Women in STEM https://chswomeninstem.weebly.com/	Anubha Singh	singha@fultonschools.org	We are a club at Cambridge High School, with the mission to help close the gender gap within STEM fields. We work to inspire and empower young girls to explore the unique fields STEM has to offer. With these fields being male-dominated, clubs like us are necessary to help young women feel more comfortable in the STEM space, and be able to reach their career goals while growing their passion for science! By joining Women in Stem, you can be a part of a community, participate in STEM expos, develop leadership and teamwork skills through service, and connect with other passionate students!	\$20 for shirts, will be due by August 21	Academics; General Interest; Service	Co-Presidents: Aarushi Sankar and Zoe McCloud Secretary: Kaitie Krehnbrink Marketing Director: Tristan Lin Reporter: Sienna Sargenski Webmaster: Kruthika Mada Outreach Officer: Natalia Galvis Underclassmen Liaison: Maddie Jou
