October Poem**Windy Nights**

Robert Louis Stevenson

Whenever the moon and stars are set,
Whenever the wind is high,
All night long in the dark and wet,
A man goes riding by.
Late in the night when the fires are out,
Why does he gallop and gallop about?
Whenever the trees are crying aloud,
And ships are tossed at sea,
By, on the highway, low and loud,
By at the gallop goes he.
By at the gallop he goes, and then
By he comes back at the gallop again

Science: Exploring Land and Water

In this unit we focus on the landforms and water features that change over time. We will look at National parks and their major landform features. Then, we will discuss how water and wind can change landforms over time. Finally, we will look at landslides and volcanoes to study changes in landforms which happen quickly.
