 - Aiden Hofmann
 - Caleigh Wilson
 - Makenna Beiler
 - Lauren Cazanave
 - Benjamin Pierce
 - Alanya Fisher
 - Kayden Figueroa
- 9/23: AMP came to present to multiple groups about their Digital Media Program.
 - Digital Media Club
 - High School Theater Tech Team
- 9/29: CTC Brownstown. Working in the kitchen
 - Tiombe Henderson

11th Grade Mentoring Program

- Met for first session on 9/18 in the PVS Commons where 11th grade learners engaged in professional communication with mentors and engaged in a team building activity in which they were assigned specific roles.
- Artifacts were collected from the event and added to our MyPlanPA portfolios.
- Next session is 10/16 and will focus on Top Five CliftonStrengths results for learners and mentors to assist learners in developing their understanding of their personal strengths and how these can be useful in the workplace and throughout other areas of life.
 - PA Career and Work Standard 13.4.9-12.C: Use a variety of methods to research careers that align with personal interests, values, strengths, and career goals.

Agricultural Education

- 4th Place: Food Science Career Development Event-Carlee Culp, Taylor Gentzler, Kelsey Della Rova, and Nora Hartmann competed at the Big E in Springfield, MA against schools from across the northeast.

Manufacturing Week-10/7-10/9

- CTC Tours, Manufacturing Tours, and Industry Tours. Stay tuned for a more detailed update next month!
- Special shoutout to Tim Hess and Jamiel Smoker for their efforts in making this week a success.

CORE

- CORE presented this year's logo design to the PVS admin team and Dr. O. The logo will be printed on the new hoodies and t-shirts this week.

- CORE 9 will be setting forms for the model home footer and foundation over the next week. Learners will be laying block for the foundation as part of this unit of instruction.
