Supervisor, In-District

October 7, 2026

Dear Barry Tech Parents and Guardians,

We hope this letter finds you well.

We would like to remind our families that the Barry Tech SchoolTool Parent Portal is now available for you to view your child's **First Marking Period Progress Report**. Progress reports provide an important snapshot of your child's academic performance, attendance, work habits, and overall progress at this point in the marking period. Reviewing this information now can help identify areas of strength as well as opportunities for improvement before final marking period grades are issued.

If you have any questions or concerns regarding your child's progress, we encourage you to contact your Barry Tech School Counselor or School Psychologist at **516-622-6812** or **516-622-6814**. Students enrolled in our In-District programs may contact **Ms. Melissa Abreu** at **631-730-0726** or **Ms. Sally Ann Gaffney** at **516-434-6995** for the Baldwin High School @ Shubert program.

Included with this communication is the SchoolTool Parent Portal Guide. To access your child's progress report, please visit:

www.nassauboces.org/schooltoollogin

After accessing the portal, you will need to enter the username and password that were previously provided to you.

If you need assistance accessing the SchoolTool Parent Portal, please email **nchohan@nasboces.org**.

The school year continues to get off to a strong start at Barry Tech. Our students are actively engaging in hands-on learning experiences, developing technical and employability skills, and exploring career pathways that will help prepare them for future success. We encourage all students to remain focused on their attendance, classroom participation, and assignment completion as they continue their educational journey throughout the year.

Thank you for your continued partnership and support. Working together, we can help ensure each student reaches their full potential. If you have any questions, concerns, or feedback, please do not hesitate to contact us.

Sincerely,

Dr. William Poll
Principal
Joseph M. Barry Career and Technical Education Center
