Richmond County School System cancels Saturday events; Friday operations and activities will proceed as planned

(AUGUSTA, GEORGIA) – The Richmond County School System will continue normal operations today, Friday, October 9, 2026. All events and extracurricular activities scheduled for today will proceed as planned.

Out of an abundance of caution due to anticipated inclement weather, all events and extracurricular activities scheduled for Saturday, October 10, are canceled.

The Lucy C. Laney Comprehensive High School vs. T. W. Josey Comprehensive High School football game has been rescheduled for Saturday, October 17.

The district's Emergency Management Team is closely monitoring the weather forecast and remains in regular communication with local emergency officials and the National Weather Service to stay informed about changing conditions.

Parents and guardians will receive updates through the district's inclement weather landing page at www.rcboe.org/weatherupdates, the Infinite Campus Parent Portal, social media channels, and local news outlets.

The safety of students, staff, and families remains the district's priority.
