

School immunization and exemption rates, 2025-2026

English

Español

Below shows the immunization and exemption rates for your school in the 2025-2026 school year. The goal is for at least 95% of children to be immunized for community protection and to **reduce the chance of spreading vaccine preventable diseases**.

Selected school: ROGUE RIVER ELEMENTARY, Jackson

ROGUE RIVER ELEMENTARY

Jackson County

* Number of children enrolled in this site as of March

** Additional children not included in enrollment number for whom immunizations are not required to be reported because their records are tracked by another site or attend fewer than 5 days per year

*** Percent of children with no immunization or exemption record

The chart shows both the vaccination and nonmedical exemption rates (NME) for each vaccine. These numbers may not total 100% if some children have medical exemptions, or are incomplete or in process with immunizations but do not need an exemption because they are on schedule.
