Parent Notice: Student Tracking and Recording Devices

Dear Parent/Guardian,

The Brandywine School District has adopted a new **Student Tracking and Recording Devices Procedure** to ensure the privacy and safety of all students and staff.

Personal tracking or recording devices (such as GPS trackers like AngelSense, "listen-in" functions, or applications that record or stream audio or video) are **not permitted** on school property, district transportation, or during school-sponsored activities unless specifically approved through a student's **IEP or Section 504 Plan** for safety purposes.

Families seeking approval for a device due to a disability-related need should contact their child's case manager or building administrator for guidance on the request process.

We appreciate your cooperation as we work together to maintain a safe and respectful learning environment for all students.
