The actual amount of funding will be published by the Director of Finance will provide the district and site allocations in July, 2026. At this time, we have planned for the following distribution, based on information from School Services of California. Allocations are based on 25/26 allocations.

Process for determination of Prop 28:
School sites determined site needs by doing a school survey to parents, staff and students to determine the priority for each site to allocate funding for Prop 28. Some school sites will supplement with other school funding sources in order to be able to provide 1.0 full time teachers (FTEs). School Site council at each school site approved the usage of the funding for Prop 28 after reviewing the surveys.

Materials portion of the Prop 28 will support Art integration for sites that have a STEAM focus, for training the instructor as well as purchasing of materials to support or enhance art instruction at the school site.

Finally, in accordance with Prop 28, districts must:
• Submit an annual board-approved report “in a manner determined by the Superintendent”
• Post how funds were spent on their websites.
