SALESIAN COLLEGE

SIXTH FORM SCHOLARSHIPS 2027-2029

SIXTH FORM SCHOLARSHIPS

The Governing Body will offer a number of scholarships for entry to the Sixth Form in September 2027. They are available under three categories for students who have applied for entry to the Sixth Form.

The categories and awards are:

< **Salesian Ethos Scholarships (Salesian Year 11 students only)**
< **Outstanding Ability Scholarships**
< **Academic Excellence Scholarships**

The Salesian Ethos and Outstanding Ability scholarships should be applied for by separate scholarship application form, with a closing date of Friday 27 November 2026.

Each individual scholarship awarded qualifies for a reduction in tuition fees of £1,500 annually for each of the two years of Sixth Form study, subject to satisfactory performance and review at the end of Year 12, as determined by the College.

Only one scholarship will be awarded to each individual student.

Even if a student considers that they may be a strong candidate for an Academic Excellence Scholarship based on their expected GCSE results, it is recommended that they should nevertheless apply for either or both of the other scholarships (as applicable) if they wish to do so.

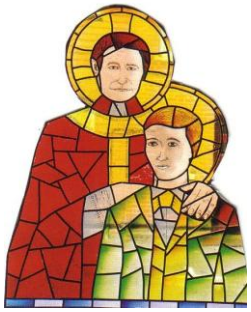

Students who are awarded a scholarship will receive a Scholarship Certificate in recognition of their achievements, which will be presented at Prize Night in November 2027. The financial worth of the scholarship will be deducted from the College tuition fees and is separate from any bursary awarded on grounds of financial need to a student in the Sixth Form.

An Awards Committee will award the Salesian Ethos and Outstanding Ability Scholarships. The constitution of this Committee will comprise:

- Up to four Governors, including the Headmaster.
- Up to four members of staff.

The decision of the Awards Committee will be binding. Neither the College nor its staff or governors will enter into correspondence relating to these decisions. There will be no appeals process.

Salesian Ethos Scholarships

Scholarships will be awarded to the Salesian Year 11 students who, by their conduct and actions during their time at the College, have demonstrated (in the eyes of the Committee) the greatest commitment to the Salesian ethos.

Students wishing to be considered must return the Scholarship Application form with supporting statements by Friday 27 November 2026 to the Headmaster.

All applications will be considered by the Awards Committee and successful applicants will be informed in writing by February half term 2027, alongside offers of places to join the Sixth Form.

Outstanding Ability Scholarships

Scholarships will be awarded to any student in Year 11, both from the College or currently at other schools, who by their participation during their secondary education so far, have demonstrated (in the eyes of the Committee) outstanding ability in any one or more non-academic areas of school life. This may include sport, music, drama or any other field where outstanding achievements has been gained e.g. in a regional or national competition.

Students wishing to be considered must return the Scholarship Application form with supporting statements by Friday 27 November 2026 to the Headmaster.

All applications will be considered by the Awards Committee and successful applicants will be informed in writing by February half term 2027, alongside offers of places to join the Sixth Form.

Academic Excellence Scholarships

Scholarships may be awarded to any student who enters Year 12 of the Salesian College Sixth Form in September 2027 who has achieved the highest academic results in their GCSE examinations in 2027.

The Headmaster will notify the successful candidates by letter and will make a formal announcement of these awards at the Annual Distribution of Prizes in November 2027.

Acceptance of Scholarships

The parents or guardians will be asked to confirm in writing the acceptance of any award within one week of the written notice being received. If any award is not taken up by the parents or guardians for whatsoever reason within the

timescale noted, then the Headmaster will, if he has been so instructed by the Awards Committee, offer the award to such other student or students as have been selected by the Awards Committee.

The award of any scholarship is to be kept under review throughout the award holder's time in the Sixth Form. Whilst the Governors would consider it unusual for an award to be removed, the Awards Committee may, in its sole judgement, determine that a scholarship award shall cease before completion of its term in the event of the award holder failing to meet the College's expected standards of good behaviour and performance.

Sixth Form Keeping Families Together Awards

These awards are distinct from the scholarships offered and can be awarded in conjunction with any scholarship received. Any student, boy or girl, who enters the Salesian College Sixth Form and has a younger sibling studying at the College, is entitled to a *Keeping Families Together* award. The financial worth of this award is a 25% discount on the tuition fees for each year of Sixth Form study. No application for a *Keeping Families Together* award is required, except for confirmation of entitlement.
