

HIGH SCHOOL ATHLETICS

TRANSPORTATION POLICY & AUTHORIZATION

Transportation Policy

On other occasions, a student may ride to an event or may return home from an away contest, with an adult that is not their parent/guardian. If this is the case, the coach must be notified, in writing, in advance so that the coach and both parent/guardians are aware of the circumstances at least 24 hours before the contest.

The parent/guardian assumes responsibility for the student's transportation once the student has been released. Any transportation arrangement involving an adult other than the student's parent/guardian must be communicated to the coach in writing in accordance with this policy.
