

Gifted and Talented

POUDRE SCHOOL DISTRICT

Webber Middle School

Webber Middle School's gifted and talented program supports and challenges students to learn and grow to their highest, unique potential. Grounded in a whole child approach, we offer learning opportunities that encourage exploration in areas of interest, foster critical and creative thinking skills, develop intellectual curiosity, promote academic achievement, and provide relevant learning experiences while creating a responsive climate for gifted and talented learners. Gifted and talented students benefit from being part of our caring, motivated, involved community.

Programming Opportunities for Gifted Learners

Webber provides opportunities for students to experience appropriate pacing through acceleration and curriculum both in heterogeneous classes and Honors classes with high ability peers. Students work with their content area teachers to select skills and performance goals to measure their growth throughout the year.

Overview of the GT program at this school

Webber Middle School's GT Program:

- Provides advanced learning experiences with appropriately higher learning standards.
- Provides social and emotional guidance.
- Acknowledges strengths and interests and helps the student build on them to branch out in an interdisciplinary approach.
- Guides the student in selecting enrichment, elective, and extra-curricular opportunities.
- Stresses the importance of building the academic and social/emotional needs of all students through a variety of enrichment experiences in and out of the classroom.

Advanced Learning Plan process at this school

We offer three pathways of exploration for students to complement their academic experience throughout the year, designed to help students evolve into their optimal self. These pathways will be supported through school offerings as well as independently driven outside of school.

The pathways include: academic pathway, service-learning pathway, and/or the social-emotional pathway.

Activities offered inside these pathways include academic and social-emotional pop-up groups, support/enrichment sessions with core teachers, occasional field trips, inter-school academic competitions, and other independently-driven suggestions for ways to improve academic and social/emotional well-being.

Affective programming for GT students

The Gifted and Talented Program at Webber Middle School recognizes the GT student's affective characteristics and provides individual support through the Counseling Office, the GT Program, and through grade-level teacher teams. The GT Program provides opportunities for students to discuss struggles and achievements in a safe environment with a trusted adult.

Grade-specific GT services

- 6th grade: Honors English 6, accelerated Math pathway
- 7th grade: Honors English 7, accelerated Math pathway
- 8th grade: Honors English 8, accelerated Math pathway (high school credit available), school-based service learning opportunities (e.g., student aide), high school transition support
