other drugs under the school district's policy. Any action taken concerning any student who tests positive for alcohol or other drugs shall be limited to removal from or prohibition against participation in extracurricular activities, including interscholastic athletics and revocation or denial of a student's parking permit.

The results of drug tests pursuant to this Policy will not be documented in any student's academic records or discipline file. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or other legal process, which the Board of Education will not solicit. In the event of service of any such subpoena or legal process, the student and the student's parent will be notified at least seventy-two (72) hours before response is made by the Board of Education to the extent permitted by such subpoena or legal process. The Contractor will only provide the identity and results of those tested to the Designated Official.

For more information on Kingsway Regional School District's Alcohol and Drug Prevention Program, please visit our website - **ALCOHOL AND DRUG PREVENTION.**

Early Dismissal

Students are not to leave the school grounds during school hours except with the permission of the attendance officer, an administrator, or the school nurse. Permission to leave school early will only be considered upon request from a parent/guardian and verification by the school. Parents/guardians will be asked to show identification prior to picking up their child. If someone other than a parent/guardian is picking up a child, written documentation from the officially documented parent/guardian in Genesis is required.

Closing/Delayed Openings

In case of inclement weather or any other emergency, buses may be delayed. Announcements will be given via our mass communication system, phone calls, emails, website, Facebook, and TV broadcasts over

all major stations. Kingsway will make every attempt to notify parents and staff via the automated phone system as well as the district website (www.krsd.org). Please be sure the school is kept up-to-date with current phone numbers and contact information. **Our school number is 815.**

Bus Transportation

School bus service is maintained to provide transportation to and from school for all students. Please arrive at the bus stop ten (10) minutes prior to the scheduled pickup time and wait until ten (10) minutes after the scheduled pickup time before leaving the bus stop. It is our aim to provide efficient service and to ensure the health and safety of all passengers. To accomplish this, please recognize that your bus driver is responsible for all students' personal health and welfare. Therefore, directions must be followed so the driver can concentrate on the road. **Students are to remain seated at all times and refrain from disruptive behavior. Failure to follow the directives of the bus driver and/or causing a disruption will result in discipline and/or removal from the bus.**

Note: **Students are to ride only on their assigned bus and not on any other bus as district policy assigns 1 seat:1 student.**

Bicycles and Mopeds

Students are **NOT** permitted to ride bicycles/mopeds to or from school or use skateboards, roller blades, etc. on school property. Anyone in violation will be subject to the Discipline Code, and the transportation means will be confiscated until a parent conference is held.

Cafeteria and S.M.A.R.T. Lunch Procedures

With the implementation of the S.M.A.R.T. Lunch schedule, students will be permitted to bring food to a number of designated locations throughout the building in addition to the cafeterias. This may include locations where students can eat and access enrichment support and/or technological resources as well as locations where they can meet in study groups or to engage in club meetings/activities. Certain locations may be designated as no food zones and are reserved exclusively for enrichment, activities, and/or intramurals. Students will not be permitted to eat in these locations.

As part of an allergy management plan, students will be prohibited from bringing nut products into the South Media Center. More information on Kingsway's Allergy Management Plan can be found in **Board Policy #5331 *Management of Life Threatening Allergies in Schools***, which is available under the BOE tab on our district website.

Students are expected to pick up after themselves, place trash and recyclables in the appropriate containers, and behave in an appropriate manner; improper behavior during S.M.A.R.T. (including leaving trash behind) will result in disciplinary action. Members of the faculty and administration will be present to supervise activities during the S.M.A.R.T. period. Failure to comply with student expectations during S.M.A.R.T. lunch may result in a loss of privileges.

SAFETY AND SECURITY

Standard Response Protocols

Students and staff follow the five standard response protocols when needed: HOLD, SECURE, LOCKDOWN, EVACUATE, or SHELTER. Students and staff respond to the specific instructions given for each of these protocols.

- HOLD – Students should remain in classrooms and instruction continues as usual
- SECURE – All outside doors remain locked; everyone is indoors; instruction continues as usual
- LOCKDOWN – Locks, lights, and out of sight – students remain in a lockdown until the all clear is made
- EVACUATE – Students leave the building to the specified area indicated
- SHELTER – Use the appropriate safety strategy for the hazard

Visitors/Student Pick Up

All visitors must report to the North Main Office for information and a visitor's pass to be present in the building. Except in cases of emergency, parents/guardians are encouraged to make an appointment in advance. Parents will be asked to show identification prior to picking up their child. If someone other than a parent/guardian is picking up a child, written documentation and identification will be required.

Health Services

There is a certified school nurse available during the school day to address the health care needs of the students. If a student is ill or injured during the school day, the school nurse will evaluate the student and determine whether he/she is able to return to class, needs to go home, or requires a medical referral. Medical treatment will be administered to your child according to standing orders from the school physician, and a parent/guardian will be notified of any illness or injury. Unless in an emergency situation, students are to obtain a pass from their classroom teacher before reporting to the Health Office. For more information, please visit the school webpage and reference **Board Policy 5310**.

A certified athletic trainer is available after school for medical care or emergencies for student athletes who have been cleared by the school physician. Athletic injuries should be reported to the athletic trainers for immediate attention and insurance documentation.

Medication in School

Prescription and Non-Prescription: Students who require medication during the school day must provide the school nurse with a note from a licensed healthcare provider and deliver the medication to the school nurse in a pharmacy-labeled container. The school nurse or a trained staff member administers all medication. Written permission from the school nurse, parent, and health care provider is required before a student may carry emergency medication, such as an inhaler or EpiPen. In addition, the parent/guardian must also sign an "Indemnification/Hold Harmless Agreement" indicating that the Kingsway Regional School District shall incur no liability because of any injury arising from the students' self-administration of the medication.

School nurses may only administer non-prescription medications for certain conditions (e.g., headache) with permission from both a parent/guardian and physician. **Any medication taken by a student on his/her own in school and not meeting the above specifications shall be subject to disciplinary action by the Administration: Board Policy 5330.**

Athletic Physical Examinations

Each candidate for a school athletic team is to be examined within 365 days prior to the first practice session. A health care provider chosen by the student's parent/guardian must conduct the medical examination at the student's medical home. A full report of the examination, documented on an approved NJSIAA physical form, and dated and signed by the health care provider must be presented to the school nurse. A medical home is described as a health care providers' practice site chosen by the student's parent/guardian for the provision of health care. If the student does not have a "medical home," the district may provide the examination in the Health Office by the School Medical Officer.

Each parent/guardian will receive notification stating approval of the student's participation in athletics based upon the medical examination or the reasons for the denial of the student's participation. All forms required for sports participation are available on the **Health Services** webpage or may be downloaded from the Kingsway website: **Athletic Forms**.

Physical Education Exemption

Students may be excused from physical education by the school nurse for **one** day with a parent note or at the discretion of the school nurse. Students needing a medical exemption for an extended period must provide documentation from a licensed physician. Requests for exemption will be verified by administration or the school nurse and determined on a case-by-case basis. Students excused from P.E will be provided with an alternative schedule.

STUDENT SERVICES

Multi-Tiered System of Supports Team (MTSS)

The Kingsway Regional School District is committed to excellence and values all learners. We believe that each student has the right to reach his or her fullest potential in a supportive school environment. Our MTSS Team strives to assist our teachers in facilitating student achievement through a combination of an engaging and rigorous curriculum, excellence in teaching, and strengths-based intervention plans to help each learner meet academic, social, emotional, and behavioral success.

The MTSS team is a multidisciplinary team bringing together representatives from multiple professional constituencies for the goal of improving student achievement. A teacher, counselor, administrator, or parent can initiate a request for assistance. The purpose of this service is to assist students who are experiencing challenges that impact learning. These difficulties may include problems with academics, behavior, health, and/or attendance issues. Through the different steps that comprise the MTSS process, students are directed to appropriate services in the school or community.

School Counseling

The school counseling department's mission is to build collaborative relationships with various stakeholders to help ensure the academic, career, and personal/social development of all students in grades 9 through 12. Student needs are addressed by delivering services that are multifaceted and aligned with Kingsway Regional School District's Strategic Plan. The department's comprehensive program will provide the tools to empower students to achieve their individual and post-secondary goals. Should questions or concerns arise, parents and students are encouraged to contact their **school counselor**.

Child Study Team

The Child Study Team is a multi-disciplinary group of professionals who support students, staff, and parents in maximizing student achievement, particularly for students suspected or identified as having a disability. The high school team is composed of two school psychologists, one learning disability teacher consultant, a school social worker, and a speech-language specialist. If your child is experiencing learning, social-emotional, or behavioral challenges in school, contact school counseling to discuss whether a referral to the Child Study Team is warranted.

Library Media Center

The **library/media center (LMC)** may be used for research, for studying specific topics of interest, or for leisure reading. Students may visit the media center with their class or with a pass from their teacher during designated times only.

STUDENT ACTIVITIES

We believe that extracurricular activities contribute to a positive school climate. Not only does extracurricular participation increase happiness in school life, it also develops personality, establishes habits of good citizenship, and increases the power of self-direction.

Student activities in the high school provide opportunities for students to engage in special interests in addition to curricular experiences. Student activities help to develop student abilities necessary for leadership as well as those necessary for group participation. Students who have special talents in fields, such as music, drama, or athletics are given an opportunity to improve their skills to an extent not usually afforded in the classroom.

While student activities are important for the all-around development of students, regular classroom work must take precedence. The needs and interests of students, the availability of faculty advisors, as well as other factors will determine the program of activities developed in our school. In keeping with the philosophy of Kingsway Regional High School, the administration and staff strive to develop a program of positive social activities planned in such a manner as not to interfere with the academic program. Minimum financial responsibility is placed upon the student, and care is exercised so that no student is excluded for financial reasons.

Awarding of Varsity Letters: Athletics & Performing Arts

The **Varsity Letter** is an award designed to reward outstanding contributions to a specific school activity. The letter represents participation beyond the minimum level of attendance and performance.

Athletics Varsity Letter Awards

1. The head coach will determine the level of award that each athlete on his/her team will receive.

   As a general rule of thumb, a varsity award is given to an athlete who is a legitimate varsity player. An athlete who consistently practices with the varsity, but does not play too often may be awarded a varsity letter, as per the head coach's decision.

2. A senior who has completed the season "in good standing" will receive a varsity award.

3. An athlete that has risen to varsity status, prior to being injured, may receive a varsity award. The head coach will determine if a varsity award is merited based on the injured athletes' continued

connection with the team.

4. A manager or statistician may be awarded a varsity award as per the head coach's determination.
5. The Director of Athletics must approve all awards.

Marching Band Varsity Letter Awards

A Marching Band Letter is an honor bestowed to first year members of the marching band based on actions and achievements reached during the current season. A band letter will be awarded at the end of the season to first year members of the marching band who meet all of the following requirements:

2. Attend and support every rehearsal (or follow the entire excusal policy as directed in the marching band handbook.)
3. Be properly prepared for every performance and rehearsal.
4. Participate in required fundraising activities.
5. Complete any tasks assigned by the director or staff members to handle the logistics of the band season.
6. Remain in good standing in the areas of academics, attendance, and discipline.

Performing Arts Varsity Letter Awards

A varsity letter shall be awarded to a student who is selected for a role in the fall play or spring musical, accepts his or her role in that production, and successfully completes the season. The selection process and successful completion of the season shall include the following:

1. Completion of the audition process for on-stage roles and completion of the interview process for off-stage roles (crew and tech.)
2. Student response, acceptance of the role, and recognition of commitment. Commitment to the activity shall be detailed at the first rehearsal and be supported by a signed statement.
3. Student attendance at rehearsals and adherence to the rehearsal attendance policy. The director shall set the rehearsal attendance policy, which will include acceptable excused absences, unexcused absences, and the method of communicating such with the director.
4. Student adherence to the rehearsal schedule in regards to personal readiness. Students must rehearse with intent. Students must be prepared for rehearsals and meet deadlines, such as the memorization of scripts, songs, and dances.
5. Students must display a positive and supportive attitude.
6. Students must attend all performances.
7. Students must return any props or costumes issued to them in proper condition.
8. Students will remain in good standing in the areas of academics, attendance, and discipline.

Letters shall be 7" letters and shall be awarded at the performing arts banquet in the spring. Students who are in multiple activities (play and musical) **shall receive a letter for each activity in their first year, and students who are in an activity for multiple years shall receive a letter for their first year and a pin for subsequent years.**

CARE OF SCHOOL PROPERTY

Students are to maintain a respect for school property at all times. Damage or destruction of school property is covered under the Student Code of Conduct.

Vandalism and Property Damage

The taxpayers of our district provide our school buildings and equipment. Students who destroy or vandalize school property will be required to pay for losses or damages. If students willfully destroy school property, suspension will result and may include exclusion from school activities as well as subsequent expulsion. If you happen to damage something by accident, you should report it to a teacher or the office immediately.

School buses are property of the school. Any student who damages a school bus will be disciplined pursuant to the code of conduct and will be required to pay for loss or damages.

Book Fees

Students are responsible for their own books and will be required to pay for any books, which are damaged, lost, or stolen. All books are to be covered. A teacher will assign students a text with a specific identification number. The student is responsible for this specific book identified by the assigned number. When books are collected, no other numbered book will be accepted in lieu of a lost book. The full cost of a replacement textbook will be charged when textbooks are lost or not usable because they are damaged beyond repair.

Obligations

Students are responsible for all obligations. Obligations may include, but are not limited to, the following: new student physical, lost/missing/damaged textbook, debt to the cafeteria, lost/missing/damaged library book, or unpaid fundraiser monies. Once an obligation is incurred, the student is notified in writing and given an opportunity to clear the obligation. If a student has an outstanding obligation at the end of a semester, then his/her report card is held in the School Counseling Office and access to Genesis be turned off until the obligation is rectified**. The student *may not* be allowed to attend any field trips or participate on an interscholastic athletic team until all obligations are resolved.** Students owing an obligation to the media center may also lose their Internet privilege until the obligation is resolved.

If an obligation should continue beyond the last day of school, the final report card/diploma will be held in the Main Office and the parent/guardian is notified in writing. The obligation will carry over to the next school year unless it is resolved over the summer. Obligations continue to follow a student through high school and may ultimately ban the student from graduation until all outstanding obligations are met. Students transferring from the school district must rectify outstanding obligations in order to ensure the timely transfer of school records.

Student Identification Badges During School

To support a safe and secure school environment, all students are required to carry their school-issued identification (ID) badge at all times while on school premises. Student ID badges play an important role in campus safety and security by helping staff quickly identify students and monitor access to school facilities. In addition, ID badges are used to access lunch debit accounts, check out materials from the Media Center, and sign in and out of lavatories and school offices.

Students must have their ID badge with them throughout the school day. ID badges are used to scan into the Main Office, Media Center, Nurse's Office, School Counseling Office, and lavatories. A $3 fee will be charged for the replacement of a lost or damaged ID badge. Failure to carry or present an ID badge when

requested may result in disciplinary action consistent with school procedures.

Lost or Damaged Identification Badge

There will be a $5.00 charge to replace an identification badge. The student must request a replacement identification badge from School Counseling Office personnel.

Student Use of Internet-Enabled Device Policy

According to Board Policy 5516, students in grades 9-12 are prohibited from using an internet-enabled device on school grounds during the school day (bell-to-bell). All students are encouraged to leave their personal internet-enabled devices at home. If students choose to bring devices to school, all devices (such as cell phones, smartwatches, tablets, personal laptops, smart glasses, and other personal devices capable of connecting to the internet) must remain powered off or silenced and secured in a school-issued locker or the device cart (for students on alternative schedules). We have adopted the message of ***Off and Away***. **Students who violate this policy will be held accountable pursuant to the Student Code of Conduct.**

Lockers and School-Issued Locks

Each student will be assigned a locker when he/she enters school. Each school year, a school-issued combination lock will be assigned to each student to place on his/her locker. This lock is the property of the high school and must be returned at the end of the academic school year. Each student who does not return his/her assigned lock will receive an obligation of $10.00 on his/her student account. It is the responsibility of each student to secure the school-issued lock on his/her assigned locker. A record of the combination and serial number will be kept on file in the North Main Office. Any locker that does not have a lock on it will be permanently sealed until the school-issued lock is presented to the secretary in the North Main Office, or the lock obligation is paid.

Students wishing to receive help with any locker problem should see the assistant principal. Keeping the locker clean is a student responsibility. If anything is stolen from a locker, the student to whom the locker was assigned should report the theft to the assistant principal's office immediately. If a theft occurs on a locker with a lock, the student may request for administration to view the security cameras. If an item of value must be brought to school and the student cannot keep it on his/her person at all times during the day, he/she should leave it in the Main Office where it can be secured. Valuable items are not safe in school. It is highly recommended that students leave valuables at home.

Lockers are subject to administrative search in the interest of school safety, sanitation, discipline, enforcement of school regulations, and to search by law enforcement officials on presentation of a proper warrant. The principal and assistant principals may randomly conduct inspection of student lockers and storage facilities provided to the pupils for the storage of property.

Physical Education Lockers

Students are permitted to use the lockers in the locker rooms during their physical education class. It is highly recommended that students not bring their valuables to school, for the school cannot safeguard these items. Students are encouraged to bring a lock to school to secure their physical education locker during class. It is virtually impossible for the high school administration to recover lost or stolen items from lockers; no security cameras are permitted in school locker rooms.

Athletic Lockers

Athletic lockers are assigned for a single season. At the conclusion of the season, all materials must be removed and the lock removed. If the lock is not removed, maintenance will remove it to free up the locker.

1:1 Chromebooks

All students enrolled at Kingsway will receive a Chromebook computer to aid in their learning experience. This device will require wireless internet access to work from your home. Students are responsible for bringing the Chromebook to school, taking them home each day, and ensuring they are charged for use the following day. Students new to the district must read and sign off on the Technology User Agreement, which can be found on the **Technology page** of the website, so that their child can be provided with a Chromebook.

Lost and Found/Stolen Property

Students are discouraged from leaving items of value in a locker or elsewhere as the school is not responsible. If an item is lost or possibly stolen, it should be reported to the assistant principal immediately; however, the school cannot guarantee these items can be recovered.

DRESS CODE

Dress Code Philosophy:

It is the District's expectation that all students dress appropriately for the school day, virtual meetings, athletic competition, activity, and any school-sponsored event. The Student Dress Code is designed to support equitable educational access and should not increase marginalization or oppression of any group based on race, gender, ethnicity, religion, sexual orientation, socioeconomic status, or cultural observance.

While we believe that the primary responsibility for a student's attire resides with the student and his or her parent(s) or guardian(s), the school takes its responsibility to establish and enforce a dress code that:

- does not interfere with the health or safety of any student;
- does not contribute to a hostile or intimidating school environment;
- respects the District's intent to sustain a community that is inclusive of a diverse range of identities; and,
- affords students opportunities for responsible decision making.

1. **The items below adhere to our district's dress code philosophy and are allowable:**
    a. Pants/jeans or the equivalent worn at the hips or higher (i.e. sweatpants, skirt, non-sheer leggings or yoga pants, shorts).
    b. Pants/jeans or the equivalent cannot be any shorter than fist length.
    c. Shirts that cover the front, back, and sides (i.e. Tank tops, including spaghetti straps, off-the-shoulder shirts and halter tops are permitted);
    d. Religious headwear and/or headwear worn for purposes that administration has provided advanced approval
    e. School approved athletic uniforms
2. **The items below do not adhere to our District's dress code philosophy and are not allowable:**
    a. Clothing or accessories with offensive, distasteful or suggestive images or language. (e.g. profanity, hate speech, and erotic language/images.)
    b. Clothing or accessories that denote, suggest, display or reference alcohol, drugs or related paraphernalia, weapons or other illegal conduct or activities.
    c. Clothing or accessories that will interfere with the operation of the school, disrupt the educational process, invade the rights of others, or create a reasonably foreseeable risk of such interference or invasion of rights.

d. Excessively ripped or revealing clothing, that exposes a disproportionate amount of skin (i.e. rips in pants cannot be above fist length.)

e. Shorts, skirts, dresses that are above fist length.

f. Pants/jeans or the equivalent worn below the hip.

g. Tube tops, midriff baring shirts, crop tops.

h. Sunglasses (unless prescribed by a doctor and a doctor's note is provided).

j. Pajamas or pajama pants, slippers, robes, blankets, pillows.

k. Outerwear & head coverings (heavy jackets, overcoats, rain gear, gloves, hoods, hats, baseball caps, bandanas).

l. Costumes, capes, banners and/or flags.

Students are expected to abide by the dress code expectations noted above, and teachers will enforce compliance in a manner that is fair and consistent and aligns with the District's communicated philosophy, ensuring there is not an increase in marginalization or oppression of any group based on race, gender, ethnicity, religion, sexual orientation, socioeconomic status, or cultural observance.

Dress and Grooming

The Board of Education recognizes each pupil's mode of dress and grooming is a manifestation of the pupil's personal style and individual preferences. The Board will impose its judgment on pupils and parent(s) or legal guardian(s) only when a pupil's dress and grooming affect the educational program of the schools.

Pupils may not wear clothing or engage in grooming practices that present a health or safety hazard to the individual pupil or to others; materially interfere with school work, create disorder, or disrupt the educational program; cause excessive wear or damage to school property; or prevent the pupil from achieving his/her own educational objectives because of blocked vision or restricted movement.

The Board of Education prohibits pupils from wearing, while on school property, any type of clothing, apparel or accessory which indicates that the pupil has membership in, or affiliation with, any gang associated with criminal activities. The local law enforcement agency will advise the Board, upon request, of gangs which are associated with criminal activities.

The Building Principal shall publish the Student Dress Code in the handbook/agenda each school year.

STUDENTS' RIGHTS

Access To Student Records Policy

According to **Policy #8330**, *"The Board of Education believes that information about individual pupils must be compiled and maintained in the interest of the pupil's educational welfare and advancement. The Board will strive to balance the pupil's right to privacy against the district's need to collect, retain, and use information about individual pupils and groups of pupils. The Board authorizes the establishment and maintenance of pupil files that include only those records mandated by law, rules of the State Board of Education, authorized administrative directives, and those records permitted by this Board….Access to and disclosure of a pupil's record shall meet the requirements of the Family Education Rights and Privacy Act, 34 C.F.R. Part 99 (FERPA)."*

Students Concerned For Change Policy

Students wishing to offer suggestions for changes in activities or school-related policies are to do so through the Student Council. The Student Council is one recognized body for student concern and change. Any concerns, recommendations, and/or changes will then be reported to the principal via the Student Council. Should the Student Council not support the proposal, a representative delegation of those concerned may appeal by seeking a meeting with the principal. Subsequent appeals may be made to the superintendent and the Board of Education in the manner prescribed in the student grievance policy. **Policy 5710**

Student Grievance Policy

According to **Policy 5710**, for an individual student who has a personal grievance, which is a result of his or her association with the school, the following steps shall be followed:

- The student or parent may submit a grievance to the teaching staff member most closely related to the policy or act giving rise to the grievance, within five school days of the conduct.
- If not resolved, the student or parent may appeal the teaching staff member's decision by submitting a written appeal of the decision to the Principal within five school days of receipt of the teaching staff member's written decision.
- If not resolved, an appeal of the Principal's decision may be made in writing to the Superintendent within five school days of receipt of the Principal's written decision. The Superintendent shall render a decision within ten (10) school days of receipt of the appeal.

MISCELLANEOUS

Make-Up Work

In Grades 9 to 12, the student and/or parent is responsible for requesting missed assignments and any assistance required. Students absent for any reason are expected to make up the work missed. Teachers will provide make-up assignments as necessary. In general, students will be allowed one day to make up missed work for each day of absence. Teachers shall make reasonable accommodations to extend time for students if circumstances warrant additional time. A student who missed an assessment because of an absence shall be offered an opportunity to take the assessment or an alternative assessment. In no case will a student who missed an assessment because of his or her observance of a religious holiday be denied an opportunity to make up the assessment. The rescheduled date shall not exceed the number of days absent.

Employment Papers

New Jersey minors under the age of 18 generally must obtain working papers before beginning employment. The working papers process is administered electronically through the New Jersey Department of Labor and Workforce Development.

- Students must first receive a job offer before applying. To begin the application process, visit **MyWorkingPapers.nj.gov**. The employer, parent/guardian, and student each complete their portions of the online application. Parents/guardians will be required to provide proof of age, such as a birth certificate, passport, or other approved documentation.

- Once all required information has been submitted and approved, the student may begin working. Students who change employers, job titles, or job duties must submit a new application.

- For additional information and to apply, visit **MyWorkingPapers.nj.gov**

Parent Item Drop Off

In order to minimize disruptions to the academic environment and promote students' personal responsibility, it is respectfully requested that parents attempt to avoid dropping off food items during the school day. Instructional time will not be interrupted for routine issues or to ask a student to come pick up forgotten food items. In addition, the main office does not have a secure place to leave such items. For emergencies, Kingsway Regional High School has implemented the following policy with regard to items dropped off at school by parents.

- Student lunches that are delivered after the start of the school day will be able to be claimed by the student at the start of their lunch period.
- Please make sure the item(s) are in a bag and clearly labeled with the student's name and grade level.
- At no time will fast food/pizza/beverages or any other items from restaurants or outside vendors be accepted.

Thank you for your support, assistance, and understanding as Kingsway seeks to maintain an effective and distraction-free classroom environment. If a child forgets his/her lunch, the cafeteria will always allow the child to eat a meal, and the lunch will be charged to the student's account. No student will be refused a meal if one is needed. Kingsway Regional High School offers multiple lunch options in the cafeteria. **Note: Ordering food from outside establishments is not permitted.**

ATTENDANCE

The goal of the Kingsway Regional School District is to provide an appropriate educational program for every student enrolled in the schools of the district. Pupil participation in all regularly scheduled classroom activities is essential if the school is to accomplish this goal. Frequent absences from regularly scheduled classes disrupt the learning process and will not allow a student to receive the maximum benefits of the district's educational program. Each enrolled student shall attend the entirety of each class each day when school is in session or shall be engaged in other approved school activities—unless legally absent. **It is possible for students to meet all course requirements and be passing but still not earn credit for the course due to absences.**

Overview of Attendance

"Attendance" is a pupil's presence in school and in the classroom to which he/she is assigned at the times scheduled for instruction or other school activities. A student must be in attendance a minimum of 90% of the school year to receive course credit. A student with more than **16** days absent for a full-year course (**8** days for a half-year course) is liable for the penalties of the attendance policy. Class periods missed through tardiness and absences from school or early dismissal will be counted as absences. Per Policy 5200, any student missing more than one-half of a class period will be considered absent from that class (and those absences will be totaled and added to the days of absence accumulated in the attendance policy).

Absenteeism

Students in grades 9-12 are required to attend each class every day that school is in session. In order to be eligible to participate in extracurricular activities, a student must arrive at school prior to 10:00 A.M.

Students who are absent from school are not permitted to be on school property for any reason.

KRHS Attendance FAQ (Board Policy 5200)

Why is my student's attendance calculated and tracked at Kingsway Regional High School?

Kingsway Regional High School calculates and tracks a student's (1) daily attendance and (2) period attendance for the purposes of determining promotion, retention, truancy, grades, course credit, and eligibility to make up missed assignments and tests for full credit.

What is the difference between daily and period attendance?

Daily attendance is the frequency of days that a student attends school. Period attendance is how often your student attended each class.

What happens if my child is persistently absent from school?

Students that accumulate an excess of **16 absences** during the course of the school year and/or over **16 absences** in a full-year course (**8 absences** for a half-year course) shall be placed on No Credit Status and may not earn credit for the school year or for a specific class or classes. Students will have the ability to enroll in Credit Recovery Programs.

What counts as an excused absence?

Beginning with the 2026-2027 school year, Kingsway will align its attendance procedures with New Jersey statutes and NJDOE guidance regarding excused absences.

- **College visits (up to three per year) for 11th and 12th grades.**
- **Take Your Child To Work Day**
- **Religious Observances**
- **Participation in observance of Veterans Day**
- **Attendance at Civic Events (only one day)**
- **Closure of a sending school district that prevents a student from having transportation to the receiving school**
- **Absence considered excused by the Commissioner or NJDOE regulation**

What happens if my child has excessive daily absences?

Any pupil who is absent for ten (10) consecutive school days and does not appear on homebound instruction, and/or is not under the care of a physician, shall be considered truant *(N.J.A.C.6A:16-1.3)* and will be issued a written notification to report back to school within five (5) school days. Failure to comply with the provision of the law may cause the parent to be deemed a disorderly person and subject to a fine *(N.J.S.A. 18A:38-28 through 31)*. Pupils above the compulsory age who do not comply with the notice and who do not return to school after five (5) days shall be dropped from the rolls of the school.

Chronic Illness

Chronic illness situations should be communicated to the student's school counselor and steps may be necessary to implement an attendance plan or 504 to accommodate student attendance/absences.

Readmission to School After An Absence

- A note explaining a pupil's absence for a non-communicable illness for a period of more than five days must be accompanied by a physician's statement of the pupil's illness.
- A pupil who has been absent by reason of having or being suspected of having a communicable

disease must present to the School Nurse written evidence of being free of communicable disease, in accordance with **Board Policy 8451**.

Loss of Course Credit for Absences

It is the student's and parent's responsibility to manage and keep track of their individual attendance for the year. Parents and students can check attendance online by going to Genesis. Notification of attendance will also be found online on semester report cards. Any student attending Kingsway Regional High School full-time who exceeds **sixteen (16)** days absent in a school year and any student attending Kingsway Regional High School on a shared basis at a vocational school who exceeds **fourteen (14)** days absent in a school year will be denied credit for all courses taken at Kingsway Regional High School. Students who exceed the allowable number of absences for a full-year course **(16)** days and a half-year course **(8)** days, will also lose credit for that course for the school year.

Attendance Letters

- When a student reaches **five (5) days** of absences, a letter will be sent to the parent/guardian via the Genesis Parent Portal. A school counselor will meet with the student. In addition, a phone call will be made to the parent/guardian to inform him or her.
- When a student reaches **eight (8) days** of absences, a letter signed by an assistant principal will be sent via the Genesis parent portal. The assistant principal and/or designee will meet with the student as a follow up to the letter.
- At the **twelve (12) days** absence threshold, a letter signed by the principal will be sent via the Genesis parent portal. The principal will require a phone or in-person conference to discuss the attendance matter (pending court, ineligibility for sports/activities, and loss of credit).
- At the **sixteen (16) days** absence threshold, a certified letter from the principal's office will be sent indicating that the attendance matter will be brought to the attention of the court. The court hearing will be attended by the Assistant Principal.

Credit Recovery

Students may attend Credit Recovery in efforts to earn credit for absences **exceeding sixteen (16)**. For each absence (daily attendance), a student must attend two (2) credit recovery sessions from 2:30pm to 4:45pm or if a student needs to take the late-bus, the student would attend three (3) credit recovery sessions from 2:30pm to 4:15pm. The number of days in which a student is able to schedule Credit Recovery (CR) is limited; therefore, administration strongly encourages students to schedule and attend CR as soon as they exceed the daily day limit or class limit of days.

Dropped From the School Rolls

When a student aged sixteen or over is absent for ten (10) consecutive full days or a total of twenty (20) full school days, for unknown reasons, the parent/guardian will be notified that their child will be dropped from the school rolls. Prior to dropping the student from the rolls, the parent/guardian will be requested to meet with the principal to determine the reason(s) for the absences. If the parents do not present appropriate reasons(s) for the absences, they will be notified that their son/daughter has been dropped from the school rolls.

Late Arrival and Early Dismissal (Board Policy 5230)

The Board of Education requires that pupils attend the full school day in order to benefit from the instructional program. That requirement will be waived only when compelling circumstances require that a pupil be late to school or dismissed from school before the end of the school day.

The Principal may excuse for good cause the late arrival and early dismissal of a pupil on the prior written

request of the pupil's parent(s) or legal guardian(s). Good causes may include, but need not be limited to, medical and dental appointments that cannot be scheduled outside the school day, medical disability, a motor vehicle driver's test, interviews for college entrance or employment, and court appearances. No pupil under the age of eighteen will be permitted to leave the school before the end of the school day except in the presence of the pupil's parent(s) or legal guardian(s), or an agent of the parent(s) or legal guardian(s) who has written authorization, or in the custody of agents of the state acting in their legal capacity.

The Principal shall maintain a record of the parent(s) or legal guardian(s) of each pupil. If one parent has been assigned custody of the pupil by court order or separation agreement and wishes to limit the noncustodial parent's access to the pupil, the parent in custody must inform the Principal of any such limitation and may request that his/her authorization be required before the noncustodial parent is granted access. In the absence of such notice, the Principal will presume that a pupil may be released into the care of either parent.

A pupil who suffers an incapacitating medical disability will be released from school only in the presence of an adult.

Tardiness

Students are tardy if they arrive at school or class after the bell has rung. Students who are tardy to school will report to the Attendance Office for a late pass. Students who are tardy due to a school bus should report to the Attendance Office upon arrival to school for an excused pass. All students must sign-in to the Attendance Office upon arrival at school (late arrival, Senior Flex, HyFlex).

Early Dismissal From School

To be excused early from school, communication (note, call, or email) must be presented by a parent or guardian to the Attendance Office at the beginning of the school day. At the time of the early dismissal, students must sign out at the Attendance Office and sign in if they are returning to school. The school administration recognizes only urgent reasons for early dismissal, such as medical and dental appointments that cannot be scheduled outside the school day, medical disability, a motor vehicle driver's test, interviews for college entrance or employment, court appearances, or illness after arrival at school.

Late to Class (LTC)

To alleviate loitering in the halls between classes and hold students accountable for lateness to class, the following procedure for LTC has been established: Teachers are to record in Genesis all students who are LTC. Upon the third offense (late to three total classes), the student will be issued an administrative lunch detention. Each additional offense will result in a referral in which administration will administer consequences in accordance with the Student Code of Conduct.

Students absent for 20 minutes or more of a class will receive an absence. A day of absence will be attained for every three tardies. All tardies will be totaled and added to the days of absence accumulated in the attendance policy.

Vacation

Please be advised that **vacation taken while school is in session will be considered as unexcused absence.** However, if the vacation is unavoidable, the student is required to obtain work from his/her teachers. The student must follow the steps below:

1. At least one week prior to vacation, written notice of the said vacation must be submitted to the attendance office. Once the form is submitted, a Notice of Vacation Form will be provided to the

student. Note: A copy of the form is available electronically through the Parent Portal of Genesis.

2. Once the Notice of Vacation Form is filled out, the student is to obtain signatures from each of his/her teachers and obtain any assignments that he/she will be missing while away. Teachers will initial this form to confirm talking with students. Work given to the student prior to the vacation must be completed upon returning to school or arrangements made with teachers prior to leaving.
3. Once all signatures are received, the form is to be returned to the attendance office for processing. Once processed, a copy of the completed vacation form will be given to the student to take home and a copy will be placed in his/her file.

Eighteen-Year-Old Students

At no time will 18-year-old students be permitted to sign out of school without officially declaring the age of majority and demonstrating his/her emancipation from his/her parent(s)/guardian(s). Please note that once a student declares the age of majority, i.e. 18, and effectively demonstrates his/her emancipation, the school will sever all educational ties with the student's parent(s)/guardian(s), and will deal directly with the student regarding all educational matters. Students may declare majority status by expressing in writing their wish to exercise their rights to the high school principal. **It will then be up to the student to demonstrate his/her emancipation to the administration by providing evidence of his/her financial and living independence from his/her parent(s)/guardian(s).** Upon receipt of the student's declaration of the age of majority, the administrative staff will contact the student's parent(s)/guardian(s) to advise them of the declaration, as well as the age of majority and emancipation. Any parent wishing to object to such a declaration may do so in writing to the Kingsway Regional High School Principal.

DISCIPLINE

Discipline Philosophy Statement

It is our goal to develop young adults who are capable of making good, sound decisions regarding both their academic preparation and the manner in which they conduct themselves in our school and outside our four walls. It is our expectation that students will conduct themselves as "responsible" young adults. The interventions and consequences imposed adhere to our overarching goal of keeping students in class and engaged in meaningful activities designed by our teachers.

We hold students to a very high standard. Those who meet this standard will have opportunities and privileges to participate in activities outside the classroom and during the S.M.A.R.T. period. However, those students who do not meet the expectations outlined in the code will be held accountable for the decisions they have made and therefore will no longer have access to the multitude of privileges that responsible students will enjoy. The goal will be to guide these students to making more responsible decisions. Disciplinary consequences imposed in response to discipline code infractions are designed, not to "punish," but rather to redirect students to engage in appropriate and productive behaviors. Administrators will apply the discipline code in a manner that is fair and consistent, and above all, with the goal of encouraging appropriate, responsible behavior moving forward.

Pupil Discipline/Code of Conduct (Board Policy 5600)

The Board of Education adopts this Pupil Discipline/Code of Conduct Policy to establish standards and procedures for positive pupil development and behavioral expectations on school grounds, including on a school bus or at school-sponsored functions, and as appropriate, for conduct away from school grounds.

The discipline code is intended as a guideline for interpreting the possible disciplinary action to be taken by faculty and/or administration for various disciplinary offenses. This discipline code is not all-inclusive and may be altered, modified, or applied in response to student conduct or events at any time deemed by the administration.

The discipline code can be applied progressively or at the discretion of the administration and may result in placement in the district's alternative program. It must be emphasized that actions taken by teachers and/or administrators are intended to remediate problems and provide a safe and secure environment for learning. Teachers are urged to contact parents about student disciplinary issues in the classroom in conjunction with teacher warnings, teacher detentions, and administrative referrals.

BEHAVIORAL CONSEQUENCES

Teacher Lunch Detention (TLD)

Teacher Lunch Detention (TLD) is designed to give teachers the use of another corrective measure to change a student's behavior with regard to classroom misconduct and tardiness. Teachers may assign lunch detention as necessary to address inappropriate behavior. In accordance with the Code of Conduct, failure to report to TLD or follow the established guidelines will result in further disciplinary action.

Administrative Lunch Detention (ALD)

Duration – L1&L2
Primary behavioral measure used to address most Tier I and Tier II discipline code violations.

After School Detention (ASD)

Monday through Thursday from 2:30pm- 4:15pm
ASD is provided by the school as an intermediate step prior to an extended school day or more serious measures and serves to warn students that continued misbehavior will result in more serious consequences. Assignments to ASD are made by administrators.

Extended School Day (ESD)

Monday through Thursday from 2:30pm to 5:00pm
An ESD is provided by the school for students who commit serious infractions that warrant more than ASD or for those who are repeat offenders. Assignments to ESD are made by administrators. ESD is an additional three hours of school; it begins at 2:30pm and concludes at 5:00pm. Students are responsible for providing their own transportation home from ESD. **While assigned to an ESD, students are not allowed to practice or participate in any extracurricular activities, e.g. athletics, clubs, concerts, field trips, etc.**

In-School Suspension (ISS)

Internal School Suspension (ISS) is a disciplinary measure where a student is removed from their regular classroom but remains in school under supervision. During ISS, students typically complete academic work in a designated area while reflecting on their behavior. The goal is to hold students accountable while minimizing lost instructional time and providing an opportunity for behavior correction in a structured setting.

Out-of-School Suspension (OSS)

Students who commit major and serious infractions or who are repeat offenders may face out-of-school

suspension (OSS), which is a denial of school attendance and of participation in or attendance at school-sponsored activities. Such suspensions are made by the administration in accordance with the policies of the Kingsway Regional School District. All suspensions may be appealed to the Principal and are subject to Due Process Procedure.

Upon return to school, the student will have the number of days equal to the number of days suspended to make up all work missed and to reschedule any missed tests. All makeup work and tests retaken are to be given full credit if completed within the time allowed.

Loss of School and Senior Privileges

Students who display a pattern of behavior that is not reflective of our discipline code expectations may no longer have access to the multitude of privileges that responsible students will enjoy. Students may be prohibited from participating in and/or attending extracurricular activities and/or receiving privileges at the discretion of administration based on student behavior. Senior privileges will be assessed at the beginning of the school year and will continue to be monitored throughout the year. For example, if a senior cuts class or school, his or her driving privileges could be revoked. The following are examples of school privileges and extracurricular activities that can be in jeopardy if students do not adhere to the discipline code:

- Late arrival/early release (senior privilege)
- School parking (senior privilege)
- Attending school related functions (dances, games, etc.)
- Participating on sports teams and/or participating in extracurricular activities (clubs and activities)
- Office/Media Center Aide
- Full-day schedule resulting in withdraw from college course if necessary

Good Student Standing

All students will begin the school year with a status known as “Good Student Standing.” A student with “Good Student Standing” may be eligible to attend any extracurricular activity offered by Kingsway Regional High School.

If a student receives an Out-of-School Suspension (OSS), in addition to the consequences of the suspension, the student will lose their Good Student Standing. This means that the student is denied the ability to attend all extracurricular activities, including S.M.A.R.T., for the number of school days explained below. These days will apply immediately following a suspension. In the event an activity occurs when school is not in session (weekends or holidays), those days will count when determining the student’s Good Student Standing. Activities in this policy include the following: wellness activities, all clubs, school- sponsored tournaments, sports, dances, plays, musicals, talent shows, non-curricular field trips, and any other special extracurricular activity that may be scheduled.

Administrative Discipline per Code	**Number of Days Loss of Good Student Standing**
Any infraction resulting in OSS	10 days per infraction upon return
Students who fail to comply will receive additional consequences pursuant to the code of conduct, including additional loss of good student standing.	

Key Terms

Multiple Offenses, One Incident: A single incident can consist of multiple incident types. For example, a student might make a criminal threat toward another student while holding a knife. This would be entered into the SSDS as a single incident of criminal threat and weapon use.

Alternative Education Program: A comprehensive educational program designed to address the individual learning, behavior, and health needs of students who are not succeeding in the general education program or have been mandated for removal from general education, pursuant to N.J.A.C. 6A:16-5.5, 5.6 and, as appropriate, 5.7. The alternative education program shall provide a variety of approaches to meet the State-adopted standards, such as through nontraditional programs, services, and methodologies to ensure curriculum and instruction are delivered in a way that enables students to demonstrate the knowledge and skills specified for all students in N.J.A.C. 6A:8.

Assault: A person attempts to cause – or purposely, knowingly, or recklessly causes – bodily injury to another.

Fight: Mutual engagement in a physical confrontation in which the offenders understood that the confrontation may result in bodily injury to either party. Does not include a verbal confrontation or a minor confrontation, such as a shoving match. Each participant must be classified as an offender.

False Public Alarm: Initiating or circulating a report or warning of an impending fire, explosion, bombing, crime, catastrophe, or emergency, knowing that the report or warning is false or baseless and that it is likely to cause evacuation of a school building, school bus, or other place of assembly on school grounds. This includes knowingly setting off a fire alarm when no fire exists.

Bias-Related Act: Incidents determined to be Bias-Related means that it is an incident directed at a person, group of persons, private property, or public property that is motivated in whole or in part by racial, gender, disability, religious, sexual orientation, or ethnic prejudice. A bias-related incident need not involve conduct that constitutes a criminal offense. All bias-related incidents will be reported to law enforcement to determine if the incident rises to bias-intimidation. Bias-Intimidation is an incident that was confirmed by a law enforcement official to be bias-intimidation.

Bias-Intimidation: New Jersey law defines bias intimidation as threatening or committing an offense (or attempting or conspiring to commit an offense) (1) with a purpose to intimidate an individual or group of individuals because of race, color, religion, gender, disability, sexual orientation, gender identity or expression, national origin, or ethnicity; or (2) knowing that the conduct constituting the offense would cause an individual or group of individuals to be intimidated because of race, color, religion, gender, disability, sexual orientation, gender identity or expression, national origin, or ethnicity. A person is guilty of the crime of bias intimidation if he commits, attempts to commit, conspires with another to commit, or threatens the immediate commission of an offense specified in chapters 11 through 18 of Title 2C of the New Jersey Statutes; N.J.S.2C:33-4; N.J.S.2C:39-3; N.J.S.2C:39-4 or N.J.S.2C:39-5.

Expulsion: Pursuant to policy #5620, that expulsion from this district is the most severe sanction that can be imposed upon a student. It is when a school district is no longer required to provide educational services to a general education student. The Board may expel a general education student from school, pursuant to N.J.S.A. 18A:37-2. An appeal of the Board's decision regarding the cessation of the student's general education program shall be made to the Commissioner of Education in accordance with N.J.S.A. 18A:6-9 and N.J.A.C. 6A:3-1.3 through 1.17.

Formal Charge: A formal allegation made by a law enforcement official asserting that somebody has committed a crime. A stationhouse adjustment would not be considered a formal charge. (A stationhouse adjustment is an alternative method that law enforcement agencies may use to provide for immediate consequences, such as community service or restitution and a prompt and convenient resolution for the victim, while at the same time avoiding a formal juvenile delinquency record.)

Hate or Hateful Behaviors: Hate or hateful behaviors relate to beliefs or practices that attack, malign, delegitimize or exclude an entire class of people based on immutable characteristics, including their ethnicity, religion, gender, sexual orientation, or disability. Hate actors are understood to be individuals, groups or communities that actively and overtly engage in the above activity, as well as those who implicitly attack classes of people through, for example, the use of conspiracy theories and disinformation. Hateful activity is understood to be antithetical to pluralism and the universal application of human rights.

Suspensions: Pursuant to policy #5610, administration recognizes that even the temporary exclusion of a student from the educational program of this district is a severe sanction and one that cannot be imposed without due process. Any student who is guilty of continued and willful disobedience, or of open defiance of the authority of any teacher or person having authority over him, or of the habitual use of profanity or of obscene language, or who shall cut, deface or otherwise injure any school property, shall be liable to punishment and to suspension or expulsion from school. Conduct which shall constitute good cause for suspension or expulsion of a student guilty of such conduct shall include, but not be limited to, the conduct as defined in N.J.S.A. 18A:37-2 and the school district's Student Discipline/Code of Conduct Policy and Regulation in accordance with the N.J.A.C. 6A:16-7.1. et seq. For the purposes of this policy, "suspension" means the temporary removal of a student from the regular instructional program. Suspension is the denial of school attendance and of participation in or attendance at school-sponsored activities. "Short-term suspension" means a suspension of not more than ten days, and "long-term suspension" means a suspension of more than ten days. All suspensions may be appealed to the principal and are subject to Due Process/Appeals Procedure.

Due Process/Appeal Procedures

A student has the right to appeal the discipline decision of a school administrator for any infraction resulting in an Out-of-School Suspension (OSS) and has the right to an advocate during the appeal process. Every effort is made to reach an agreement at the lowest level possible. Appeals begin with the administrator who administered the disciplinary infraction. The purpose of the Appeals Procedure is to provide a student/parent/guardian (complainant) with an administrative remedy to dispute alleged violations, misinterpretations, and misapplications of Board policies, regulations, procedures, and practices and/or law. Based on the merits of the written report filed by the complainant, the appeal may be heard or denied, with clear and sufficient reasons, in writing, to the complainant if the appeal is denied. All suspensions will be served immediately. Detentions are not considered appealable in that they do not deprive a student of his/her educational program.

An appeal must be filed in writing within three (3) school days of the date the aggrieved knew or should have known of the circumstances, which caused the appeal/grievance. The administrator shall render a decision within fifteen (15) school days from the date the appeal was originally filed. When requesting an appeal, the complainant must include the following information:

1. Student Name

2. Date of decision and/or incident that you are appealing

3. Briefly describe the reason you are appealing the decision in this matter. Cite relevant laws, policies, or regulations that you believe have been violated.

4. Provide a detailed statement with supporting facts and evidence to support your appeal of the disciplinary decision. The district will not consider additional evidence and/or claims at subsequent levels.

5. Please indicate the remedy or outcome you are seeking.

Appeal to the Principal: If a complainant is not satisfied with the written decision rendered by the administrator for consequences resulting in out-of-school suspensions (OSS) only, the complainant may submit a written appeal to the principal within five (5) school days of receiving the administrator's written decision. The Complainant will be provided with the opportunity to present witnesses and evidence in support of his/her cause. The principal shall render a decision within fifteen (15) school days from the date the appeal was filed with the principal.

Appeal to the Superintendent: If a complainant is not satisfied with the written decision rendered by the principal for consequences resulting in out-of-school suspensions (OSS) only, the complainant may submit a written appeal to the Superintendent's Office within five (5) school days of receiving the principal's written decision. The appeal must request a review of the complaint, include the principal's decision and all pertinent information, and state the remedy requested. Within fifteen (15) school days of the receipt of the appeal, the Superintendent or his/her designee will render a written decision and send it to the complainant and the principal.

Appeal to the Board of Education: If a complainant is not satisfied with the written decision rendered by the Superintendent or his designee for consequences resulting in out-of-school suspensions (OSS) only, the complainant may submit a written appeal to the Board of Education within five (5) school days of receiving the Superintendent's written decision. The appeal must request a review of the complaint, include the decision of the Superintendent/Designee and include all pertinent information, and state the remedy requested. The Board of Education will hear the appeal at the next scheduled Board meeting.

Discipline: Students With a 504 Plan/IEP

Students with disabilities are subject to the District's Code of Student Conduct. However, disciplinary actions involving students with disabilities shall be administered in accordance with applicable federal and state laws and regulations, including the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and New Jersey Administrative Code.

When disciplinary action is being considered for a student with a disability, school administrators shall consult with appropriate staff, including the student's case manager, counselor, Child Study Team member, or other personnel familiar with the student's educational program and behavioral supports, as appropriate.

The student's disability, Individualized Education Program (IEP), Section 504 Plan, behavioral intervention plan, and other relevant factors shall be considered when determining appropriate disciplinary action.

If a student with a disability is removed from school for more than ten (10) consecutive school days, or is subjected to a series of removals that constitute a disciplinary change of placement, the District shall follow all applicable procedural safeguards and disciplinary requirements established by federal and state law.

No later than the date on which a decision is made to implement a disciplinary change of placement, the parent(s)/guardian(s) shall be notified of the decision and provided with a copy of their procedural safeguards.

Within ten (10) school days of the decision to change the student's placement for disciplinary reasons, the student's IEP Team shall conduct a Manifestation Determination Review (MDR) to determine:

1. Whether the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or
2. Whether the conduct in question was the direct result of the District's failure to implement the student's IEP.

If the IEP Team determines that either condition exists, the behavior shall be considered a manifestation of the student's disability, and the District shall take appropriate action in accordance with applicable law and the student's educational needs.

If the IEP Team determines that the conduct was not a manifestation of the student's disability, disciplinary consequences may be applied in the same manner and for the same duration as they would be for students without disabilities, subject to the District's continuing obligation to provide educational services as required by law.

All disciplinary decisions involving students with disabilities are subject to the procedural safeguards and due process rights provided under applicable federal and state law.

Substance Abuse (Board Policy 5530)

The Board of Education recognizes that a student's abuse of harmful substances seriously impedes that student's education and threatens the welfare of the entire school community. The Board is committed to the prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take the necessary and appropriate steps to protect the school community from harm and from exposure to harmful substances. The full policy is available on the District Website under the BOE tab at the top of the webpage

Search and Seizure (Board Policy 5770)

School officials maintain the right to search a student's person and/or personal effects or vehicle whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. Student lockers are school property and remain at all times under the control of the school. School authorities may conduct periodic general inspections or searches of lockers at any time without notice, without student consent and/or without a search warrant. Students should have no expectation of privacy in the use of a school locker. A "drug dog" may be brought in by a police officer to check hall lockers or cars parked on school property. Examples of items subject to this regulation include, but are not limited to drugs, drug paraphernalia, weapons, pornography, stolen goods, firearms, explosives, alcohol, tobacco, electronic cigarette devices, or cigarette lighters. Under no circumstances shall a search be conducted based solely upon an anonymous tip and /or a rumor that contraband is present. The extent or scope of the search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the pupil and the nature of the infraction.

Reasonable Suspicion: Alcoholic Beverages and Controlled Dangerous Substances

Procedures:

1. If there is reasonable suspicion that a student may possibly be under the influence or impaired, (slurred speech, excessive sleepiness, erratic behavior, decreased motor skills, etc.), that student is referred immediately to the school principal or designee.

2. Pursuant to *NJSA 18A:40A-12 and NJAC 6A: 16-4.3(a)2ii,* the student is given a brief examination by the school nurse to ensure he or she is not in immediate danger. Refusing the required medical examination will be considered admission of use.
3. Upon examination, if reasonable suspicion exists, Administration has the right to require a student to undergo a drug screening and to search the student as well as his or her belongings.
4. The parent/guardian is contacted and must transport the student to the District's contracted vendor for a drug test and full examination immediately following pick up from school. The parent/guardian may choose to use his or her own physician to conduct the test and examination at parent/guardian expense. **PLEASE NOTE: The test and complete examination must be conducted within 24 hours of notification.**
5. **A positive screening will result in a four (4) day external suspension and principal's probation. Refusal to comply, a diluted result, inconclusive outcome, or untestable specimen will be treated as a positive result.**
6. If a student is suspected of being under the influence and admits use, the above procedures will continue to be carried out to ensure the health and well-being of the student. As a result of admission, the student will be disciplined according to District policy and procedures.
7. Failure to comply with district policy and procedures will result in immediate suspension according to Board Policy and Student Code of Conduct.
8. A Principal's Meeting will be scheduled upon reentry to school to discuss further expectations and actions.

HARASSMENT, INTIMIDATION & BULLYING

According to **Board Policy 5512**, "'Harassment, intimidation, or bullying' means any gesture, any written, verbal, or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical, or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function, on a school bus, or off school grounds as provided for in section 16 of p.l.2010, chapter 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:

- A reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property; or
- Has the effect of insulting or demeaning any student or group of students (in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school); or
- Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student."

CODE OF CONDUCT

The Code of Conduct applies in all settings and schedules (in-person, hybrid, and virtual).
CONSEQUENCES, HOURS, AND LOCATIONS
ALD - Administrative Lunch Detention: (L1 & L2) **ASD** - After-School Detention: 2:30-4:15 (1.75 hours) **ESD** - Extended School Day: 2:30-5:00 (2.5 hours) **FTS** - Failure to Serve **ISS** - In-School Suspension **OSS** – Out-of-School Suspension

LOSS OF GOOD STUDENT STANDING

All students will begin the school year with a status known as "Good Student Standing." A student with "Good Student Standing" may be eligible to attend any extracurricular activity offered by Kingsway Regional High School.

If a student receives an Out-of-School Suspension (OSS), in addition to the consequences of the suspension, the student will lose their Good Student Standing. This means that the student is denied the ability to attend all extracurricular activities, including S.M.A.R.T., for the number of school days explained below. These days will apply immediately following a suspension. In the event an activity occurs when school is not in session (weekends or holidays), those days will count when determining the student's Good Student Standing. Activities in this policy include the following: wellness activities, all clubs, school- sponsored tournaments, sports, dances, plays, musicals, talent shows, non-curricular field trips, and any other special extracurricular activity that may be scheduled.

Administrative Discipline per Code	**Number of Days Loss of Good Student Standing**
Any infraction resulting in OSS	10 days per infraction upon return
Students who fail to comply will receive additional consequences pursuant to the code of conduct, including additional loss of good student standing.	

VIOLATIONS BEYOND THE CODE

Unfortunately, violations can occur in the high school setting beyond what is described within this Code of Conduct. When these violations occur, they need to be dealt with more severely because of the implications they can have for the safe, orderly operation of our school. Discipline will begin at a minimum at the third offense.

(+++) The recommendations contained with the Code of Conduct are meant to provide guidance to administrators when imposing discipline. Exacerbating or mitigating circumstances could warrant an increase or decrease in the actual discipline recommended and imposed by the administration. For long-term suspensions (i.e., suspensions longer than ten (10) days), the Board of Education retains the ultimate discretion to meaningfully review the circumstances surrounding discipline and whether to return the student to the general education program.

****

The date of return to school may be contingent upon a safety evaluation, psychological evaluation, and/or Child Study Team referral. Additionally, the student will be required to attend one (1) to three (3) mandatory counseling sessions, along with any additional support deemed necessary to prevent recurrence.

A student who is placed in an alternative educational setting for the duration of their suspension may only return to Kingsway's general education program if the following conditions are met prior to completion of the suspension:

1. **Behavioral Record**: No violations of disrespectful behavior, threats toward others, harassment, intimidation, or bullying for the duration of enrollment in the alternative educational setting.
2. **Satisfactory Academic Performance**: Evidence of ongoing academic success and engagement in the alternative setting.
3. **Psychiatric Evaluation**: A final psychiatric evaluation recommending that a return to Kingsway's general education program is appropriate. The evaluation must confirm that the student no longer presents a threat to themselves, others, or the school community.
4. **Intake Meeting**: A meeting with the student and parents to discuss placement and programming options, once psychiatric evaluation results are reviewed and understood.
5. **Therapeutic Program Completion**: Successful completion of an intensive therapeutic program that addresses underlying behavioral concerns, including but not limited to anger management, anxiety, and trauma. Options may include Cognitive Behavioral Therapy (CBT), Trauma-Focused Cognitive Behavioral Therapy (TF-CBT), or Dialectical Behavioral Therapy (DBT).

Other Disciplinary Items

ANTI-HAZING

According to Board Policy 5541, "A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Hazing is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. The Board of Education prohibits acts of hazing and adopts this Policy against hazing in accordance with N.J.S.A. 18A:37-32.2. The provisions of this Policy apply to all schools within the district. 'Hazing' in a school setting includes, but is not limited to, conduct by an individual(s) who is a member and/or representative of a school-sponsored student organization, club, or athletic team where such individual(s) conditions a student's acceptance as a member into such group on whether the student engages in activities that are humiliating, demeaning, intimidating, and exhausting to the student."

RETALIATION DISCRIMINATION

The Federal civil rights laws prohibit discrimination based on race, color, national origin, sex, disability and age in programs or activities receiving Federal financial assistance. In addition to prohibiting discrimination, each of these civil rights laws also prohibits retaliation against individuals who assert their rights. The ability of individuals to oppose discriminatory practices and to participate in investigations and other proceedings is critical to ensuring equal educational opportunity in accordance with Federal civil rights laws. For this reason, agents of the Board of Education shall refrain from intimidating, threatening, coercing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by Federal civil rights law.

AFFIRMATIVE ACTION

The district's Affirmative Action Program provides a forum to address and resolve issues related to discrimination. The Kingsway Regional School District prohibits discrimination and harassment in all educational programs, activities, and employment practices and complies with Title IX of the Education Amendments of 1972, N.J.A.C. 6A:7, and all applicable federal and state civil rights laws. Questions, concerns, or complaints regarding Title IX, sex discrimination, sex-based harassment, equal educational opportunity, discrimination, harassment, or affirmative action may be directed to:

Any person may report discrimination or harassment, including sex-based harassment, whether or not the person reporting is the person alleged to be the victim of the conduct. Reports may be made in person, by mail, by telephone, by email, or by any other means that results in the District receiving the report.

ACADEMIC INTEGRITY/HONOR CODE

The administration and staff intend to preserve the integrity of all curricular and co-curricular programs. The basis for all integrity is honesty. Every student is expected to observe the highest standards of integrity in meeting the course requirements of his or her educational program. Violations of academic integrity for a primary assessment or secondary assessment will result in the mandatory re-completion of the assignment (an original or different version) by all student(s) who participated in the offense, as well as two after school detentions for each student (except infraction #7). Due dates for the re-completion are at the discretion of the teacher. Violations of academic integrity for a supportive assessment will result in the mandatory re-completion of the assignment (an original or different version) and one after-school detention for each student involved.

Examples of violations of the academic integrity/honor code:

- Obtaining help from or giving help to another student during a test or quiz.
- Submitting or knowingly participating in the submission of a report, paper, essay, homework assignment, or any other product that is not an honest representation of the individual's effort.
- Using books, notes, or any other unauthorized sources of information during an examination.
- Obtaining or giving information concerning a primary, secondary, or supportive assessment that is to be administered.
- Altering any answers on any test or assignment after it has been submitted for grading.
- Copying another student's homework or giving homework to another student.
- Reproducing and distributing copies of assignments, quizzes, tests, or examinations. (1 ESD)

Students are encouraged to ask their teacher for clarification on the acceptable use of artificial intelligence; teachers house discretion with classroom use of AI per individual projects/assignments. Please reference our AI Policy for further information. **Board Policy 2365**

Note: Students who distribute copies of the assignment or assessment questions and/or answers will warrant a heightened response of one (1) ESD, a zero on the assignment, and loss of "Good Student Standing" for 10 days.

Infractions which compromise the educational process will result in further disciplinary action, which may include withholding of credit, detention, suspension, restriction from school activities, disqualification from awards and scholarship eligibility.

INTRODUCTION

The Philosophy Of The Middle School

The middle school years are unique in social, emotional, and intellectual development. Three qualities should be imparted into such a setting. Initially, the student should have an opportunity to join a small community in which people form healthy and lasting relationships. Second, every student must be able to rely on a small, caring group of adults who work closely with each other to provide coordinated, meaningful, and challenging educational experiences. Finally, every student needs at least one thoughtful adult who has the time to talk with the student about academic matters, personal growth, and the importance of performing well in school.

Ensuring success for all students is the goal of our middle school. Our school strives to offer opportunities for students to learn, mature, and exhibit excellence. There is a crucial need to help adolescents at this early age acquire confidence, reliable human relationships, and a sense of purpose beyond self. The social, emotional, and intellectual areas of early adolescence will continually be addressed at Kingsway Regional Middle School.

How Parents Can Help

Most parents earnestly desire to help their child acquire the maximum benefits from their school experience. There are many ways in which parents can help:

- Assume the role of "primary educator" of your child and work collaboratively with the school to ensure the success of your child.
- Show your child how to work efficiently and effectively.
- See that your child has the proper amount of sleep. A child in middle school should have at least 8 to 10 hours of sleep each night.
- Ensure that your child maintains good health and nutritional habits.
- See that your child has the proper materials and resources.
- Maintain regular contact with your child's teachers.
- Monitor your child's progress by utilizing Genesis and Schoology. Specifically, sign-in to your parent Schoology account to view your child's academic progress and communicate with teachers. Click **HERE** to access parent resources to learn more about Schoology.
- Encourage your child to join the Renaissance Program.
- Encourage your child to be his or her own advocate by seeking guidance or academic assistance as needed

COMMUNICATION

Chain Of Communication

Kingsway Regional School District's core values invite a partnership with families and the community as we work collaboratively for the betterment of our students. Our faculty, staff, and administrators communicate often to keep families informed. Despite our very best efforts, questions and concerns do arise. To ensure the success of our students, we ask that the District's Chain of Communication **HERE** be followed when a question or concern arises on various matters.

District Website

Parents and students may access updated information by visiting the district website at **www.krsd.org**. Click on the middle school link to learn more about the following: teams and departments, clubs and activities, the monthly lunch menu, and upcoming events.

Schoology

Schoology supports students' learning and streamlines student, parent, and faculty interactions.
Parent Access to Schoology: Through the Schoology platform, parents can view their child's activities, check current grades, and communicate with teachers.

Student Access to Schoology: Students can access our Schoology site by signing-in using their Kingsway Google credentials. Schoology serves as a convenient "one stop shop" for students to access courses, assignments, teachers, grades, and more.

Genesis

Parents may access their child's current grades through Schoology or Genesis. Schoology and Genesis sync nightly in order to store current grades in both locations. Genesis will be used to store your child's historical grades, current schedule, and bus route while providing the district with your child's demographic information as well as parent/guardian contact information. Parents may contact the school counseling department (ext. 3095) if they need additional assistance and/or misplace the username and password information.

Mid-Marks & Report Cards

All middle school students will receive an interim mid-mark (progress report), which will reflect the student's progress at the midpoint of the semester. This is a singular report containing input from each teacher. Mid-marks are available online through Genesis. Additionally, report cards are also available online through Genesis.

Semesters

The academic calendar is divided into two semesters. Please check the **district calendar** for these timelines as they are subject to change due to unforeseen circumstances.

SCHOOL PROCEDURES

The School Day

The Middle School Main Office is open from 7:15 AM to 4:15 PM. Scheduled classes occur from 8:00 AM to 2:38 PM.

Student Drop-Off & Pick-Up Procedures

Students who are dropped off in the morning before school may arrive as early as 7:40 AM. Parents may pull through the front lane (closest to the middle school), and students may enter the building through the main entrance. Parents are to pull forward between the cones and then drop their child off once their vehicle comes to a stop between the cones. Parents picking up at dismissal should pull into the faculty parking lot and park in a parking space (if possible).

Arrival & Departure

Students should plan to arrive at their assigned bus stops approximately ten (10) minutes before the scheduled pick-up time. Transportation schedules have students arriving at school between 7:40 AM and 8:00 AM. Once in the building, all students will proceed directly to their lockers. Following this, students will then proceed directly to their homeroom. Students are not permitted to eat or drink in the hallways or homeroom during this time. Students are expected to follow the student code of conduct during this time as well. All students should be present and seated in their homeroom by 8:00 AM.

Bell Schedules

The following bell schedules will be utilized during the 2026-27 school year: (All bell schedules can be found on the middle school website at www.krsd.org)

Parent Item Drop Off

In order to minimize disruptions to the academic environment and promote students' personal responsibility, it is respectfully requested that parents attempt to avoid dropping off food items during the school day. Instructional time will not be interrupted for routine issues or to ask a student to come pick up forgotten food items. In addition, the main office does not have a secure place to leave such items. For emergencies, Kingsway Regional Middle School has implemented the following policy with regard to items dropped off at school by parents.

- Student lunches that are delivered after the start of the school day will be able to be claimed by the student at the start of their lunch period.
- Please make sure the item(s) are in a bag and clearly labeled with the student's name and grade level.
- At no time will fast food/pizza/beverages or any other items from restaurants or outside vendors be accepted.

Thank you for your support, assistance, and understanding as Kingsway seeks to maintain an effective and distraction-free classroom environment. If a child forgets his/her lunch, the cafeteria will always allow the child to eat a meal, and the lunch will be charged to the student's account. No student will be refused a meal if one is needed. Kingsway Regional Middle School offers multiple lunch options in the cafeteria. Note: Ordering food from outside establishments is not permitted.

Emergency Closings

In case of inclement weather or any other emergency, buses may be delayed. Announcements will be given via our mass communication system, phone calls, emails, website, Facebook, and TV broadcasts over all major stations. Kingsway will make every attempt to notify parents and staff via the automated phone system as well as the district website (www.krsd.org). Please be sure the school is kept up-to-date with current phone numbers and contact information. Our school number is 815.

Visitors / Early Dismissal

All visitors must report to the main office with identification in order to be present in the building. Except in cases of emergency, parents and guardians are encouraged to make an appointment in advance. Please do not send your child to school with a guest unless permission has been granted by the administration. Parents and guardians will be asked to show identification before picking up their child. If someone other than a parent or guardian is picking up a child, written documentation and identification will be required.

School Nurse

There is one middle **school nurse** on duty during the school day. Before reporting to the nurse's office, a student must secure a pass from his or her teacher. Students will sign in to the Nurse's Office using their ID. Students are not permitted to visit the nurse's office without a pass unless it is an emergency. The nurse will be the determining official as to whether a student must leave school due to sickness.

No students are permitted to carry medication on their person while on school grounds. The only exception to this rule is if the student has written orders in the nurse's office for an inhaler for an asthmatic condition or an Epi-Pen for a severe allergic reaction. This policy is for the safety of all of our students, and full compliance is expected. If a student requires medication at school, the student's physician should complete the necessary paperwork, and the parent must bring the medication to the school in its proper container.

School Counseling Services

The school counseling department's mission is to build collaborative relationships with various stakeholders to help ensure the academic, career, and personal/social development of all students in grades 7 through 12. Student needs are addressed by delivering services that are multifaceted and aligned with Kingsway Regional School District's Strategic Plan. The department's comprehensive program will provide the tools to empower students to achieve their individual and post-secondary goals. Should questions or concerns arise, parents and students are encouraged to contact their **school counselor.**

Scheduling For the Year & Change of Schedule Policy

During the previous school year, students select their courses through Genesis. Kingsway encourages students and families to utilize the Program Planning Guide to help with the scheduling process.

The master schedule for the upcoming school year beginning in September, will be set by the end of the prior school year ending in August. Schedule changes that include the exchange of one course for another or changing the level of a course will be considered through the end of August.

Child Study Team

The child study team is a multi-disciplinary team comprised of a school psychologist, learning disabilities teacher consultant, and social worker who can determine if your student qualifies for special education services and requires an Individualized Education Plan (IEP). If you have questions about the referral process or qualifying for special education, please contact the **child study team.**

Change Of Address

Please see our website, www.krsd.org for change of address requirements.

Transfers

When transferring to another school district, the parent or guardian must visit the school counseling office and complete a Student Transfer Verification Form and a Parental Permission & Transfer Information Form. The student will be given a sign-out sheet to be taken to all his or her teachers. When the form is returned to the school counseling office, a transfer card will be prepared, processed, recorded, approved, and given to the parent or guardian. Transcripts of grades will be forwarded to the student's new school provided the student has fulfilled all responsibilities, returned all textbooks, materials, and equipment, and paid any outstanding fines and obligations.

Breakfast Program

KRMS offers a daily breakfast program for students. Breakfast is available in the cafeteria upon arrival to school and includes a variety of hot and cold food options, as well as beverages available for purchase. Breakfast service is offered each school day from **7:40 a.m. to 7:55 a.m.** Students are encouraged to arrive on time to take advantage of this opportunity before the start of the school day. All food must be consumed before leaving the cafeteria.

Homeroom / First Period

Homeroom is very important in that legal attendance is taken for the day and general announcements are made during this time. The flag salute is held each morning in each homeroom according to state law. Students are requested to pause and participate in the flag salute. After the announcements, various housekeeping tasks are carried out. First-period class commences after the 8:03 AM bell. Students who report to school after 8:00 AM should report directly to the main office for a late pass.

Lunch

Each student is assigned to eat during a specific lunch period. Lunch periods are 23 minutes in length. Students are not to leave the cafeteria before the normal dismissal time unless they have a pass from a teacher on duty. The cafeteria is equipped with a debit system that allows students to keep money on a lunch account. A student can choose to pay for his or her lunch by utilizing one of the following three methods: *student ID card*, *five-digit ID number*, or *cash payment*. If lost, replacement IDs may be purchased during homeroom for a $3 fee.

Purchasing Lunch

The Kingsway Regional School District uses MySchoolBucks, an online payment service giving you a quick and easy way to manage and add funds to your child's meal account. You can review recent purchases, view your account balance, add money to your child's account, and set up low balance alerts.
Follow these steps to enroll:
1. Go to www.myschoolbucks.com (or download the mobile app) and register for a free account. A confirmation will be sent to the email address you provide; click on the link included in the email to activate your account.
2. Activate your account and begin adding your child. You will need the school name and student ID.
3. Add funds to your child's account(s) with your credit card, debit card, or electronic check.

Library/Media Center

Student use of the media center is for research, printing assignments that were completed at home, studying specific topics of interest, checking out books, or leisure reading. Students may visit the media center with their class or with a pass from their teacher. Students will use their ID's to scan into the media center.

Standard Response Protocols

Students and staff follow the five standard response protocols when needed: HOLD, SECURE, LOCKDOWN, EVACUATE, or SHELTER. Students and staff respond to the specific instructions given for each of these protocols.

HOLD – Students should remain in classrooms and instruction continues as usual

SECURE – All outside doors remain locked; everyone is indoors; instruction continues as usual

LOCKDOWN – Locks, lights, and out of sight – students remain in a lockdown until the all clear is made

EVACUATE – Students leave the building to the specified area indicated

SHELTER – Use the appropriate safety strategy for the hazard

Students will be held accountable for any misconduct during safety drills per our code of conduct.

Bicycles

Students are not permitted to ride bicycles to or from school. Students are not permitted to use skateboards, rollerblades, scooters, or motorized equipment on school property. Anyone in violation will be subject to the disciplinary code, and the transportation means will be confiscated until a parent conference is held.

Bus Transportation

School bus service is maintained to provide transportation to and from school for all students. We aim to provide efficient service and to ensure the health and safety of all passengers. To accomplish this aim, the assigned bus driver is recognized as the one responsible for the personal health and welfare of the students. Therefore, directions must be strictly adhered to and the following list must be observed regarding bus transportation:

- While waiting for the bus, pupils should not stand in or play in the road or abuse the property of the homeowners living near the bus stop.
- Students should be seated in their assigned seats on their assigned bus.
- All students must remain seated until the bus comes to a full stop.
- Pupils shall at all times keep their entire body inside the bus.
- No one should make unnecessary noise, shout, or use vulgar language.
- No student will be permitted to throw or shoot articles within the bus or out of the bus windows.
- Pupils should not fight or engage in hazing of any sort or type.
- All students must ride their assigned bus and enter and leave the bus at their assigned bus stop.
- No food or drinks are permitted on any bus. Water bottles must be stowed while on the bus.
- While waiting at middle school to board buses in the afternoon, students must stand on the sidewalks at least two feet from the curbside.
- No smoking or vaping is permitted on the bus.

**Note: Misconduct on the bus may result in a temporary bus suspension per the code of conduct.

Late Bus

Late buses are offered throughout the school year and depart from the middle school at 4:15 PM. The late bus runs are a privilege. Misconduct on any late bus run will result in the loss of privilege to ride the bus on a late run. Students who must stay after school for work or activities will sign in with an assigned teacher via Schoology. The student will then remain with the teacher in charge of the activity until the late bus arrives. Parents providing transportation home from an after-school activity must arrive before the late bus departs or the student will be instructed to ride the late bus. This is strictly enforced to guarantee your child a safe ride home.

Note: Late afternoon buses are provided for students staying after school, but these buses do not necessarily follow the same route as the regular bus. Door-to-door transportation is impossible, so a perimeter route has been designed to drop off students in a timely fashion. Students should know their home address in order to properly communicate to the driver where they live.

EVENTS, CLUBS, WELLNESS ACTIVITIES & SPORTS

Philosophy

KRMS is proud to offer a variety of after-school clubs and activities. Student activities provide opportunities for students to engage in special interests in addition to curricular experiences. Student activities help to develop student abilities necessary for leadership as well as those necessary for group participation. Students who have special talents in fields such as music, drama, and/or athletics are allowed to improve their skills to an extent not usually afforded in the classroom. In keeping with the philosophy of Kingsway Regional Middle School, the administration and staff strive to develop a program of positive social activities planned in such a manner as not to interfere with the academic program. Once a student gains access to an interscholastic sports team, he or she will be charged a participation fee. All social activities are monitored by KRMS staff members. Should a student need an accommodation due to a documented disability that the school is unaware of, please reach out to the advisor/coach to discuss.

Eligibility

Important factors related to determining eligibility are as follows:

- All participants in Kingsway Regional Middle School's clubs, activities, and sports must be Kingsway Regional School District students who are enrolled in the District.
- Good Student Standing: All students will begin the school year with the status known as "good student standing." A student with "good student standing" may attend or be eligible for any extracurricular activity (clubs, wellness activities, sports, etc.) offered by Kingsway Regional Middle School. Refer to the Code of Conduct for additional details on the factors involved in losing good student standing.
- Obligations: Obligations may include, but are not limited to, the following: *new student medical clearance / physical*, *lost / missing / damaged textbook, library book, or Chromebook*, *debt to the cafeteria*, or *unpaid fundraiser monies*. Students with obligations will not be allowed to attend or participate in afterschool activities, class trips, extracurricular trips, dances, tournaments, etc.
- Academics: To be eligible for athletic competition, clubs, and wellness activities during the first semester, a pupil must have passed six courses during the immediately preceding academic year. To be eligible for the second semester, a pupil must have passed six courses at the close of the preceding semester. The administration reserves the right to revisit each case at the mid-semester point to grant eligibility if a student is passing all classes.
- Attendance: Any student absent or suspended from school is not permitted to attend after-school activities. Exceptions may be made for absent students with a physician's note and administrative approval. Students who have accrued more than eight absences will be ineligible to participate in clubs/activities.

Dances

Dances are held for 7th and 8th grade students to provide an opportunity for social experiences with their peers. General guidelines listed below are student responsibilities and conduct during this event.

- Chaperones / staff members are in complete charge and all situations are under their authority.
- Disruptive behavior will be dealt with under the guidelines established in the code of conduct. Social privileges may be revoked at the discretion of the principal or assistant principal.
- Once a student enters a dance, he or she may not leave until it is over, or until his or her parent arrives.
- Most dances will begin at 7:00 PM and conclude at 9:00 PM. Students should inform their parents to pick them up by 9:00 PM.
- Transportation to and from dances is the responsibility of parents. The school does not provide busing.
- Any student may be refused admittance at the discretion of the administration.
- No guests are permitted at dances. The dances are only open to Kingsway Regional Middle School students.
- The middle school dress code remains in effect for all dances.
- Any student absent from school or suspended from school externally is not permitted to attend. Exceptions may be made for absent students with a physician's note and administrative approval.

After-School Offerings

Students may sign up for after-school clubs and wellness activities via Schoology. Days and locations are communicated on the morning announcements and can be found on the **activity calendar**, as well as the **daily announcements** page. For a complete list of our after-school clubs and wellness activities, click **here**.

#1DragonFamily

Kingsway Regional Middle School will continue to pursue a climate and culture initiative entitled, #1DragonFamily, which encompasses activities, guest speakers, Dragon Development Days, and school-wide events. These events are instrumental in emphasizing the importance of accepting differences while promoting respect among the entire school community throughout the school year. In addition to monthly activities and themes, our after-school club, Dragon Spark, is an opportunity for students to further these efforts.

PROPERTY, APPEARANCE & GENERAL CONDUCT

Care Of School Property

Students are to maintain respect for school property at all times. Each student is responsible for his or her books. If a book is lost, damaged, or destroyed, the financial responsibility will fall on the student. Damage or destruction of school property is covered under the Code of Conduct. Students are also responsible for their Chromebook as well. No student with an outstanding obligation will be allowed to attend various school activities (dances, field trips, after-school clubs/activities, sports tournaments, etc.).

Book Fees

The amount of a book fee will be determined based on the scale below. Each teacher will assign a rating to each book before issuance to students, and payment will be based on this rating.

Condition *--- At the Time of Receipt ---*	Payment
New	Full Price
Good	75% of Full Price
Fair	50% of Full Price
Poor	25% of Full Price

Electronic Devices

Students must have all electronic devices turned off and put in their book bags as they enter and leave the building each day. Radios, headphones, earbuds, air pods, cellular phones, smart watches, iPods, laser pointers, video games, or other electronic devices are not to be used during school hours. Students must have all electronic devices turned off and put in their book bags as they enter and leave the building each day. All electronic devices must remain off and secured in the student's locker throughout the school day and during after-school activities. Students with electronic devices in their possession will be subject to the disciplinary code. The school is not responsible when these items are lost or stolen. Additionally, students are not permitted to use their chromebooks during the lunch period as well.

No videotaping of students or teachers is allowed without permission. This stance is in keeping with Kingsway Regional School Board **Policy #5516**, which reads, *"The Board of Education believes pupils and/or school staff members should not be subject to having a video or audio recording taken of any pupil(s) or school staff member(s) for any purpose without the consent of the pupil, the pupil's parent or guardian, and/or the school staff member. In addition to protecting the privacy rights of pupils and school staff members, the Board recognizes such recordings can be disruptive to the educational program."*

A telephone is available in the main office for student use. The student must first report to class to receive permission from his or her teacher, and then the student may report to the main office to use the telephone.

Backpacks & Lockers

Students are not permitted to carry a backpack throughout the day. Each student will be issued a personal locker at the start of the school year. Phones and other personal electronic devices, books, binders, and other student belongings should be stowed in the student's locker. Lockers are to be kept neat and clean, and *they should be locked at all times*. Moreover, students are *not to share combination information with their peers*. Lockers will be checked periodically and organized by students during locker clean-out times. The school cannot assume responsibility for personal property.
Note: The administration reserves the right to search lockers and/or book bags when reasonable suspicion of a Code of Conduct violation necessitates an investigation.

Hall Conduct

Students should move from class to class in a timely and orderly manner. There is to be no running in the halls at any time. Any student in the hall during class time must have his or her student agenda along with the necessary staff signature that grants hallway access. Any hallway behavior that violates the Code of Conduct will warrant disciplinary action.

Lost & Found

Any article found in the building should be turned into the main office or placed on the "Lost and Found" table outside of the cafeteria. A student who has lost an article should check with the main office or visit the "Lost and Found" table. Items that are not claimed will eventually be donated to local charities. If items are lost on the bus, the student is to check with the bus driver directly.

Public Displays Of Affection

Public displays of affection (kissing, hugging, handholding, etc.) are inappropriate and will not be tolerated.

Dress Code

The school district expects that all students will dress appropriately for the school day, virtual meetings, athletic competitions, activities, and any school-sponsored event. The student dress code is designed to support equitable educational access and should not increase marginalization or oppression of any group based on race, gender, ethnicity, religion, sexual orientation, socioeconomic status, or cultural observance. While we believe that the primary responsibility for a student's attire resides with the student and his or her parent(s), the school will assume the responsibility to establish and enforce a dress code that…
…does not interfere with the health or safety of any student.
…does not contribute to a hostile or intimidating school environment.
…respects the district's intent to sustain a community that is inclusive of diversity.
…affords students opportunities for responsible decision-making.

- Clothing or accessories that denote, suggest, display, or reference alcohol, sex, drugs, or related paraphernalia, weapons, or other illegal conduct or activities.
- Clothing or accessories that will interfere with the operation of the school, disrupt the educational process, invade the rights of others, or create a reasonably foreseeable risk of such interference or invasion of rights.

Board Policy Related To Dress Code

According to **policy #5511**, *"The Board of Education recognizes that each pupil's mode of dress and grooming is a manifestation of the pupil's style and individual preferences. The Board will impose its judgment on pupils and parent(s) or legal guardian(s) only when a pupil's dress and grooming affect the school's educational programming. Pupils may not wear clothing or engage in grooming practices that present a health or safety hazard to the individual pupil or others; materially interfere with school work; create disorder and/or disrupt the educational program; cause excessive wear or damage to school property; and/or prevent the pupil from achieving his or her educational objectives because of blocked vision or restricted movement. The Board of Education prohibits pupils from wearing, while on school property, any type of clothing, apparel, or accessory which indicates that the pupil has membership in, or affiliation with, any gang associated with criminal activities. The local law enforcement agency will advise the Board, upon request, of gangs that are associated with criminal activities. The building principal shall publish the student dress code in this handbook/agenda each school year."*

Miscellaneous

To maintain a safe and focused learning environment, students are prohibited from bringing toys, stuffed animals, playing cards, trading cards, fidget spinners, or other non-instructional recreational items to school. These items can be distracting to the learning process and may interfere with the orderly operation of the school day.

The only exception to this policy is when a specific item is documented as a required accommodation in a student's Individualized Education Program (IEP) or Section 504 Plan, or when prior approval has been granted by school administration for an educational purpose.

Any prohibited items brought to school may be confiscated by school personnel. Students who possess, use, distribute, or cause a disruption with such items may be subject to disciplinary action in accordance with the KRMS Code of Conduct. The school is not responsible for lost, stolen, or damaged items.

STUDENT RIGHTS

Access To Student Records Policy

According to **Policy #8330**, *"The Board of Education believes that information about individual pupils must be compiled and maintained in the interest of the pupil's educational welfare and advancement. The Board will strive to balance the pupil's right to privacy against the district's need to collect, retain, and use information about individual pupils and groups of pupils. The Board authorizes the establishment and maintenance of pupil files that include only those records mandated by law, rules of the State Board of Education, authorized administrative directives, and those records permitted by this Board….Access to and disclosure of a pupil's record shall meet the requirements of the Family Education Rights and Privacy Act, 34 C.F.R. Part 99 (FERPA)."*

Students Concerned For Change Policy

Students wishing to offer suggestions for changes in activities or school-related policies are to do so through the Student Council. The Student Council is one recognized body for student concern and change. Any concerns, recommendations, and/or changes will then be reported to the principal via the Student Council.

Should the Student Council not support the proposal, a representative delegation of those concerned may appeal by seeking a meeting with the principal. Subsequent appeals may be made to the superintendent and the Board of Education in the manner prescribed in the student grievance policy. **Policy #5710**

Student Grievance Policy

According to **Policy #5710**, for an individual student who has a personal grievance, which is a result of his or her association with the school, the following steps shall be followed:

- The student or parent may submit a grievance to the teaching staff member most closely related to the policy or act giving rise to the grievance, within five school days of the conduct.
- If not resolved, the student or parent may appeal the teaching staff member's decision by submitting a written appeal of the decision to the Principal within five school days of receipt of the teaching staff member's written decision.
- If not resolved, an appeal of the Principal's decision may be made in writing to the Superintendent within five school days of receipt of the Principal's written decision. The Superintendent shall render a decision within ten (10) school days of receipt of the appeal.

Vacation

Please be advised that vacation days taken while school is in session will be considered absences. Should the vacation be unavoidable, the student is required to obtain work from his or her teacher(s). The student must follow the steps below:

- At least one week before the vacation commences, the student must come to the attendance office with a parent/guardian's written notice. The student will then be given a vacation form.
- The student must take the vacation form to each teacher to obtain work. Each teacher will initial the form to confirm that he or she has communicated with the student. Work given to the student before the vacation must be completed by the student upon returning to school.
- When the vacation form has been filled out by all of the student's teachers, the student must promptly return the vacation form to the attendance office.
- A copy of the completed vacation form will be given to the student to take home.

Obligations

Students are responsible for all obligations. Obligations may include, but are not limited to, the following: *new student physical*, *lost / missing / damaged textbook, library book, or Chromebook*, *debt to the cafeteria*, and *unpaid fundraiser monies*. Once an obligation is incurred, the student is notified in writing and allowed to clear the obligation. His or her name is added to the obligation list, and he or she will not be allowed to attend or participate in afterschool activities, field trips, tournaments, the end-of-year class trip, dances, sports, extra-curricular events, etc. If an obligation should continue beyond the last day of school, it will carry over to the next school year. Obligations continue to follow a student through high school and may ultimately prevent the student from graduating.

Student Identification Badges

To support a safe and secure school environment, all students are required to carry their school-issued identification (ID) badge at all times while on school premises. Student ID badges play an important role in campus safety and security by helping staff quickly identify students and monitor access to school facilities. In addition, ID badges are used to access lunch debit accounts, check out materials from the Media Center, and sign in and out of lavatories and school offices. Students who qualify for the Renaissance Program may also display Renaissance stickers on their ID badges to indicate their status.

Students must have their ID badge with them throughout the school day. ID badges are used to scan into the Main Office, Media Center, Nurse's Office, School Counseling Office, and lavatories. A $3 fee will be charged for the replacement of a

lost or damaged ID badge. Failure to carry or present an ID badge when requested may result in disciplinary action consistent with school procedures.

Student Use of Internet-Enabled Device Policy

According to Board Policy 5516, students in grades 7-8 are prohibited from using an internet-enabled device on school grounds during the school day (bell-to-bell). All students are encouraged to leave their personal internet-enabled devices at home. If students choose to bring devices to school, all devices (such as cell phones, smartwatches, tablets, personal laptops, smart glasses, and other personal devices capable of connecting to the internet) must remain powered off or silenced and secured in a school-issued locker or the device cart (for students on alternative schedules). We have adopted the message of ***Off and Away***. **Students who violate this policy will be held accountable pursuant to the Student Code of Conduct.**

HAZARDOUS SUBSTANCES

Worker & Community Right To Know Act

According to the Worker and Community Right to Know Act (N.J.S.A. 34:5A-3), *"Notice is hereby given and all parents/guardians are hereby advised that any construction or other activities involving the use of any hazardous substances will be posted on a bulletin board in the school. In addition, hazardous substances may be stored at various times throughout the year. These substances will be stored and used by all safety regulations. Safety Data Sheets for these substances are available at the school."*

ACADEMICS

Grading

Please see our website, www.krsd.org, for the Grading Practices at Kingsway.

Homework Request

When absences occur and work is missed, one day for make-up work is granted for each day of absence. The following procedure will be followed in this circumstance:

- Requests for homework / classwork assignments will be accepted only after a student has been absent for two (2) consecutive days due to illness.
- Requests must be called into the **school counseling secretary** no later than 8:00 AM.
- Homework requests for a student absent due to vacation will not be honored except as noted in the vacation policy. Homework / classwork collected from the teachers will be available in the School Counseling Office after 2:38 PM on the day of request.
- Books and other materials will not be collected. It is up to the person retrieving the work to go to the student's locker to gather any necessary materials.

Note: Despite the advent of teacher's Schoology pages that list daily homework and other pertinent class information, absent students are not required to complete missed homework and/or classwork before their return. Students may certainly choose to utilize these tools as a means to prevent "falling behind," but they are not mandated to utilize them.

Honor Roll

Students receiving grades at or above 80 in all subjects will be placed on the Principal's List for that semester. Students receiving grades at or above 90 in all subjects will be placed on the Superintendent's List for that semester. If a student receives an "Incomplete" and does not make up the work in a timely fashion (two weeks from the end of the semester), honor roll status will not be awarded.

Multi-Tiered System of Supports Team (MTSS)

The Kingsway Regional School District is committed to excellence and values all learners. We believe that each student has the right to reach his or her fullest potential in a supportive school environment. Our MTSS Team strives to assist our

teachers in facilitating student achievement through a combination of an engaging and rigorous curriculum, excellence in teaching, and strengths-based intervention plans to help each learner meet academic, social, emotional, and behavioral success.

The MTSS team is a multidisciplinary team bringing together representatives from multiple professional constituencies for the goal of improving student achievement. A teacher, counselor, administrator, or parent can initiate a request for assistance. The purpose of this service is to assist students who are experiencing challenges that impact learning. These difficulties may include problems with academics, behavior, health, and/or attendance issues. Through the different steps that comprise the MTSS process, students are directed to appropriate services in the school or community.

NJLSA Standardized Test

The State of New Jersey requires students to complete a standardized test (in math, science, and language arts) called the NJSLA (New Jersey Student Learning Assessment) test, which is aligned with the New Jersey Student Learning Standards. The NJSLA test will be conducted during one testing window (near the conclusion of the school year). Because the test is conducted via computer, a broad window is set in place to enable schools to test all of their students. Students must come to school ready to perform to the best of their ability. Students are encouraged to be on time, get a good night's sleep, and eat a nutritious breakfast each day. For more information, click **here**.

Promotion Procedures & Failures

Any middle school student who receives two or more failures in any full-year core course will be retained in his or her respective grade level. Such pupils will have the option of attending a summer school program (approved by the NJ Department of Education and the Kingsway Regional School District Board of Education) to obtain a passing grade in any subject failure. The cost of the summer school would be the responsibility of the parent(s) or legal guardian(s) and the student. If the parents of the student decide to forgo the summer school option, then the student will be retained in his or her grade level.

When unusual or unforeseen circumstances make it impossible to implement the above policy requirements in the best interest of the pupil and school, the administrative staff shall review the situation and render an appropriate decision based upon the known facts and circumstances. See **Policy #5460** ("High School Graduation") for the administrative review procedure and application for early graduation.

REASSESSMENT PRACTICE

Philosophy

Kingsway Regional School District values all learners and the learning process. Specifically, we acknowledge that not all learners learn the same way, at the same pace, and at the same moment in time. Therefore, we believe students should take ownership of their learning by reflecting on errors and by taking steps to further engage in the learning process to demonstrate improvement. In carrying this belief forward, we wish to afford all students the opportunity to reassess to demonstrate proficiency on grade-level standards so they may successfully progress with confidence and ultimately attain mastery. Consequently, Kingsway Regional School District will continue to implement a uniformed reassessment practice in grades 7-12 that supports this rationale as well as the goals noted below.

- Goal #1: *To improve understanding of the material and increase confidence as student progress toward mastery*
- Goal #2: *To assist students with the understanding that mistakes can be an opportunity for growth*
- Goal #3: *To increase study skills and accountability for one's own learning*

Retake Practice

As a grade of 83 (B) demonstrates strong proficiency within the district's grading scale, if a student receives a grade of less than an 83 on a secondary assessment, he or she will be eligible to pursue another opportunity to demonstrate proficiency of the material. The highest grade the student can receive as a result of the reassessment opportunity is an 83. To take advantage of this opportunity, the student must reach out to the teacher within the allotted timeframe and let the teacher know of his or her intention to reassess. The teacher will then provide additional opportunities for the student to further engage in learning so the student can better understand the material. These opportunities are referred to as "learning

demonstration activities" (LDA) and are specifically designed by the course teacher. Students have 5-10 school days (5 days is optimal) from receipt of the first graded assessment to engage in the "learning demonstration activities" and to take the reassessment. All "learning demonstration activities" must be completed before the reassessment is given.

Learning Demonstrating Activities (LDA)

Each teacher will decide what LDA his or her students should engage in that best demonstrates further learning and exposure to the concepts or skills in which there were deficits. Examples of LDA that teachers could assign are noted below. Students are required to request the opportunity to reassess and complete the LDA before the reassessment. The list below is not an exhaustive compilation of examples.

- Make corrections to the assessment
- Additional targeted practice questions to complete related to errors on the initial assessment
- Additional help sessions from the teacher (during class, after school, during math working lunch, etc.)
- The student submits a plan of re-learning and provides evidence of that re-learning

Reassessments

Each teacher will have the discretion as to the form the reassessment will take that will best assess the student's growth in skills and understanding. The second assessment will remain similar to the first assessment in its content and rigor but may take a different format. The reassessment grade will replace the first grade; if the student scores lower on the second opportunity, the higher grade of the two stands.

TECHNOLOGY

Student Technology Support

If you are having difficulty with technology, please click **here** to submit a device request. You may also call (856) 467-3300 (ext. 4256) and leave a voicemail with detailed information regarding the issue and we will call back with assistance.

One-To-One Chromebooks

All students enrolled at Kingsway will receive a Chromebook computer to aid in their learning experience. This device will require wireless internet access to work from your home. Students are responsible for bringing the Chromebook to school, taking them home each day, and ensuring they are fully charged for use the following day.

Important stipulations related to Chromebook use are listed below.

Students and Parents Agree to:

- Read the **Student Technology Handbook**.
- Use the device for school purposes only. School issued Chromebooks are not intended for personal use. Only @krsd.us Google accounts will work. The school's Code of Conduct will apply to the inappropriate use of technology.
- Acknowledge that the district will record and collect information on your child's activity while using this device.
- Understand that the device we are allowing your child to use will have a webcam installed. The Webcam may be used by teaching staff members to deliver online instruction and/or may be used in the event the device was reported stolen. The school district shall not use any of the capabilities in a manner that would violate the privacy rights of your child or any individual residing with your child.
- Treat digital technologies with care, and report any damages, security risks, or violations to the technology department by clicking **here**.
- Keep the device until it is deemed end of life (including summer).
- Return the device to your school's counseling office if your child transfers out of Kingsway Regional School District.
- In the event a Chromebook is stolen, submit a formal police report and a copy forwarded to the district.

- Acknowledge that the district will impose a "zero tolerance" policy for Chromebook damage, accidental or otherwise. Chromebooks must be returned to the district in the same condition they were initially provided to the student (assuming reasonable use and care by the student). All repairs for Chromebook damage will be charged back to the parent/guardian. The chart below outlines the most common repair costs.

Part \ Component	Cost
Chromebook Screen	$100.00
Chromebook Keyboard	$45.00
Replacement Hinges	$25.00
AC Power Adapter	$28.00
Chromebook Bag	$20.00
Total Replacement (including charger and bag)	$250.00

ATTENDANCE

Calendar

Please click **here** for the most up-to-date district calendar.

Religious Holidays

The state of New Jersey identifies a host of religious holidays that qualify as "permitting student absence from school." Students who do not attend school on these days due to a religious reason will have the absence excused. For a list of these holidays, please click **here**.

Attendance Policy

The goal of the Kingsway Regional School District is to provide an appropriate educational program for every student enrolled in the schools of the district. Pupil participation in all regularly scheduled classroom activities is essential if the school is to accomplish this goal. Frequent absences from regularly scheduled classes disrupt the learning process and will not allow a student to receive the maximum benefits of the district's educational program. Each enrolled student shall attend the entirety of each class each day when school is in session or shall be engaged in other approved school activities—unless legally absent. It is possible for students to meet all course requirements and be passing but still not earn credit for the course due to absences.

Overview of Attendance

"Attendance" is a pupil's presence in school and in the classroom to which he/she is assigned at the times scheduled for instruction or other school activities. A student with more than 16 days absent for a full-year course (8 days for a half-year course) is liable for the penalties of the attendance policy. Class periods missed through tardiness and absences from school or early dismissal will be counted as unexcused absences.

Absenteeism

Students in grades 7-8 are required to attend each class every day that school is in session. In order to be eligible to participate in extracurricular activities, a student must arrive at school prior to 10:00 A.M. Students who are absent from school are not permitted to be on school property for any reason.

KRMS Attendance FAQS (Board Policy 5200)

What counts as an excused absence?

Beginning with the 2026- 2027 school year, Kingsway will align its attendance procedures with New Jersey statutes and NJDOE guidance regarding excused absences.

- Take Your Child To Work Day

- Religious Observances
- Participation in observance of Veterans Day
- Attendance at Civic Events (only one day)
- Closure of a sending school district that prevents a student from having transportation to the receiving school
- Absence considered excused by the Commissioner or NJDOE regulation

What happens if my child has excessive daily absences?

Any pupil who is absent for ten (10) consecutive unexcused school days and does not appear on homebound instruction, and/or is not under the care of a physician, shall be considered truant *(N.J.A.C.6A:16-1.3)* and will be issued a written notification to report back to school within five (5) school days. Failure to comply with the provision of the law may cause the parent to be deemed a disorderly person and subject to a fine *(N.J.S.A. 18A:38-28 through 31)*. Pupils above the compulsory age who do not comply with the notice and who do not return to school after five (5) days shall be dropped from the rolls of the school.

Students will be permitted up to sixteen (16) total unexcused absences before additional review may be required. KRMS will continue with the current progressive communication process pursuant to Board policy and administrative regulation. As students approach the maximum permitted absences, their information will be presented to the Attendance Review Committee, which will evaluate each student's individual circumstances and may provide recommendations that include:

1. Approval of specific absences when appropriate.
2. Development of an Attendance Improvement Plan.
3. Participation in attendance or credit recovery opportunities.
4. Loss of course credit when warranted (Alg I, Geo, or other credit-bearing course)
5. Additional actions permitted under Board policy and state law.

Students receiving approved home instruction services will be reported as present for instructional purposes in accordance with state requirements. Student health and safety remain our priority. Families should continue to keep students home when illness would make attendance unsafe or inappropriate. **(Policy #5200)**

Chronic Illness

Chronic illness situations should be communicated to the student's school counselor and steps may be necessary to implement an attendance plan or 504 to accommodate student attendance/absences.

Readmission to School After An Absence

A note explaining a pupil's absence for non-communicable illness for a period of more than five days must be accompanied by a physician's statement of the pupil's illness. A pupil who has been absent by reason of having or being suspected of having a communicable disease must present to the School Nurse written evidence of being free of communicable disease, in accordance with Board Policy 8451.

Attendance Letters

- When a student reaches **five (5) days** of absences, a letter will be sent to the parent/guardian via the Genesis Parent Portal. A school counselor will meet with the student. In addition, a phone call will be made to the parent/guardian to inform him or her.
- When a student reaches **eight (8) days** of absences, a letter signed by an assistant principal will be sent via the Genesis parent portal. The assistant principal and/or designee will meet with the student as a follow up to the letter.
- At the **twelve** (**12) day** absence threshold, a parent conference will be scheduled through the principal's office. Parents will be notified of possible court, ineligibility, and credit loss if the child goes over the 16 absence threshold.
- At the **sixteen** (**16) day** absence threshold, a certified letter from the attendance secretary will be sent issuing a court notice once the child surpasses the 16-day threshold.

Late Arrival and Early Dismissal (Board Policy 5230)

The Board of Education requires that pupils attend the full school day in order to benefit from the instructional program. That requirement will be waived only when compelling circumstances require that a pupil be late to school or dismissed from school before the end of the school day.

The Principal shall maintain a record of the parent(s) or legal guardian(s) of each pupil. If one parent has been assigned custody of the pupil by court order or separation agreement and wishes to limit the noncustodial parent's access to the pupil, the parent in custody must inform the Principal of any such limitation and may request that his/her authorization be required before the noncustodial parent is granted access. In the absence of such notice, the Principal will presume that a pupil may be released into the care of either parent.

A pupil who suffers an incapacitating medical disability will be released from school only in the presence of an adult.

Tardiness

Students are tardy if they arrive at school or class after the bell has rung. Students who are tardy to school will report to the Attendance Office for a late pass. Students who are tardy due to a school bus should report to the Attendance Office upon arrival to school for an excused pass. All students must sign-in to the Attendance Office upon arrival at school.

Vacation

Please be advised that **vacation taken while school is in session will be considered as unexcused absence.** However, if the vacation is unavoidable, the student is required to obtain work from his/her teachers. The student must follow the steps below:

1. At least one week prior to vacation, written notice of the said vacation must be submitted to the attendance office. Once the form is submitted, a Notice of Vacation Form will be provided to the student. Note: A copy of the form is available electronically through the Parent Portal of Genesis.
2. Once the Notice of Vacation Form is filled out, the student is to obtain signatures from each of his/her teachers and obtain any assignments that he/she will be missing while away. Teachers will initial this form to confirm talking with students. Work given to the student prior to the vacation must be completed upon returning to school or arrangements made with teachers prior to leaving.

- Once all signatures are received, the form is to be returned to the attendance office for processing. Once processed, a copy of the completed vacation form will be given to the student to take home and a copy will be placed in his/her file.

DISCIPLINE

Philosophy

It is our goal to develop students who are capable of making good, sound decisions regarding both their academic preparation and how they conduct themselves in our school and outside our four walls. We expect that students will conduct themselves responsibly. The consequences imposed adhere to our overarching goal of keeping students in class and engaged in meaningful activities designed by our teachers.

We hold students to a very high standard. Those who meet this standard will have opportunities and privileges to participate in activities outside the classroom. However, those students who do not meet the expectations outlined in the Code of Conduct will be held accountable for the decisions they have made and therefore will no longer have access to various privileges. That being said, the goal will be to guide these students to make more responsible decisions. Disciplinary consequences imposed in response to discipline code infractions are designed, not to “punish,” but rather to redirect students to engage in appropriate and productive behaviors. Administrators will apply the Code of Conduct in a manner that is fair and consistent and in a way that encourages appropriate and responsible behavior moving forward.

Pupil Discipline

According to **Policy #5600**, *"The Board of Education adopts this Pupil Discipline / Code of Conduct Policy to establish standards and procedures for positive pupil development and behavioral expectations on school grounds, including on a school bus or at school-sponsored functions, and as appropriate, for conduct away from school grounds. Every student enrolled in this district shall observe promulgated rules and regulations and the discipline imposed for infraction of those rules."*

Accordingly, the Code of Conduct is intended as a guideline for interpreting the possible disciplinary action to be taken by faculty and/or administration for various disciplinary offenses. This code is not all-inclusive and may be altered, modified, or applied in response to student conduct or events at any time as deemed by the administration. Furthermore, the code is applied progressively and may result in placement in an alternative program. It must be emphasized that actions taken by teachers and/or administrators are intended to remediate problems and provide a safe and secure learning environment for all students. Teachers are urged to contact parents about student disciplinary issues in the classroom in conjunction with teacher warnings, teacher detentions, and administrative referrals.

Discipline Applications

The nature and severity of each disciplinary infraction will determine the discipline that is implemented. Below are a list of various applications that may be used in the event of a disciplinary infraction:

- **Warning** Tier I infractions of the Code of Conduct may be addressed with a warning. A warning can be implemented as a learning experience for students and is oftentimes utilized as a first measure of correction.
- **Administrative Lunch Detention (ALD)** An ALD is held in a designated classroom during the student's lunch period. An ALD will last for 23 minutes, and the student will eat lunch during the session.
- **After-School Detention (ASD)** An ASD is typically the primary behavioral intervention used to address most Tier I and Tier II violations. ASD is provided by the school as an intermediate step and serves to warn students that continued misbehavior will result in more serious consequences. Assignments to ASD are made by administrators. Students who are assigned an ASD are to report to the designated classroom immediately after the conclusion of 12th period. ASD begins at 2:40 PM and concludes at 4:15 PM. Tardiness is not permitted. Failure to report on time is treated as a "no show", and the student may be assigned additional days or suspended (for repeat offenses). A student who fails to report to or cooperate while in ASD will be referred to an administrator and disciplined with appropriate consequences that may include additional ASD sessions or the issuance of an ESD session.
- **Extended School Day (ESD)** An ESD is provided by the school for students who commit serious infractions that warrant more than ASD or for those who are repeat offenders. Assignments to ESD are made by administrators. Any student who is assigned ESD will attend school and follow their regularly assigned schedule. At the conclusion of the school day, the student will then report to the designated ESD classroom. ESD begins at 2:40 PM and concludes at 5:00 PM. Students are responsible for providing their own transportation home from ESD. Tardiness is not permitted. Failure to report at the start time is treated as a "no show" and the student may be assigned additional days or suspended (repeat offenses). A student who fails to report or cooperate while in ESD will be referred to an administrator and disciplined with appropriate consequences that may include additional ESD sessions or possible suspension from school.
- **In-School Suspension (ISS)** A student given **In-School Suspension** will remain in one room all day. All classroom assignments for the day will be sent down to the ISS room, and the student's teachers will have the opportunity to assist that student with school work through the day. Any student removed from ISS will serve the remainder of their suspension **externally.** An additional day will be added, if removal from ISS occurs.
- **Out-of-School Suspension (OSS)** Students who commit major infractions or who are repeat offenders may face OSS, which constitutes a denial of school attendance and participation in school for a designated number of days. Such suspensions are made by the administration following the policies of the Kingsway Regional School District. A student suspended outside of school is required to attend a parent conference before he or she is readmitted to school unless otherwise stated by the administration. At the time of suspension, the student will also be given a copy of the suspension letter and the parent will be notified by the administration before the suspension begins. All suspensions may be appealed to the principal and are subject to Due Process Procedure.

Key Terms

Multiple Offenses, One Incident: A single incident can consist of multiple incident types. For example, a student might make a criminal threat toward another student while holding a knife. This would be entered into the SSDS as a single incident of criminal threat and weapon use.

Alternative Education Program: A comprehensive educational program designed to address the individual learning, behavior, and health needs of students who are not succeeding in the general education program or have been mandated for removal from general education, pursuant to N.J.A.C. 6A:16-5.5, 5.6 and, as appropriate, 5.7. The alternative education program shall provide a variety of approaches to meet the State-adopted standards, such as through nontraditional programs, services, and methodologies to ensure curriculum and instruction are delivered in a way that enables students to demonstrate the knowledge and skills specified for all students in N.J.A.C. 6A:8.

Assault: A person attempts to cause – or Purposely, knowingly, or recklessly causes – bodily injury to another.

Fight: Mutual engagement in a physical confrontation in which the offenders understood that the confrontation may result in bodily injury to either party. Does not include a verbal confrontation or a minor confrontation, such as a shoving match. Each participant must be classified as an offender.

False Public Alarm: Initiating or circulating a report or warning of an impending fire, explosion, bombing, crime, catastrophe or emergency, knowing that the report or warning is false or baseless and that it is likely to cause evacuation of a school building, school bus, or other place of assembly on school grounds. This includes knowingly setting off a fire alarm when no fire exists.

Bias-Related Act: Incidents determined to be Bias-Related means that it is an incident directed at a person, group of persons, private property, or public property that is motivated in whole or in part by racial, gender, disability, religious, sexual orientation, or ethnic prejudice. A bias-related incident need not involve conduct that constitutes a criminal offense. All bias-related incidents will be reported to law enforcement to determine if the incident rises to bias-intimidation. Bias-Intimidation is an incident that was confirmed by a law enforcement official to be bias-intimidation.

Bias-Intimidation: New Jersey law defines bias intimidation as threatening or committing an offense (or attempting or conspiring to commit an offense) (1) with a purpose to intimidate an individual or group of individuals because of race, color, religion, gender, disability, sexual orientation, gender identity or expression, national origin, or ethnicity; or (2) knowing that the conduct constituting the offense would cause an individual or group of individuals to be intimidated because of race, color, religion, gender, disability, sexual orientation, gender identity or expression, national origin, or ethnicity. A person is guilty of the crime of bias intimidation if he commits, attempts to commit, conspires with another to commit, or threatens the immediate commission of an offense specified in chapters 11 through 18 of Title 2C of the New Jersey Statutes; N.J.S.2C:33-4; N.J.S.2C:39-3; N.J.S.2C:39-4 or N.J.S.2C:39-5.

Expulsion: Pursuant to **Policy #5620**, that expulsion from this district is the most severe sanction that can be imposed upon a student. It is when a school district is no longer required to provide educational services to a general education student. The Board may expel a general education student from school, pursuant to N.J.S.A. 18A:37-2. An appeal of the Board's decision regarding the cessation of the student's general education program shall be made to the Commissioner of Education in accordance with N.J.S.A. 18A:6-9 and N.J.A.C. 6A:3-1.3 through 1.17.

Formal Charge: A formal allegation made by a law enforcement official asserting that somebody has committed a crime. A stationhouse adjustment would not be considered a formal charge. (A stationhouse adjustment is an alternative method that law enforcement agencies may use to provide for immediate consequences, such as community service or restitution and a prompt and convenient resolution for the victim, while at the same time avoiding a formal juvenile delinquency record.)

Hate or Hateful Behaviors: Hate or hateful behaviors relate to beliefs or practices that attack, malign, delegitimize or exclude an entire class of people based on immutable characteristics, including their ethnicity, religion, gender, sexual orientation, or disability. Hate actors are understood to be individuals, groups or communities that actively and overtly engage in the above activity, as well as those who implicitly attack classes of people through, for example, the use of conspiracy theories and disinformation. Hateful activity is understood to be antithetical to pluralism and the universal application of human rights.

Suspensions: Pursuant to **Policy #5610**, administration recognizes that even the temporary exclusion of a student from the educational program of this district is a severe sanction and one that cannot be imposed without due process. Any student who is guilty of continued and willful disobedience, or of open defiance of the authority of any teacher or person having authority over him, or of the habitual use of profanity or of obscene language, or who shall cut, deface or otherwise injure

any school property, shall be liable to punishment and to suspension or expulsion from school. Conduct which shall constitute good cause for suspension or expulsion of a student guilty of such conduct shall include, but not be limited to, the conduct as defined in N.J.S.A. 18A:37-2 and the school district's Student Discipline/Code of Conduct Policy and Regulation in accordance with the N.J.A.C. 6A:16-7.1. et seq.

For the purposes of this policy, "suspension" means the temporary removal of a student from the regular instructional program. Suspension is the denial of school attendance and of participation in or attendance at school-sponsored activities. "Short-term suspension" means a suspension of not more than ten days, and "long-term suspension" means a suspension of more than ten days. All suspensions may be appealed to the Principal and are subject to Due Process/Appeals Procedure.

Due Process / Appeal Procedures

A student has the right to appeal the discipline decision of a school administrator for any infraction resulting in an Out of School Suspension (OSS), and has the right to an advocate during the appeal process. Every effort is made to reach an agreement at the lowest level possible. Appeals begin with the administrator who administered the disciplinary infraction. The purpose of the Appeals Procedure is to provide a student/parent/guardian (complainant) with an administrative remedy to dispute alleged violations, misinterpretations, and misapplications of Board policies, regulations, procedures and practices and/or law. Based on the merits of the written report filed by the complainant, the appeal may be heard or denied, with clear and sufficient reasons, in writing, to the complainant if the appeal is denied. All suspensions will be served immediately. Detentions are not considered appealable in that they do not deprive a student of his/her educational program.

An appeal must be filed, in writing within three (3) school days of the date the aggrieved knew or should have known of the circumstances, which caused the appeal/grievance. The administrator shall render a decision within fifteen (15) school days from the date the appeal was originally filed. When requesting an appeal, the complainant must include the following information:

1. Student Name
2. Date of decision and/or incident that you are appealing
3. Briefly describe the reason you are appealing the decision in this matter. Cite relevant laws, policies, or regulations that you believe have been violated
4. Provide a detailed statement with supporting facts and evidence to support your appeal of the disciplinary decision. The district will not consider additional evidence and/or claims at subsequent levels.
5. Please indicate the remedy or outcome you are seeking:

Appeal to the Principal: If a complainant is not satisfied with the written decision rendered by the administrator for consequences resulting in out-of-school suspensions (OSS) only, the complainant may submit a written appeal to the principal within five (5) school days of receiving the administrator's written decision. The Complainant will be provided with the opportunity to present witnesses and evidence in support of his/her cause. The principal shall render a decision within fifteen (15) school days from the date the appeal was filed with the principal.

Appeal to the Superintendent: If a complainant is not satisfied with the written decision rendered by the principal for consequences resulting in out-of-school suspensions (OSS) only, the complainant may submit a written appeal to the Superintendent's Office within five (5) school days of receiving the principal's written decision. The appeal must request a review of the complaint, include the principal's decision and all pertinent information, and state the remedy requested. Within fifteen (15) school days of the receipt of the appeal, the Superintendent or his/her designee will render a written decision and send it to the complainant and the principal.

Appeal to the Board of Education: If a complainant is not satisfied with the written decision rendered by the Superintendent or his designee for consequences resulting in out-of-school suspensions (OSS) only, the complainant may submit a written appeal to the Board of Education within five (5) school days of receiving the Superintendent's written decision. The appeal must request a review of the complaint, include the decision of the Superintendent/Designee and

include all pertinent information, and state the remedy requested. The Board of Education will hear the appeal at the next scheduled Board meeting.

Discipline: Students with a 504 Plan/IEP

Students with disabilities are subject to the District's Code of Student Conduct. However, disciplinary actions involving students with disabilities shall be administered in accordance with applicable federal and state laws and regulations, including the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and New Jersey Administrative Code.

When disciplinary action is being considered for a student with a disability, school administrators shall consult with appropriate staff, including the student's case manager, counselor, Child Study Team member, or other personnel familiar with the student's educational program and behavioral supports, as appropriate.

The student's disability, Individualized Education Program (IEP), Section 504 Plan, behavioral intervention plan, and other relevant factors shall be considered when determining appropriate disciplinary action.

If a student with a disability is removed from school for more than ten (10) consecutive school days, or is subjected to a series of removals that constitute a disciplinary change of placement, the District shall follow all applicable procedural safeguards and disciplinary requirements established by federal and state law.

No later than the date on which a decision is made to implement a disciplinary change of placement, the parent(s)/guardian(s) shall be notified of the decision and provided with a copy of their procedural safeguards.

Within ten (10) school days of the decision to change the student's placement for disciplinary reasons, the student's IEP Team shall conduct a Manifestation Determination Review (MDR) to determine:

1. Whether the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or
2. Whether the conduct in question was the direct result of the District's failure to implement the student's IEP.

If the IEP Team determines that either condition exists, the behavior shall be considered a manifestation of the student's disability, and the District shall take appropriate action in accordance with applicable law and the student's educational needs.

If the IEP Team determines that the conduct was not a manifestation of the student's disability, disciplinary consequences may be applied in the same manner and for the same duration as they would be for students without disabilities, subject to the District's continuing obligation to provide educational services as required by law.

All disciplinary decisions involving students with disabilities are subject to the procedural safeguards and due process rights provided under applicable federal and state law.

Harassment, Intimidation and Bullying (HIB)

"Harassment, intimidation, or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as **race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic**, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L.2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:

a) a reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property; [or]

b) has the effect of insulting or demeaning any student or group of students [in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school]; or

c) creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

CODE OF CONDUCT

The Code of Conduct applies in all settings and schedules (in-person, hybrid, and virtual).

BEHAVIORAL CONSEQUENCES

TLD – Teacher Lunch Detention, Periods 3, 5, 6, or 7
ALD – Administrative Lunch Detention, Periods 3, 5, 6, or 7
ASD – After School Detention → 2:40 PM – 4:15 PM
ESD – Extended School Day → 2:40 PM – 5:00 PM
FTS – Failure to Serve
ISS – In-School Suspension
OSS – Out-of-School Suspension

LOSS OF GOOD STUDENT STANDING

All students will begin the school year with a status known as "Good Student Standing." A student with "Good Student Standing" may attend or be eligible for any extracurricular activity offered by Kingsway Regional Middle School.
If a student receives a behavioral consequence, the student may also lose their "Good Student Standing." Loss of "Good Student Standing" means the student will be denied the privilege to attend *all extracurricular activities* for the number of school days depicted below. These days commence immediately following the suspension.
In the event an activity occurs when school is not in session (weekends or holidays), those days will count when determining the student's Good Student Standing. Activities in this policy include wellness activities, all clubs, school-sponsored tournaments, sports, dances, plays, musicals, talent shows, non-curricular field trips, and any other special extracurricular activity that may be scheduled. Administrative approval is required before attending an academic activity, such as after-school tutoring. Loss of Good Student Standing ***three times or more in a given school year*** renders the student ineligible to attend the end of year class trip and after-school activities for the remainder of the school year. In addition, egregious behavior at Tier III, Tier IV, and Tier V, from June 1st up to and including the last day of school will result in a loss of student privileges, such as attendance at the end of the year class trip.

Consequence	Administrative Discipline Per Code *--- Total Cumulative Days ---*	Number of Days of Loss of "Good Student Standing"
ASD	1 to 3 days	*No Loss of Good Student Standing*
	4 to 10 days	*5 days per offense*
	11 or more days	*10 days per offense*
ESD & ISS	1 to 4 days	*5 days per offense*
	5 to 8 days	*10 days per offense*

VIOLATIONS BEYOND THE CODE

The recommendations contained with the Code of Conduct are meant to provide guidance to administrators when imposing discipline. Exacerbating or mitigating circumstances could warrant an increase or decrease in the actual discipline recommended and imposed by the administration.
For long-term suspensions, the Board of Education is responsible for reviewing the student's suspension, educational placement, and readiness to return to the regular education program, consistent with N.J.A.C. 6A:16-7.3.

Depending on the nature of the incident, the district may require a reentry conference, safety assessment, risk assessment, or other appropriate interventions and supports prior to the student's return to school. The district may also recommend counseling, behavioral supports, or other services designed to promote a successful return and prevent recurrence of the conduct.

(+++)

The recommendations contained with the Code of Conduct are meant to provide guidance to administrators when imposing discipline. Exacerbating or mitigating circumstances could warrant an increase or decrease in the actual discipline recommended and imposed by the administration. For long-term suspensions (i.e., suspensions longer than ten (10) days), the Board of Education retains the ultimate discretion to meaningfully review the circumstances surrounding discipline and whether to return the student to the general education program.

The date of return to school may be contingent upon a safety evaluation, psychological evaluation, and/or Child Study Team referral. Additionally, the student will be required to attend one (1) to three (3) mandatory counseling sessions, along with any additional support deemed necessary to prevent recurrence.

A student who is placed in an alternative educational setting for the duration of their suspension may only return to Kingsway's general education program if the following conditions are met prior to completion of the suspension:

1. Behavioral Record: No violations of disrespectful behavior, threats toward others, harassment, intimidation, or bullying for the duration of enrollment in the alternative educational setting.
2. Satisfactory Academic Performance: Evidence of ongoing academic success and engagement in the alternative setting.
3. Psychiatric Evaluation: A final psychiatric evaluation recommending that a return to Kingsway's general education program is appropriate. The evaluation must confirm that the student no longer presents a threat to themselves, others, or the school community.
4. Intake Meeting: A meeting with the student and parents to discuss placement and programming options, once psychiatric evaluation results are reviewed and understood.
5. Therapeutic Program Completion: Successful completion of an intensive therapeutic program that addresses underlying behavioral concerns, including but not limited to anger management, anxiety, and trauma. Options may include Cognitive Behavioral Therapy (CBT), Trauma-Focused Cognitive Behavioral Therapy (TF-CBT), or Dialectical Behavioral Therapy (DBT).

OTHER DISCIPLINARY ITEMS

Anti-Hazing

According to **Policy #5541**, *"A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Hazing is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. The Board of Education prohibits acts of hazing and adopts this Policy against hazing in accordance with N.J.S.A. 18A:37-32.2. The provisions of this Policy apply to all schools within the district.*

'Hazing' in a school setting includes, but is not limited to, conduct by an individual(s) who is a member and/or representative of a school-sponsored student organization, club, or athletic team where such individual(s) conditions a student's acceptance as a member into such group on whether the student engages in activities that are humiliating, demeaning, intimidating, and exhausting to the student."

Retaliation Discrimination

The Federal civil rights laws prohibit discrimination based on race, color, national origin, sex, disability and age in programs or activities receiving Federal financial assistance. In addition to prohibiting discrimination, each of these civil rights laws also prohibits retaliation against individuals who assert their rights. The ability of individuals to oppose discriminatory

practices and to participate in investigations and other proceedings is critical to ensuring equal educational opportunity in accordance with Federal civil rights laws. For this reason, agents of the Board of Education shall refrain from intimidating, threatening, coercing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by Federal civil rights law.

Affirmative Action

The district's **Affirmative Action Program** provides a forum to address and resolve issues related to discrimination. The Kingsway Regional School District prohibits discrimination and harassment in all educational programs, activities, and employment practices and complies with Title IX of the Education Amendments of 1972, N.J.A.C. 6A:7, and all applicable federal and state civil rights laws. Questions, concerns, or complaints regarding Title IX, sex discrimination, sex-based harassment, equal educational opportunity, discrimination, harassment, or affirmative action may be directed to:

Academic Integrity / Honor Code

The administration and staff intend to preserve the integrity of all curricular and co-curricular programs. The basis for all integrity is honesty. Every student is expected to observe the highest standards of integrity in meeting the course requirements of his or her educational program. *Violations of academic integrity for a **primary assessment** or **secondary assessment** will result in the mandatory re-completion of the assignment (an original or different version) by all student(s) who participated in the offense, as well as two after school detentions for each student (except infraction #7).* Due dates for the re-completion are at the discretion of the teacher. *Violations of academic integrity for a **supportive assessment** will result in the mandatory re-completion of the assignment (an original or different version) and one after-school detention for each student involved.*

Examples of violations of the academic integrity/honor code:

- Obtaining help from or giving help to another student during a test or quiz.
- Submitting or knowingly participating in the submission of a report, paper, essay, homework assignment, or any other product that is not an honest representation of the individual's effort.
- Using books, notes, or any other unauthorized sources of information during an examination.
- Obtaining or giving information concerning a primary, secondary, or supportive assessment that is to be administered.
- Altering any answers on any test or assignment after it has been submitted for grading.
- Copying another student's homework or giving homework to another student.
- Reproducing and distributing copies of assignments, quizzes, tests, or examinations. **(1 ESD)**

Students are encouraged to ask their teacher for clarification on the acceptable use of artificial intelligence; teachers exercise discretion with classroom use of AI per individual projects/assignments. **Please reference this document** for prohibitive uses of AI. Please reference our AI Policy for further information. **Policy #2365**

Note: Students who distribute copies of the assignment or assessment questions and/or answers will warrant a heightened response of one (1) ESD, a zero on the assignment, and loss of "Good Student Standing" for 10 days.

Infractions which compromise the educational process will result in further disciplinary action, which may include withholding of credit, detention, suspension, restriction from school activities, disqualification from awards and scholarship eligibility, and exclusion from the Renaissance Program.

HEALTH

Random Testing For Alcohol And Drug Use

Kingsway will continue the Random Testing for Student Alcohol or Other Drug Use Program. This program, as established through **Policy #5536**, enhances the district's ability to provide our students with a safe and drug-free learning environment. The purposes of this random alcohol and drug testing program are to have a positive effect on attaining the important objectives of deterring alcohol and drug use and to provide a means for early detection of students with substance abuse problems so that referral for evaluation or treatment may be offered.

Students in grades 7 through 12 who participate in Kingsway's interscholastic athletic program, participate in extra-curricular programs, and/or those who receive a school-issued parking permit to drive/park a personal vehicle on school district property will be required to sign the **Consent to Participate in Random Testing for Student Alcohol or Other Drug Use Program**. By signing the consent form, students agree to participate in the program for the duration of the time they are enrolled as students in the Kingsway Regional School District, regardless of whether the activity they participate in is out-of-season.

Remedial measures will be applicable for a student who tests positive for alcohol or drugs (**Summary of Remedial Measures for Positive Alcohol/Drug Test**). Remedial measures will result from a confirmed positive alcohol or drug test, a student's refusal to test when selected, and/or tampering with or adulterating the specimen process.

No student will be penalized academically for testing positive for alcohol or other drugs under district **Policy #5536**. Any action taken concerning any student who tests positive for alcohol or other drugs shall be limited to removal from or prohibition against participation in extra-curricular activities, including interscholastic athletics, and revocation or denial of a student's parking permit.

The results of drug tests according to this Policy will not be documented in any student's academic records or discipline file. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by a valid and binding subpoena or another legal process, which the Board of Education will not solicit. In the event of service of any such subpoena or legal process, the student and the student's parent will be notified at least seventy-two (72) hours before the response is made by the Board of Education to the extent permitted by such subpoena or legal process. The Contractor will only provide the identity and results of those tested to the Designated Official.

Physicals / Medical Clearance

All students at KRMS are required by law to obtain a medical physical. Students who do not obtain a physical will not be permitted to participate in interscholastic sports, wellness activities, or field trips. Physical clearance is considered valid if the physical was conducted *within the past 365 days*. Any physicals that were conducted before this time frame are outdated and no longer valid.

Middle School Advisors,

The items contained in this handbook are a small part of the many policies and regulations that the Board of Education has mandated for Kingsway Regional Middle School Activity Advisors. This is not meant to be an exhaustive policy book, but is a snapshot of the procedures, policies, and regulations that most often affect the advisors/students of Kingsway Regional Middle School.

This information has been carefully prepared and presented so that it will be of great value in helping you to adjust to your role as an advisor and to become an integral part of Kingsway Regional Middle School. Please read it carefully to become familiar with the important procedures, activities, rules and expectations necessary for the effective operation of our school. Sound decisions are based upon a clear understanding of the outlined expectations.

INTRODUCTION

The faculty and staff are encouraged to promote student participation in activities that will benefit their mental, physical, and social growth.

Extracurricular activities require the services of many; they promote the general welfare of the school. Competent sponsorship for these activities is of paramount importance to the success of each activity. These activities will undergo periodic evaluations to ensure that the best interests and welfare of the students are being met.

The information contained in this handbook is intended to provide each advisor with an overview of his or her duties and responsibilities relative to the specific activity. These guidelines are not intended to be all-inclusive, but rather to provide a minimum of procedures to be followed. Advisors must be aware of their responsibilities and assure them in such a way as to maintain the high standards of the teaching profession, as well as those of Kingsway Regional Middle School.

CODE OF ETHICS

In becoming an advisor of an activity or organization, a person assumes certain obligations and responsibilities to the activity, to the student members, and to fellow advisors. It is essential that every member of the profession be constantly aware of these obligations and responsibilities, to the end that advising remains an honorable calling, and that each member conducts himself or herself in a way that maintains the dignity and decency of the profession.

An active advisor is involved in three areas of relationships that entail certain obligations, and for which some definite standards of conduct may be described. These areas are as follows: (1) student participants, (2) institutions, and (3) with other advisors, activities, and school staff..

In all relationships with students under your supervision, you should always be aware of the tremendous influence that you wield for good and bad. Parents entrust their dearest possession to your charge. You should focus on instilling the highest desirable ideals and character traits in student members. The safety and welfare of your student participants should always be uppermost in your mind and must never be sacrificed for personal prestige or selfish glory.

In your relationships with the institution for which you work, it is vital to remember that you are on public display as a representative of the institution. It is important, therefore, that you conduct yourself to maintain the principles, the integrity, and the dignity of the institution. Institutional policy regarding activities should be adhered, both in letter and in spirit.

It is also imperative that you conduct yourself appropriately when interacting with other advisors and their activities. You need to respect the contribution of others concerned with the welfare and well-being of your students and work in partnership to secure the best outcomes for them.

The essential qualities needed in advisors are HONESTY AND INTEGRITY. Advisors whose conduct reflects these two characteristics will bring credit to the profession, to the particular activity, and to themselves. It is only through such conduct that the profession

can earn and maintain its rightful place in our educational program at Kingsway Regional School District.

ETHICS FOR ADVISORS

1. **Smoking -** No smoking in the building or any location while serving in the position of advisor.

2. **Language -** Proper language should prevail in all situations, both by the advisor and student members.

3. **Conduct -** Advisors must always conduct themselves in a professional and dignified manner.

4. **Faculty Relations -** Relationships between advisors and their colleagues should always be professional and positive. The classroom teacher is just as eager as you to see students succeed. If one of your students is having difficulty in a particular class, you should attempt to help the student and teacher with solving the issue.

5. **Press Relations -** All inquiries from any media source should be directed to the Superintendent's Office.

6. **Administrative Suspensions -** The Administration has the right to suspend student participants from an activity for disciplinary reasons.

MIDDLE SCHOOL ACTIVITY AND CLUB ADVISORS

Activity and club advisors will be under the direction of the Administrator/Assistant Principal designated for the activity. The Administrator/Assistant Principal will work cooperatively with the advisor(s) to help promote a consistent basis for conducting activities on a yearly schedule. The Administrator/Assistant Principal will be responsible to:

- Provide continuity and leadership in planning for activities.
- Lend support, guidance, and assistance for all grade level activities.
- Assist in covering various school activities as assigned by the Principal.
- Coordinate fundraising activities for classes and all student clubs and activities.
- Coordinate all middle school scheduling of field trips on the calendar according to established guidelines.
- Schedule all activity events on the master calendar.

The advisors will establish and maintain relationships and contact with the Administrator/Assistant Principal to ensure the proper administering and performing of the duties described and to ensure that each activity serves the best interest and welfare of the students.

Club meeting and/or meeting reports (10) will be turned into the Administrator/Assistant Principal with a final end-of-year evaluation of each activity. These 10 meeting lists and details

for each activity available from the Activities Schoology group are important information of the progress of each club/activity. Student attendance is evaluated for each club each year so that the school can maximize and provide opportunities for student interests.

Co-Advisor(s)
The advisor of any activity, class, and/or club shares the responsibilities with a co-advisor. When this is the case, each advisor will be paid as per contract language. It will be the responsibility of both advisors to fulfill the functions and responsibilities of the description for the position.

BOARD OF EDUCATION ELIGIBILITY FOR CO-CURRICULAR ACTIVITIES

BOE Policy #2430

CO-CURRICULAR ACTIVITIES AND INTERSCHOLASTIC ACTIVITIES
Eligibility for Co-curricular Activities

The Board believes that the educational goals and objectives of the district are best achieved by a diversity of learning experiences, some of which are more appropriately conducted outside the regular classroom program.

The purpose of extra-curricular activities shall be:

1. To develop useful new capabilities in pupils that can lead to extension of career opportunities.

2. To develop pupil initiative and provide for the exercise of responsibility.

3. To develop leadership capabilities and good organizational skills.

4. To aid pupils in their social skills.

5. To enable pupils to explore a wider range of individual interests than might be available in the regular program.

For the purposes of this policy, "extra-curricular activities" shall be those activities that are sponsored or approved by the Board but are not offered for credit toward graduation. Such activities shall generally be conducted outside the regular school day, available to pupils who voluntarily elect to participate, marked by pupil participation in the processes of initiation, planning, organizing and execution and shall ordinarily include band, clubs, dramatic or musical presentations, and intramural activities.

Equal access to school facilities shall be granted to all activities that meet this definition.

The Superintendent shall prepare procedures to implement an extra-curricular program, which shall:

1. Assess the needs and interests of the pupils of this district;

2. Ensure the provision of competent guidance and supervision by staff;

3. Guard against the exploitation of pupils;

4. Provide for a variety of experiences and a diversity of organizational models;

5. Provide for the continuing evaluation of the extra-curricular program and staff; and

6. Ensure that all extra-curricular activities are open to all eligible pupils and that all pupils are fully informed of the opportunities open to them.

The guidance goal for each pupil shall be a balanced program of appropriate academic studies and activities to be determined by the school, the parent(s) or legal guardian(s) and the pupil. Guidance is necessary to encourage non-participants, and to prevent the over-enthusiastic from emphasizing activities at the cost of their academic performance.

No activity shall be considered to be under the sponsorship of this Board unless it has been approved by the Board on recommendation of the Superintendent. Fund-raising activities of extra-curricular groups must be approved by the Board.

All pupils in good disciplinary and academic standing shall have equal access to all extra-curricular activities regardless of race, color, creed, religion, sex, affectional or sexual orientation, national origin, ancestry, marital status, place of residence within the district, social or economic status, or non-applicable disability.

RANDOM DRUG TESTING FOR STUDENT ALCOHOL OR OTHER DRUG USE

District Policy 5536- BOE Policy 5536

Section: Students
Date Created: May 2017
Date Edited: July 2018

The New Jersey Legislature found there are many school districts within the State with a growing problem of drug abuse among their students. Federal and State Courts have held it may be appropriate for school districts to combat this problem through the random drug testing of students participating in extracurricular activities, including interscholastic athletics, and students who possess school parking permits. The New Jersey Legislature passed legislation that is consistent with the New Jersey and United States Constitution for the random testing of school district students in grades seven through twelve who participate in the school district's interscholastic athletic program, participate in the school district's extra-curricular program, and receive a school district authorized parking permit to park a personal vehicle on school district property.

The purposes of this random drug testing program is to have a positive effect on attaining the important objectives of deterring drug use and providing a means for the early detection of students with drug problems so that referral for evaluation or
referral for treatment, pursuant to N.J.A.C 6A:16-4.4(b)10and N.J.A.C 6A:16-1.3 and 4.1, or other appropriate assistance may be offered.

Parents and students in grades seven through twelve who participate in the school district's interscholastic athletic program, participate in the school district's extra- curricular program, and receive a school district authorized parking permit to park a personal vehicle on school district property (eligible students) will be required to sign a Consent Form consenting to the provisions of the Program for twelve months.

The Board's Program will randomly test a minimum of 10% of eligible students from September 1 through the last day of school. In accordance with the provisions of N.J.S.A18A:40A-23, the district's random drug and alcohol testing program will test for the use of controlled dangerous substances as defined in New Jersey Statute 24:21-2, and alcohol. The Board of Education will annually adopt a list of prohibited substances to be tested and the cut-off levels for each substance that determines a positive test before the beginning of each school year and upon initial implementation of this policy. This information will be provided to each parent and student with the Consent Form.

Any disciplinary action taken against a student who tests positive for prohibited use or who refuses to consent to testing shall be limited to the student's suspension from or prohibition against participating in interscholastic athletics, extra-curricular activities and/or revocation of the student's parking permit. A student, whose parent has signed consent, who refuses to test, or who is determined to have tampered with a sample, will be deemed to have a positive test result and will be subject to the appropriate provisions of a positive test result. A student who is randomly selected to be tested, but is absent on the day of testing, will have a sample collected on the next random testing date.

In accordance with the provisions of N.J.S.A. 18A:40A-24 and N.J.A.C. 6A:16- 4.4(a), the Board of Education, prior to adopting this Policy and the procedures outlined in the corresponding Regulation, held a public hearing on the proposed Policy and Regulation. The notice of the public hearing specifically identified the proposed Policy and Regulation as an agenda item for the hearing and copies of the proposed Policy and Regulation were made available at the meeting and upon request from the public prior to the public hearing.

The collection of specimens for the program shall be limited to the following persons in a State-licensed collection station or clinical laboratory as designated by the Board, in accordance with N.J.S.A. 45:9-42.26 et seq., N.J.A.C. 8:44 and 8:45, and N.J.A.C. 6A:16-4.4(c):

1. The school physician;

2. A physician, other than the school physician, licensed to practice medicine or osteopathy;

3. The certified school nurse or non certified nurse, pursuant to N.J.A.C. 6A:9•13.3 and 13.4; or

4. The staff of a State-licensed clinical laboratory or a healthcare facility, in accordance with N.J.A.C. 6A:16•4.4(c), as designated by the Board of Education;

The Board of Education shall be responsible for all costs of the alcohol or other drug testing, including any costs associated with the transportation of students. The Board's Program, as authorized by N.J.S.A.18A:40A-23, is separate and distinct from any other alcohol or other drug testing that might be administered in the school district, including the required medical examination of students currently suspected of being under the influence of alcohol or other drugs, pursuant to N.J.S.A 18A:40A-12 and N.J.A.C 6A:16-4.3.

The Program's Policy and procedures outlined in Regulation 5536 will include the following components:

1. A description of the procedures for randomly selecting students to be testing in accordance with the procedures outlined in N.J.A.C. 6A:16•4.4(b)2;

2. A description of the procedures for the acquisition and management of student's alcohol and other drug test specimens as outlined in N.J.A.C. 6A;16•4.4(b)3; and

3. The standards for ensuring the confidentiality and scope of authorized disclosure of alcohol or other drug testing information as outlined in N.J.A.C 6A:16-

4. 4(b)4 and a description of the consequences for violating the confidentiality and disclosure standards;

The Superintendent or designee shall provide written notice to all seven through twelfth grade students and their parents prior to or at the beginning of each school year that an active written Consent Form will be required from students and parents as participation in the district's random student alcohol and drug testing program as authorized by N.J.S.A.18A:40A-22is required for a student to participate in interscholastic athletics, extra-curricular activities, and to possess a student parking permit. All school-related extracurricular activities are included in the Program.

A parent providing consent to the Program shall be notified in a confidential manner each time his/her child has been tested under the Program. The Board of Education will ensure the method used for the collection and transport of alcohol and other drug specimens is in accordance with those outlined in N.J.A.C. 6A:16-4.4(c). A student who refuses to consent to the alcohol or other drug test upon being randomly selected shall be considered in violation of the Policy and subject to such consequences as if the student tested Positive for alcohol and drugs.

The Board of Education will approve in Regulation 5536 any consequences for a student who tests positive for alcohol or drug use under the Program. The consequences shall be limited to counseling and removal from or prohibition against participation in inter scholastic sports, extra-curricular activities, and/or disapproval or revocation of the student's parking permit.

The Board will also adopt procedures for students or their parents to challenge a positive result from the alcohol or other drug tests. The Board will also adopt guidelines for referral for evaluation or referral for treatment, pursuant to N.J.A.C 6A:16-1.3,4.1, and 4.4 or the provision of other appropriate assistance for students who test positive for alcohol or other drug use.

This information has been carefully prepared and presented so that it will be of great value in helping you to adjust to your role as an advisor and to become an integral part of Kingsway Regional High School. Please read it carefully to become familiar with the important procedures, activities, rules and expectations necessary for the effective operation of our school. Sound decisions are based upon a clear understanding of the outlined expectations.

Assistant Principal/Director of Activities

INTRODUCTION

Faculty and staff should encourage student participation in activities that will benefit their mental, physical, and social growth.

Extracurricular activities require the services of many, and it is they who promote the general welfare of the school. Competent sponsorship for these activities is of paramount importance to the success of each activity. These activities will undergo periodic evaluations to ensure that the best interests and welfare of the students are being met.

The information contained in this handbook is intended to provide each advisor with an overview of his or her duties and responsibilities relative to the specific activity. These guidelines are not intended to be all-inclusive, but rather to provide a minimum of procedures to be followed. Advisors must be aware of their responsibilities and assure them in such a way as to maintain the high standards of the teaching profession, as well as those of Kingsway Regional High School.

CODE OF ETHICS

In becoming an advisor of an activity or organization, a person assumes certain obligations and responsibilities to the activity, to the student members, and to fellow advisors. It is essential that every member of the profession be constantly aware of these obligations and responsibilities, to the end that advising remains an honorable calling, and that each member conducts himself or herself in a way that maintains the dignity and decency of the profession.

An active advisor is involved in three areas of relationships that entail certain obligations, and for which some definite standards of conduct may be described. These areas are: (1) student participants, (2) institutions, and (3) with other advisors, activities, and school staff.

In all relationships with students under your supervision, you should always be aware of the tremendous influence that you wield for good and bad. Parents entrust their dearest possession to your charge. You should focus on instilling the highest desirable ideals and character traits in student members. The safety and welfare of your student participants should always be uppermost in your mind and must never be sacrificed for personal prestige or selfish glory.

In your relationships with the institution for which you work, it is vital to remember that you are on public display as a representative of the institution. It is important, therefore, that you conduct yourself to maintain the principles, the integrity, and the dignity of the institution. Institutional policy regarding activities should be adhered, both in letter and in spirit.

It is also imperative that you conduct yourself appropriately when interacting with other advisors and their activities. You need to respect the contribution of others concerned with the welfare and well-being of your students and work in partnership to secure the best outcomes for them.

The essential qualities needed in advisors are HONESTY AND INTEGRITY. Advisors whose conduct reflects these two characteristics will bring credit to the profession, to the particular activity, and to themselves. It is only through such conduct that the profession can earn and maintain its rightful place in our educational program and make its full contribution to the American way of life.

ETHICS FOR ADVISORS

1. **Smoking -** No smoking in the building or any location while serving in the position of advisor.
2. **Language -** Proper language should prevail in all situations, both by the advisor and student members.
3. **Conduct -** Advisors must always conduct themselves in a professional and dignified manner.
4. **Faculty Relations -** Relationships between advisors and their colleagues should always be professional and positive. The classroom teacher is just as eager as you to see students succeed. If one of your students is having difficulty in a particular class, you should attempt to help the student and teacher with solving the issue.
5. **Press Relations -** All inquiries from any media source should be directed to the Superintendent's Office.
6. **Administrative Suspensions -** The Administration has the right to suspend student participants from an activity for disciplinary reasons.

These roster updates, meeting agendas, and notes for each activity are available in the resource section of the Club/ Activity Advisors group in Schoology.

BOARD OF EDUCATION ELIGIBILITY FOR CO-CURRICULAR ACTIVITIES **BOE Policy #2430**

CO-CURRICULAR ACTIVITIES AND INTERSCHOLASTIC ACTIVITIES
Eligibility for Co-curricular Activities

The Board believes that the educational goals and objectives of the district are best achieved by a diversity of learning experiences, some of which are more appropriately conducted outside the regular classroom program.

The purpose of extra-curricular activities shall be:
1. To develop useful new capabilities in pupils that can lead to extension of career opportunities;
2. To develop pupil initiative and provide for the exercise of responsibility; 3. To develop leadership capabilities and good organizational skills;
4. To aid pupils in the social skills; and
5. To enable pupils to explore a wider range of individual interests than might be available in the regular program.

For the purposes of this policy, "extra-curricular activities" shall be those activities that are sponsored or approved by the Board but are not offered for credit toward graduation. Such activities shall generally be conducted outside the regular school day, available to pupils who voluntarily elect to participate, marked by pupil participation in the processes of initiation, planning, organizing and execution and shall ordinarily include band, clubs, dramatic or musical presentations, and intramural and interscholastic sports.

Equal access to school facilities shall be granted to all activities that meet this definition.

The Superintendent shall prepare procedures to implement an extra-curricular program, which shall:
1. Assess the needs and interests of the pupils of this district;
2. Ensure the provision of competent guidance and supervision by staff; 3. Guard against the exploitation of pupils;
4. Provide for a variety of experiences and a diversity of organizational models; 5. Provide for the continuing evaluation of the extra-curricular program and staff; and 6. Ensure that all extra-curricular activities are open to all eligible pupils and that all pupils are fully informed of the opportunities open to them.

The guidance goal for each pupil shall be a balanced program of appropriate academic studies and activities to be determined by the school, the parent(s) or legal guardian(s) and the pupil. Guidance is necessary to encourage non-participants, and to prevent the over-enthusiastic from emphasizing activities at the cost of their academic performance.

No activity shall be considered to be under the sponsorship of this Board unless it has been approved by the Board on recommendation of the Superintendent. Fund-raising activities of extra-curricular groups must be approved by the Board.

All pupils in good disciplinary and academic standing shall have equal access to all extra-curricular activities regardless of race, color, creed, religion, sex, affectional or sexual orientation, national origin, ancestry, marital status, place of residence within the district, social or economic status, or non-applicable disability.

If an account reconciles, the advisor is to immediately sign a statement and submit it back to the Student Activities Bookkeeper. All accounts will be audited by the school district auditor each school year;

g. The Activity Coordinator of the high school and middle school will meet with the respective advisors at the beginning of the school year and review the entire system with them;

Receipts for such deposits are to be retained by the advisor with duplicate receipts retained by the Student Activities Bookkeeper. For night activities, receipts are to be deposited in the bank's night depository with an accounting of the money; and

Class and Activity Funds

The Board, being fully aware of its authority over the responsibility for all funds of monies within the school district, hereby establishes the following policy:

1. Classes are encouraged to raise funds for class activities. Through fundraising, expenses for senior class trips, senior proms, dances and a senior class gift to the school are raised. Appropriate receipts for the funds shall be obtained by the School Business Administrator/Board Secretary from the class officers. The Board shall have no further control or responsibility for said funds nor shall any class member have a claim upon the Board for the funds. Administrative procedures shall be formulated to assure an efficient means of clearing activity accounts of student clubs and/or organizations that cease to function;
2. The class is required to inform the Superintendent of Schools of their intended class gift by May 1. The Superintendent's recommendation shall go to the Board at the regular May Board meeting for Board approval;
3. Funds designated for a class gift to the school shall be expended for the gift within one year of the class's graduation. In the event the class gift money is not expended within one year, the funds shall be disbursed upon the recommendation of the Superintendent and

4. In any event, all outstanding bills of any graduating class or defunct activity shall be paid prior to the disbursement of excess funds.

FUNDRAISING GUIDELINES

The Board of Education recognizes that fundraising at the school level is an important source of providing for needs over and above those available through the District's annual budget. The purpose of school fundraising is to support programs and activities that enrich student experiences. Proceeds raised through fundraising should supplement and not supplant the District's budgetary obligation.

Board policies pertaining to fundraising are designed to establish best practices for accountability and transparency. District employees must understand that public trust is vital to the District's mission, and their organizations must be accountable to donors, stakeholders, government agencies and future patrons to succeed.

Students may only solicit sales, pledges or contributions from persons known to the student or known to their parents/guardians. Students are prohibited from fundraising activities that require door-to-door sales. The solicitation of businesses or outside groups shall only occur when approved by the Superintendent of Schools. Student groups are

precluded from conducting more than one fundraiser per school year unless authorized by the Superintendent. Students shall not be required to participate in fundraising nor pressured into participation. Sales quotas are strictly prohibited. Additionally, no rewards, prizes, commissions, kickbacks or other direct or indirect compensation may be offered to groups, classes or students nor received by any student, volunteer or District employee unless specifically approved by the Superintendent of Schools.

School-Connected Organizations:

School-connected organizations such as Booster Clubs and the Education Foundation are separate from the District but do not have free access to our schools and their students. The District must maintain exclusive control and management of its public school system and therefore prohibits all school-connected organizations from requiring student participation in fundraising activities and encourages the primary participation of parents and other adult community members.

The Board of Education maintains full discretion on whether to accept any proceeds from fundraising activities or donations from school-connected organizations. The proceeds of any fundraising activity used for the immediate and express purpose approved. Fundraising proceeds will not be used to hire additional personnel or to cover or augment the salary/stipend of existing personnel. Surplus or unused funds from Fundraising Activities will revert to the District be used for capital improvements and/or beautification for the schools. Fundraising through Booster Clubs is in accordance with Policy #9191.

Advisors/coaches are responsible for all fundraising activity and are held accountable in accordance with Policies and Regulations 5830, 6660 and 9191, as well as the procedures outlined in the Activity Advisor's Handbook. All fundraisers submitted to the respective
activity coordinator no later than six weeks in advance of Board approval. Goods and services not be purchased nor may the advisor/coach enter into any contract prior to Board approval.

Charitable & Non-Charitable Fundraising:

Charitable organizations are any person or entity organized or operated for any charitable purpose and that solicits, accepts or obtains contributions from the public for any charitable purpose and by any means. Non-charitable fundraisers shall be used for the purpose of raising proceeds and contributions to supplement clubs, sports or class activities. Clubs, sports or class activity fundraisers that wish to raise funds for the purpose of donating proceeds to a charitable organization of their choosing, may not retain any portion of those proceeds for the club, sports or class use.

Student Clubs and Athletic Teams:

Student Clubs (non-service oriented) and Athletic Teams are not permitted to conduct more than one (1) non-charitable fundraiser and one (1) charitable per school year, unless authorized by the Superintendent.

Student-Service Clubs:

Student-Service Clubs (i.e. Student Council, Interact, Habitat for Humanity, National Honor Society, National Art Honor Society. Tri-M Honor Society, World Language Honor Society, SIA, Key Club, etc.) are not permitted to conduct more than one (1) non-charitable fundraiser and three (3) charitable fundraisers per school year, unless authorized by the Superintendent. Student-Service Clubs are not permitted to commingle charitable and non-charitable proceeds or contributions within the same fundraiser, unless authorized by the Superintendent of Schools.

Monies

All monies must be accounted for by the advisor and Activity Coordinator in accordance with procedures established by the Kingsway Regional Board of Education.

See Student Activity Accounts Board Policy 6660 (page 8).

Sale of Food Items (NJAC 6:79 - 1:10)

State and Federal competitive food regulations restrict the sale of food and beverage items during the school day in schools participating in the School Nutrition programs. Since Kingsway participates in this program, no food or beverage item can be sold during the school day in competition with the School Lunch program. The sale of specific food items for fundraising may be permitted with prior administrative approval.

FIELD TRIPS

Activity advisors should follow the procedures described in the *Field Trip Checklist* and *Field Trip Procedure* on the Employee Hub when requesting a field trip. It is important to submit the request in a timely manner for Board of Education approval at least three months prior to the date of the trip. The superintendent will not approve a request if the Board approval will not occur before the date of the trip, except in extenuating circumstances. **Also note that lists of the students going on the trip must be submitted to the appropriate supervisor of the trip, the principal's secretary, and the Attendance Office one-week prior to the trip.** The nurse also needs to be notified at least ten (10) days in advance of the trip in order to make arrangements for any student(s) who are on medication. 5536- RANDOM DRUG TESTING FOR STUDENT ALCOHOL OR OTHER DRUG USE

Section: Students

Date Created: May 2017

Date Edited: July 2018

The New Jersey Legislature found there are many school districts within the State with a growing problem of drug abuse among their students. Federal and State Courts have held it may be appropriate for school districts to combat this problem through the random drug testing of students participating in extracurricular activities, including interscholastic athletics, and students who possess school parking permits. The New Jersey Legislature passed legislation that is consistent with the New Jersey and United States Constitution for the random testing of school district student in grades seven through twelve who participate in

the school district's interscholastic athletic program, participate in the school district's extra-curricular program, and receive a school district authorized parking permit to park a personal vehicle on school district property.

The purposes of this random drug testing program is to have a positive effect on attaining the important objectives of deterring drug use and providing a means for the early detection of students with drug problems so that referral for evaluation or referral for treatment, pursuant to N.J.A.C 6A:16-4.4(b)10and N.J.A.C 6A:16-1.3 and 4.1, or other appropriate assistance may be offered.

Parents and students in grades seven through twelve who participate in the school district's interscholastic athletic program, participate in the school district's extra- curricular program, and receive a school district authorized parking permit to park a personal vehicle on school district property (eligible students) will be required to sign a Consent Form consenting to the provisions of the Program for twelve months.

The Board's Program will randomly test a minimum of 10% of eligible students from September 1 through the last day of school. In accordance with the provisions of N.J.S.A18A:40A-23, the district's random drug and alcohol testing program (Program) will test for the use of controlled dangerous substances as defined in New Jersey Statute 24:21-2, and alcohol. The Board of Education will annually adopt a list of prohibited substances to be tested and the cut-off levels for each substance that determines a positive test before the beginning of each school year and upon initial implementation of this policy. This information will be provided to each parent and student with the Consent Form.

Any disciplinary action taken against a student who tests positive for prohibited use or who refuses to consent to testing shall be limited to the student's suspension from or prohibition against participating in interscholastic athletics, extra-curricular activities and/or revocation of the student's parking permit. A student, whose parent has signed consent, who refuses to test, or who is determined to have tampered with a sample, will be deemed to have a positive test result and will be subject to the appropriate provisions of a positive test result. A student who is randomly selected to be tested, but is absent on the day of testing, will have a sample collected on the next random testing date.

In accordance with the provisions of N.J.S.A. 18A:40A-24 and N.J.A.C. 6A:16- 4.4(a), the Board of Education, prior to adopting this Policy and the procedures outlined in the corresponding Regulation, held a public hearing on the proposed Policy and Regulation. The notice of the public hearing specifically identified the proposed Policy and Regulation as an agenda item for the hearing and copies of the proposed Policy and Regulation were made available at the meeting and upon request from the public prior to the public hearing.

The collection of specimens for the program shall be limited to the following persons in a State-licensed collection station or clinical laboratory as designated by the Board, in accordance with N.J.S.A. 45:9-42.26 et seq., N.J.A.C. 8:44 and 8:45, and N.J.A.C. 6A:16-4.4(c):

The Board of Education shall be responsible for all costs of the alcohol or other drug testing, including any costs associated with the transportation of students. The Board's Program, as authorized by N.J.S.A.18A:40A-23, is separate and distinct from any other alcohol or other drug testing that might be administered in the school district, including the required medical examination of students currently suspected of being under the influence of alcohol or other drugs, pursuant to N.J.S.A 18A:40A-12 and N.J.A.C 6A:16-4.3.

The Program's Policy and procedures outlined in Regulation 5536 will include the following components:

4. 4(b)4 and a description of the consequences for violating the confidentiality and disclosure standards;

method used for the collection and transport of alcohol and other drug specimens is in accordance with those outlined in N.J.A.C. 6A:16-4.4(c). A student who refuses to consent to the alcohol or other drug test upon being randomly selected shall be considered in violation of the Policy and subject to such consequences as if the student tested Positive for alcohol and drugs.

The Board of Education will approve in Regulation 5536 any consequences for a student who tests positive for alcohol or drug use under the Program. The consequences shall be limited to counseling and removal from or prohibition against participation in inter scholastic sports, extra-curricular activities, and/or disapproval or revocation of the student's parking permit.

The Board will also adopt procedures for students or their parents to challenge a positive result from the alcohol or other drug tests. 1643 FAMILY LEAVE

The Board of Education will provide family leave to staff members in accordance with the New Jersey Family Leave Act (NJFLA) and the Federal Family and Medical Leave Act (FMLA). These laws have similar and different provisions that provide different rights and obligations for a staff member and the Board.

If a staff member is eligible for leave for reasons recognized under both the FMLA and NJFLA, then the time taken shall run concurrently and be applied to both laws. The NJFLA provides twelve weeks leave in a twenty-four month period and the FMLA provides twelve weeks leave in a twelve month period

A. New Jersey Family Leave Act

1. Definitions Relative to New Jersey Family Leave Act

"Base Hours" means the hours of work for which a staff member receives compensation. Base hours shall include overtime hours for which a staff member is paid additional or overtime compensation, and hours for which a staff member receives workers' compensation benefits. Base hours shall also include hours a staff member would have worked except for having been in military service. Base hours do not include hours for when a staff member receives other types of compensation, such as administrative, personal leave, vacation, or sick leave.

"Child" means a biological, adopted, foster child, or resource family child, stepchild, legal ward, or child of a parent, including a child who becomes the child of a parent pursuant to a valid written agreement between the parent and a gestational carrier.

"Family member" means a child, parent, parent-in-law, sibling, grandparent, grandchild, spouse, domestic partner, or one partner in a civil union couple, or any other individual related by blood to

a staff member, and any other individual that a staff member shows to have a close association with a staff member which is the equivalent of a family relationship.

"Health care provider" means a duly licensed health care provider or other health care provider deemed appropriate by the Director of the Division on Civil Rights in the New Jersey Department of Law and Public Safety.

"Parent" means a person who is the biological parent, adoptive parent, foster parent, resource family parent, step-parent, parent-in-law, or legal guardian, having a "parent-child relationship" with a child as defined by law, or having sole or joint legal or physical custody, care, guardianship, or visitation with a child, or who became the parent of the child pursuant to a valid written agreement between the parent and a gestational carrier.

"Serious health condition" means an illness, injury, impairment, or physical or mental condition, which requires:

a. Inpatient care in a hospital, hospice, or residential medical care facility; or

b. Continuing medical treatment or continuing supervision by a health care provider.

As used in the definition of a serious health condition, "continuing medical treatment or continuing supervision by a health care provider" means:

a. A period of incapacity (that is, inability to work, attend school, or perform regular daily activities due to a serious health condition, treatment therefore, and recovery therefrom) of more than three consecutive days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:

   (1) Treatment two or more times by a health care provider; or

(2) Treatment by a health care provider on one occasion which results in a regimen of continuing treatment under the supervision of a health care provider;

b. Any period of incapacity due to pregnancy, or for prenatal care;

c. Any period of incapacity or treatment for such incapacity due to a chronic serious health condition;

d. A period of incapacity, which is permanent or long-term, due to a condition for which treatment may not be effective (such as Alzheimer's disease, a severe stroke, or the terminal stages of a disease) where the individual is under continuing supervision of, but need not be receiving active treatment by, a health care provider; or

e. Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), or kidney disease (dialysis).

"Spouse" means a person to whom a staff member is lawfully married as defined by New Jersey law.

"State of emergency" means a natural or man-made disaster or emergency for which a state of emergency has been declared by the President of the United States or the Governor, or for which a state of emergency has been declared by a municipal emergency management coordinator.

2. Reasons for NJFLA Leave

(1) The birth of a child of the staff member, including a child born pursuant to a valid written agreement between the staff member and the gestational carrier;

(2) The placement of a child into foster care with the staff member or in connection with adoption of such child by a staff member;

(3) The serious health condition of a family member of the staff member; or

(4) A state of emergency declared by the Governor of New Jersey, or when indicated to be needed by the Commissioner of Health – New Jersey Department of Health or other public health authority, an epidemic or communicable disease, a known or suspected exposure to the communicable disease, or efforts to prevent spread of a communicable disease which:

   (a) Requires in-home care or treatment of a child due to the closure of the school or place of care of the child of a staff member, by order of a public official due to the epidemic or other public health emergency;

   (b) Prompts the issuance by a public health authority of a determination, including by mandatory quarantine, requiring or imposing responsive or prophylactic measures as a result of illness caused by an epidemic of a communicable disease or known or suspected exposure to the communicable disease because the presence in the community of a family member in need of care by a staff member would jeopardize the health of others; or

(c) Results in the recommendation of a health care provider or public health authority, that a family member in need of care by a staff member voluntarily undergo self-quarantine as a result of suspected exposure to a communicable disease because the presence in the community of that family member in need of care by a staff member, would jeopardize the health of others.

3. Staff Member Eligibility

a. NJFLA leave may be taken for up to twelve weeks within any twenty-four month period. The NJFLA leave shall be unpaid with benefits subject to contributions required to be made by the staff member.

b. A staff member is eligible for NJFLA leave if a staff member is employed by the same Board for three ~~twelve~~ months or more, and has worked 250 ~~1,000~~ or more base hours during the preceding twelve month period.

Formatted: Strikethrough

Formatted: Strikethrough

c. The method to determine the twenty-four month period in which the twelve weeks of NJFLA leave entitlement occurs shall be a "rolling" twenty-four month period measured backward from the date a staff member uses any leave under NJFLA.

d. This Policy shall serve as notice to all staff members of the method chosen in A.3.c. above. This method shall be applied consistently and uniformly to all staff members.

(1) If the Board transitions to another method, the Board is required to give at least sixty days' notice to all staff members and the transition must take place in such a way that staff members retain their full benefit of twelve weeks of NJFLA leave under whichever method affords the greatest benefit to a staff member.

e. The Board shall grant NJFLA leave to more than one staff member from the same family (for example, a husband and a wife, or a brother and a sister) at the same time, provided such staff members are otherwise eligible for NJFLA leave.

f. The fact that a holiday may occur within the week taken by a staff member as NJFLA leave has no effect and the week is counted as a week of NJFLA leave.

(1) However, if a staff member is out on NJFLA leave and the staff member is not regularly scheduled to work for one or more weeks, the weeks the staff member is not regularly scheduled to work do not count against their NJFLA leave entitlement.

4. Types of NJFLA Leave

a. Staff members are required to provide notice in writing for any NJFLA leave requested. In emergent circumstances, a staff member may provide the Board with oral notice when written notice is impracticable.

(1) Staff members must provide the Board written notice after submitting oral notice in emergent circumstances.

b. Consecutive NJFLA leave is NJFLA leave that is taken without interruption based upon a staff member's regular work schedule and does not include breaks in employment in which a staff member is not regularly scheduled to work.

(1) A staff member must provide the Board with notice of consecutive NJFLA leave no later than thirty days prior to the commencement of consecutive NJFLA leave, except where emergent circumstances warrant shorter notice.

(2) A staff member shall provide the Board with certification pursuant to A.5. below.

c. Intermittent NJFLA leave is NJFLA leave due to a single qualifying reason, taken in separate periods of time, broken up by periods in which the staff member returns to work.

(1) A staff member is entitled to take NJFLA leave intermittently for the birth of a child of the staff member, including a child born pursuant to a valid written agreement between the staff member and a gestational carrier or the placement of a child into foster care with the staff member or in connection with adoption of such child by the staff member.

(a) The staff member shall provide the Board with prior notice of not less than fifteen calendar days before the first day on which NJFLI benefits are paid for the intermittent NJFLA leave, unless an emergency or other unforeseen circumstance precludes prior notice.

(b) The staff member shall make a reasonable effort to schedule the intermittent NJFLA leave so as not to unduly disrupt the operations of the Board and, if possible, provide the Board, prior to the commencement of intermittent NJFLA leave, with a regular schedule of the days or days of the week on which the intermittent NJFLA leave will be taken.

(c) A staff member shall provide the Board with certification for intermittent NJFLA leave pursuant to A.5.b. below.

(2) The staff member is entitled to take intermittent NJFLA leave for the serious health condition of a family member of the staff member when medically necessary if:

(a) The total time which the intermittent NJFLA leave is taken does not exceed twelve

months if taken in connection with a single serious health condition. If the intermittent NJFLA leave is taken in connection with more than one serious health condition, the intermittent NJFLA leave must be taken within a consecutive twenty-four month period or until such time the twelve week NJFLA leave is exhausted, whichever is shorter;

(b) The staff member provides the Board with prior notice of not less than fifteen calendar days before the first day on which benefits are paid for the intermittent NJFLA leave.

(i) The staff member may provide notice less than fifteen days prior to the intermittent NJFLA leave if an emergency or other unforeseen circumstance precludes prior notice;

(c) The staff member makes a reasonable effort to schedule the intermittent NJFLA leave so as not to unduly disrupt the operations of the school district and, if possible, provide the school district, prior to the commencement of intermittent NJFLA leave, with a regular schedule of the days or days of the week on which the intermittent NJFLA leave will be taken; and

(d) The staff member provides the Board with a copy of the certification outlined in A.5.c. below.

(3) In the case of NJFLA leave taken due to an epidemic of a communicable disease, a known or suspected exposure to the communicable disease, or efforts to prevent spread of the communicable disease, the NJFLA leave may only be taken intermittently if:

(a) The staff member provides the Board with prior notice of the intermittent NJFLA leave as soon as practicable;

(b) The staff member makes a reasonable effort to schedule the NJFLA leave so as not to unduly disrupt the operations of the school district and, if possible, provide the school district prior to the commencement of the intermittent NJFLA leave, with a regular schedule of the day or days of the week on which the intermittent NJFLA leave will be taken; and

(c) A staff member provides the Board with a copy of the certification outlined in A.5.d. below.

(4) Intermittent leave taken on a reduced leave schedule is NJFLA leave due to a single qualifying reason, that is scheduled for fewer than a staff member's usual number of hours worked per workweek, but not for fewer than a staff member's usual number of hours worked per workday and may only be taken to care for the serious health condition of a family member of a staff member when medically necessary, except that:

(a) A staff member shall not be entitled to intermittent NJFLA leave on a reduced leave schedule for a period exceeding twelve consecutive months for any one period of NJFLA leave;

(b) The staff member must provide the Board with prior notice of the intermittent NJFLA leave on a reduced leave schedule as soon as practicable;

(c) A staff member shall make a reasonable effort to schedule intermittent NJFLA leave on a reduced leave schedule so as not to disrupt unduly the operations of the school district. A staff member shall provide the school district with prior notice of the care, medical treatment, or continuing supervision by a health care provider necessary due to a serious health condition of a family member, in a manner which is reasonable and practicable; and

(d) A staff member must provide the Board with a copy of the certification outlined in A.5.c. below.

d. NJFLA leave taken because of the birth or placement for adoption of a child of the staff member may commence at any time within a year after the date of the foster care placement, birth, or placement for adoption.

e. A staff member shall not, during any period of NJFLA leave, perform services on a full-time basis for any person for whom a staff member did not provide those services immediately prior to commencement of the NJFLA leave.

(1) A staff member on NJFLA leave may not engage in other full-time employment during the term of the NJFLA leave, unless such employment commenced prior to the NJFLA leave and is not otherwise prohibited by law.

(2) During the term of NJFLA leave a staff member may commence part-time employment which shall not exceed half the regularly scheduled hours worked for the Board from whom a staff member requested NJFLA leave. A staff member may continue part-time employment which commenced prior to a staff member's NJFLA leave, at the same number of hours that a staff member was regularly scheduled prior to such NJFLA leave.

(3) The Board may not maintain a policy or practice which prohibits part-time employment during the course of a NJFLA leave.

5. Certification

a. The Board shall require a staff member who requests NJFLA leave to sign a form of certification established by the Board attesting that such staff member is taking NJFLA leave in accordance with the law.

(1) The Board may not require a staff member to sign or otherwise submit a form of certification attesting to additional facts, including a staff member's eligibility for NJFLA leave.

(2) The Board may subject a staff member to reasonable disciplinary measures, depending on the circumstances, when a staff member intentionally misrepresents the reason that such staff member is taking NJFLA leave.

(3) The form of certification established by the Board shall contain a statement warning a staff member of the consequences of refusing to sign the certification or falsely certifying. Any staff member who refuses to sign the certification established by the Board may be denied the requested NJFLA leave.

(4) The Board requires that any period of NJFLA leave be supported by certification issued by a health care provider.

b. Where the certification, issued by the health care provider, is for the birth of a child of a staff member, including a child born pursuant to a valid written agreement between the staff member and a gestational carrier or the placement of a child into foster care with the staff member or in connection with adoption of such child by the staff

member, the certification need only state the date of birth or date of placement, whichever is appropriate.

c. Any period of NJFLA leave for the serious health condition of a family member of a staff member shall be supported by certification provided by a health care provider. The certification shall be sufficient if it states:

(1) The date, if known, on which the serious health condition commenced;

(2) The probable duration of the condition;

(3) The medical facts within the knowledge of the provider of the certification regarding the condition;

(4) The serious health condition warrants the participation of the staff member in providing health care to the family member, as provided in the "Family Leave Act," P.L. 1989, c.261 (C.34:11B-1 et seq.) and regulations adopted pursuant to the NJFLA;

(5) An estimate of the amount of time the staff member is needed for participation in the care of the family member;

(6) If the NJFLA leave is intermittent, a statement of the medical necessity for the intermittent NJFLA leave and the expected duration of the intermittent NJFLA leave; and

(7) If NJFLA leave is intermittent and for planned medical treatment, the dates of the treatment.

d. In any case in which the Board has reason to doubt the validity of the certification provided pursuant to A.5.c. above, the Board may require, at its own expense, that a staff member obtain an opinion regarding the serious health condition from a second health care provider designated or approved, but not employed on a regular basis, by the

Board. If the second opinion differs from the certification provided pursuant to A.5.c. above, the Board may require, at its own expense, that a staff member obtain the opinion of a third health care provider designated or approved jointly by the Board and a staff member concerning the serious health condition. The opinion of the third health care provider shall be considered to be final and shall be binding on the Board and a staff member.

e. Where the certification is for an epidemic of a communicable disease, a known or suspected exposure to the communicable disease, or efforts to prevent the spread of the communicable disease, the certification shall be sufficient if it includes:

(1) For NJFLA leave taken to provide in-home care or treatment of a child due to the closure of the school or place of care of the child of a staff member, by order of a public official due to the epidemic or other public health emergency, the date on which the closure of the school or place of care of the child of a staff member commenced and the reason for such closure;

(2) For NJFLA leave taken due to a public health authority's issuance of a determination requiring or imposing responsive or prophylactic measures as a result of illness caused by an epidemic of a communicable disease or known or suspected exposure to the communicable disease because the presence in the community of a family member in need of care by a staff member would jeopardize the health of others, the date of issuance of the determination, and the probable duration of the determination; or

(3) For NJFLA leave taken because a health care provider or public health authority recommends that a family member in need of care by a staff member voluntarily undergo self-quarantine as a result of suspected exposure to a communicable disease

because the presence in the community of that family member in need of care by a staff member would jeopardize the health of others, the date of the recommendation, the probable duration of the condition, and the medical or other facts within the health care provider or public health authority's knowledge regarding the condition.

f. The Board shall not use the certification requirements as outlined in A.5. to intimidate, harass, or otherwise discourage a staff member from requesting or taking NJFLA leave or asserting any of a staff member's rights to NJFLA leave.

6. Denial or Exemption of NJFLA Leave

a. Denial of NJFLA Leave

(1) The Board may deny NJFLA leave to a staff member if:

(a) A staff member is a salaried staff member who is among the highest paid 5% of the Board's staff members or the seven highest paid staff members of the Board, whichever is greater;

(b) The denial is necessary to prevent substantial and grievous economic injury to the Board's operations; and

(c) The Board notifies a staff member of its intent to deny the NJFLA leave at the time the Board determines that the denial is necessary.

(2) The provisions of A.6.a.(1) above shall not apply when, in the event of a state of emergency declared by the Governor of New Jersey or when indicated to be needed by the Commissioner of Health – New Jersey Department of Health or other public health

authority, the NJFLA leave is for an epidemic of a communicable disease, a known or suspected exposure to a communicable disease, or efforts to prevent spread of a communicable disease.

(3) In any case in which NJFLA leave has already commenced at the time of the notification pursuant to A.6.a.(1)(c) above, a staff member shall return to work within ten working days of the date of notification.

7. Reinstatement from NJFLA Leave

a. Upon the expiration of a NJFLA leave, a staff member shall be restored to the position such staff member held immediately prior to the commencement of the NJFLA leave. If such position has been filled, the Board shall reinstate such staff member to an equivalent position of like seniority, status, employment benefits, pay, and other terms and conditions of employment.

b. If, during NJFLA leave, the Board experiences a reduction in force or layoff and a staff member would have lost their position had a staff member not been on NJFLA leave, as a result of the reduction in force or pursuant to the good faith operation of a bona fide layoff and recall system including a system under a collective bargaining agreement where applicable, a staff member shall not be entitled to reinstatement to the former or an equivalent position. A staff member shall retain all rights under any applicable layoff and recall system, including a system under a collective bargaining agreement, as if a staff member had not taken the NJFLA leave.

8. Notice to Staff Members

a. The Board shall display the official Family Leave Act poster of the Division on Civil Rights in the New Jersey Department of Law and Public Safety (Division) in accordance with N.J.A.C. 13:8-2.2. The poster is available for printing from the Division's website.

b. Access to and/or distribution of this Policy shall serve as school district notice to staff members of their rights pursuant to N.J.A.C. 13:14-1.14.

9. Local Board of Education Practices

a. Accrued Paid NJFLA Leave

(1) Whether a staff member is required to use any other accrued leave time concurrent with NJFLA leave time will depend upon either the school district's practice or a provision in a collective bargaining agreement, if applicable.

(a) Sick leave may only be used concurrently with the NJFLA leave in accordance with the provisions of N.J.S.A. 18A:30-1 and N.J.S.A. 34:11B-3.

b. Multiple Leaves of Absence

(1) Where a Board maintains leaves of absence which provide benefits, other than health benefits, that differ depending upon the type of leave taken, the Board shall provide those benefits to a staff member on NJFLA leave in the same manner as it provides benefits to staff members who are granted other leaves of absence which most closely resemble NJFLA leave.

10. New Jersey Family Leave Insurance Program (NJFLI)

a. Board of Education staff members are eligible to apply for benefits under the NJFLI Program administered by the State of New Jersey Department of Labor and Workforce Development.

b. All applications for benefits under the NJFLI Program must be filed directly with the State of New Jersey Department of Labor and Workforce Development. The eligibility

requirements, wage requirements, benefit duration and amounts, and benefit limitations shall be in accordance with the provisions of the NJFLI Program as administered by the State of New Jersey Department of Labor and Workforce Development. A formal appeal may be submitted to the State of New Jersey Department of Labor and Workforce Development if an employee or the Board disagrees with a determination on a claim.

c. The NJFLI Program provides eligible individuals a monetary benefit and not a leave benefit. The school district administrative and related staff will comply with the State of New Jersey Department of Labor and Workforce Development requests for information in accordance with the provisions of N.J.A.C. 12:21-3.9.

d. A printed notification of staff members' rights relative to the receipt of benefits under the NJFLI Program will be posted in each of the school district worksites and in a place or places accessible to all employees at the worksite.

e. Each staff member shall receive a copy of this notification in writing at the time of the staff member's hiring, whenever the staff member provides written notice to the Superintendent of their intention to apply for benefits under the NJFLI Program, or at any time upon the first request of the staff member.

(1) The written notification may be transmitted to the staff member in electronic form.

"Covered Employer" means any public or private elementary or secondary school(s) regardless of the number of employees employed.

"Employee" means a staff member eligible for family and medical leave in accordance with the Federal Family and Medical Leave Act (FMLA).

"Hours of Service" means hours actually worked by the employee. It does not mean hours paid. Thus, non-working time – such as vacations, holidays, furloughs, sick leave, or other time-off (paid or otherwise) – does not count for purposes of calculating FMLA eligibility for the employee.

"Parent" means a biological, adoptive, step, or foster father or mother, or any other individual who stood in loco parentis to a staff member when a staff member has a son or daughter as defined below. This term does not include parents "in law."

"Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical facility or continuing treatment by a health care provider. "Serious health condition" may include treatment of substance abuse pursuant to
29 CFR §825.119.

"Son" or "daughter" means a biological, adopted, or foster child, stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age eighteen or age eighteen or older and incapable of self-care because of a mental or physical disability at the time that FMLA leave is to commence.

"Spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under State law in the State in which the marriage was entered into or, in the case of a marriage entered into outside of any State, if the marriage is valid in the place where entered into and could have been entered into in at least one State. This definition includes an individual in a same-sex marriage or common law marriage.

"Week" or "Workweek" means the number of days a staff member normally works each calendar week.

2. Qualifying Reasons for FMLA Leave

   a. A staff member may take FMLA leave to provide care made necessary:

      (1) For the birth of a son or daughter of a staff member and in order to care for such son or daughter;

      (2) For the placement of a son or daughter with a staff member for adoption or foster care;

      (3) In order to care for the spouse, son, daughter, or parent of a staff member if such spouse, son, daughter, or parent has a serious health condition;

      (4) For a serious health condition that makes a staff member unable to perform the functions of the position of such staff member.

   b. FMLA leave taken in relation to military service shall be in accordance with 29 CFR §825.112.

   c. Entitlement to FMLA leave taken for the birth of a son or daughter or placement of a son or daughter with a staff member for adoption or foster care shall expire at the end of the twelve month period beginning on the date of such birth or placement.

3. Staff Member Eligibility

   a. A staff member is eligible for up to twelve weeks of FMLA leave in a twelve month period.

   b. A staff member shall become eligible for FMLA leave after the staff member has been employed at least twelve months by the Board and employed for at least 1,250 hours of service during the twelve month period immediately preceding the commencement of the FMLA leave.

(1) The twelve months a staff member must have been employed need not be consecutive months pursuant to 29 CFR §825.110(b).

(2) The minimum 1,250 hours of service shall be determined according to the principles established under the Fair Labor Standards Act (FLSA) for determining compensable hours of work pursuant to 29 CFR §785.

(3) The Board shall not provide pay for FMLA leave.

c. The method to determine the twelve month period in which the twelve weeks of FMLA leave entitlement occurs will be a "rolling" twelve month period measured backward from the date a staff member uses any FMLA leave.

d. Pursuant to 29 CFR §825.201, a husband and wife both employed by the Board are limited to a combined total of twelve weeks of FMLA leave during the twelve month period if the FMLA leave is taken for the birth of a son or daughter of a staff member or to care for such son or daughter after birth; for placement of a son or daughter with a staff member for adoption or foster care or in order to care for the son or daughter after placement; or to care for a staff member's parent with a serious health condition.

4. Types of FMLA leave

a. Continuous FMLA leave is taken by staff members for a continuous period of time. Such FMLA leave is not broken up by a period of work and is continuous when a staff member is absent for three consecutive working days or more. Continuous FMLA leave may be taken for any qualifying reason.

b. Intermittent FMLA leave is FMLA leave taken in separate blocks of time due to a single qualifying reason. A reduced FMLA leave schedule is a FMLA leave schedule that reduces a staff member's usual number of working hours per workweek, or hours per workday. A reduced FMLA

leave schedule is a change in a staff member's schedule for a period of time, normally from full-time to part-time.

(1) Intermittent or reduced FMLA leave may be taken for the following qualifying reasons:

(a) For the serious health condition of the staff member or to care for a parent, son, or daughter with a serious health condition.

(i) For intermittent FMLA leave or FMLA leave on a reduced FMLA leave schedule taken for the reason outlined in B.4.b.(1)(a) above there must be a medical need for FMLA leave and it must be that such medical need can be best accommodated through an intermittent or reduced FMLA leave schedule.

(ii) The treatment regimen and other information described in the certification of a serious health condition and in the certification of a serious injury or illness, shall address the medical necessity of intermittent FMLA leave or FMLA leave on a reduced FMLA leave schedule.

(iii) Intermittent FMLA leave may be taken for a serious health condition of a parent, son, or daughter, for a staff member's own serious health condition, which requires treatment by a health care provider periodically, rather than for one continuous period of time, and may include FMLA leave of periods from an hour or more to several weeks.

(b) For planned and/or unanticipated medical treatment of a serious health condition when medically necessary.

(c) To provide care or psychological comfort to a covered family member with a serious health condition when medically necessary.

(d) For absences where a staff member or family member is incapacitated or unable to perform the essential functions of the position because of a chronic serious health condition even if he or she does not receive treatment by a health care provider.

(e) For FMLA leave taken after the birth of a healthy child or placement of a healthy child for adoption or foster care, only if the Board agrees.

(i) The Board's agreement is not required; however, for FMLA leave during which the mother has a serious health condition in connection with the birth of her child or if the newborn child has a serious health condition.

(2) If a staff member needs FMLA leave intermittently or on a reduced FMLA leave schedule for planned medical treatment, then a staff member must make a reasonable effort to schedule the treatment so as not to disrupt unduly the Board's operations.

(3) When a staff member takes FMLA leave on an intermittent or reduced FMLA leave schedule basis, the Board must account for the FMLA leave using an increment no greater than the shortest period of time that the Board uses to account for use of other forms of leave provided that it is not greater than one hour and provided further that a staff member's

FMLA leave entitlement may not be reduced by more than the amount of FMLA leave actually taken.

(a) If the Board accounts for use of leave in varying increments at different times of the day or shift, the Board may not account for FMLA leave in a larger increment than the shortest period used to account for other leave during the period in which the FMLA leave is taken.

(b) If the Board accounts for other forms of leave use in increments greater than one hour, the Board must account for FMLA leave use in increments no greater than one hour.

5. Staff Member Notice Requirements

a. A staff member eligible for FMLA leave must give at least a thirty day written advance notice to the Superintendent or designee if the need for the FMLA leave is foreseeable based on an expected birth, placement for adoption or foster care, or planned medical treatment for a serious health condition of a staff member or a family member.

(1) If thirty days is not practical, a staff member must provide notice "as soon as practicable" which means as soon as both possible and practical, taking into account all the facts and circumstances in the individual case.

(2) Where it is not possible to give as much as thirty days' notice, "as soon as practical" ordinarily would mean at least verbal notification to the Superintendent or designee within one or two business days or when the need for FMLA leave becomes known to a staff member.

(3) The written notice shall include the reasons for the FMLA leave, the anticipated duration of the FMLA leave, and the anticipated start of the FMLA leave.

(4) When planning medical treatment, a staff member must consult with the Superintendent or designee and make a reasonable effort to schedule the FMLA leave so as not to unduly disrupt the educational program, subject to the approval of the health care provider.

(a) Staff members are ordinarily expected to consult with the Superintendent or designee prior to scheduling of treatment that would require FMLA leave for a schedule that best suits the needs of the Board and a staff member.

(5) Intermittent FMLA leave or FMLA leave on a reduced FMLA leave schedule must be medically necessary due to a serious health condition or a serious injury or illness. A staff member shall advise the Board of the reasons why the intermittent/reduced FMLA leave schedule is necessary and of the schedule for treatment, if applicable.

(a) A staff member and the Board shall attempt to work out a schedule for such FMLA leave that meets a staff member's needs without unduly disrupting the Board's operations, subject to the approval of the health care provider.

(6) Where a staff member does not comply with the Board's usual notice and procedural requirements, and no unusual circumstances justify the failure to comply, FMLA-protected leave may be delayed or denied.

b. When the approximate timing of the need for FMLA leave is not foreseeable, a staff member should give notice to the Superintendent or designee for FMLA leave as soon as practicable under the facts and circumstances of the particular case.

(1) It is expected a staff member will give notice to the Superintendent or designee within no more than one or two business days of learning of the need for FMLA leave, except in extraordinary circumstances where such notice is not foreseeable.

(2) A staff member should provide notice to the Board either in person, by telephone, telegraph, fax machine, email, or other electronic means.

6. Outside Employment During FMLA Leave

a. A staff member during any period of FMLA leave is prohibited from performing any services on a full-time basis for any person for whom a staff member did not provide services immediately prior to commencement of the FMLA leave.

(1) A staff member using FMLA leave may commence part-time employment that shall not exceed half the regularly scheduled hours worked for the Board.

(2) A staff member may continue the part-time employment that commenced prior to the FMLA leave at the same number of hours that a staff member was regularly scheduled prior to such FMLA leave.

7. "Instructional Employees" Exceptions for FMLA Leave

a. "Instructional Employees" are those staff members whose principal function is to teach and instruct students in class, a small group, or in an individual setting. This term includes teachers, athletic coaches, driving instructors, and

special education assistants, such as signers for the hearing impaired.

(1) Teacher assistants or aides who do not have as their principal job actual teaching or instructing, guidance counselors, child study team members, curriculum specialists, cafeteria workers, maintenance workers, and/or bus drivers are not considered instructional staff members for the purposes of this Policy.

(2) For purposes of this Policy "Instructional Employees" shall be referred to as "Instructional Staff Members".

b. "Semester" means the school semester that typically ends near the end of the calendar year and the end of the spring each school year. The Board can have no more than two semesters in a school year.

c. FMLA leave taken at the end of the school year and continues into the beginning of the next school year is considered consecutive FMLA leave.

d. Eligible instructional staff members that need intermittent or reduced FMLA leave to care for a family member or for a staff member's own serious health condition which is foreseeable based on planned medical treatment and would be on FMLA leave more than twenty percent of the total number of working days over the period the FMLA leave would extend, the Board may:

(1) Require a staff member to take the FMLA leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or

(2) Transfer a staff member temporarily to an available alternative position for which a staff member is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of

FMLA leave than does a staff member's regular position.

e. If the instructional staff member does not give the required notice for FMLA leave that is foreseeable and desires the FMLA leave to be taken intermittently or on a reduced FMLA leave schedule, the Board may require a staff member to take FMLA leave of a particular duration, or to transfer temporarily to an alternative position. Alternatively, the Board may require a staff member to delay taking the FMLA leave until the notice provision is met.

f. If an instructional staff member begins FMLA leave more than five weeks before the end of the school year, the Board may require a staff member to continue taking FMLA leave until the end of the semester if:

(1) The FMLA leave will last three weeks; and

(2) A staff member would return to work during the three-week period before the end of the semester.

g. If an instructional staff member begins FMLA leave for a purpose other than a staff member's own serious health condition during the five week period before the end of the semester, the Board may require a staff member to continue taking FMLA leave until the end of the semester if:

(1) The FMLA leave will last more than two weeks; and

(2) The staff member would return to work during the two week period before the end of the semester.

h. If an instructional staff member begins FMLA leave for a purpose other than a staff member's own serious health condition during the three week period before the end of a semester, the Board may require a staff member to continue taking FMLA leave until the end of the semester if the FMLA leave will last more than five working days.

i. An example of FMLA leave falling within the situations outlines in B.7.f., B.7.g., and B.7.h. above:

(1) If a staff member plans two weeks of FMLA leave to care for a family member which will begin three weeks before the end of the term, the Board could require a staff member to stay out on FMLA leave until the end of the term.

j. In the case of a staff member who is required to take FMLA leave until the end of an academic term, only the period of FMLA leave until a staff member is ready and able to return to work shall be charged against a staff member's FMLA leave entitlement.

k. The Board may require a staff member to stay on FMLA leave until the end of the school term. Any additional leave required by the Board to the end of the school term is not counted as FMLA leave; however:

(1) The Board shall be required to maintain a staff member's group health insurance; and

(2) The Board shall be required to restore a staff member to the same or equivalent job including other benefits at the conclusion of the leave.

8. FMLA Leave Related to Military Service

a. Definitions for FMLA related to military service shall be in accordance with 29 CFR §§825.122; .126; .127; and .310.

b. The foreign deployment of the staff member's spouse, child, or parent in accordance with 29 CFR §§825.122 and .126:

(1) The district must grant an eligible staff member up to twelve work weeks of unpaid, job-protected FMLA leave during any twelve month period for qualifying exigencies that arise when the staff

member's spouse, child, or parent is on covered active duty, or has been notified of an impending call or order to covered active duty.

c. Military caregiver FMLA leave provides care for a covered servicemember with a serious injury or illness in accordance with 29 CFR §§825.122 and .127:

(1) The district must grant up to a total of twenty-six workweeks of unpaid, job-protected FMLA leave during a "single twelve month period" to care for a covered servicemember with a serious injury or illness.

9. Verification

a. The Board shall require that a staff member's FMLA leave to care for a staff member's covered family member with a serious health condition, or due to a staff member's own serious health condition that makes a staff member unable to perform one or more of the essential functions of a staff member's position, be supported by a certification issued by the health care provider of a staff member or a staff member's family member.

(1) The Board must give written notice of a requirement for certification each time a certification is required. The Board's oral request to a staff member to furnish any subsequent certification is sufficient.

b. The Board shall require a staff member furnish certification at the time a staff member gives notice of the need for FMLA leave or within five business days thereafter, or, in the case of unforeseen FMLA leave, within five business days after the FMLA leave commences.

(1) The Board may request certification at some later date if the Board later has reason to question the appropriateness of the FMLA leave or its duration.

(2) A staff member must provide the requested certification to the Board within fifteen calendar days after the Board's request, unless it is not practicable under the particular circumstances to do so despite a staff member's diligent, good faith efforts or the Board provides more than fifteen calendar days to return the requested certification.

c. When FMLA leave is taken because of a staff member's own serious health condition, or the serious health condition of a family member, the Board shall require a staff member to obtain a medical certification from a health care provider that sets forth the following information:

(1) The name, address, telephone number, and fax number of the health care provider and type of medical practice/specialization;

(2) The approximate date on which the serious health condition commenced, and its probable duration;

(3) A statement or description of appropriate medical facts regarding the patient's health condition for which FMLA leave is requested. The medical facts must be sufficient to support the need for FMLA leave.

(a) Such medical facts may include information on symptoms, diagnosis, hospitalization, doctor visits, whether medication has been prescribed, any referrals for evaluation or treatment (physical therapy, for example), or any other regimen of continuing treatment;

(4) If a staff member is the patient, information sufficient to establish that a staff member cannot perform the essential functions of a staff member's job as well as the nature of any other work restrictions, and the likely duration of such inability;

(5) If the patient is a covered family member with a serious health condition, information sufficient to establish that the family member is in need of care, and an estimate of the frequency and duration of the FMLA leave required to care for the family member;

(6) If a staff member requests FMLA leave on an intermittent or reduced schedule basis for planned medical treatment of a staff member's or a covered family member's serious health condition, information sufficient to establish the medical necessity for such intermittent or reduced schedule FMLA leave and an estimate of the dates and duration of such treatments and any periods of recovery;

(7) If a staff member requests FMLA leave on an intermittent or reduced schedule basis for a staff member's serious health condition, including pregnancy, that may result in unforeseeable episodes of incapacity, information sufficient to establish the medical necessity for such intermittent or reduced schedule FMLA leave and an estimate of the frequency and duration of the episodes of incapacity; and

(8) If a staff member requests FMLA leave on an intermittent or reduced schedule basis to care for a covered family member with a serious health condition, a statement that such FMLA leave is medically necessary to care for the family member, which can include assisting in the family member's recovery, and an estimate of the frequency and duration of the required FMLA leave.

d. A staff member may choose to comply with the certification requirement by providing the Board with an authorization, release, or waiver allowing the Board to communicate directly with the health care provider of a staff member or his or her covered family member.

(1) It is a staff member's responsibility to provide the Board with complete and sufficient certification and failure to do so may result in the denial of FMLA leave.

e. If the Board has reason to doubt the validity of a medical certification, the Board may require a staff member to obtain a second opinion at the Board's expense.

(1) The Board may designate the health care provider to furnish the second opinion, but the selected health care provider may not be employed on a regular basis by the Board.

f. If the opinions of a staff member's and the Board's designated health care providers differ, the Board may require a staff member to obtain certification from a third health care provider, again at the Board's expense. This third opinion shall be final and binding. The third health care provider must be designated or approved jointly by the Board and the staff member.

10. Reinstatement Following FMLA Leave

a. On return from FMLA leave a staff member is entitled to be returned to the same position a staff member held when FMLA leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.

(1) A staff member is entitled to such reinstatement even if a staff member has been replaced or his or her position has been restructured to accommodate for a staff member’s absence.

(2) The requirement that a staff member be restored to the same or equivalent job with the same or equivalent pay, benefits, and terms and conditions of employment does not extend to de minimis, intangible, or unmeasurable aspects of the job.

b. Denial of Reinstatement

(1) A staff member has no greater right to reinstatement or to other benefits and conditions of employment that if a staff member had been continuously employed during the FMLA leave period.

(a) The Board must be able to show that a staff member would not otherwise have been employed at the time reinstatement is requested in order to deny restoration to employment.

(2) The Board may deny job restoration to "key employees", if such denial is necessary to prevent substantial and grievous economic injury to the operations of the Board.

(a) A "key employee" is a salaried FMLA-eligible staff member who is among the highest paid ten percent of all staff members employed by the Board within seventy-five miles of a staff member's worksite.

(3) If a staff member is unable to perform an essential function of the position because of a physical or mental condition, including the continuation of a serious health condition or an injury or illness also covered by workers' compensation, a staff member has no right to restoration to another position under the FMLA.

(a) The Board's obligation may; however, be governed by the Americans with Disabilities Act, State leave law, or workers' compensation laws.

(4) A staff member who fraudulently obtains FMLA leave from the Board is not protected by FMLA's

job restoration or maintenance of health benefits provisions.

c. Intent to Return to Work

(1) The Board may require a staff member on FMLA leave to report periodically on a staff member's status and intent to return to work.

d. Fitness for Duty Certification

(1) As a condition of restoring a staff member whose FMLA leave was a result of a staff member's own serious health condition that made a staff member unable to perform a staff member's job, the Board shall require all similarly-situated staff members (i.e., same occupation, same serious health condition) who take FMLA leave for such conditions to obtain and present certification from a staff member's health care provider that a staff member is able to resume work.

(2) A staff member has the same obligations to participate and cooperate in the fitness-for-duty certification process as in the initial certification process.

11. The Board of Education Notice

a. Notice of Staff Member Rights Under FMLA

(1) The Board shall post and keep posted on its premises, in conspicuous places where staff members are employed, a notice explaining the FMLA's provisions and providing information concerning the procedures for filing complaints of violations of the FMLA with the Wage and Hour Division.

(a) The notice will be posted prominently where it can be readily seen by staff members and applicants for employment.

(b) The poster and the text will be large enough to be easily read and contain fully legible text.

(c) Electronic posting is sufficient to meet this posting requirement as long as it otherwise meets the requirements of B.11.

(2) The Board shall also provide this general notice to each staff member by including the notice in staff members' handbooks or other written guidance to staff members concerning staff member benefits or FMLA leave rights, if such written materials exist, or by distributing a copy of the general notice to each new staff member upon hiring. In either case, distribution may be accomplished electronically.

(3) Access to and/or distribution of this Policy shall serve as school district notice to staff members of their rights pursuant to 29 CFR §825 et seq.

b. Eligibility Notice

(1) When a staff member requests FMLA leave, or when the Board acquires knowledge that a staff member's FMLA leave may be for an FMLA-qualifying reason, the Board must notify the staff member of the staff member's eligibility to take FMLA leave within five business days, absent extenuating circumstances.

c. Designation Notice

(1) The Board is responsible in all circumstances for designating leave as FMLA-qualifying, and for giving notice of the designation to a staff member. The Board must notify a staff member whether the

leave will be designated and will be counted as FMLA leave within five business days absent extenuating circumstances.

(2) If the Board requires paid leave to be substituted for unpaid FMLA leave, or that paid leave taken under an existing leave plan be counted as FMLA leave, the Board must inform a staff member of this designation at the time of designating the FMLA leave.

12. Local Board of Education Practices

a. Substitution of Paid Leave

(1) Whether a staff member is required to use sick time or any other accrued leave time concurrent with FMLA leave time will depend upon either the district's practice or a provision in the district's collective bargaining agreement, if applicable.

b. Maintenance of Staff Member Benefits

(1) The Board must maintain a staff member's coverage under any group health plan on the same conditions as coverage would have been provided if a staff member had been continuously employed during the entire FMLA leave period.

C. Shared Provisions

1. Interference with Family Leave Rights

The NJFLA and the FMLA prohibit interference with a staff member's rights under the law, and with legal proceedings or inquiries relating to a staff member's rights. Unless permitted by the law, no staff member shall be required to take family leave or to extend family leave beyond the time requested. A staff member shall not be discriminated against for having exercised his/her rights under the NJFLA and the FMLA nor discouraged from the use of family leave.

2. Non-Tenured Teaching Staff

   Family leave granted to a nontenured staff member cannot extend a staff member's employment beyond the expiration of his/her employment contract.

3. Record Keeping

   The Superintendent or designee shall ensure the keeping of accurate attendance records that distinguish family leave from other kinds of leave so a staff member's entitlement to NJFLA leave and FMLA leave can be properly determined.

4. Processing of Complaints

   a. New Jersey Family Leave Act

      (1) Any complaint alleging a violation of the NJFLA shall be processed in the same manner as a complaint filed under the terms of N.J.S.A. 10:5-1 et seq. and N.J.A.C. 13:4 through the New Jersey Department of Law and Public Safety, Division on Civil Rights.

   b. Federal Family and Medical Leave Act (FMLA)

      (1) If there is a dispute between the Board and a staff member as to whether leave qualifies as FMLA leave, it should be resolved through discussion between the staff member and the Superintendent or designee. Such discussions and the decision shall be documented by the Superintendent or designee.

      (2) A staff member also may file, or have another person file on his/her behalf, a complaint with the United States Secretary of Labor. A complaint may be filed in person, by mail, or by telephone with the Wage and Hour Division, Employment Standards

Administration, U.S. Department of Labor, at any local office of the Wage and Hour Division.

(3) This Policy 1643 shall be posted on the school district website, in a manner accessible to all staff members and a hard copy shall be provided to all staff members annually prior to the beginning of the school year and upon initial employment in the school district during the school year.

The Board of Education prohibits student use of internet-enabled devices on school grounds during the school day in accordance with N.J.S.A. 18A:36-40b. The Board adopts this Policy and Regulation 5516 pursuant to N.J.S.A. 18A:36-40b. and the guidelines developed by the Commissioner of Education concerning student use of internet-enabled devices during regular school hours, on a school bus, or during school-sponsored events when the student is under the direct supervision of a teaching staff member or employee of the Board.

For the purpose of this Policy and Regulation 5516:

1. "Bell-to-bell" means the timeframe when the bell rings at the start of the school day until the dismissal bell rings at the end of the academic day. Bell-to-bell includes time in between class periods and lunch.

2. "Digital citizenship" means the development of thoughtful, empathetic citizens who can wrestle with important ethical questions at the intersection of technology and humanity. Model digital citizens focus on using technology to make communities better, engage respectfully online with others, and leverage technology to amplify voices and perspectives. They are careful to determine the validity of online sources of information and are always respectful of ideas different than their own.

3. "District-managed tools" means school-issued technology or platforms used for educational purposes (e.g., laptops, tablets, learning management systems, etc.).

4. "Internet-enabled device" means any device capable of connecting to the internet and accessing online content (e.g., smartphones, tablets, smartwatches, smart glasses, personal laptop, etc.), including social media applications. An internet-enabled device does not include an internet-enabled device provided by the Board when used for educational purposes.

5. "Non-internet-enabled device" means a basic communication device that is not capable of connecting to the internet or enabling

the user to access content on the internet (e.g., basic flip-style cell phones, two-way radio/walkie-talkie, etc.).

6. "School grounds" means and includes land, portions of land, structures, buildings, and vehicles, not to include school buses, owned, operated, or used for the provision of academic or extracurricular programs sponsored by the district or community provider and structures that support these buildings, such as school wastewater treatment facilities, generating facilities, and other central facilities including, but not limited to, kitchens and maintenance shops. "School grounds" also includes athletic stadiums; swimming pools; any associated structures or related equipment tied to such facilities including, but not limited to, grandstands; greenhouses; garages; facilities used for non-instructional or non-educational purposes; and any structure, building, or facility used solely for school administration. "School grounds" also includes other facilities as defined in N.J.A.C. 6A:26-1.2; playgrounds; and other recreational places owned by local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

A student's use of an internet-enabled device on a school bus or during school-sponsored events when the student is under the direct supervision of a teaching staff member or employee of the Board will be in accordance with the age-appropriate and grade-level differentiated requirements outlined in Regulation 5516.

District-issued technology and sponsored platforms are permitted to be used in classrooms for educational purposes. The district may use existing information technology systems to proactively establish and monitor restrictions to the district's network. The district may utilize device management software to restrict or monitor student browsing on school-issued devices or from devices connecting to the district's Wi-Fi. **If the district chooses to use software or other technology to block students' use of their internet-enabled devices, the district may collaborate with the local municipality to determine that there are no safety or security concerns.** The Board shall notify students and parents about the monitoring practices in Policy and Regulation 2361.

The Board shall assume no responsibility for the security of or damage to a student's internet-enabled device brought onto school grounds. If a student brings

STUDENT USE OF INTERNET-ENABLED ~~ELECTRONIC COMMUNICATIONS AND~~ ~~RECORDING~~ DEVICES ~~(ECRD)~~ (M

an internet-enabled device to school, the internet-enabled device must remain off and may be required to be stored in a storage system as indicated in Regulation 5516. An internet-enabled device required to be stored in a district storage system shall be password protected by the student so only the student owner of the internet-enabled device can use the internet-enabled device.

The district shall provide instruction aligned to the New Jersey Student Learning Standards (NJSLS) on Digital Citizenship and shall ensure classroom instructional time is entirely free of internet-enabled devices. Teachers shall not incorporate students' personal technology into lesson plans. All digital engagement shall occur through district-managed tools and devices.

The district shall communicate behavioral expectations for student use of internet-enabled devices to students and their parent(s) and reinforce these behavioral expectations throughout the school year. Communication of this Policy and Regulation 5516 may include, but not be limited to, school-wide notifications, signage, and reinforcement as part of classroom routines.

The district shall comply with all applicable State and Federal laws that protect the rights of students with disabilities or health related needs, including, but not limited to, the Individuals with Disabilities Act (IDEA) and Section 504 of the Rehabilitation Act of 1973.

Students shall be permitted to use their internet-enabled device on school grounds during the school day, on the school bus, and at school-sponsored events in the following circumstances in accordance with N.J.S.A. 18A:36-40b.:

1. To fulfill accommodations provided in a student's individualized education program (IEP);

2. To support the implementation of a 504 Plan;

3. To implement a student health plan established to monitor or address a student's health condition (upon submission by a parent of documentation from a healthcare professional indicating that the use of an internet-enabled device is necessary for the health or well-being of the student);

4. For translation services;

5. For a student caregiver who is routinely responsible for the care or well-being of a family member;

6. When no reasonable alternative to the use of the internet-enabled device for a specific purpose exists (upon authorization by the Superintendent, Principal, or designee);

7. When required by law; and

8. In the event of an emergency.

The **Superintendent** ~~Principal~~ or designee will inform students and parents of their right to request an internet-enabled device accommodation. The parent(s) shall submit a written request to the **Superintendent** ~~Principal~~ or designee. The written request shall include, but not be limited to, supporting documentation from the student's physician, child study team, and/or any other documentation as required by the **Superintendent** ~~Principal~~ or designee as to why the student requires an internet-enabled device accommodation. The **Superintendent** ~~Principal~~ or designee shall inform the parent(s) of the approval or denial of the written request for an internet-enabled device accommodation within five school days of receiving the written request. The **Superintendent** ~~Principal~~ or designee shall base such an accommodation determination on documented **educational,** medical, developmental, **accessibility,** or other needs **or specific purposes** and review them on a regular basis.

The **Superintendent** ~~Principal~~ or designee may involve school nurses, case managers, and IEP/504 coordinators in planning for and implementing internet-enabled device accommodations. Staff responsible for implementation shall have ready access to documentation of the accommodation and shall ensure their enforcement strategies minimize disruption. The district shall develop and disseminate clear procedures to ensure staff implement internet-enabled device accommodations confidentially. Staff training may be necessary to recognize and honor valid internet-enabled device accommodations without drawing unnecessary attention to the student. Staff shall treat students with an internet-enabled device accommodation with sensitivity and dignity. As appropriate, the district may develop one-page "internet-enabled device use summaries" for staff to ensure awareness while maintaining student confidentiality.

Pursuant to N.J.A.C. 6A:16-5.1, the district has developed and implemented comprehensive plans, procedures, and mechanisms that provide for safety and security in the district's schools. School safety plans include thoughtful

STUDENT USE OF INTERNET-ENABLED ~~ELECTRONIC COMMUNICATIONS AND~~ ~~RECORDING~~ DEVICES ~~(ECRD)~~ (M

integration of internet-enabled device procedures during emergencies or perceived threats. The district has incorporated clear expectations into school safety plans, emergency drill protocols, and staff professional development.

In the event of an unplanned emergency closure that prevents students from retrieving stored internet-enabled devices, the district shall develop and communicate a clear, centralized protocol for retrieving stored internet-enabled devices safely and efficiently once the school building is accessible.

In the event of a family emergency or for non-emergency communication, families shall contact the school's main office directly rather than reaching out to students during the school day. District staff will then follow local notification procedures to ensure the student receives the information in a timely and appropriate manner.

The district shall ensure students, parents, and school staff members are aware of this Policy and Regulation 5516 and understand how this Policy and Regulation 5516 apply to them. The Board shall include information about this Policy and Regulation 5516 in student handbooks.

District staff shall apply clear, age-appropriate consequences and use strategies to redirect students who attempt to use internet-enabled devices. Discipline and consequences shall be addressed in Regulation 5516.

No student enrolled as a student of an elementary or secondary school, knowingly and without the express written permission of the Board, its delegated authority, or any Principal, shall bring or possess any remotely activated paging device on any property used for school purposes, at any time and regardless of whether school is in session or others are present pursuant to N.J.S.A. 2C:33-19.

~~determined the use of cell phones and other electronic communication devices by students for personal use during the school day and school activities should be limited.~~

~~As used in this Policy, "electronic communication device" includes any device with the capability to audio or video record and/or is capable of receiving or transmitting any type of communication with others. An electronic communication device includes, but is not limited to, any type of cameras; cellular and wireless telephones; pagers/beepers; laptop computers; watches; electronic readers; two-way radios; any audio or video broadcasting devices; ear buds; tablets; headphones; and any other device that allows a person to audio and/or video record and/or transmit, in either a real time or a delayed basis, video or still images, text, audio recordings; or other information.~~

~~The Board adopts Regulation 5516 and this Policy to address student use of an electronic communication device for personal use on school grounds during the school day, to also include, but not be limited to: during before and after school programs; during any co-curricular activity; and on a school bus.~~

~~Nothing in Regulation 5516 and this Policy shall prohibit a student from using an electronic communication device for a purpose documented in a classified student's Individualized Education Plan (IEP) or a plan developed under Section 504 of the "Rehabilitation Act of 1973," 29 USC 794. A student may use an electronic communication device to monitor or address a health condition with prior permission from the Principal, in consultation with the school nurse to be documented in the student's Individual Health Plan.~~

~~In addition, the Board of Education believes students and/or school staff members should not be subject to having a video or audio recording taken of any student(s) or school staff member(s) for any purpose without the consent of the student, the student's parent, and/or the school staff member. In addition to protecting the privacy rights of students and school staff members, the Board recognizes such recordings can be disruptive to the educational program. Inappropriate recordings of educational material, student assessment instruments, and/or student assessment reviews can be used to compromise the integrity of the district's educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other students. Therefore, the Board of Education adopts this Policy regarding student use of electronic communication and recording devices.~~

5561 USE OF PHYSICAL RESTRAINT AND SECLUSION

The Board of Education strives to provide a safe, caring atmosphere that supports all learners in the least restrictive environment. On occasion, during an emergency, a situation may arise making it necessary to temporarily restrain or seclude a student with a disability in accordance with N.J.S.A. 18A:46-13.4. through 13.7.

A school district, an educational services commission, or an approved private school for students with disabilities (APSSD) that utilizes physical restraint on students with disabilities shall ensure that:

1. Physical restraint is used only in an emergency in which the student is exhibiting behavior that places the student or others in immediate physical danger;

2. A student is not restrained in the prone position, unless the student's primary care physician authorizes, in writing, the use of this restraint technique;

3. Staff members who are involved in the restraint of a student receive training in safe techniques for physical restraint from an entity determined by the Board ~~of Education~~ to be qualified to provide such training, and that the training is updated at least annually;

4. The parent of a student is immediately notified when physical restraint is used on the student. This notification may be by telephone or electronic communication. A post-incident written notification report of the incident of physical restraint shall be provided to the parent within forty-eight hours of the occurrence of the incident;

5. Each incident in which physical restraint is used is carefully and continuously visually monitored to ensure it was used in accordance with established procedures set forth in this Policy and Regulation 5561 ~~Use of Physical Restraint and Seclusion Techniques for Students with Disabilities~~, developed in conjunction with the entity that trains staff in safe techniques for physical restraint, in order to protect the safety of the child and others; and

6. Each incident in which physical restraint is used is documented in writing in sufficient detail to enable staff to use this information to develop or

A school district, an educational services commission, and an APSSD shall attempt to minimize the use of physical restraints through inclusion of positive behavior supports in the student's behavior intervention plans developed by the IEP team.

A school district, an educational services commission, or an APSSD that utilizes seclusion techniques on students with disabilities shall ensure that:

1. A seclusion technique is used on a student with disabilities only in an emergency in which the student is exhibiting behavior that places the student or others in immediate physical danger;

2. Each incident in which a seclusion technique is used is carefully and continuously visually monitored to ensure it was used in accordance with established procedures set forth in this Policy and Regulation 5561 ~~—Use of Physical Restraint and Seclusion Techniques for Students with Disabilities~~, developed in conjunction with the entity that trains staff in safe techniques for physical restraint, in order to protect the safety of the child and others; and

3. Each incident in which a seclusion technique is used is documented in writing in sufficient detail to enable the staff to use this information to develop or improve the behavior intervention plan at the next IEP meeting.

A school district, an educational services commission, and an APSSD shall attempt to minimize the use of seclusion techniques through inclusion of positive behavior supports in the student's behavior intervention plans developed by the IEP team.

The New Jersey Department of Education shall establish guidelines for school districts, educational services commissions, and APSSDs to ensure a review process is in place to examine the use of ~~physical restraints~~physical restraints or seclusion techniques in emergency situations, and for the repeated use of these methods for an individual child, within the same classroom, or by a single individual. The review process shall include educational, clinical, and administrative personnel. Pursuant to the review process the student's IEP team may, as deemed appropriate, determine to revise the behavior intervention plan or classroom supports, and a school district, educational services commission, or APSSD may determine to revise a staff member's professional development plan pursuant N.J.S.A. 18A:46-13.7.

6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES **M**

The Cash Management Improvement Act (CMIA) and related Federal regulations require a State to minimize the time elapsing between the transfer of funds from the United States Treasury and the expenditure of funds for program purposes. This requirement applies to grantees such as the State of New Jersey and their sub grantees, such as a school district. The State of New Jersey and school districts must assure funds have been, or will be, spent within a minimal amount of time after having been drawn from the Federal government.

In accordance with this requirement, the New Jersey Department of Education (NJDOE) has implemented a reimbursement request system of payment. The procedures as outlined in the **NJDOE** ~~New Jersey Department of Education~~ Policies and Procedures for Reimbursement of Federal and Other Grant Expenditures shall be followed by school districts in submitting reimbursement requests. Reimbursement requests for entitlement grant awards under the Every Student Succeeds Act (ESSA), the Individuals with Disabilities Education Act (IDEA), the Strengthening Career and Technical Education for the 21st Century Act and any other program designated by the NJDOE shall be made using the NJDOE's Electronic Web-Enabled Grant (EWEG) System.

Formatted: Font color: Red

Reimbursement requests by the School Business Administrator/Board Secretary or designee shall be made for individual titles and awards using the payment functionality of the EWEG system. Only one reimbursement request per month may be submitted for an individual title, award, or sub grant. Reimbursement requests may only be for expenditures that have already occurred or will occur within three business days of receipt of funds.

The submission of a reimbursement request constitutes a certification by the School Business Administrator/Board Secretary that the school district has previously made the appropriate expenditures and/or will make the expenditures within three business days of receipt of funds and that the expenditures are allowable and appropriate to the cost objective(s) of the sub grant.

The Superintendent s or designee is responsible for submitting an amendment application to the NJDOE for approval if a new budget category for which no funds were previously budgeted or approved has been created. The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if cumulative transfers among expenditure categories exceed ten percent of the total award. The Superintendent or designee is responsible for monitoring the cumulative ten percent level of fiscal change.

Reimbursement requests must be in accordance with approved grant applications. A reimbursement request may be submitted at any time after the sub grant has received final NJDOE approval. Reimbursement requests submitted at least ten business days before the end of the month but no later than the fifteenth day of the month will be reviewed and, if approved, processed for payment the first business day of the following month. School districts will normally receive payment by the fifth business day of the month and will be able to track the grant's payment history in EWEG through the payments link of the grant application.

Reimbursement requests must contain a brief description of the expenditures for which reimbursement is being requested. Individual line items need not be detailed. Expenditures must be supported by documentation at the school district level but should not be submitted to the NJDOE with a reimbursement request. The Superintendent of Schools or designee is responsible to maintain supporting documentation for seven years and for making it available to the NJDOE, the United States Department of Education, and/or their authorized representatives upon request. Documentation for salary expenditures is subject to the requirements of the Federal Uniform Grant Guidance. Documentation for all other expenditures must include evidence that the expenditures are allowable costs and of the relationship of the expenditure to the sub grant's cost objectives.

The NJDOE staff will review reimbursement requests to determine that they meet the sub grant's criteria. When a reimbursement request is approved or denied, the school district will receive an email notification through the EWEG system. Approval of a reimbursement request by NJDOE does not imply approval of the expenditures as allowable or appropriate to the sub grant's cost objectives as the approval of expenditures will continue to be processed through the final report. The School Business Administrator/Board Secretary or designee assumes responsibility for assuring that all funds requested through the EWEG system either have already been expended, or will be expended within three days of receipt of funds.

R 6115.01 FEDERAL AWARDS/-FUNDS INTERNAL CONTROLS – ALLOWABILITY OF COSTS

Expenditures must be aligned with approved budgeted items. Any changes or variations from the State-approved budget and grant application need prior approval from the State.

A. Delegation of Responsibility

When determining how the school district will spend its grant funds, the School Business Administrator/Board Secretary, will review the proposed cost to determine whether it is an allowable use of Federal grant funds before obligating and spending those funds on the proposed good or service.

B. Allowability Determinations

1. All costs supported by Federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E, which are listed below. The School Business Administrator/Board Secretary, must consider these factors when making an allowability determination. A section entitled, Helpful Questions for Determining Whether Costs are Allowable, is located at the end of this Regulation.

   2 CFR Part 200 sets forth general cost guidelines that must be considered, as well as rules for specific types of items, both of which must be considered when determining whether a cost is an allowable expenditure of Federal funds. The expenditure must also be allowable under the applicable program statute (e.g., Title I of the Elementary and Secondary Education Act (ESEA), or the Carl D. Perkins Career and Technical Education Act (Perkins)), along with accompanying program regulations, nonregulatory guidance and grant award notifications.

   Restrictions in State and local rules or policy also must be considered. For example, travel and other job-related expenses incurred by employees are not allowable unless they also are in compliance with Policy and Regulation 6471 and related administrative regulations.

Formatted: Strikethrough

Formatted: Strikethrough

Whichever allowability requirements are stricter will govern whether a cost is allowable. General allowability determination factors include the following:

a. Be Necessary and Reasonable for the performance of the Federal award. A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision to incur the cost was made. For example, "reasonable" means that sound business practices were followed, and purchases were comparable to market prices.

When determining reasonableness of a cost, consideration must be given to:

(1) Whether the cost is a type generally recognized as ordinary and necessary for the operation of the district or the proper and efficient performance of the Federal award.

(2) The restraints or requirements imposed by factors, such as: sound business practices; arm's-length bargaining; Federal, State and other laws and regulations; and terms and conditions of the Federal award.

(3) Market prices for comparable goods or services for the geographic area.

(4) Whether the individual incurring the cost acted with prudence in the circumstances considering responsibilities to the district, its employees, its students, the public at large, and the Federal government.

Formatted: Indent: Left: 1.5", Hanging: 0.56"

(5) Whether the district significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the Federal award's cost. (2 CFR 200.404)

Formatted: Indent: Left: 1.5", Hanging: 0.56"

Whether a cost is "necessary" will be determined based on the needs of the program. Specifically, the expenditure must be necessary to achieve an important program objective. A key aspect in determining whether a cost is necessary is whether the district can demonstrate that the cost addresses an existing need, and can prove it. For example, the school entity may deem a language skills software program necessary for a limited English proficiency program.

When determining whether a cost is necessary,consideration may be given to:

(1) Whether the cost is needed for the proper and efficient performance of the Federal award program.

(2) Whether the cost is identified in the approved budget or application.

(3) Whether there is an educational benefit associated with the cost.

(4) Whether the cost aligns with identified needs based on results and findings from a needs assessment.

(5) Whether the cost addresses program goals and objectives and is based on program data.

b. Allocable to the Federal award. A cost is allocable to the Federal award if the goods or services involved are chargeable or assignable to the Federal award in accordance with the relative benefit received. This means that the Federal grant program derived a benefit in proportion to the funds charged to the program. (2 CFR 200.405) For example, if fifty percent of a teacher's salary is paid with grant funds, then that teacher must spend at least fifty percent of their time on the grant program.

c. Consistent with policies and procedures that apply uniformly to both Federally-financed and other activities of the school entity.

d. Conform to any limitations or exclusions set forth as cost principles in 2 CFR Part 200 or in the terms and conditions of the Federal award.

e. Consistent treatment. A cost cannot be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been assigned as an indirect cost under another award.

f. Adequately documented. All expenditures must be properly documented.

g. Be calculated in accordance with generally accepted accounting principles (GAAP), unless provided otherwise in 2 CFR Part 200.

h. Not included as a match or cost-share, unless the specific Federal program authorizes Federal costs to be treated as such. Some Federal program statutes require the non-Federal entity to contribute a certain amount of non-Federal resources to be eligible for the Federal program.

i. Be the net of all applicable credits. The term "applicable credits" refers to those receipts or reduction of expenditures that operate to offset or reduce expense items allocable to the Federal award. Typical examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the State relate to the Federal award, they shall be credited to the Federal award, either as a cost reduction or a cash refund, as appropriate. (2 CFR 200.406)

C. Selected Items of Cost

Formatted: Strikethrough

Formatted: Strikethrough

2 CFR 200, Subpart E, sets forth principles to be applied in establishing the allowability of fifty-five specific cost items (commonly referred to as Selected Items of Cost), at 2 CFR 200.420 through 200.475. These specific cost items are listed in the chart below along with the citation to the section of Subpart E addressing the allowability of that item. These principles are in addition to the other general allowability standards, and apply whether or not a particular item of cost is properly treated as direct cost or indirect (Facilities and Administration) cost. Meeting the specific criteria for a listed item does not by itself mean the cost is allowable, as it may be unallowable under other standards or for other reasons, such as restrictions contained in the terms and conditions of a particular grant or restrictions established by the State or in Board policy. If an item is unallowable for any of these reasons, Federal funds cannot be used to purchase it.

School district personnel responsible for spending Federal grant funds and for determining allowability must be familiar with and refer to the 2 CFR Part 200 selected items of cost section. These rules must be followed when charging these specific expenditures to a Federal grant. When applicable, employees must check costs against the selected items of cost requirements to ensure the cost is allowable, and also check State, district and program-specific rules.

The selected item of cost addressed in 2 CFR Part 200 includes the following:

D. Helpful Questions for Determining Whether Costs are Allowable

1. In addition to applying the cost principles and standards described above, district staff involved in expending Federal funds should ask the following questions when assessing the allowability of a particular cost:

   a. Is the proposed cost allowable under the relevant program?

   b. Is the proposed cost consistent with an approved program plan and budget?

   c. Is the proposed cost consistent with program specific fiscal rules? For example, the school entity may be required to use Federal funds only to supplement the amount of funds available from non-Federal (and possibly other Federal) sources, or only as a match for funds from non-Federal sources.

   d. Is the proposed cost consistent with EDGAR?

   e. Is the proposed cost consistent with specific conditions imposed on the grant (if applicable)?

f. Is the proposed cost consistent with the underlying needs of the program? For example, program funds must benefit the appropriate population of students for which they are allocated. This means that, for instance, funds allocated under Title III of the Elementary and Secondary Education Act (ESEA) governing language instruction programs for Limited English Proficient (LEP) students must only be spent on LEP students and cannot be used to benefit non-LEP students.

g. Will the cost be targeted at addressing specific areas of weakness that are the focus of the program, as indicated by available data?

Any questions related to specific costs should be forwarded to the School Business Administrator/Board Secretary, who shall consult with the school solicitor for clarification as appropriate.

~~A. In addition to the procedures used to determine the allow ability of costs in accordance with 2 CFR §200.403 as outlined in Policy 6115.01 and this Regulation, the following procedures will be completed by the school district for Federal awards:~~

~~1. The Superintendent of Schools will designate a grant administrator for each Federal program in the district and Federal program the Board of Education submits an application for funding.~~

~~2. The grant administrator shall complete the following responsibilities for a Federal grant submission:~~

~~a. Complete the grant application for approval by the Superintendent and the Board of Education;~~

~~b. Collaborate with the School Business Administrator/Board Secretary or designee to develop the budget to include all applicable costs;~~

~~c. Ensure all costs included on the grant application are allowable costs in accordance with 2 CFR §200.403; and~~

~~d. Work with the School Business Administrator/Board Secretary to ensure costs meet the general criteria in order to be allowable under Federal awards as outlined in Policy 6115.01 and 2 CFR §200.403.~~

~~3. Upon approval and funding of the Federal grant program, the grant administrator will:~~

~~a. Provide professional development and training to all school staff members working in the Federal program and any additional school staff members the grant administrator determines should be provided the professional development and training to ensure all staff members are providing the services approved and required by the grant;~~

~~b. Monitor the Federal grant program to ensure the program is being administered in accordance with the requirements of the grant; and~~

~~c. Oversee the program's expenditures to ensure the grant funds are budgeted and expended in accordance with the grant application and approval.~~

~~4. Upon completion of the Federal grant program, the grant administrator will work with the School Business Administrator/Board Secretary or designee to complete any close out and final reports as required by the Federal grant.~~

The Board Secretary shall prepare a voucher for approval by the Board. The voucher will include disbursement slips to support the amount of the replenishment and its allocation to any account.

The petty cash box must be secured daily. All petty cash funds will be closed out for audit at the end of the school year, and unused funds will be returned to the depository. The custodian of each fund will report to the Board on amounts disbursed from the fund not less than once each year.
