

2026 CHEMISTRY OPEN HOUSE

& Science Exploration Gallery

OCTOBER 24, 2026
10 AM - 3 PM

INSTRUCTIONAL LABORATORY &
INNOVATIVE LEARNING BUILDING

JOIN US FOR EXCITING CHEMISTRY
ROAD SHOW PERFORMANCES,
HANDS-ON DEMOS AND LAB TOURS!

In the spirit of all things scientific, occasionally explosive and all-around inspirational, the Department of Chemistry is gearing up to host one of the most popular fall traditions across the Texas A&M University!

Stop by the welcome tent at the front entrance and get ready for a host of hands-on action, including fascinating experiments, guided laboratory tours, three Chemistry Road Show performances and lots of other free fun for the whole family!

CHEMISTRY OPEN HOUSE is held annually in conjunction with National Chemistry Week, celebrated October 18-24 with the theme Chemistry Under Construction. The event is sponsored in part by VWR Scientific, the Texas A&M College of Arts and Sciences, the Texas A&M University-American Chemical Society Local Chapter and the First Year Program in Chemistry.
