

SEDAC Committees

Why are committees important?

The work we do in our SEDAC meetings is crucial.

The work we do in our committees makes our meetings more productive and helps us make a bigger impact in our schools.

Beyond the work, committees help us improve our advocacy and form connections – even friendships – with other members.

SEDAC Committees

Committees of the Past

- Bylaws & Standing Rules
- Communication
- Connections
- Curriculum
- Disability Celebrations ➔ Inclusion
- Human Growth & Sexual Health Education
- Least Restrictive Environment (LRE)

- 

SEDAC Committees

Current Needs

- Better communication, information and resources for families
- Guidance for new members and members from schools with a small percentage of identified students with disabilities
- Address parent and caregiver isolation by building connection
- More education about disability for teachers, parents & students
- Training for all staff about neurodiversity, particularly related to classroom management and discipline
- Examine inclusion and inclusive practices

SEDAC Committees

2026-2027

- **Connections:** Engagement, Outreach and Coaching (Jenny & Trina)
 - Better communication, information and resources for families
