

The background is a vibrant orange-yellow color filled with faint, hand-drawn mathematical symbols and formulas such as $y = 2x^2 + 3x$, $x_{1/2} = \frac{b}{2a}$, $e = 2.718$, $\sin$, $\sum$, and various geometric shapes. In the top left corner, there is a green calculator with red buttons and a blue screen. In the top right corner, there is a blue and green compass.

Andrew's
Episcopal School

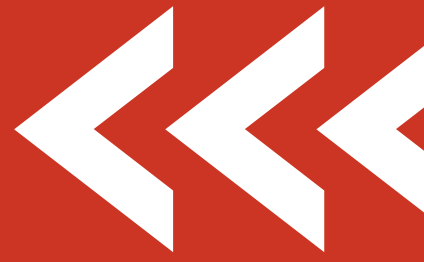

JOIN THE LOGIC LIONS MATH CLUB

**Students in Grades
4-5 are invited to
join The Logic Lions!**

Through engaging problem-solving activities, members will explore creative math challenges and build critical thinking skills in a fun and supportive environment.

Club members will have the option
of participating in the Noetic
Learning Math Competitions

**Led by Mrs. Guzman, The Logic Lions
meets in her classroom (Room 31)
during lunch time.**
