September 2, 2026

To: Parents, Guardians, Teachers, Employees, and Employee Organizations of Dallas School District No. 2

Re: Annual Notification of Asbestos Management Activities — AHERA Compliance

Dear Parent/Guardian, Faculty, and Staff Member:

In accordance with the Asbestos Hazard Emergency Response Act (AHERA), 40 CFR Part 763, Subpart E, and Oregon Division 22 standards, Dallas School District No. 2 is required to provide annual notification regarding the presence of asbestos-containing building materials (ACBM) in our school facilities and any asbestos-related activities that have taken place or are planned.

1. Asbestos Management Plan

Dallas School District No. 2 maintains an Asbestos Management Plan for each of its buildings, including:

- Dallas High School
- LaCreole Middle School
- Whitworth Elementary School
- Lyle Elementary School
- Oakdale Heights Elementary School
- Morrison Campus Alternative School
- Post High School Building
- District Office

Each plan includes the results of the original inspection, subsequent re-inspections conducted every three (3) years, periodic surveillance conducted every six (6) months, and a description of any response actions or operations and maintenance (O&M) activities undertaken.

2. Availability of the Management Plan

A complete copy of the Asbestos Management Plan for each building is available for review, free of charge, during normal business hours at:

Dallas School District No. 2
111 SW Ash Street
Dallas, Oregon 97338
(503) 623-5594

A copy is also maintained on-site at each individual school building.

3. Asbestos-Containing Building Materials

- Asbestos-containing building materials that have been identified within district buildings are being managed in place in accordance with our Operations and Maintenance Program, and periodic surveillance is conducted every six months to monitor their condition.

OR

- Buildings that have been renovated or areas within a building that have been renovated no longer contain ACM's and are not required to follow the AHERA management plan.

4. Activities Conducted During the Past Year

During the 2025–2026 school year, the following asbestos-related activities were conducted within the district:

- Periodic six-month surveillance performed on various dates throughout the school year.
- Three-year re-inspections were performed on all district facilities in March 2026.
- All identified ACM was abated during the Dallas High School CTE Remodel. Abated materials included thermal system insulation (TSI), 9x9 floor tiles including mastic, welding booth heat shields, and ducting materials.

5. Planned Activities

Periodic six month surveillance will be performed in all district facilities during the 2026-2027 school year.

6. Accredited Personnel

All asbestos inspections, management plan development, and response actions for the district are performed by properly accredited individuals in accordance with AHERA and Oregon Division 22 requirements.

7. District Contact — AHERA Designated Person

Questions regarding this notification or the Asbestos Management Plan should be directed to:

Bob Archer

Director of Facilities & Maintenance
Dallas School District No. 2
111 SW Ash Street, Dallas, Oregon 97338
(503) 623-5594

This notification is provided pursuant to 40 CFR § 763.93(g) to ensure that parents, teachers, and employees are informed of asbestos-related activities in our schools. Dallas School District No. 2 remains committed to maintaining a safe learning and working environment for all students and staff.

Sincerely,

Bob Archer

Director of Facilities
Dallas School District No. 2
