PARENTSQUARE

Beginning this school year, North Kansas City Schools uses ParentSquare as our primary communication platform for families. ParentSquare brings together many of the communication tools previously used across the district into one place. Through ParentSquare, you'll receive school and classroom updates, communicate directly with staff, complete forms, sign permission slips, RSVP for events, and receive emergency notifications – all from one platform.

Your ParentSquare account is automatically created using the contact information you provide during enrollment. For this reason, it is critical to check your contact information each year and ensure it is correct. Families can access ParentSquare through a web browser, the free mobile app, email, or text messages.

Download the ParentSquare App

The ParentSquare app provides the easiest way to receive notifications, send messages, complete forms, and stay connected throughout the school year. Downloading the app is highly recommended, but not
