Where Learning is Required

RE: Title I Parent Right to Know Notification

Dear Washington Elementary Families,

At Washington Elementary School, we believe every scholar deserves high-quality instruction, meaningful learning opportunities, and educators committed to helping them succeed. We work to maintain high expectations while providing a safe, supportive environment where every scholar can grow.

As a Title I school, we value transparency and strong family partnerships. Under the Every Student Succeeds Act (ESSA), parents and guardians have the right to request information about the professional qualifications of the teachers who instruct their children.

This includes information regarding state certification, licensing requirements, and educational qualifications. Families who wish to request or review these details are encouraged to contact our main school office. We are committed to responding to your questions and keeping communication open.

Our schoolwide expectations—Safety, Respect, Responsibility, and Effort (SR²E)—guide our work each day. Together with our families, we will continue to build a school community where scholars feel valued, are challenged academically, and have the support they need to reach their potential.

Thank you for your continued trust and partnership in your child's education. We look forward to a school year filled with learning, growth, and achievement.

Warm regards,

Tene' ya Buchanan, M.A. Ed.
