

# ROKEBY PRIMARY SCHOOL NEWSLETTER

**Friday 9th October 2026**

We've had another fantastic week in school and have thoroughly enjoyed making the most of the sunshine with some additional outdoor learning opportunities. The children have shown great enthusiasm and engagement, particularly when learning outside, and it has been wonderful to see them applying their skills in different environments. Thank you for your continued support. We are looking forward to another exciting week ahead.

## Upcoming Events

### **Parent Consultations**

Parent Consultation appointments will take place next week on **Monday and Wednesday after school**. If you have not already done so, please remember to book your appointment online. These meetings provide a valuable opportunity to discuss your child's progress and celebrate their achievements.

### **Halloween Disco**

Our **Halloween Disco** will be taking place on **Wednesday 21st October**. Further details regarding times and tickets have been shared separately. We look forward to seeing lots of fantastic costumes and having a spooktacular evening!

### **Celebration Assembly**

Please note that our weekly **Celebration Assembly** will take place on **Thursday 22nd October** instead of Friday, as **Friday is a Teacher Training Day**. Parents and carers of children receiving awards will be notified in the usual way.

Thank you for your continued support. We look forward to seeing many of you at these upcoming events.

## Weekly Attendance Update

Our whole-school attendance this week was **94.4%**. A huge well done to everyone for making such a great effort to come to school each day, ready to learn, play and spend time with friends.

Every day in school matters. Each day brings new opportunities to learn something new, build friendships, develop confidence and create lasting memories. Thank you to all our families for supporting good attendance and helping children arrive on time, ready for another exciting day of learning.

This week, our Year 1 children have thoroughly enjoyed their learning in **Science** as they began exploring weather and seasonal changes.

The children worked collaboratively to **create their own rain gauges** and learnt how to **measure temperature using a thermometer** ☹️. They have also started a **class weather chart**, where they will record and observe the weather throughout the Autumn term, helping them to identify patterns and changes over time.

**RUGBY**  
Art Gallery  
& Museum
